

## Chapter 174

Leah Fang was pulled away by Jason Smith, she was worried, "Brother Smith, forget it. I'm fine. After all, she is your mother-in-law. I'll feel bad if you quarrel with your mother-in-law because of me."

Although Leah felt like she had been wronged, she knew how she should deal with the situation.

After all, Amanda Yang was Jason's mother-in-law. She would feel guilty if Jason and Cindy fell out with Amanda because of her.

She was from a poor family. Her parents had told her needed to endure all difficulties and always be respectful at work. She should not cause any trouble.

Moreover, Brother Smith had been so kind to her, she should not cause him trouble.

"It's okay. Listen to me. Although she is my mother-in-law, she can't be so unreasonable."

Jason comforted her. Although he had beared with Amanda for three years for Cindy's sake, he

would not ignore this matter.

Amanda had been unreasonable enough to even others. Jason would definitely not forgive her after she had shown such temper and viciousness.

Soon, Jason bumped into Amanda who was just leaving the hospital's ward.

This woman. Amanda carried her bag with a smug smile on her face. She was arguing and scolding at the crowd.

It was as if she was the one who ran this hospital.

"What are you poor people looking at? What's wrong? My daughter is CEO of Bi Kang Pharmacy. What can you do to me?"

Amanda pointed at those patients' family members arrogantly and scolded them. She thought who would make the loudest noise would win.

Amanda turned and left after she'd finished scolding them, then only she happened to see Jason coming back with Leah.

Amanda became even angrier and rushed over. She pointed to Leah who was standing behind Jason, "Bitch, how dare you come back? I'll beat

you to death!"

Amanda yelled and was about to beat her.

Leah was so scared that she hid behind Jason. Her big eyes were watery with tears and tucked down her head, "What the right for you to hit me?"

"Hey, you're losing your temper, aren't you? Do you think that I won't dare to beat if you hide behind this good-for-nothing? He's considered a loser in my family. He still has to listen to me!"

Amanda pointed at Jason's nose and cursed arrogantly. She did not take her son-in-law seriously at all.

Protecting Leah, Jason immediately reached out his hand to catch Amanda's hand as she swung. He said with a gloomy face, "Amanda, shut up!"

"Jason, are you crazy? What are you saying? Get out of my way!"

Amanda cursed angrily.

How could this Jason dared to call her by her first name? Did he just rebel?

Who did he think he was?

He was just the good-for-nothing son-in-law from their Jiang family!

"Apologize to Leah. She is the nurse that I hired."

Jason said coldly.

"Jason, don't you know your position? What do you mean by the nurse you hired? In this family, I'm the master and you're just my son-in-law. What right do you have to talk to me like this? Are you looking for a fight?"

Amanda said with venom. She raised her hand and slapped him in the face!

It was too sudden!

This good-for-nothing had been too beyond measure. Today, she definitely needed to beat him in front of all these people, to show him who was the master of the family!

Pat!

Jason did not flinch when he saw Amanda's slap coming towards him. However Leah who was behind him, stood up and took the slap for Jason.

The crisp slap rang through the hospital corridor.

Leah covered her face with her hands. Her cheeks

were red and her eyes were full of tears. She said with grievance, "Brother Smith, let's go."

Jason's face turned cold, he was so angry. Amanda was really too unreasonable!

It was so unfortunate to have such a mother-in-law.

Amanda definitely needed to apologize to Leah about what had happened earlier.

Amanda laughed out loud. She furrowed her eyebrows and muttered.

Were Jason and Leah having a relationship in private?

No way, she had to tell Cindy about this.

Something fishy was going on with those two.

Meanwhile, the crowd once again broke out in discussion.

"This woman is so overbearing. I'd beat her to death if it was me!"

"F\*ck! So angry seeing this!"

"Young man, don't be afraid. We'll back you up. Your mother-in-law is too vicious!"

Amanda's expression changed slightly when she heard the discussion of the people around her. She was eager to leave.

"Get out of my way. Don't you understand human language?" Amanda raised her hand again in a hurry.

When this slap was about to fall, it was suddenly caught tightly in mid-air by Jason!

