

Chapter 107

Travis immediately laughed with a disdainful expression on his face. He pointed to Jason and said with a smile, 'What did you say? Jason, what did you say? You took Cindy there? What right do you have to take her there? With you, a good-for-nothing?'

'You idiot!'

'Do you know where the Royal Villa is? It's the most mysterious manor in Shang Jiang City! It costed one billion dollar to build it!'

'You're a f**king loser. Don't tell me that you're also eligible to be invited to the wine party at the manor?'

Travis could not hold back his sarcasm. All kinds of unpleasant sarcasms were coming from him.

At this time, he had attracted a lot of people's curious eyes, and they all pointed at Jason and laughed.

Jason was really embarrassed.

Even at that time, he still felt the need to brag.

Cindy's face was burning with anger. She kicked Jason hard under the table, signaling to him to stop talking nonsense.

This was already a bad day. Why would Jason not stop?

Was he only satisfied if he has unpleasant relationship with the Yang Family?

Thinking of this, Cindy became angry.

However, she was quite tolerant of Jason. She whispered, 'Jason, stop talking. Do you have to make everyone laugh at us?'

Jason was speechless. He touched his nose, nodded and stopped talking.

He knew that Cindy was a little unhappy.

Anyone would be unhappy if they were being targeted all the time.

Furthermore, these aunties still wanted to talk about things that had happened three years previously. Cindy obviously didn't feel good about it.

After sitting for a while, Cindy got up and went to the bathroom.

Travis looked at Jason coldly, stepped on the table and chair, and said very provocatively,

'Jason, you really impress me. How can a good-for-nothing like you have the face to sit here and eat?'

After that, Travis picked up a glass of red wine on the table and poured it all over Jason's head!

Travis poured the wine from his head to toes did not even look Jason in his eyes!

All of a sudden, the crowd burst into an uproar!

This... this Travis was so arrogant.

Jason was sitting there, with wine all over his body and clenched his fists until they were as hard as iron. The anger in his heart suddenly burst out!

Bang!

Jason could not hold back any longer. He stood up abruptly and kicked Travis in the chest!

Travis also didn't expect that Jason, a good-for-nothing, would suddenly burst out and kick him. He pushed back and knocked down a table full of wine.

'F*ck! Jason, how dare you kick me? Don't you

want to live? Do you know that this is the Yang Family's birthday party? Do you want to die?'

Travis was angry. He clenched his stomach and arched his waist, pointing at Jason, and shouted angrily.

The sudden scene here naturally attracted the attention of Felix Yang and other people from the inner hall.

'What's going on?' Jacques Yang was the first to run over. When he saw his son's pale face from being kicked, he immediately walked angrily to Jason and raised his hand to slap him.

At the same time, he also scolded in a cold voice, 'Jason, you are too arrogant! What do you think of my Yang Family? How can you be so arrogant?!'

However, Jacques's hand missed its target and was caught in the air by Jason.

At that moment, Jason's face was full of anger, and his eyes were full of fury. He stared at Jacques and shouted, 'You dare to touch me?! Believe it or not, the Yang Family will disappear from Shang Jiang City

immediately!

Wow!

All of a sudden, everyone did not know what was going on.

This was what a good-for-nothing can say?

Was Jason crazy to talk to Jacques like this?

It's over! It's over! It's over!

At this time, Amanda was standing behind the old man with panic and fear on her face.

This Jason had really pissed her off.

Couldn't he just have a quiet meal and then get out of there?

Why did he have to cause trouble?

Slap!

Amanda came out, raised her hand and slapped Jason.

'Jason, what are you doing? What right do you have to be so arrogant with the Yang Family? Who gave you the courage? Get out of here!' Amanda shouted.

She was so pissed off that she went crazy!

If the old master got angry, not only Jason, but even she wouldn't get any benefits!

Travis stood at one side, pretending to be in pain. Pointing at Jason, he cried to Felix, "Grandpa, look at Jason. He doesn't care about the Yang Family at all. He is going to make a fuss at your birthday party."

Felix was furious. He slammed his crutch and stepped forward. He glared at Jason and said, "You, immediately get out of the Yang Family!"

Old Master Yang was angry, and everyone looked at Jason with a faint smile.

Everyone is taking pleasure in his unfortunate!

This was what they enjoyed doing most.

Jason let go of Jacques's hand and glared at the group of people.

The Yang Family was ridiculous!

Birds of a feather flock together.

"Felix, this is what you have said. I hope you won't beg for me to come back soon!" Jason said coldly.

Felix sneered and said, "Ask you to come back? Do you think that the Yang family needs you, a low-class grandson-in-law?"

Even so, Felix's heart trembled violently when he saw Jason's gaze!

