

Chapter 551

"Take responsibility?" Fade Chen sneered, then pointed to Senior Hu, and said to Benny Yi in a cold voice, "We haven't even sought your responsibility for making up news and slandering Shinnie's reputation. You want to blame us instead?"

Benny's face changed and he defended, "I don't understand what you are saying. Shinnie, don't believe his words, I didn't—"

Shinnie Sun would not listen to Benny's words. She said coldly and in disgust, "Benny, Senior Hu has told me everything you have done. Do you still want to deny it?"

"He—" Benny glared at Senior Hu. Then he looked at Shinnie instantaneously, pretended to be affectionate, and said, "Shinnie, I did all this because I love you too much. I can't control my feelings for you. Because you don't accept my pursuit. I have no choice, so—"

"Don't be so disgusting!" Fade shouted coldly, "Keep these sweet talks to yourself."

Shinnie also shook her head and said coldly, "Benny, I have never accepted your love. Now, I want you to clarify this news to the public immediately."

Benny's face darkened, and he looked a little displeased.

But at this time, Fade shouted coldly with fierce eyes, "Why, you don't want to?"

Benny was startled by Fade's expression. He quickly shook his head and said, "I will. I will clarify it later."

08:45 

Although he had said so, Benny thought otherwise in his heart. After all, he was now under Fade's scrutiny, so he had to comply. Later, when he was safe and away from Fade, he could say what he wanted to.

Fade looked at Benny coldly and said in an unfriendly manner, "You don't have to do it later. Let's clear the air on the Internet now."

Benny's expression changed, but he had no choice but to get up from the floor and walk towards the computer.

At this moment, the door was pushed open, two female voices were heard before one could see their figures.

"Sister Freya, they are here!" A female voice said.

"That Shinnie Sun really thinks she could do anything just because she is the campus belle?" Another female voice said.

Following their voices, two women walked in.

Fade narrowed his eyes when he saw the two women, because he knew both of them.

One of them was Faith Huang whom he had met just now, and the other was Freya Yi, Benny's sister.

The two women rushed in ferociously. And their first target was aimed at Shinnie as they shouted at her fiercely.

"Shinnie, don't be so shameless and compete for Benny with me?" Faith shouted.

"Shinnie, get over here," Freya said.

.....

Shinnie Sun was startled by the two women yelling. She instinctively hid behind Fade Chen.

08:45 

Following that, Faith Huang and Freya Yi suddenly spotted Fade. For a moment, their expression changed. After all, the two women had been taught a lesson by Fade.

Especially Freya, she could not help but look surprised and said, "Why are you here?"

Fade snorted and said, "I should be the one asking. What are you two siblings up to again? You've offended my friend Shinnie!"

Freya's face changed. When she looked at Shinnie, she snorted and said, "What nonsense are you talking about? Shinnie has obviously taken a fancy to my brother and pursued him. How can you blame us now."

Faith also said immediately, "Shinnie, you should be ashamed. Benny is my boyfriend. You are a b*tch."

Shinnie was extremely angry, she retorted, "I didn't pursue Benny. The news is completely fake."

"Still denying it? You're so shameless!" Faith said angrily.

Freya also didn't believe her.

When Shinnie saw this, she was both angry and anxious. She pointed to Senior Hu and Benny and blurted, "The news is fake. They fabricated the news together and they have admitted it."

"Shinnie, I get it that you pursued him. But how could you slander him now. It's so abominable!" Faith looked indignant.

"My brother has so many beautiful girls courting him. Why would he make up such a story? Stop joking," Freya also sneered.

But at this moment, Fade glared at Benny and said coldly, "You tell them yourself!"

Benny's face sank. He was reluctant to say anything but when he saw Fade's cold stare, he had to say something. He half muttered and half explained how he and Senior Hu fabricated the news together.

08:45 

After that, Shinnie looked at Faith and Freya, and said, "I have said that I didn't pursue Benny. Now, you know the truth." At this time, Faith and Freya's faces changed again. They looked terrible.

Faith was particularly upset because she had given her best to pursue Benny, but Benny instead went all out to pursue Shinnie. The contrast between herself and Shinnie made Faith feel very uncomfortable.

This kind of discomfort made Faith instinctively unwilling to believe what Benny had said was the truth. So, Faith explained, "Who knows if what Benny has said was what you guys forced him to say."

Hearing this, Freya seemed to have found an excuse and immediately added, "You're just a campus belle. Don't assume too highly of yourself. Whether you're pursuing my brother or not, you should feel lucky that my brother has his eyes on you."

Shinnie didn't expect that at this point, they still didn't believe what she said, but insisted on slandering her. Suddenly, her face turned red with anger. She pointed at the two women and said, "How can you say that? I didn't—"

Before Shinnie could finish, Freya sneered, "Don't try to deny. You are just a campus belle. At a glance, one can see the obvious difference between your family background and my brother's."

"Shinnie, Benny is a young and capable man. He has started his own business, and now his net worth is hundreds of thousands yuan. He would pursue you, seriously? Obviously you are the greedy one. You created this drama, but you are denying it now," Faith immediately said.

Shinnie quivered with fury. "I didn't. My family, my family doesn't lack money at all."

"You don't lack money. Haha, what a bold statement!" Faith sneered and said, "You're just from an ordinary family. Can your family earn more than 100,000 yuan a year? It's ridiculous to tell me that you're not short of money."

08:46 

Usually, Shinnie was very low-key in her dressing and on the things she was doing at the campus. Her friends in school were basically the kind of students who came from the average families. Therefore, Faith instinctively determined that Shinnie came from an ordinary family.

Freya also said, "And your friend here, Fade, isn't it? He is just a wimp who relies on women. You are mixing with a person like this, how much does this tell us about you?"

A few days ago, the scene of Fade and Yuri Zhang together made Freya come to this conclusion. So at this moment, she brought up that incident and criticized it again.

Chapter 552

Shinnie Sun was furious. She wanted to explain everything to them. However, Fade Chen gently patted her on the shoulder and whispered, "Don't waste any more time talking with them. Let me do it!"

Seeing Fade, Faith Huang and Freya Yi were shocked. A hint a fear flashed across their faces.

All the students gasped in surprise when Fade appeared. "Principal Liu, why, why are you here?"

Suddenly, a middle-aged man's deep voice sounded. "Where is the editor's office?"

"Over there. Principal Liu, let me take you there," a student said.

"No, I'll go by myself!" Then, the heavy sound of footsteps approached. The door opened and a middle-aged man came in.

Apart from Fade, everyone in the room was extremely surprised. They turned towards the man and greeted, "Principal Liu."

When Principal Liu saw the situation, a trace of doubt flashed across his face. He frowned.

When Freya and Faith saw this, they immediately came up with an idea. They went towards Principal Liu and started complaining immediately.

Faith started, "Principal Liu, Shinnie purposely slandered the people of our school and brought some people here to make trouble. You have to deal with it."

08:46 

Freya then joined in, "Principal Liu, my brother and I were doing business in the school. But we were slandered. Shinnie threatened our lives. I hope that the school can pay attention to this matter and solve it."