"Jason, what are you doing?!"

Amanda said coldly.

At this moment, Jason's face turned as cold as ice and his eyes flickered with flames. He said, "Amanda, I warn you, don't think that you can be so capricious just because you're Cindy's mother! Apologize to Leah!"

"You want me to apologize to this bitch. Are you crazy? You, Jason, are just a loser in my eyes. What right do you have to talk to me like this? Let go of me!"

Amanda was so angry that her teeth bit down hard. This wastrel was so disrespectful to her!

She would tell Cindy about this when she got

home and make her daughter divorce him!

Either he goes or she go!

Jason shook off Amanda's hand, "This is your fault. Leah is the nurse I hired. You hit her for no reason so you have to take responsibility! You can leave now if you want to. But I will call the police to deal with this matter!"

As soon as Amanda heard that Jason was going to call the police, she became frightened.

"You... I'm so pissed off! You loser! How dare you threaten me!"

Amanda pointed at Jason angrily. She thought he was just a coward and could not make any trouble. She did not expect that he would dare to act so tough.

If he reported this to the police, nothing good would come of it.

But apologize?

Impossible!

Amanda immediately acted unreasonably, "Why should I apologize to her? Why didn't you ask her why she had been beaten? I'll to beat her to death

today!"

"Then why don't you tell me?"

Jason looked at Amanda indifferently and waited for her made-up story.

"She... she disrespected me in the ward just now and called me old. What's more, I saw her abusing Angela by hitting her and pulling her hair. So do you think I was right to hit her?"

Amanda was angry and began to lie. She made all kinds of accusations towards Leah. She pointed at her, "Is this the nurse you hired? Such a vicious woman. If I don't beat her to death, how can I make it up to my daughter and granddaughter?"

After that, Amanda sat on the ground and began to cry. She made a fuss and kept saying that she wanted to hang herself.

Meanwhile, Leah was so anxious that her forehead was full of sweat. She shook her head desperately and explained with tears in her eyes. She pulled Jason, "No, no. I didn't do it brother Jason. She is talking nonsense. It was obviously her..."

"Me?"

Amanda jumped up all of a sudden. She pointed at Leah and threatened her fiercely, "It was obviously you but you still want to argue and talk nonsense. I'll beat you to death!"

Jason stopped her immediately and said angrily to Amanda, "Shut up!"

This scared Amanda because Jason looked so threatening.

She stood aside with a diffident look.

Jason frowned and walked into the ward without saying a word. He saw Angela lying on the bed with other nurses.

"Dad..."

Poor Angela saw Jason coming, she hurriedly reached out to ask for a hug. She felt so upset

"Don't be afraid, Angela. Daddy needs to ask you something, did sister Leah hit you just now or did grandma hit you?"

Jason asked in a low voice as he was holding Angela in his arms.

Angela's big eyes glistened with tears and she was very scared.

She was afraid that her father would quarrel with her grandmother so she faltered, "Dad, neither sister Leah or grandma hit me. I accidentally bumped into something..."

Bumped into something?

Jason looked at the red palm prints on Angela's face and his heart suddenly burned with anger!

She had hit his daughter but he felt Angela's pain himself.

Amanda, you should not have beaten Angela!

Jason turned around after putting down Angela and letting the nurses take care of her. He was filled anger as he stepped out of the ward.

From that moment on, Jason was no longer the coward who would allow others to bully and humiliate him.

His eyes were scarlet and brewing with endless anger.

Over the past three years, he had endured Amanda's eccentric temper and bad habits.

However, she never tried to control herself. On the contrary, she was getting even worse!

He walked out of the ward and walked towards the surrounding crowd. There were nurses who had already started to break them up.

However, Amanda was still swearing at Leah. "You little bitch, who told you to talk nonsense? Scr\*w you!"

Leah raised her chin stubbornly and there were crystal tears in the corner of her eyes. However, she did not give in.

"What did you do? How could Angela know it? It was this little bitch who beat her!"

Amanda clenched her teeth. Actually, she felt very guilty and nervous, especially when she saw Jason walking toward her with a murderous look. She instinctively took a few steps back and said in horror, "You... What do you want to do?"