Why does this guy have such a look?

Extreme disdain.

He actually looked down upon the Yang Family.

What kind of confidence did he have to say this?

Just as everyone was arguing with each other, Cindy came back. Seeing this scene, she kept apologizing to everyone.

'Grandpa, I'm sorry. It's my fault. I didn't manage Jason well. Please don't be angry with him. We'll leave right away.'

Cindy pulled Jason behind her and said apologetically.

At that time, Gabrielle Yang also couldn't stand it anymore. She said, "Grandpa, let's forget it. After all, we are a family. Let Cindy bring Jason back now."

Felix snorted coldly. Without saying a word, he turned around and left.

Travis shot a domineering glare at Jason and raised his middle finger. He was quite

arrogant.

Cindy also didn't say a word. She took Jason to the bathroom and wiped his face. Then she asked him to take off his clothes, rubbed them, and dried them in the drying machine.

'You're not angry with me, are you?' Jason stood aside topless and looked at Cindy, who was drying his clothes.

She was very gentle and caring.

Especially her side profile, her straight nose, and her thin red lips and big bossom.

She is my wife, a woman who was supposed to shine brightly.

But she married a loser in the eyes of tens of thousands of people.

"No, I'm not." Cindy said. The teardrops in her eyes betrayed her words.

She knew that Travis must have found fault.

'Why are you crying?' Jason was at loss for a moment.

Cindy wiped her tears, hugged Jason and sobbed, 'Jason, let's go home and never come here again. I don't want to see them humiliate you. You are my husband, you are

my husband...'

Jason suddenly understood, and his heart was filled with endless warmth. He hugged Cindy tightly, patted her on the back, and said, 'It's okay, Cindy. It's just a small matter. Don't worry about me.'

The sun shone through the window, and the golden light flooded in, shining on the two people.

An indescribable ambiguous atmosphere was quickly burning between the two of them.

Then, they kissed each other.

It was very enthusiastic and passionate.

Bang!

The bathroom door swung open and Gabrielle broke in. She coldly looked at the two people who were still passionate and warm. She threw a white shirt in her hand and said, 'Put it on.'

Cindy and Jason were both scared and quickly separated.

The former's face turned red with shame. With her back to the sink, she put her hands on the it and glared at Jason.

Jason took the shirt indifferently and quickly put it on.

'He's thick-skinned. It's fine.'

After that, she turned her head and was about to leave. At the very moment she was about to go out, she turned back and said, 'Old couple, if you want to be romantic, find a better place.'

After Gabrielle left, Jason said discontentedly, 'There must be something wrong with this woman's brain. She can't stand the sweetness of other couples.'

Cindy rolled her eyes at him and stepped forward. She straightened up and buttoned up the buttons on his chest for him.

Jason still wanted to do so, but Cindy slapped him away. "Don't push it too far. Get out."

Jason shrugged helplessly and muttered, "We're already an old couple. What's there to be afraid of?"

Cindy turned around with a complacent smile on her face. She looked very sexy under the light of the sun.

By the time they returned to the banquet, the

party was almost wrapping up.

Jason, who had just sat down, received a text message from Joe after only a minute.

'Young Master, everything is done. Please wait for a surprise.'

Weird.

What did he mean?

Jason replied hurriedly, 'Joe, what do you mean?'

At the same moment, Joe was sitting in his Bentley on the way to Yang's Village.

He replied, "Young Master, you are the protagonist of the Yang Family's birthday party. If you wait a little longer, they should arrive."

'What the f*ck?! What the f*ck?!

Has Joe done something behind my back?

Just as Jason was scratching his ears and cheeks, a servant rushed in from the door and shouted,

'I'm Simon Feng, the CEO of the Group of Guohua Trading Group!'

"A gift for you, Qi Baishi, A Painting of the Ink

Shrimp!"

When the man announced his name loudly, everyone was shocked. How could there be other guests who were so late for Old Master Yang's birthday party?

The people in the hall also looked at each other. Everyone in the business group of Guohua Trading Group had heard of it. The assets exceeded 3 billion yuan, and they were in the top ten companies in Shang Jiang City.

And Simon Feng was a very famous domestic collector!

What's more, the painting of "Black Shrimp" painted by Qi Baishi was a famous painting!

It had been sold for more than ten million yuan!

So generous!

However, the Yang Family was not on good terms with Simon Feng.

Why would this person go there to celebrate Old Master Yang's birthday?

It was such an honour!

Felix, of course, was very excited. He hurriedly got up and was about to go out to welcome

them. He asked, "Mr. Feng, did you tell me who you are here for?"

'Yes, it's because of Mr. Smith,' the man said.