They pointed at Shinnie and Fade, wanting Principal Liu to punish them.

At this time, when Principal Liu looked at them, his eyes fell on Fade. His face changed and he hurried over, saying respectfully, "Mr. Chen, why are you—"

Fade noticed Principal Liu's respectful attitude. He shook his head and said, "Principal Liu. Let's solve the problem first."

After that, Shinnie immediately told him about the fake news.

Principal Liu nodded and said, "I am here to talk about this too. Since the truth has been revealed, then, let's deal with it according to the school rules."

"Mike Hu, you crossed a line," Principal Liu said coldly to Senior Hu, the editor. He then turned towards Benny Yi and continued, "You harassed our students, created false news, humiliated our students and destroyed the school's reputation. The school is officially taking back your store. I'll give you three days to pack your things."

Before Senior Hu and Benny could react, Freya and Faith were already in a heated discussion.

Faith shouted, "Principal Liu, this is their one-sided statement. You can't believe them!"

Freya added, "It's not their fault. It's Shinnie's. She pursued my brother but was rejected. As a result, she put the blame on us and slandered us. Principal Liu, you have to judge this matter wisely!"

When Principal Liu heard this, he frowned and shouted, "What a joke. How can Miss Sun pursue your brother for money. It's a big

08:46 

joke. It's impossible."

Freya said indignantly, "Principal Liu, how can you say it's impossible? My brother is so handsome. He started his own business and earned a lot of money. It's totally possible that Shinnie has taken a fancy to my brother's money and wanted to pursue him."

Faith continued, "Benny is the most wanted guy on campus. There are countless girls pursuing him. Shinnie is one of them. Principal Liu, you can't favor her. Otherwise, we won't accept your judgement!"

Principal Liu was getting more and more angry. He glanced at Fade and Shinnie.

After all, there were only a few people in the school who knew Shinnie's real identity. He was one of them. It was impossible for Shinnie to pursue Benny for his money.

Moreover, he had rushed here as soon as he saw the news to find out the truth. He didn't expect to meet Shinnie here.

Seeing Principal Lu go silent, Freya and Faith became more confident and their tone became more firm.

"Principal Liu, if you can't give us a reasonable explanation, we won't accept it," Freya said.

"Yes, even if you are the principal, you can't be biased. We won't let this go that easily," Faith said.

Principal Liu became even angrier. He glared at them and shouted, "Do you know what you are doing?"

"We just want the truth!" The two of them said.

"The truth?" Principal Liu pointed at Benny and shouted coldly, "The truth is that it's impossible for Miss Sun to pursue him."

"Why is it impossible?" They were still unhappy.

Principal Liu's face was gloomy. He quickly glanced at Fade and Shinnie and said in a low voice, "Why? Because of Miss Sun's

08:46 

background, that's why."

"Shinnie's family background? She's just an ordinary student from a normal family. What background can she have?", they said sarcastically.

"Normal family? You really don't know anything, do you?" Principal Liu shook his head. "Only a few people in the entire Long City can compare with Miss Sun."

Hearing this, everyone in the room was puzzled.

"Principal Liu, are you kidding me?" Faith and Freya didn't believe it.

Principal Liu said in a deep voice, "I'm not kidding. Miss Sun's father is called Edward Sun."

"Edward, who's that?" Freya was deep in thought, thinking about that name.

However, Senior Hu and Faith's faces changed drastically. They looked at Shinnie, shocked.

"Edward, isn't, isn't he the master of the Sun Family in Long City?" Senior Hu gasped.

"If her father is the master of the Sun Family, that means Shinnie is the daughter of the family? This, this is impossible!" Faith exclaimed.

"Impossible?" Principal Liu snorted. "If it's impossible, why do you think Master Chen came to school in person?"

"What are you talking about? What daughter? What Master Chen?" Freya was still puzzled.

Faith was really shocked. She looked at Fade and said, "You, you mean he is Master Chen? That Master Chen?"

Principal Liu shouted coldly, "What do you think! He's the only Master Chen in the entire Long City! He even appeared on stage

08:46 

during the National Day Parade some time ago. Don't you remember?"

Chapter 553

Faith Huang's face changed immediately. She stared at Fade for a few seconds and gaped in horror. "Master Chen, he's really Master Chen! Shinnie must really be the daughter of the Sun Family."

"Master Fade, Miss Sun. I, I didn't know who you were, so... I, I made a mistake. Please forgive me..." Faith looked frightened and begged Fade and Shinnie for mercy.

Benny Yi and Freya Yi were still a little confused. They couldn't understand what was going on.

Freya looked at Faith and said, "Faith, what's wrong with you? Why are you begging them for mercy? What's going on?"

Faith suddenly pulled at her and said, "Apologize and beg for mercy now! That's Master Fade and Miss Sun."

"What Master Fade and Miss Sun? Faith, can you explain it clearly?" Freya blurted.

Faith answered, surprised and anxious, "Miss Sun is the daughter of the Sun Family, who is the top family in Long City. Master Chen is the top master in Long City. He defeated Old Master Sun."

Hearing this, Freya and Benny immediately understood, even if they didn't know much about the situation in Long City.

After all, when they came to Long City, they had heard the Sun family and Master Fade's names all the time.

At this moment, they couldn't believe that two of the most powerful people in Long City were sitting in front of them.

08:46 

"They, they were really from the Sun Family? This is impossible!" Freya shook her head in disbelief.

"Impossible? Why do you think Principal Liu is so respectful to them! Don't you know that Master Chen fired Deputy Minister Zhao from the cultural department some time ago?" Faith exclaimed.

After that, Faith immediately knelt in front of Fade and Shinnie and begged for mercy.

They couldn't deny the truth any longer.

The two of them fell to their knees and joined Faith to beg for mercy.

Fade and Shinnie looked at them coldly. Principal Liu looked at them and said respectfully, "Mr. Chen, Miss Sun, how should we deal with them?"

Looking at their faces, Shinnie's heart softened. She said, "Just clear all of this up and ask them to leave campus!"

Principal Liu immediately said, "Okay, I understand. I will deal with it right away."

Benny took a video of himself saying that the news was fake and posted it on the Internet. Then Freya, Benny, and Faith walked out of the room.

They walked around the campus. Although the sun shone on their bodies, they felt an unprecedented chill rising from the bottom of their hearts.

Although they were away from danger now, they were still frightened. Fear crept up into their hearts.

They didn't know that they were showing off in front of Master Chen and Miss Sun. They didn't expect themselves to be so arrogant.

08:46 

Faith and Freya had said that Shinnie was not worthy of Benny. They had accused her of pursuing Benny for money! In hindsight, it was so ridiculous.

With the Sun family's status, Benny's so-called career was a speck of their fortunes. It would not be taken seriously. Yet, they boasted about it in front of them.

They then thought about the incident with Fade and Yuri Zhang a few days ago. They felt a chill in their hearts again. They had told themselves that Fade was just a wimp, and Yuri's popularity would soon die off.

However, as they thought back, they realized that Fade could really be the owner of the restaurant. And with Fade's support, Yuri would be popular forever!

