

Chapter 1010

Darryl's eyes reddened. He felt as if his heart had bled.

Donoghue was about to destroy the Carter family, but the World Universe sects would not help them.

The only solution was for Darryl to head over to the Carter family to stop the attack.

"Darryl." Lindsay smiled and said to him, "It's true that the Prime Minister is heading to the Carter family to kill them. However, if you were to go help them, then your good brothers—Dax, Chester, and that woman called Debra—would definitely die. They were poisoned with the Heart Bone Rotten Poison. In half an hour, if they do not take the antidote, they would die terribly."

Lindsay laughed and stretched out her hand; it was a small packet of medicine. She flung it in front of Darryl. "This is the antidote. If you want it, come and get it."

Her mission was to stall Darryl and not let him help the Carter family—the longer, the better!

"Pass me f*cking antidote!" Darryl growled as he attacked.

Lindsay smiled; she did not bother to fight Darryl. She turned and ran! Not only that, at that very moment, a few thousand Westrington soldiers surrounded the Wishing Star Tower and rushed forward!

"Listen up!" Lindsay ordered the troops. "Kill only Darryl; do not hurt anyone else!"

"Yes!" The army yelled in unison; they held their spears and rushed forward to kill Darryl!

Darryl clenched his fist and waved it extensively—a high tower suddenly rose from the ground! Five hundred mighty men poured out of the tower! It was the Seven Treasures Exquisite Pagoda!

The pagoda had 500 hundred strong men in it; Darryl was not afraid of the Westrington army at all! However, he could not retrieve the antidote from Lindsay!

With the Blood Drinking Sword in his hand, Darryl could barely catch Lindsay as the army continued to attack him. At that very moment, he wanted to cry. He panicked and sweated profusely.

As he chased after Lindsay, he turned back and looked at the various sects and yelled loudly, "I'm begging you. Please! Go and help the Carter family! I'm begging you! Please!"

Master Leonard slowly stood up and said, "Darryl, I'm part of the martial arts

world, and I like to be direct. I will tell you directly; it is impossible for us to help you."

"Yes!" Aurora Hansen stood up and looked straight at Darryl. "You are a piece of filth! Not only did you kill my junior sister, Abbess Mother Serendipity, you even killed the innocent Dora Simpson! Yet, you still hope for us to help you? To help the Carter family?"

At those unkind words, Darryl's anger rose!

"Whoever wants to be the Alliance Master, go ahead, take it! I am not worthy of it!" Darryl forced those words out of his mouth. He plucked the jade pendant that hung from his waist and threw it on the floor violently. That jade pendant was the symbol of the Alliance Master. Only the past Alliance Master could wear it!

"Darryl, if these people won't help you, then the Fuyao Palace will step up to the place! Stay here and get the antidote for Dax and the others. We will help the Carter family." The Six Fairies said as they stood up. Then, they quickly flew toward the Carter family.

Darryl was extremely touched; he almost cried out.

"Darryl!" Dax yelled weakly, "You have to go help the Carter family. Quick! Don't bother with the antidote!"

Chester chimed in, as well. "Yes, Darryl. We can still hold on. Quick! Head back to Mid City and stop Donoghue."

Chester and Dax knew that without the antidote, they would not survive for long. They already knew that the poison in their body had spread toward their meridian.

However, when they saw Darryl tried to get the antidote and did not help the Carter family, Dax and Chester got anxious!

So what if they died there? Darryl had to go back and help the Carter family!

"No!" Darryl yelled. There were tears in his eyes.

Dax did not want to be a burden to Darryl; how would Darryl not know that?

"Darryl, I'm asking you to leave. Leave now! The longer you waste time here, the more dangerous it is for the Carters. Don't you get it?" Dax almost roared. "If you don't f*cking leave, then you're no longer my brother!"

He realized that the Westrington soldiers were elites. If Darryl were to fight with them, he would not be able to get the antidote in a short time. If he wasted more time, the entire Carter family would be destroyed!

Chester said weakly, "Darryl, go! Go and protect the Carter family first. You can average us later. Go!"

"Argh—"

Chapter 1011

At that moment, Darryl held his fist tightly with tears almost blurring his vision. He was completely out of his mind when he roared towards the sky.

"Give me the antidote!"

Darryl screamed with all his might. It was unsure where he got the energy from but his swords slaughtered over a hundred army soldiers and instantly arrived in front of Lindsay.

At that juncture, Darryl was as fierce as a wild beast with his eyes bloody red!

'Antidote!

'Must get the antidote!'

"Haha..."

Lindsay did not panic at all upon feeling Darryl's extreme anger. She lightly laughed as her devilish body flew toward the back of the mountain, "You have to use your capabilities to get the antidote, so come after me."

'The Prime Minister will have more ample time to destroy the Carter family the longer I can stall Darryl here.

'I would've done a great deed by then!'

...

On the other end, the Carter family.

Donoghue had yet to arrive while Zoran was walking up and down in the Carter Residence's main hall feeling really worried and unsettled.

Darryl's parents sat beside him and could not hide their worries too.