The whole corridor was filled with tension. It made everyone uneasy!

"You shouldn't have beaten Angela!"

Jason gritted his teeth and his eyes turned red. He clenched his fists and raised his hand...

## Chapter 175

Pat!

This slap caused a crisp sound to echo through the corridor!

Jason swung his big hand and slammed it on Amanda's face!

All the anger over the past three years was accumulated in this one slap. He slapped Amanda so hard that she fell to the ground!

"Ah!"

Amanda screamed. She covered her face and stared at Jason in disbelief. She cursed with shame and indignation, "You.. you.. you.. how dare you hit me? Jason, you are crazy! How dare you such a loser hit me? I'm your mother-in-law!"

Amanda was about to explode with anger!

How could such a loser slap her!

This was totally an outrage!

Did Jason digging grave for himself?

Did he no longer want to stay in her house?

She gnashed her teeth in anger. This slap made her face hurt. She got up from the ground, pointed at Jason and cursed. She pushed him angrily. "Jason, I'll let my daughter divorce you! I'll not forgot what happened today!"

Pat!

After saying this, Jason slapped her once again!

The same strength that made both sides of her face well-proportioned!

This slap stunned Amanda completely. Her eyes were widely open and looked at the loser in front of her in disbelief.

He had been acting weak for the past three years.

But he had lost it today!

Jason must had gone crazy!

Leah was so scared that her heart skipped a beat. She covered her mouth and looked at what was going on in front of her in disbelief.

Brother Smith was so powerful!

"But isn't that his mother-in-law? Won't he get into trouble?" Leah thought.

On the other hand, the crowd burst into applause.

"Good job! Well done!"

"It was so right to slap such a vicious old woman in the face!"

"Ah! I was so pissed off just now. I'm really worried about that young man."

Amanda stamped her feet, covered her face in a hurry, "Jason, you are crazy! You will never enter my house again. I don't have such a son-in-law like you! Just wait and see!"

Aftering shouting, Amanda covered her face and ran out of the hospital in shame and indignation.

She did not dare to stay any longer. So many people were pointing and scolding her. Their saliva could have drowned her.

After leaving the hospital, Amanda covered her face with her hands, it was so pain.

She stamped her feet angrily, turned around and stared at the hospital entrance behind her.

"Jason, I must break you and Cindy up!"

Straight after, Jason took Leah to the ward.

She was still crying and felt bad but she knew

what she had to do. "Brother Smith, is it okay that you beat Aunt Yang like this? Have I caused trouble for you?"

Leah immediately got up and nodded to apologize. "Brother Smith, I didn't mean it. I, I'll apologize to Aunt Yang and ask her to forgive you."

After that, Leah was about to run out of the ward when Jason stopped her.

He liked Leah's character very much and she was pretty good-looking. She usually did not talk much.

Jason had asked about Leah's family. She had a brother who had also been in the hospital which had cost them a lot of money.

"It's okay. This has nothing to do with you. Don't take it to heart."

Then Jason took out his mobile phone and transferred four thousand dollars to Leah, saying, "This is your salary for the month."

Leah took out her mobile phone and looked at the transferred amount. She immediately exclaimed, "Four thousand? Brother Smith, did you make a

mistake with the transfer?"

The salary for the care should only be three thousand dollars, but Jason had transferred four thousand dollars instead.

"It's okay. The extra one thousand dollars is to apologize on behalf of my mother-in-law." Jason smiled friendly.

Leah immediately shook her head and wanted to return the money. She said, "No, no, I can't. Three thousand means three thousand. Moreover, you have helped me to vent my anger. I can't take the extra money."

She could not take it. Leah knew that Jason was not from a rich family.

Moreover, judging from what she had seen, Jason was not treated well at home.

She could not accept the money.

However, Jason stopped her and said with a smile, "Well, that's nothing. If you don't accept it, then I have to fire you."

Fire her?

Leah was trembled. She could not lose this job.

She pursed and bit her red lips. She kept bowing and nodding to Jason to thank him. "Thank you, Brother Smith."

Jason did not say anything else.

In the evening, when Jason was looking for Leah, he saw that she was crying on the phone in the small garden.