Mr. Smith again!

What kind of a person is this Mr. Smith?

Jason was really the only one present. However, except for Cindy and Gabrielle, who gave him a strange look, no one associated him with Mr. Smith.

The crowd went out to welcome them.

Chapter 108

Felix Yang felt extremely excited at that moment!

Simon Feng had come in person and given Qi Baishi's "Black Shrimp" to him. This was really precious!

Such a birthday gift was not something that ordinary people would casually buy.

Everyone followed Felix out of the outer courtyard and came to the door.

Travis was left behind. Seeing that Jason did not move, he said disdainfully, 'Why when such a big boss like Simon is here, you, Jason, don't go out to welcome him?'

Was there a nail in this guy's butt?

Was this how he managed to sit so steadily?

After Travis's reprimand, Jason thought it was reasonable. He got up and went out with Cindy, but he didn't think about going forward even though he was a few meters behind them. Jason didn't like to surround himself with such things.

Everyone stood respectfully outside the door, and a black Maybach had already stopped there.

Soon after, the door opened. Simon got out of the car with a smile on his face.

Felix immediately went out and greeted him with a smile. He stretched out his hand and complimented, "Mr. Feng, I didn't expect that such an important figure such as yourself would come to my humble house to celebrate my birthday with me. It's really a great honor for me."

Felix's words were very pleasant.

Simon reached out his hand and shook hands with him. He said respectfully, "How can I not come to Old Master Yang's birthday party? I have just come without an invitation. I hope you can forgive me."

Indeed, Simon had come without an invitation.

Since he had come without an invitation, of course, he had received a text from Joe.

Jason would come to Felix's birthday party, and he needed them to support him.

Simon felt very strange. For Mr. Smith's

identity, was it necessary for him to come here to support him?

After speaking for a while, Felix asked with a smile, "Well, Mr. Feng, why didn't you inform me of your arrival, so that I could have sent someone to pick you up in person."

Simon waved his hand and said, "Hey, brother Smith is coming. I'm also here to celebrate the old man's birthday to make him happy."

"Smith... Brother Smith?" Felix was suspicious and puzzled.

At this time, Simon saw Jason who was not far behind the crowd.

Immediately, he was overjoyed!

This was a rich man who had given their company an investment of two billion dollar!

In an instant, Simon, regardless of Felix and others, ran to Jason without stopping, with a respectful smile on his face.

"Mr. Smith... Brother Smith, you are really here. Did I come in time?" Simon, who had always been respected, was very respectful to Jason at that moment.

:Why are you here?" Jason was confused.

Today was the Yang Family's Old Master Felix Yang's birthday party. Why would Simon come here?

'What the f*ck?!'

It's really that old dude, Joe who has played a trick on me.

Joe was forcing him to expose his identity.

"I heard that you were here, so I came specially to give Mr. Yang a birthday gift. How is it? My 'Ink Shrimp' is not bad, isn't it?" Simon said with a flattering smile.

Jason, a top-ranking rich second generation, had a little wealth which had already been revealed by Joe. Just on one card alone, he had 100 billion!

Simon was the most sophisticated and clear-minded person. He must take good care of the successor of such a hidden rich and powerful family. This would bring great wealth and opportunities to his company's development.

At that moment, Felix had rushed there with everyone and shouted, 'Mr. Feng, Mr. Feng, what are you doing?'

During their conversation, Felix glanced at

Jason coldly and said, 'Mr. Feng, why don't we go in and talk? It's warm inside, and it's cold out in the yard. Besides, why are you talking to him? He's just a nobody.'

Obviously, Felix was still angry with Jason.

Such a good-for-nothing had shown up to his birthday party, which only meant that he would shorten his own life.

Now, Simon was here. If Jason made a joke, it would be difficult to deal with him.

At that time, Felix and Yang's family would be the only ones to embarrass themselves.

But who would have thought that Simon, who was worth more than 3 billion, was willing to stand at the door and stood by Jason's side with all due respect.

Then, with the courage of a big boss, he squinted at Felix and said, "Old Master, I'm with Brother Smith. We're always together."

Felix was stunned and couldn't help asking, "Smith... little brother? Mr. Feng, are you here because of Jason?"

Simon was very unhappy with Felix's disrespect for Jason. He even regretted giving him a birthday present. When he was

about to speak, he saw Jason winking at him and immediately understood.

Simon smiled slightly and said, "Oh, Brother Smith has a deep relationship with me in the collection hobby. We are good friends, and we cherish each other in our hearts."

A good friend?

They appreciated each other in their hearts.

Felix was very surprised!

Everyone was also dumbfounded!

What was going on?