Thinking of this, Freya and Benny felt their hearts go cold. They didn't dare to stay in Long City anymore. They didn't care about what that they were leaving behind. They packed up and left Long City on the same day.

Even Faith moved her whole family to another place within a few days.

Shinnie's matter was finally solved. Principal Liu declared Shinnie's identity as a confidential matter. Her school life in the university calmed down again.

After the milk tea shop mysteriously closed, the hype gradually died down. The students had quickly forgotten about it and were chasing after the next trend.

Fade could also take some leisure time. However, after a short while, his wife, Quin Lin, called him to the office.

Fade came to the office. Looking at his well-dressed wife, he couldn't help laughing, "Dear, you haven't called me to the office for a long time. What's the matter?"

08:46 

Quin rolled her eyes at Fade and said in a flirting tone, "How dare you say that. You haven't come to work for a long time! You're still a member of the company, you know."

Fade smiled and said, "Dear, there are many talents in your company. With your wise leadership, the company is in good hands. You don't need me at all now, do you?"

"You only know how to find excuses," Quin glared at him and then changed her tone. "Now, the company needs you."

"Need me?" He chuckled and approached Quin. He touched her body naughtily and asked, "Does the company need me, or do you need me?"

Quin knocked his hands away with a loud slap. She glared at him and said, "Let's get down to business. Don't mess things up."

Fade withdrew his hands and said with a smile, "I'll mess with you after I finish my business."

Quin glared at him and said, "At 10:30 a.m. later, you have to go to the Long City railway station to pick someone up."

"Pick someone up? You can just send a chauffeur. Why do I need to go?" He asked.

"You don't want to?" Quin glared at him and asked.

He looked at his wife's eyes and felt that something was wrong. He said, "I didn't say I won't go, but I don't think it's necessary."

"Oh, it's unnecessary?" She blurted, "Since it's not necessary, I'll send someone to pick Lily up. You can go back now."

Fade was about to leave, but when he heard Lily Wei's name, he immediately turned back around. He looked at his wife and said, "Dear, so you were talking about Sister Lily! I will pick her up."

"There's no need. I'll send someone else. Didn't you say it's unnecessary?" She said coldly, picking up the phone as she spoke.

08:46 

Fade smiled and pressed on the phone, saying, "Sister Lily is a high-level executive of the company, and she is an important senior. Of course it's necessary. I'll go!"

Quin looked at him with some amusement. She put down the phone and said, "Go ahead. Don't forget the time."

"Yes, my dear!" He nodded and left the office.

Quin looked at him leaving and her face gradually darkened. She sighed softly and whispered to herself, "We are just together because of a contractual marriage. If you meet someone better, I won't stop you."

After saying that, she resumed the decisive and attentive look of a president of a company. Then, she continued working.

Chapter 554

Fade Chen drove his car, whistling all the way to the high-speed railway station.

At the thought of Lily Wei, Fade couldn't help feeling a little excited. After all, they hadn't seen each other for such a long time.

Moreover, the last time they met was before they came back from South Hanover City. Lily had gone through some emotional stuff and was finally honest about her feelings for Fade.

Even on that night in the Zhan Family manor, they would have gone all the way, if it weren't for Jimmy Wei's interference.

When they came back, Lily went back to Bay City and prepared to have a good talk with her mother about her mother's attitude.

Thinking of this, Fade was very curious and impatient. He wanted to know what happened with that conversation and what her feelings were for him.

Fade unconsciously sped up. He weaved through traffic like a fish in water.

Even so, Fade was still very anxious. He wished the car would grow wings so he could fly to the railway station.

He sped through traffic, passing car after car, including a red convertible sports car.

In the sports car, there was a young man with rainbow-colored hair and a sexy woman sitting next to him. The two people were shouting excitedly. They reached their hands out of the car, feeling the wind around them.

08:46 

But all of a sudden, a black streak of light rushed past them.

Seeing this, the excited couple was shocked. It was like they had been slapped in the face.

The girl held the man's arm and pointed to the black car, "Master Song, that car overtook us. Let's catch up!"

Master Song looked at the car in front of him and spat. "Damn it, how could he overtake me. I'll show him what racing really looks like."

While speaking, he stepped on the accelerator and chased after the black car.

The sports car was worth more than a million yuan. It performed really well, especially at high speed. It soon caught up with Fade's car.

The two people in the car were excited. They whistled, raised their index fingers to Fade, and then burst into an excited laugh.

Originally, Fade just wanted to get to Lily as quickly as possible. He focused on driving and did not notice anything beside him. But the red sports car and the laughter caught his attention.

Looking at their excited faces, Fade shook his head and ignored them.

After all, he was not from some car racing team. He had no time to play games like this.

Fade ignored him, but Master Song was not willing to give up. After all, not many people dared to overtake him. He had to regain his reputation.

The red sports car changed direction abruptly. It slanted and drilled towards Fade's car.

This sudden maneuver startled Fade. He immediately turned his steering wheel and dodged. He then slowed down to avoid any

08:46 

collision.

Fortunately, Fade reacted in time, so there was no traffic accident.

But there was no doubt that the driver of the red sports car was breaking the law. He was driving so recklessly.

For a moment, Fade frowned and looked at the red convertible sports car ahead.

However, the two people in the sports car did not reflect on their dangerous behavior at all. On the contrary, when they left Fade behind, they burst into laughter and kept pointing their middle fingers at him.

Their excited laughter rang out around them.

"Master Song, you are so powerful. That guy was scared and fled in a hurry," the girl said.

"Haha, how can that car race with my Mercedes-Benz sports car? What a joke," Master Song replied.

"That's true. How could he compare with you, Master Song?" the girl said.

Master Song was flattered and his adrenaline surged. He laughed loudly and said, "It's not over yet. Since he dares to overtake my car, I have to teach him a lesson."

After that, Master Song slowed down, turned the steering wheel, and drove the car directly in front of Fade. He deliberately blocked Fade's path. Not only that, but he also deliberately drove in an S-shape, and even braked from time to time to scare Fade.

Fade didn't want to pay attention to rich young men like this, but now they were deliberately provoking him, and driving really dangerously. They were threatening his personal safety.

08:46 

He was furious. He snorted coldly, and there was a hint of coldness in his eyes. "So you want to race? Come on then!" He suddenly stepped on the gas and sped up. He wanted to overtake the car from the side.

Obviously, Master Song had also noticed this. He laughed and said, "You want to overtake me? Dream on!"

He controlled the sports car and purposely blocked Fade. Whichever lane Fade went on, he would be there to block him.

He blocked Fade's way for a few times. He laughed continuously, and seemed very excited.

Fade's eyes were focused and his expression was cold. His hands held the steering wheel tightly.

Looking at the sports car in front of him, Fade sneered. He suddenly stepped on the gas pedal.

In an instant, the engine roared, and the car sped up massively. It was like the engine was specifically modified for extra speed. The car rushed forward.

Master Song, who was just toying with Fade, didn't expect him to be so serious. When he saw the car rushing towards him, he was shocked and broke out into a cold sweat. He switched on his indicator, and started to change lanes.

He then swerved the car into the other lane beside him.