"What's the matter Leah?" Jason came forward asking with concern.

Leah hung up the phone, wiped her tears and said with a smile, "It's okay."

Jason knew that the girl was strong and liked to keep things to herself. He sat down and took a look at her mobile phone. There was a lovely little boy on her screen saver. His smile was very bright but he looked ill. He had a breathing pipe and he was forcing a smile in the photo.

Jason was a little moved, "Is this your brother?"

Leah pursed her lips and looked at the photo. She smiled gently and said, "Well, he's very cute, isn't he?"

Jason nodded and said, "Your brother is small but

he looks very strong."

Leah nodded and kept touching the screen saver. She said, "He is only eight years old this year. He is smart. He has always been the first in his studies."

When Leah mentioned her brother, her eyes were full of love and pride.

Jason nodded and said, "I've heard that you've been working hard for a long time. You work for three jobs a day. You work as a nurse in the hospital during the day and also work at night to save money for your studies. You have a scholarship every year. To be honest, I admire you very much. Are you doing this to get some medical expenses for your brother?"

Leah did not expect Jason to care about her life this much. She smiled, "Well, my brother is still young. My parents were long gone. Now I have only one family member left. If I don't take care of him, no one will."

Jason grinned and suddenly thought of the past. He said, "You're stronger than me. In fact, I lost my mother when I was twelve years old. At that time, I

was not so strong enough. I locked myself in the house for over a month."

Leah was surprised and then comforted him in a low voice, "Brother Jason, your mother must be very beautiful."

Jason held his head in both hands and looked up at the blue sky. He said, "Well, she was the most gentle woman in the world. Since that day, I felt that the sky had collapsed. But later, I met another woman, a woman who changed me."

Speaking of this, the corners of Jason's mouth showed a smile.

"It must be Sister Cindy."

Leah pursed her lips and smiled with tears in the corner of her eyes.

She was very envious of the love between brother Jason and sister Cindy.

Jason touched his nose and suddenly asked, "By the way, what's wrong with your brother?"

Leah turned her head and looked very sad, saying, "Leukemia."

Jason took a deep breath and felt helpless. He

said, "Leukemia is very difficult to cure. They need to match the bone marrow and it costs a lot in medical expenses. Can you afford it?"

Leah gave a wry smile and did not answer. She just looked at the optimistic little boy on the screen saver.

Jason glanced at her, then stood up, "Do you believe me?"

Leah did not understand for a moment. She blinked her big suspicious eyes, "Brother Jason, what did you say?"

"I can help you. I'll help you find a way to pay the medical expenses." Jason said.

He liked Leah from the bottom of his heart, so he treated her as his own sister.

This was because Jason saw the little girl inside Leah.

The little girl who had been willing to give her all for Jason.

The little girl who was always in the depths of Jason's memory.

His sister, Hannah Smith.

In order to save him, she had sacrificed everything, even her life.

Leah was stunned. Jason smiled, "Don't be in a hurry to thank me. If you want to thank me, you can accept me as your brother or to marry me. But I don't think your sister Cindy will like that. So, you must be my sister."

Leah still did not say anything. Jason continued, "I know what you're thinking. I can only tell you that I'm not who you think. I'm not a loser. To be honest, I'm actually very rich. This is our secret. You can't tell sister Cindy."

Leah was silent for a while. Suddenly, she smiled, "Thank you, Brother Jason."

Jason knew that Leah did not believe him, so he pulled her to the cash machine in the hospital. He inserted the card and checked the balance.

When Leah saw the balance, she was stunned!

That, that was so much. How many figures were there?

More than ninety billion!

Unexpectedly, Brother Smith was really so rich!

Why did he act so weak in front of his mother-in-law?

.....

Meanwhile, Amanda entered her home angrily. As soon as she arrived at the door, she took out the key. Two strong men in black suits and sunglasses jumped out from behind her.

Without saying a word, Amanda was pulled into a fancy black car!

"Ah! Who are you? Let go of me! Help! Kidnappers!"

Amanda shouted desperately but it did not work.

Bang!

The door closed and the car drove away quickly...