How could Jason, who was a good-for-nothing, know Simon, a big entrepreneur who was worth billions of yuan?

Could it be that Jason was also a collector?

It's impossible. With his poor appearance, could he afford to collect things?

Travis and Hammer were even more surprised. This Jason actually had such a close personal relationship. They had really underestimated him.

'I didn't expect that Simon had come here for Jason's sake.'

The crowd was shocked.

This was simply absurd!

'Simon is a well-known collector in the country, and he is worth more than 3 billion yuan. Why is such a big shot being so respectful to Jason? There is something wrong with him.' Standing in the crowd, Gabrielle, who was thoughtful, felt something wrong for the first time.

However, she took a few careful looks at Jason. She couldn't consider Jason as some rich and powerful second generation.

Because that was impossible.

Only Charles frowned slightly and guessed that Simon and Jason had made friends with each other because of the incident at the exhibition hall last time.

But at least, Jason wasn't bringing shame to his family this time.

Amanda also had a smile on her face at that moment, and she was complacent, especially in front of her second sister Jasephine. She was proud like a peacock and praised, 'See, our Jason is not so bad. He is better than your Hudson Han. That is Simon who is worth

3 billion yuan. He is being very polite to our Jason.'

Jasephine was so angry that her face turned pale. She had been looking for her third sister's existence so that she could show off her value.

She was extremely upset to have been defeated by her that day.

And this uncomfortableness turned into anger and hatred towards Jason.

D*mn Jason, how can you appear to be not a good-for-nothing when you actually are so clearly a good-for-nothing? What are you doing?

"I didn't expect that Jason would know Simon so well."

Many people sighed in their hearts and thought that Jason was rising to a higher position.

However, they did not take it seriously.

Especially after the Charles' explanation, Jason and Simon had met at an exhibition. Before that they were not at all familiar with each other, everyone became more disdainful.

It turned out that he was just boasting.

This relationship would soon be forgotten and become history.

If it doesn't belong to him, then it's not his.

What's more, Jason was a good-for-nothing.

However, what happened next shocked everyone even more!

Felix invited Simon to the courtyard, but Simon actually posed and invited Jason to enter first.

Jason was embarrassed. Cindy, who was beside him, stared at him as if she was a curious baby and pinched his waist hard. She bit her red lips and muttered, "Jason, you have to explain this to me when we go back!"

Jason smiled bitterly, "What the hell is going on?"

'Joe, you have tricked me well!'

Jason couldn't refuse, so he had to take the lead and led Cindy into the yard.

He could feel dozens of cold eyes glaring at him from behind, as if thousands of arrows were piercing his heart.

When they returned to the yard, everyone sat

down. Under the lead of Felix, Simon naturally sat in the inner hall.

Seeing all the people crowded in the inner court, Travis stayed in the outer court and sneered with a proud expression, "Jason, I didn't expect that a scumbag like you could know a big entrepreneur and collector like Simon. You're really a lucky dog."

Although he had a smile on his face, the sarcasm in his words could be felt by everyone.

Jason frowned slightly, and the unhappiness in his heart became more and more intense.

Travis was really trying to attract the Yang Family's attention.

However, Jason did not pay attention to him. He was just a clown. How could he bear to say this?

On the other hand, Simon had just sat down. When he saw Jason sitting in the furthest corner of the outer courtyard and being mocked by Travis with a half-smile, he was very unhappy.

An astute person could tell at a glance that it was the seat for the person with the lowest

status.

"I'm sorry, everyone. I'd better take a seat over there." Simon said and greeted everyone. Then he couldn't wait to run to the outer courtyard.

'Brother Smith, can I sit here?' asked Simon in a humble tone.

Everyone was stunned.

Everyone didn't expect that Simon respected Jason so much.

What the hell was going on?

Is it really just a normal relationship?

Why did it feel that Simon actually respected Jason very much?

"Mr. Feng, it's up to you." Jason said calmly.

Simon's face was full of joy. He hurriedly sat beside Jason and poured a glass of wine for Jason personally.

Seeing this, Travis could only feel the burning sensation on his cheeks. 'Pah! Pah! Pah! Pah!' He felt as if countless slaps were slapping him in the face!

'What the f**k!'

11:38

Why?

Just at that moment, suddenly, someone was shouting from the door again!

'The CEO of Shang Jiang City's Diversey Charity, Bruce Scottt is here!'

'A gift for you, a white jade Goddess of Mercy!'

Chapter 109

'Bruce Scott? Which Bruce Scott?'

"Bruce Scott, President Scott of the Diversey Charity?"

"Bruce Scott, the underground emperor of Shang Jiang City? Why would he come?"