The black car behind him was like a fierce roaring beast. It did not slow down at all. It almost scratched the back of his car and went past him with a loud noise.

Once again, he was overtaken, and in such a menacing manner as well. His face sunk. Looking at the car in front of him, he slapped the steering wheel and gnashed his teeth fiercely, "Damn, how dare you scare me like this. You're gonna die today."

He sped up again and chased after Fade.

08:46 

At the same time, the sexy woman beside him was scared out of her wits.

Chapter 555

The sexy woman's voice trembled slightly, "Master Song, you're going too fast. Let's just forget about it?"

"Damn it! I've been racing for so many years, and I've never been humiliated like this. I'm going to kill him!" Master Song swore, and then accelerated again. The sports car roared and chased after Fade Chen.

The sexy woman was even more frightened when she heard the sound of the wind against her ear, but she didn't dare to say anything else. She could only hold on to the seat belt tightly and hoped that nothing bad would happen.

The car sped up and quickly closed the distance to Fade.

Just as Master Song was thinking about passing Fade, a bend appeared in front of him. He had no choice but to slow down.

However, Fade's car had no intention of slowing down at all. He rushed directly to the curve at an extremely fast speed.

Seeing this, Master Song said, "You're going to die! Your car will turn over at that speed!"

Just as he finished speaking, Fade's car drifted around the bend perfectly. He passed the curve almost without slowing down. Master Song was rendered speechless.

Master Song was stunned. He shouted angrily, "Damn, lucky guy, how could he be that lucky?"

Master Song shouted as he passed the bend. When the road straightened up again, he began to speed up.

08:46 

However, just after a few miles, he reached another bend. He had to slow down again.

However, Fade's car still did not slow down. As Master Song cursed at him, Fade went past the bend, drawing a beautiful arc with his car.

This time, Master Song frowned, his expression darkened.

It wasn't the last time this happened. Although Master Song could get closer to Fade on the straight road, every time when he reached the curve, Fade could drift past the curve perfectly, while Master Song had to slow down.

Fade was getting farther and farther away from him. It was obvious that he could not overtake Fade anymore.

Under such a situation, Master Song, who thought he was a racing master, was extremely angry and felt an unknown humiliation.

He didn't care about anything else. He directly stepped on the gas pedal and chased after Fade.

Eventually, he did close the gap between the two cars. But when he reached another curve, Fade drifted through it again perfectly.

Fire almost spurted from Master Song's eyes. He didn't slow down. He went straight into the curve at an extremely fast speed, ready to drift into the curve like Fade.

When he first entered the curve, Master Song felt it was fine. But when he reached the big bend, the huge centrifugal force almost made the sports car turn over.

Master Song tried his best to hold onto the steering wheel, trying to control the car, but the huge inertia took control instead. It was going to turn over.

08:46 

He was forced to slow down. Finally, he avoided any danger of turning over. However, the car crashed into the roadside guardrail.

Thick smoke emerged from the front of the car. The airbag also popped open in Master Song and the woman's faces, which almost suffocated them to death.

Fortunately, when they hit the guardrail, the car was already slowing down, and the impact force was not that great. They were dizzy, but they got out of the car safely.

However, looking at the sports car that he had crashed, and looking at the empty road in front of him, Master Song cursed, "Damn it, it's all that guy's fault. I almost had a car accident and even crashed the luxury car I just bought."

Fade did not hear the curses. He was already far away from Master Song.

He rushed all the way to the railway station. After parking the car, he came to the station door excitedly.

He kept looking at the time, and at the exit. He was excited.

Finally, a quarter of an hour later, Fade saw a graceful figure coming out of the exit.

The tall figure was wearing casual autumn clothes, which made the woman look fashionable and mature. Her eyes sparkled under the sunlight.

It was not only Fade. Almost all the men nearby cast their eyes on the woman, and their eyes were full of amazement.

Of course, most of the men just looked at her in amazement and then sighed. However, some men were a little tempted. After tidying up their clothes, they walked towards her with smiles on their faces and were ready to strike up a conversation with her.

08:46 

However, before most of the people could reach her, they fled when they stared into her imposing eyes. They did not dare to approach her at all.

Of course, there were some stubborn men who tried anyway.

A middle-aged man in his forties tidied his suit up and confidently walked toward the woman. He smiled and greeted her, "Beauty, where are you going? I can send you there."

The woman sized the man up and said coldly, "No need for that."

However, the middle-aged man didn't give up and continued following her. He continued, "Beauty, I mean no harm. I just want to know where you are going. We can go together and maybe we can be friends."

"Sorry, I'm not interested," the woman said coldly.

The balding man saw that the conversation wasn't going anyway, so he tried his ultimate skill. He took out a car key and held it in his hand, deliberately showing off the BMW logo on the key. He said confidently to the woman, "Beauty, let's have a drink together!"

The woman glanced at the key and flashed a disdainful look. She stepped away silently.

The balding man frowned and muttered in a low voice, "What's wrong? How could this move fail? She must be an extraordinary person with a rich background!"

The middle-aged man comforted himself. At this moment, he saw a young man walking towards the woman with a smile on his face. He also looked like he was trying to hit on her.

08:46 

The balding man looked at the young man up and down, and flashed a smile, "Poor boy, his outfit looks cheaper than my shoes. How can he hook up with the girl that I couldn't get. What a joke."

However, just as the man finished speaking, the young man directly held the woman's waist and said with a smile, "Beauty, let's go!"

The woman smiled and walked side by side with the young man. They approached an ordinary sedan parked on the side of the road.

Chapter 556

Seeing this, the balding man was stunned. He shook his head in confusion and said, "What's going on? His clothes and his car are not as good as mine. Why is it so easy for him to get what he wants?"

"Was I too reserved? Maybe I was not strong enough." The balding man thought in his heart. Looking at their intimate actions, he became more determined. "That's right. Girls like men to make the first move. I have to be more overbearing."

Thinking of this, the balding man nodded encouragingly. He glanced at the exit, set his eyes on another girl, and walked over with a smile on his face. "This girl, although she is not as good as the one just now, but she'll do. I can definitely make it this time."

The balding man walked directly over and held the girl's waist. He smiled and said, "Beauty, let's go together!"

Soon after, a woman's scream and a man's shouting rang out through the station.

"What are you doing! You are disgusting, police, police, this guy's trying to molest me," the girl cried.

"Come on, catch this hooligan," she screamed.

"I, I'm not a hooligan. I'm not, no, don't hit me—ah—" the balding man yelled in pain.

.....

It was pure chaos on the square.

08:46 

In the car, Fade Chen and Lily Wei saw what was going on through the rear view mirror and burst into laughter.

Lily rolled her eyes at Fade and said, "It's all your fault. You caused that."

Fade stroked his hair and said, "Don't blame me. He should blame himself. He is not as handsome as me, but yet he still dares to use my moves to hook up with girls. Of course he failed!"

"Who's your girl? I'm not yours," Lily rolled her eyes and said coquettishly.

However, Fade had already drowned her voice out. He leaned forward, wrapped his hand around her head, and kissed her on the lips.

After the intense kiss, they gasped and separated slightly. Lily's pretty face was red hot. She stared at Fade, clenched her fist and punched him on the chest a few times, saying, "I just arrived! How dare you bully me so soon!"