Before the relatives and juniors of the Yang Family in the courtyard could figure out what was going on, many celebrities in the internal hall were unable to sit still any longer!

Compared with a big entrepreneur like Simon, a well-known domestic collector, Bruce Scott, who had underground forces, was well-known all over Shang Jiang City!

It could be said that this important figure had come to the Yang Family to celebrate his birthday. He came here sincerely.

How could Felix not be anxious?

A big shot of this kind of power was not something that ordinary people could come into contact with, let alone ordinary people who could have invited him.

Just as they were in a daze, Bruce had already walked into the yard with his men. He was smiling, wearing his iconic white suit and gentleman's hat. His whole body was full of majesty, which made people feel pressured with their first glance!

Sure enough, it was Bruce!

The Emperor of Shang Jiang City!

His imposing manner swept over the entire banquet.

Gabrielle was very surprised. How could this famous man come to the Yang Family's birthday party?

Grandpa didn't know him.

In an instant, Gabrielle's eyes fell on Jason who was sitting indifferently. Simon was coming for him, and this Bruce couldn't be...

It's impossible! It's impossible!

Bruce, such a big shot, was not someone that ordinary people could see.

Jacques was the first to welcome Bruce. He had a lot of contact with some of Bruce's companies in his business, so he knew Bruce.

In addition to Simon's property that could surpass Bruce's, most of the guests present today could not compete with Bruce in terms of wealth and influence.

Therefore, Jacques was very excited.

This person must be well taken care of!

Unexpectedly, their Yang Family's birthday party had attracted such a person to attend this birthday party.

Jackson and Felix also ran to meet him after a while.

'Brother Jacques, hello.' Bruce nodded slightly.

They had a business relationship with each other and had met several times, but they were not familiar with each other.

However.

The next second.

Everyone was so shocked that they widened their eyes and pricked up their ears!

'Nice to meet you, Mr. Yang. I'm here to look for Brother Smith,' Bruce said with a smile. He had already fixed his eyes on Jason, who was sitting at the table by the door.

'Brother... Brother Smith?' Felix came over and narrowed his eyes. He was very confused. 'Which Brother Smith? I'll send someone to invite him.'

In Felix's view, the person who could get Bruce to visit his family and attend his birthday party in person must be a big shot with a high status.

The only person present whose surname was Smith was Jason Smith.

Could it be him?

It's absolutely impossible!

He is a good-for-nothing!

At the banquet, everyone was surprised that Bruce, such a big shot, had come there for someone else. It could be imagined how high the status of that person was!

His last name is also Smith?

Everyone's eyes unconsciously fell on Jason, who was sitting at the table in the corner.

Simon came for him earlier, and now Bruce had also come for him?

"Does this good-for-nothing know Bruce? How could it be? It's incredible," Jasephine

said sourly.

She felt as if she had drunk five litres of lemon juice.

"He's a good-for-nothing. How could he know Bruce? It must be fake! A good-for-nothing like him? This has to be fake." Travis was very unhappy and frowned.

He suddenly felt that he could not see through Jason, who was a good-for-nothing.

Why does this guy seem a little mysterious?

Even Xavier, at that moment, looked at Jason with a strange look.

Originally in his eyes, there was no Jason at all, but Simon's attitude towards Jason made him a little wary.

Now it was Bruce.

Cindy was silent. She sat next to Jason and looked at him with a trace of suspicion in her eyes.

Her husband seemed to have changed.

Did he really only run a restaurant at home?

However, just as everyone was casting suspicious glances at Jason, this guy was still sitting calmly and drinking soup, as if he

didn't care about this at all.

"Did I think wrong?" Felix was very confused and shook his head slightly.

However, in just a second, something shocking happened!

Bruce strode out of the crowd and then walked to Jason's table. He cupped his hands respectfully and said,

'Brother Smith, it's really not easy for me to find you.'

Bruce, the Emperor of the underground of Shang Jiang City was so respectful to Jason at this moment, just like a student meeting an elder.

"You're here too?"

Jason frowned slightly and felt a little dissatisfied in his heart. 'What on earth is Joe doing? Does he want the whole world know his identity?'

How could he explain it to Cindy when they got back?

Before going there, Bruce had received news from Joe. He had to keep a low profile, but he couldn't lose Jason's favor.

That was why he called him brother.

Seeing Jason's slightly unhappy expression, Bruce was so scared that he shivered and broke out in cold sweat. 'Did I say something wrong?'

In this way, Bruce bowed and stood by Jason's side. The latter was still drinking soup, and did not even have the intention of getting up to be polite.

And it was precisely this that caused everyone's breathing to become more and more rapid.

That was Bruce!

Jason, who didn't know what was good for him, didn't give him face?!

Felix was the first to get angry. He scolded Jason and said, "Jason, since Mr. Scott has come to see you, why are you still sitting there? How impolite you are? Don't you have any manners?!"

Hearing Felix's angry shout, Travis, Hammer, and the others behind him were also reprimanded.

"Jason, stand up and apologize to Mr. Scott!"

"F**k! Why are you pretending to be powerful? How can you be so arrogant in front of Mr. Scott? You really don't know how serious death is?"

"This good-for-nothing really regards himself as a big shot. He's just a loser!"

They said more and more unpleasant words, all they wanted to do was to embarrass Jason.

These people had been unhappy with Jason for a long time, and it was rare to get this opportunity.

If Bruce got angry, Jason would be doomed!

However, Jason just indifferently raised his head, glanced at the crowd coldly, picked up the soup spoon, grabbed a bowl of soup from Cindy, and said, "This is not bad. It's good for your health. Drink more."

What the f*ck?!

In the blink of an eye, Felix was filled with rage!

He's such a good-for-nothing. He doesn't want to respect me!

When he was about to scold Jason, Jason

said calmly, "Sit down."

"Alright!" Bruce nodded and said.

Bruce breathed a sigh of relief and sat down happily, next to Simon. The two looked at each other and nodded at each other.

What the f*ck?!

What the hell is going on here? This whole scene is very strange!

Everyone looked at Jason with incredible eyes and then looked at Bruce.

Bruce was really sitting there, just like a follower.

This must be fake! It's fake!

Everyone was dumbfounded and gasped.

Even Felix couldn't utter a word of anger.

He had to re-examine Jason, his grandson-in-law.

Felix could not figure it out. He asked incredulously, "Mr. Scott, the Brother Smith you're looking for is Jason Smith?"

'Of course. Brother Smith and I are good friends,' Bruce said calmly. His expression was neither happy nor surprised. On the

contrary, he was a little angry.

He heard clearly that the old man had scolded Jason just now.

Those who didn't have a sense of propriety didn't even know that they had offended someone important, and they were still making threatening gestures.

The crowd burst into an uproar!

Bruce really knew Jason, that coward!

Travis was very angry now. Why? He was clearly a good-for-nothing who disdained to be slapped others. How could he sit on the same table as Bruce?

On the contrary, Gabrielle was staring at Jason. This guy just had a nose, two eyes, and one mouth.

In her heart, she felt that Jason was very ordinary. Not only her, everyone present knew that Jason was very ordinary.

Cindy was scared. She pinched Jason's thigh under the table and asked in a low voice, "Jason, what's going on? How do you know Bruce?"

She knew that Simon was a successful

entrepreneur and a famous collector as well.

She had heard of Bruce, who was a well-known underground tycoon. How could Jason have anything to do with such a person?

Bruce smiled at Cindy and nodded slightly, saying, 'Sister-in-law.'

Sister-in-law?!

Cindy was so scared that she sat straight and drank the soup with her head down.

A group of people around were also dumbfounded!

This is Bruce, who kills without blinking an eye!

He... he actually called Cindy his sister-in-law?!

What the f*ck!

It was a piece of shocking news!

Hearing this, Jason frowned and glared at Bruce. The latter immediately realized that he had made a mistake. He quickly bowed his head and closed his mouth, and his hands could not help trembling.

The crowd's guesses about the relationship

between Jason and Bruce were even more confusing.

It was not as easy to explain as Simon, and Charles and Amanda were also confused.

When did my son-in-law, a good-for-nothing, hook up with such a big shot like Bruce?

He was the kind of person who would shake the foundations even if he stamped his feet in Shang Jiang City.

....

Suddenly, the whole banquet, everyone looked at the table beside the door with strange looks.

Jason, Cindy, Simon, and Bruce were talking with smiles on their faces.

Jackson remained calm. He had seen all kinds of storms and waves in the government, but his doubts about Jason would not subside for a while.

Who on earth was the son-in-law of his third sister?

Jasephine and Cecelia sat together. At this moment, they stared at the table indignantly and cursed in sharp voices, "Is this Bruce a

fake? He is sitting with a good-for-nothing like Jason."

She was just envious and jealous, especially when she saw Amanda and Charles were flattering to sit over at this time, her face burned even more.

Before that, Amanda kept complaining about her son-in-law.

Is she going to suck up to him in such a hurry?

B*tch!

Of course, Amanda had been ordered by her father to spy on them.

At that moment, a name rose again at the gate of the courtyard!

"The CEO of the the the Sheng Ding Group, Joe Qiao, Chairman Qiao is here!"

When they heard the name, they all also couldn't sit still anymore!