Fade looked at her with a wronged look and said, "Sister Lily, how can you say I bullied you? You accepted the kiss. Hey, you put your tongue in first!"

Lily blushed. She glared at Fade and said, "I didn't! Drive now, we should go back to the company!"

"Yes, ma'am!" Fade chuckled and started the car. They went to the company together.

As they drove, the two of them began to chat.

Lily asked him about his life in Long City, as well as the things that happened in here.

Fade also inquired about Lily's life in Bay City, especially about the conversation between Lily and her mother.

After all, Lily's mother opposed them being together that time. Because of that, Lily went traveling alone and was accidentally

08:46 

caught by the Flamebird Mercenary Group.

Later, because of the encounter in South Hanover City, Lily's burden had been resolved. However, Fade still didn't know Lily's mother's thoughts.

"Why do you care?" Lily read his mind and glared at him.

He scratched his head and said with a smile, "I, I'm just concerned for you, Sister Lily!"

Lily looked at him with a look of disbelief and said, "I know what you're thinking. You just want to have many girls around you. You are worried that my mother will stop you."

"Sister Lily, I didn't mean that," he quickly explained.

Lily said, "If you really don't think that, can you divorce Quin and be with me? Can you do that?"

"Ahem, this, this—" Fade wanted to slap himself. Why did he bring this topic up? He had fallen into his own trap.

Lily looked at him and sighed softly. "I know you're in a difficult position. It's unfair to ask you to leave Quin and choose me."

"However, no woman wants to share their man with someone else," Lily said in a low voice.

Fade's heart skipped a beat. He turned to look at her and said apologetically, "Sister Lily, I'm sorry, I've wronged you. It's my fault, I'm being a playboy, I..."

Lily suddenly felt a little ache in her heart. She reached out and covered his mouth. She shook her head and said, "Say no more, I understand."

"It's not your fault. It's my fault. I clearly knew that you are a married man, but I still fell in love with you. I should have stayed

08:46 

away from you. But I can't do that, I—" Lily said, with tears in her eyes.

When Fade saw this, his heart trembled. The car approached a red light at an intersection.

Fade stopped the car and licked Lily's palm gently. She was shocked.

Then, Fade grabbed her hand and pulled her into his arms. He bent down and was ready to kiss her.

Lily did not expect he would behave like this. She panicked and said, "Don't, don't mess around!"

"Sister Lily, we're just making out! I'm not messing around." Fade chuckled and kissed her lips.

Lily said nervously, "You, you are still driving, no, don't—"

"Sister Lily, there's still time before the light turns green!" Fade smiled and put his lips on hers.

"Emm—but—" Lily still wanted to say something, but she couldn't make a sound.

Her body gradually became hot from his kiss. She melted in his warm embrace.

Fade's big hand stretched underneath her clothes and began to explore the most intimate parts of her body..

.....

They were having an intimate time in traffic.

The light had turned green. The car waiting behind Fade was in a hurry and kept honking at him.

Lily was awakened by the sound of the horn. She came to her senses and tried to break free from Fade's embrace.

However, Fade was reluctant to let go and said, "Sister Lily, leave them alone. Let's continue!"

08:46 

Just as the two of them were making out, a young man with rainbow-colored hair, who was in a taxi beside them, heard the sound of the horn and couldn't help looking over at them.

When he saw what they were doing in the car, the young man's eyes lit up. He said to himself, "Damn, these people are so wild and unrestrained. Just like me!"

However, as soon as he said those words, the sexy woman next to him exclaimed, "Master Song, it's..."

Chapter 557

"Why are you so surprised?" Master Song shouted discontentedly, "Who is he?"

The sexy lady lowered her voice and said cautiously, "He's the one who was racing around us just now."

"What!" Master Song became furious immediately when he heard about that driver. After all, as a person who drives a sports car, he was humiliated by that rascal on the road. He even crashed his luxury car and had to call for a taxi.

At that moment, Master Song fixed his eyes on Fade's license plate and was immediately assured that he was indeed the person who raced with him just now.

Master Song flew into a rage instantly and shouted, "Damn it, he's really that rascal!"

Then, he unclenched his hands and commanded the taxi driver, "Turn around and crash into that car."

The driver was startled. He would not do it for obvious reasons.

However, Master Song took over the driver's steering wheel and threw out a stack of cash. Immediately, he turned the steering wheel violently and slammed the taxi directly into Fade's car.

At that moment, Fade Chen, who was making out with Sister Lily, noticed a car racing towards him out of the corner of his eyes.

Fade was frightened as expected. He quickly stepped on the gas pedal and turned the steering wheel. The car sped out of the way and avoided the collision at the very moment.

08:47 

Master Song didn't expect that he would have missed Fade. Once he noticed Fade had avoided him, he immediately turned the steering wheel and continued to chase after Fade.

Initially, Fade thought it was just a mere accident. However, as he was looking in the rear-view mirror, the taxi had tailed and slammed into his car. That is when he realized that the situation was no longer that simple. Fade snorted and his eyes turned cold as he controlled the car flexibly. Once again, he avoided the collision with the taxi.

Master Song failed once again. He wanted to turn back and continue to hit Fade's car. But this time, Fade was no longer being polite. He turned his car around and slammed into the taxi's driver's seat, driving the taxi towards the fence with his car.

Master Song had no choice but to kill his car engine. He angrily picked up a wrench from the car. When he was about to get out of the car, he realized that the door was jammed shut by Fade's car. So, he had to climb over the driver to get out from the other side.

Once he got out of the car, Master Song immediately pointed his finger at Fade's car and shouted angrily, "What the hell, get out of your car now. My car has been damaged. I am going to teach you a lesson today. I—"

Master Song strutted towards Fade's car as he spoke. He then lifted the wrench in his hand and was about to smash Fade's car with it.

The passersby around them wanted to persuade him not to do so. However, when they saw how Master Song was dressed and the aggressive look on his face, they dared not to come forward and retreated unwillingly.

Master Song swung the wrench violently. As it was about to smash Fade's car, the door opened and Fade got out of the car with a cold look on his face.

08:47 

Master Song boiled with rage when he saw Fade. He raised his voice and scolded, "I'll kill you since you've come out of the car, Kid."

As he was speaking, Master Song swung the wrench ferociously towards Fade although he initially intended to use it to hit Fade's car instead.

The onlookers screamed in shock as they saw this. After all, one would get seriously injured when hit by a wrench. Even worse, one will even die if he gets hit on the head.

Yet in such a dangerous moment, Fade just snorted and threw a kick nonchalantly.

His kick was very fast and the angle was very accurate. It landed directly on Master Song's stomach. The immense force sent Master Song flying, sending him down to the asphalt ground. He screamed in pain.

The wrench flew out of his hand and flew through the air before slamming down heavily between Master Song's legs, almost hitting his vital parts. Master Song was so frightened at that moment that he broke out in cold sweat and trembled.

Regardless, Master Song's heart boiled with an even more intense rage. He struggled as he got up from the ground and shouted at Fade, "How dare you hit me. Do you know who—"

"Get lost!" Fade exclaimed.