Felix and the crowd of old and young were even more excited and jumped up. Their faces were ruddy and their breathing was rapid!

'Why is Joe Qiao here?'

03:11

This was the richest person in Shang Jiang City.

Chapter 110

The richest man, Joe Qiao!

How famous he was!

His self worth more than ten billion dollar and was an absolute legend in Shang Jiang City!

All the people at present could not compare with him in terms of the financial resources and the contacts behind him!

Such a big shot coming to the Yang Family's Old Master Felix Yang's birthday party, had never happened before!

When the name of Joe being heard, both the guests in inner court and the outer court were all in an uproar and shock.

Everyone present, including Felix, Jackson, Jacques, and even Simon and Bruce, also stood up, ready to welcome Joe.

'Who would have thought that Joe would also come here.'

Everyone was shocked and their eyes lit up. They all looked at the door of the outer courtyard at the same time. They wished they

could see the legendary boss of Shang Jiang City appear at the door in the next second.

It was also at this time.

Several luxurious cars stopped outside the entrance of the Yang Family's courtyard. Joe got off from a black Bentley. He was dressed in a grey Chinese suit and walked to the gate of the courtyard with a cane.

Felix and others had already greeted them, and Joe, who was full of elegance, walking toward them.

"It's really Joe Qiao!"

Felix couldn't stand up any longer and greeted them with respect.

Although the two of them were about the same age, it was difficult to tell. Joe was even more energetic and his face was red and shiny.

"Chairman Qiao, I didn't expect you to come to my humble house in person."

Felix said with a flattering smile.

'I heard that it is your 70th birthday. I have come here without an invitation. I'm sorry to trouble you.' Joe shook hands with Felix and

said calmly.

His words made everyone think that the Yang Family must be lucky that year.

Four pieces of good news, and wave after wave of big shots had come to congratulate the Old Master Yang on his birthday.

However, everyone couldn't help but look at Jason who was sitting in the outer courtyard... Had Joe also come for him?

Then it would really stir up the storm.

This was the richest person in Shang Jiang City!

How could Jason, a good-for-nothing, have anything to do with such a big shot?

Previously, they all thought that Bruce's reputation was due to bragging. Otherwise, why would he be so respectful to a loser?

Then, in the next second, Joe said something that stunned everyone present!

'Well, is Mr Smith here?' Joe asked with a smile.

Upon hearing this, Felix's hands trembled violently and he almost couldn't stand still.

Travis and the rest felt as if a heavy hammer

had fallen from the sky and landed heavily on their hearts.

They felt that their view to the world had collapsed!

They didn't expect that they were actually right.

Joe, the richest man in Shang Jiang City, had also come for Jason!

Gabrielle was slightly numb at that moment.

Simon, Bruce, Joe..

These three big shots, each of them was worth more than a hundred million dollar, and there are even more than ten billion dollar, all of them had come for Jason!

Was this loser really a good-for-nothing?

Felix immediately regained his consciousness and replied with a sentence. Then he walked into the yard with Joe, followed by everyone.

Joe greeted everyone one by one and was welcomed into the hall by Felix.

'Chairman Qiao, you must be exhausted to have come all the way here from Shang Jiang City. Come, come, I propose a toast to you.'

Jackson said. He had no choice but to curry favor with such a rich man.

It was good for both the Yang Family and himself.

"Haha, how could I not come to Old Master Yang's birthday party?" Joe laughed, and then his eyes met Amanda and Charles, who were sitting opposite him.

"Hello, Mr. Jiang and Mrs. Yang. This is a small gift for you. Please accept it."

Then, Joe asked the secretary to take out two small brocade boxes and handed them to Amanda and Charles.

Both of them couldn't refuse to accept them.

Especially Amanda, her face was full of excitement and joy.

This was a gift from Joe, the richest man in Shang Jiang City. It must be worth a lot!

I am going to make a fortune!

Such a scene also made everyone on the table very envious. They all looked at Amanda with jealousy.

"Chairman Qiao, you are too polite. Such a valuable thing, how can I accept it?" Amanda

just pretend to refuse to take it, but she couldn't wait to take the brocade box, as if she was afraid that Joe would take it back.

"Haha, Madam Yang, you've recruited a good son-in-law. You'll have a promising future!" Joe laughed.

"Jason Smith?"

Everyone was shocked again.

He didn't expect that a rich man like Joe would praise a good-for-nothing like him. It was incredible.

Everyone was very puzzled. Today was the Yang Family's birthday party, but Jason had not done anything and become the center of attention.

"Chairman Qiao, do you think you have seen the wrong person? With Jason's poor look, he is a person who is ridiculed by tens of thousands of people..." Jasephine was not convinced and blurted out.