Fade ruthlessly delivered another kick towards Master Song's belly. Master Song was once again sent flying and fell heavily on the ground.

This time, he did not wait for Master Song to get up from the ground. Fade strode over and threw punches and kicks at Master Song relentlessly.

08:47 

Suddenly, Master Song let out a miserable howl and no longer dared to be arrogant. He curled up, covering his head with his arms and shouted painfully, "Stop it. Stop hitting me. I won't do it anymore. I promise."

Fade's facial expression was stone-cold as if he had no intention of stopping. He continued to beat Master Song up.

In fact, Fade was really angry at this moment.

Let's say what he did on the road just now was just a childish act, but he purposefully chased after Fade and knocked into Fade's car. This indicates that he deliberately wanted to cause unreasonable injury.

In particular, Lily was still in the car. If Fade hadn't reacted in time and was hit directly by this guy, he's afraid Sister Lily will sustain much more than just a light injury.

The thought of Sister Lily almost getting hurt made Fade even more furious, which made him beat Master Song up even harder.

Master Song had never thought that he would ever provoke such a violent man. He was really traumatized at this moment. All he could do was groan and beg, "Please, stop beating me. I am sorry. I am willing to pay for it. My dad has power and wealth. He is really rich. I can pay you..."

Fade didn't want his money and kept beating him with a cold expression on his face. In the end, Lily noticed that the situation was not right so she came out from the car to stop Fade. Otherwise, Fade might really kill this guy.

He halted. Fade glanced at Master Song coldly and said in a deep voice, "No one will stop you if you want to risk your own life to race. But if you treat other people's lives as some child's play, don't blame others for killing you."

After that, Fade turned around and left. He entered the car with Lily, started the car and left in an instant.

08:47 

Seeing that Fade had driven away, the frightened sexy lady rushed over anxiously. She helped Master Song up and asked, "Master Song, are you all right?"

Master Song spat out a mouthful of blood and said, "Damn it, do I look like I'm fine? Call the ambulance now!"

The sexy lady quickly called the ambulance.

At this moment, Master Song stared at the direction of Fade's car as his eyes were filled with resentment. He cursed angrily, "Damn it, I came to this small town from Capital City and yet I got beaten up by someone. I will not let this matter go so easily."

Once the sexy lady hung up the phone, Master Song immediately demanded, "Call my dad and ask him to send someone over."

The sexy lady quickly called, but it seemed that the phone number cannot be contacted. She explained, "Master Song, Sergeant Wang is in a meeting. It seems like it's inconvenient for him to answer the phone."

"What does he mean by 'inconvenient'?! Tell him that his son was almost beaten to death. Let's see if it's convenient for him to answer the phone then," Master Song roared.

The sexy lady quickly continued to make the phone call.

Chapter 558

Fade Chen, who was driving, had a serious look on his face and his anger could not be quelled.

Lily Wei gently stroked Fade's arm, relieved his anger, and then asked softly, "That man, what was his deal? Why did he suddenly chase after us and knock our car?"

Fade immediately told Lily about the car racing incident which he encountered on his way here.

After hearing this, Lily couldn't help but feel angry. At the same time, she felt a little worried and said, "From what you said, it seems like that man is not of an ordinary status. Could he be some sort of big shot?"

"It doesn't matter whether he's a big shot or not. If he ever dared to hurt you, I will take his life." Fade gritted his teeth as he said.

As she heard such abusive words, Lily's heart could not help but twitch, and a hint of joy flashed across the corners of her mouth. However, she still persuaded, "No matter what, it's better to be cautious and get someone to do a background check on that person."

Fade obeyed Lily and called the Sun family. He asked Edward Sun to help him do a background check on that man.

After the phone call, Fade's anger gradually subsided. He felt the mesmerizing touch of Sister Lily's delicate hands on his body. The passionate desire which was interrupted during the incident started to creep up again.

As a result, Fade's fixed his eyes on Lily as the speed of his car gradually decreased.

08:47 

As she sensed something strange from Fade's look, Lily could not help but ask, "Why are you driving so slowly suddenly?" Fade noticed a fork on the road ahead and his eyes lit up. He asked, "Sister Lily, I'm exhausted from driving such a long distance. Why don't we go down that road and have a rest?"

"Why are you tired from such a short journey?" Lily asked in a curious tone as she still had not realized what was Fade's intention. Fade held Lily's hand and said, "Sister Lily, that's a country road surrounded by wheat fields. There are very few people there. Isn't it the perfect spot for us to take a good rest?"

Hearing this, Lily immediately got the hint of what Fade meant by "rest". She blushed inevitably and said, "What we did just now wasn't enough? You're just fooling around, aren't you?"

Fade grabbed Sister Lily's hand tightly and said with a smile, "That's just the beginning. It's not enough! Besides, you're so beautiful. I will never have enough of you!"

Lily's pretty face became redder, but in the end, she shook her head and said, "No, we'd better go back quickly."

"Sister Lily, why are you in such a hurry to go back? Let's just take a short rest!" Fade insisted.

Lily said in a serious manner, "There are some businesses I have to attend to at the company. I have to hurry back to deal with them. I can't afford to delay that matter."

"Is that matter really important?" Fade asked.

Lily nodded and said, "Soon, an international cosmetics exhibition will be held in China. There are only a few participation slots in the country, and all the cosmetics companies are very competitive."

08:47 

"Fei Enterprises Holdings Inc is also fighting for a spot. Although we've been developing quite well recently, we still fall short of experience, so we are still lacking in many aspects. There are several certifications required in order to participate in this exhibition. We are still short on some." Lily said.

"So, this time, we made an emergency application to contact the experts of Capital City's industry and departments to come over for inspection and approval. We want to try our best to get our brand certified before the exhibition starts. In that case, we are more likely to get a participation slot," Lily explained.

"I was summoned over in a hurry by Quin due to this certificate examination and the participation slot. Quin said that the evaluation group from Capital City has arrived at Long City, so I have to hurry back as soon as possible," Lily said in a serious manner.

When Fade heard that she was truly back for business, he had no choice but to suppress his burning desires and stepped on the car gas pedal to speed up the car. "Let's go back to the company," Fade said.

Lily noticed the disappointment on Fade's face and felt a jolt in her heart. She gently reached out her hand and placed it on Fade's thigh. She gently caressed him and comforted him gently, "Don't worry. It's inconvenient this time but there's always next time."

Fade's eyes lit up and said, "Sister Lily when will 'next time' be? We should set a date."

Lily caught a glimpse of Fade's impatient face. She blushed naturally and teased, "When did you become so horny? Aren't you ashamed?"

Fade chuckled and said, "I can guarantee, no man will be able to suppress their desires when they meet such a beautiful woman

08:47 

like you. Your beauty is irresistible."

"You really know your way around words to make me feel flattered," Lily gazed at Fade with a shy smile as she came nearer. She whispered in Fade's ear, "Little pervert, don't worry. I am your woman and I will definitely satisfy you."

He felt a hot sensation in his ear and her fragrance overwhelmed him. Fade felt so happy that he could fly. He then smiled bitterly and said, "Sister Lily, you're not giving it to me now, yet you're still tempting me. If I can't control myself, I won't be responsible for what I do!"

Lily giggled and returned to her seat, saying, "Well then, I won't seduce you anymore. Drive carefully."

As she took her seat, Fade hurriedly shouted, "Don't, Sister Lily, it's better that you'd continue to tempt me. Although I can't have you now, I would like a taste of satisfaction."

"You are so naughty!" Lily rolled her eyes at Fade, but she still gently leaned over, approached Fade, and reached out her slender hands.

Feeling her delicate touch on his skin, Fade immediately felt like he was about to fly into the sky out of ecstasy. At the same time, the car sped up.

Just like this, the journey back to the company was fast yet passionate.

Lily straightened up her messy clothes, fixed her makeup, and kissed Fade. Then she got off the car and went into the company building.

Inside the car, Fade looked down at his excitement that had not subsided. He shook his head and drove away from the company. After all, it was not a good choice to go back to the company in his current situation.

08:47 

As he got home, Fade took a cold shower and it finally suppressed his excitement.

Fade was about to take a rest after changing his clothes

when Fatty Huang called and asked Fade if he had time to come out for dinner.

Fade asked and was notified that Tom Wei had come to Long City. He invited Fatty Huang to have dinner with him. Fatty Huang then invited Fade to join them.

Since it's an opportunity for the brothers to get together, Fade naturally did not refuse. He immediately drove over.

By the time he arrived, Fatty Huang and Tom had already ordered a table of dishes, opened a bottle of wine, and slowly drank.

Fade said nothing as he went over and sat down. He picked up the chopsticks and began to eat.

The three of them clinked glasses. Fade looked at Tom and asked, "Tom, when did you arrive at Long City?"

Tom replied, "I arrived this morning."

Fade was a little surprised and said, "Your sister just arrived this morning, and I went to pick her up. Why didn't you follow her?"

Chapter 559

Tom Wei suddenly smiled and looked at Fade Chen, saying, "It's because of you, Brother Fade!"

"Because of me? What does it have to do with me whether both of you decided to travel together or not?" Fade asked in confusion.

Tom blinked his eyes and said, "I know you must be the one picking up my sister. In order not to disturb both of you, I decided not to follow her because I don't want to be a third wheel."

Fade couldn't help but blush when he heard this. He patted Tom on the back and said, "You're kidding me."

Tom raised his glass again and said with a smile, "Brother Fade, I'm not kidding. I can see that my sister has feelings for you. Don't tell me you don't get it!"

Fade smiled, clinked his glass with Tom's, and said, "I know, and I don't need you to teach me how to appreciate a woman."

Looking at Fade's joyful look, Tom gulped down the wine and said, "Brother Fade, it's good that you understand. Anyway, I hope you will treat my sister well. Let me propose a toast to you."

Fade then poured another glass of wine and said, "You don't have to say that. Don't worry about it."

At the side, Fatty Huang looked at Fade and smiled cunningly as if he had thought of something evil. He teased, "Brother Fade, did you take a bath? Why did you take a bath so early in the day? Don't tell me that you and Sister Lily have already... Eh-hem—"

08:47 

Tom suddenly came to his senses when he heard what Fatty Huang said. He looked at Fade and said in surprise, "Brother Fade, did you and my sister... But my sister's train just arrived not too long ago. Don't tell me you did it in the car."

Fade's eyes darted back and forth between both of them. His eyes flickered as he was startled that they had almost guessed it right.

He then let out a cough, picked up his glass, and said, "What'? Don't think too much. I'm just tired of driving so much, I was also sweaty so I took a shower."

"You sweat when you drive?" Fatty Huang smirked. "Brother Fade, why have you exerted so much energy that you sweated when all you did was drive?"

"Fatty Huang, you're full of dirty thoughts. Shut your mouth and start eating," Fade picked up a piece of chicken and stuffed it into Fatty Huang's mouth.

Immediately, he complained and said in his heart, "Although it wasn't that kind of exercise, Sister Lily's skill would definitely make me sweat!"

Fade noticed Tom was staring at him with a suspicious look so he coughed and quickly changed the topic. "By the way, Tom, why did you come to Long City?"

Once the topic changed, Tom also became serious and said, "Brother Fade, it's all because of the martial arts center's matters! Now, in Long City, not only you but Fatty Huang has also succeeded and might even surpass his father with Scott Entertainment. Everyone is doing a good job. I must quickly open the center of my martial art too."

Fade reminisced about the time when he went to South Hanover City, Tom was deeply influenced by Jimmy Wei's, so he wanted

08:47 

to open a martial arts center.

But later, when he went to South Hanover City, he had an argument with Zhan Family and the Flamebird Mercenary Group, which delayed the opening of the martial arts center. Since everything had settled down, Tom thought that this would be the time to open the center.

Thinking of these, Fade nodded and asked, "How is the preparation of the martial arts center? Is there anything I can do to help?"

Tom replied, "The location and fund have been prepared even before I went to South Hanover City. Now it's ready. I have also gained some experience from the martial arts center in South Hanover City, and have brought along a few professional martial arts coaches from other places. Now, everything is basically ready, and it will open in two days."

"That's great! On the day of the opening ceremony, I will be there to support you," Fade said with a smile.

Tom chuckled and said, "Brother Fade, if you really want to support me, you should go to the stadium when you're free today!"

"Today? Didn't you say that it will open in two days' time?" Fade wondered.

Tom answered, "Here's the thing. The coach I hired is a retired professional fighter with the strength of the Yellow Level. His martial arts skills and coaching experience are indisputably good. However, he has a bad temper and often looks down upon other coaches and team members. So, I want to ask you to teach them a small lesson and let them learn."

When Fatty Huang heard this, he said as he was munching on a chicken drumstick, "What lesson? Brother Tom, I think you just want Brother Fade to give him a good beating and let him suppress his temper!"

Fade nodded and understood what Tom meant.

Tom nodded and said, "That's what I mean. After all, this coach's skills are indeed not bad. After opening, he will be one of the

08:47 

best coaches of our martial arts school. I don't want to give up on him. But his temper is a little too arrogant. So, that's why—" Fade smiled and said, "It's a piece of cake. After dinner, we'll go over and have a look."

Tom raised his glass again and said, "Thank you, Brother Fade."

"You are my brother, don't mention it. Cheers!" Fade cheered.

They raised their glasses and drank it all in one gulp.

After drinking, the three of them headed for the martial arts center.

With Tom's wealth, there was no need to worry about finances. Therefore, the martial arts center was set up in the prosperous area of the second ring of Long City, named "Sky Martial Arts Center". The martial arts center was huge, and its decoration was all high-grade. Anyway, the center gave people a good feeling about it.

Because the martial arts center had not been opened yet, the main entrance was not opened. Only the small door next to it was opened.

Fade and the other two walked in through the small door, passed through the corridor, and then came to the training center.

At that moment, there were several men in the training center wearing the uniform provided by the martial arts center. They were training in pairs.

On the other side, in the equipment area, some of the coaches and team members were practicing with weapons.