Not only did she suspect that Bruce was a fake, but she also suspected that Joe was also a fake.

What kind of people were they? How could they be so ignorant? How could they all have

something to do with Jason?

"This gentleman, please speak with some respect. Jason is not to be humiliated by anyone." Joe's face turned cold.

Felix immediately scolded, Jasephine, shut up! If you keep talking, you can get out of here!

Seeing her father's angry face, Jasephine quickly shut up. She was scared like a frightened puppy and did not dare to look up.

Amanda laughed a few times and said in a strange tone, 'Oh, my Cindy is so powerful that she can know a rich man like Chairman Qiao. Unlike some people, I don't know how many men her daughter had slept with to get a rich husband and show off every day. She's really cheap.'

Felix was also accustomed to the daily bickering between the two women, so he stopped them.

Now Jasephine was really trembling with anger. She glanced at Jason in the outer courtyard, and her heart was full of anger and jealousy.

Then what was Jason's virtue? How was he

be able to make friends with Joe?

It couldn't be exchanged by selling his wife, could it?

During the banquet, some people would naturally ask about the relationship between Jason and Joe.

Before Joe said it, Amanda could not wait to show off, saying that Jason saved Joe's life.

This was the only way the public could let out a sigh of relief.

However, as a lifesaver of Joe, his future development would not be too bad.

After sitting for less than ten minutes, Joe got up and walked to the outer courtyard.

Everyone's eyes followed him. After Joe said hello to Jason, he sat directly at his table.

All of a sudden, countless eyes were fixed on Jason. They were full of suspicion, jealousy, envy, and disbelief, including all kinds of complex emotions.

On the other hand, Jason looked calm and even had some complaints.

"Joe, what are you doing?" Jason asked in a deep voice.

Joe just smiled and said, "Young Master, didn't you ask me to arrange a gift? How about this gift?"

Pfft!

Jason almost spat out a mouthful of tea.

"This Joe is f*cking more pretentious than I am!"

At this moment, Xavier looked at Jason and suddenly felt that something wasn't quite right.

Who on earth is this guy?

Is he really just a good-for-nothing?

He even suddenly understood the sentence that Jason had said earlier about making the Yang Family disappear from Shang Jiang City.

He thought that he knew a few people, so he was arrogant.

At that moment, Travis was drinking wine with his head down. His hands were shaking slightly, and he was roaring unwillingly in his heart!

"You're just a good-for-nothing. How can you know so many people? Why?"

"This is the Yang Family, not a place where you can make a fool of yourself! I, Travis, am not convinced! I'm going to kill you!"

Thinking of this, Travis silently left the yard, ran to the corner, dialed a number, and said with a gloomy face, 'Monkey, take a group of people to block the entrance of the village. I want to kill someone! We have to disabled him! There is also a woman, you can do whatever you want, just don't kill her!'

Back to Jason, it was obvious that Jason's table had become the home field of the entire birthday party.

Although he was sitting by the door.

However, everyone's eyes became fixated on n him from time to time.

Jason and Cindy sat for a while, and the latter was a little tired. Jason got up and said to Joe and others, 'Well, I'll take Cindy home now. If there's nothing else, you can do whatever you want.'

Hearing Jason's tone, Cindy immediately glared at him and said, "That Mr. Feng, Mr. Scott, and Chairman Qiao, I'm sorry, I'm not feeling well, I need Jason to bring me back.

One day, I'll bring him to visit you."

Hearing this, Simon and Bruce quickly waved their hands and said, 'No, no, no, no, you don't have to. Brother Smith is so busy in daily life, so you don't have to worry about it.'

Only Joe sat steadily.

Cindy hesitated, glanced at Jason, smiled, and went out with him.

Everyone watched Jason go out with Cindy and breathed a sigh of relief.

That guy is finally gone.

Not long after, Joe, Bruce and Simon also left.

The Yang Family's birthday party ended there.

However, as soon as Simon left the yard, Felix invited him to go back to the Yang Family's reception room in the inner courtyard.

'Mr. Feng, the reason why I have invited you here is that I want to show you something.' Felix smiled and then took out a small brocade box and handed it to Simon.

In the house, there sat the old and young members of the third generation of the Yang Family.

Of course, there were also many relatives of the Yang Family. Of course, Charles was there.

"This is?" Simon took the box with some doubts.

Felix frowned slightly and said, 'This is a gift from my grandson-in-law. I didn't think it was a big deal at first, but now I want to ask Master Feng to help me.'

To put it bluntly, Felix had some doubts in his heart. He wanted to find out something through the brocade box and dispell the doubts.

What kind of valuable thing could be inside if he had given it as a gift?