In the midst of the busy crowd, there was a man in his thirties sitting on the sofa, closing his eyes and basking in the sun which was shining from the window above. He looked relaxed.

08:47 

At that moment, everyone spotted Tom when he came in and greeted him loudly.

"Hello, boss!" A man greeted.

"Hello, Boss Wei," another man followed.

"Hello, Brother Tom," the coaches greeted.

.....

Tom nodded in response to everyone's greeting, and then introduced Fade and Scott Huang, "These are my brothers, Fade Chen and Scott Huang. I will bring them to look around."

"Hello, Mr. Chen, Mr. Huang," the crowd greeted Fade and Scott again.

Fade and Scott responded with a smile.

There were a lot of greetings in the room, but the man sitting on the sofa just opened his eyes lazily to take a look. Then he went on to close his eyes and continued to rest as if he had no intention to get up and greet them at all.

When Fade and Scott saw this, they frowned slightly as they turned to look at Tom.

Tom nodded helplessly and whispered, "It's him. His name is Macallan Zhang and he is thirty-five years old."

Chapter 560

After that, Tom Wei walked over and took the initiative to greet him, "Brother Macallan, it seems like you're resting from training!"

After all, Tom was the boss. No matter how arrogant Macallan Zhang was, he had to be respectful towards Tom. So he opened his eyes, stood up, and said, "Well, I'm taking a rest!"

Tom pointed at Fade as he introduced him to Macallan, "Brother Macallan, this is my brother, Fade. He is quite skilled in martial arts. I have invited him over to provide us with some guidance in training."

Hearing the word "training", Macallan's eyesight turned sharp eventually. He glared at Fade fiercely and looked at him up and down.

From his observation, Fade looked like he was in his early twenties and his body was thin and weak. The corner of Macallan's lips curled in disdain. He snorted and said, "Can he even guide us?"

Tom simply pretended to not have heard him and continued to say, "Brother Macallan, you are the head coach of our martial arts center. Why don't you explain the situation of our martial arts center to Brother Fade?"

Tom's remarks sounded to Macallan as if he had to take orders from Fade, which made him even more discontent right away. He exclaimed helplessly, "Boss Wei, I don't think it's necessary. I have already arranged the training courses and rules of the martial arts club. If we were to change it now, it'll create an adverse outcome instead."

08:47 

Tom had expected that Macallan would answer in this manner, so he said nothing, but glanced at Fade instead.

Fade nodded gently, clasped his hands behind his back as he glanced through the instructors who were in training. He then shook his head gently, sighed, and forced a faint smile as he looked at Tom.

Tom cooperated and asked, "Brother Fade, what's wrong? Is there anything that needs to be improved in my martial arts center?"

After saying that, Tom turned to look at Macallan.

At that moment when Macallan saw Fade, a young boy, shaking his head and sighing at his work, he got extremely dissatisfied.

Fade answered, "Improvements? In my opinion, making improvements is not the problem."

"What's the problem then?" Tom continued to ask.

Fade's lips curled upwards slightly as he said in disdain, "The coaches' abilities are lacking, there's no use improving the courses itself."

"Lacking in ability? Brother Fade, do you mean..." Tom frowned as if he was drowned in his thoughts. He couldn't help but look at Macallan.

Macallan's dissatisfaction turned to rage when he heard Fade say that his team was not strong enough. He glared at Fade without any hesitation and said, "If you dare to say that our abilities are inadequate, then I'd like to see how powerful you are!"

"Do you dare to compete with me?" Macallan glared at Fade as he asked.

The surrounding instructors stopped training and gathered behind Macallan. They glared at Fade discontentedly. After all, when Fade said that their abilities were not good enough, he had included everyone in the picture.

08:47 

Seeing this, Fade still placed his hands behind his back, shook his head gently and said, "He has such a bad temper for someone with weak abilities. I can already imagine what kind of student will be moulded by such an instructor."

"You—" Macallan was so angry that his cheeks were red and his eyes widened. He glared at Fade fiercely as if he wanted to swallow him alive. "Just say if you're up for the challenge or not, stop giving excuses."

Fade shook his head and said, "It's not a matter of whether I dare to or not. It's you who are not worthy to fight with me."

"How dare you..." Macallan never had thought that as a master at the peak of the Yellow Level, he would be disregarded in such a manner. He was so angry that he was going to explode.

In fact, if Fade wasn't the boss's friend, Macallan would have beaten him up a long time ago.

At this moment, Tom and Fade looked at each other and secretly winked at each other. They had already come up with a plan secretly. The plan was to provoke Macallan and make him fight. In the battle, Fade would defeat Macallan in order to show them what a real master should look like.

After that, Tom would step up as the peacemaker and explain the matter, in hopes to control Macallan's temper a little, and thus achieving the purpose of the plan.

"We can't judge our abilities by mere boasting. Instead, we should battle each other or this will just be a talk show," Macallan said angrily as he glared at Fade.

The other instructors behind him also glared at Fade with dissatisfaction. Although they said nothing, their dissatisfaction was obvious.

Seeing this, Tom looked at Fade and blinked slightly. Fade nodded gently in agreement, got ready to take up the challenge.

08:47 

But at this moment, a noise broke out from outside, and then a figure ran in anxiously, shouting, "Boss, something's wrong." Tom turned around and answered, "Calm down. What happened?"

The figure pointed his fingers towards the door breathlessly and said, "There's a group of people making trouble at the doorstep. They said that they're going to smash our martial arts center."

"Smash our center?" Tom suddenly frowned and waved his hand, "Let's go out and have a look."

The situation had changed, so Fade had to put aside his previous plan and walked out of the door. Macallan and others continued to stare at Fade fiercely, but they also knew that it was not the time for a competition. Instead, they followed him out one by one.

When Fade and others came out, they saw a group of men in their late twenties standing at the gate of the martial arts center. They were holding sticks while roaming aggressively back and forth outside the gate of the martial arts center, hitting the gate and the walls of the martial arts center.

At the sight of this situation, Tom squinched his eyes slightly as he walked forward and said, "Who are you? Why are you here?"

The leader was a sturdy man in his late twenties. He was almost 1.9 meters tall. Looking down at Tom, he snorted and said to Tom, "Are you the boss of this martial arts center?"

"I am!" Tom said in a deep voice.

The long-haired man sneered and said, "Since you are the boss, I will settle this matter with you."

While speaking, the long-haired man waved his hand, and a 18-year-old boy came over, covering his head with his hands. He looked like he was in pain.

"What do you mean by this?" Tom frowned as he said.

The long-haired man answered, "What do I mean? Let me tell you, this is my brother. Yesterday, when he walked out of the gate of your martial arts center, he was hit on the head by a fallen tile. My brother's head was seriously injured. Please give me an explanation!"

"Hit on the head?" Tom looked at the boy and said, "Why should we give any explanation when your brother's head was hit? Does this have anything to do with us?"

Upon hearing this, the long-haired man's eyes immediately narrowed. He took a step forward towards Tom, "My brother passed by the gate of your martial arts center when he was hit in the head. Moreover, your martial arts center is the only building that's under renovation at that time. Do you think this has nothing to do with you now?"