"Darryl must be battling Donoghue now. It's uncertain their situation." At that moment, Zoran could not help but opened his mouth to speak.

Zoran wanted to attend and observe the battle between Darryl and Donoghue earlier, but Darryl refused to let him. It was because Darryl knew in his heart that he might not be able to defeat Donoghue. He worried his godfather might not be able to endure if he were to attend and observe the battle.

At Darryl's request, Zoran stayed behind with his family.

'Brother Zoran!' At that moment, Darryl's father smiled and said, "Don't worry. Darryl has Dax and Chester with him. They may not lose with these three brothers joining forces."

As he spoke, Sara who was at the side smiled and said, "That's right. Brother is Elysium Gate Sect Master and also the Alliance Master! He can beat that Donoghue for sure!"

Bang!

Just as they spoke, a loud bang was heard from outside. The Carter Residence's main door was broken into pieces!

"Ah!"

A scream was heard immediately following that.

"What happened?"

Zoran's face changed as he quickly walked out.

No!

At that moment, Zoran could not help but take a deep cold breath when he saw the scene in front of him.

He saw the entire Carter Residence's front garden destroyed! The ground broke and formed a deep channel with dozens of Carter family disciples screamed before lying in a pool of blood beside the deep channel! It was obvious that none of them would be able to survive!

A figure was floating in the mid-air while holding a two-foot-long giant axe and looking like the God of Murder!

It was none other than Donoghue!

At that moment, Donoghue smiled coldly and cruelly with the giant axe shining brightly like the sun in his hand!

Chapter 1012

"Everyone from the Carter family, come out here and die!" Donoghue smiled coldly as his entire body released a strong killer's aura!

Zoran felt terrified deep in his heart with his eyes full of fear upon sensing that killing aura!

"Y-you are Donoghue?"

Zoran could not help but opened his mouth in shock!

The person holding an easily identified as a grand weapon axe in his hand and floating in the air should be Donoghue!

"That's right, it's me."

Donoghue smiled evilly with his arrogant face. "I'm here to destroy the Carter family today. You may say your last words if you have any before I take action."

Donoghue's face showed arrogance as he said that.

He was not bothered by Zoran who was in front of him as Zoran only had the abilities of a martial saint.

At that moment, every Carter family disciples were there with all of them looking upward in the air at Donoghue. They felt a tightness in their chest and could barely breathe!

In an instance, the entire Carter family was in complete silence!

Zoran was surprised and furious.

'What had happened? Isn't he supposed to be battling with Darryl at the Wishing Star Tower? W-why did he suddenly come to the Carter family?'

Donoghue smiled coldly and spoke as he saw no one had even spoken a single word, "Come and accept your death since you don't have any last words."

A shiny ray of light exploded from the Sky Breaking Axe just as he spoke. Donoghue lifted the axe and was about to massacre the entire Carter family!

"Stop!"

At that moment, a voice shouted from not far away before four shadows speedily flew over right in front of Zoran and blocked!

It was Zephyr and his three brothers!

'Zephyr, Nimbus, Levin, and Volt?!' Donoghue was stunned when he saw the four

of them. His eyes instantly turned blood red as anger was burning fiercely in his heart!

"Great, great. The Dixon family has been treating you well all these times, but the four of you did not even seek revenge for us when the Dixon family was destroyed. In fact, you actually went and joined Darryl! You are worse than animals for betraying my family! I had planned to look for all of you, but you have already come before me." The cold voice from Donoghue's mouth was full of extreme anger.

"Mister Dixon!" Zephyr's face was glowing as he tried hard to cover the complicated feeling in his heart as he slowly spoke, "We had committed countless crimes against society when our four brothers were previously with the Dixon family. It's fated for the Dixon family to be destroyed. We have since joined the Elysium Gate in punishing the evil and helping the good. I hope Mister Dixon will stop doing these! Otherwise, when will this vengeance end?"

Donoghue had told the truth. The Dixon family well-treated the four brothers—Zephyr, Nimbus, Levin, and Volt.

However, they had never regretted joining the Elysium Gate! It was because they had been doing good deeds for the society by punishing evil while helping good since joining the Elysium Gate. They had never been ashamed of those things they had done under Elysium Gate!

Volt also took a step forward. "Mister Dixon, please stop."

"Yes, the four of us betrayed the Dixon family! Come to us if you want to release your anger but please let the Carter family go!"

Donoghue was furious upon hearing those four brothers' words. "Shut up, the four of you!"

Donoghue tightly held the Sky Breaking Axe with an extremely furious face. "All of you still have the guts to persuade me? Great, you wanted to protect the Carter family, right? I'll give you a chance! All four of you together, come fight with me. Come on!"

Sigh!

Zephyr took a deep sigh and looked at the three brothers beside him upon noticing that he could not persuade Donoghue.

The next second, Zephyr pulled out the longsword. "Us four brothers shall have to comply since Mister Dixon insisted."

Bang! Bang! Bang!

As he spoke, Nimbus and his other two brothers also drew out their weapons.

They leaped into the sky and surrounded Donoghue!

The four brothers were at the Martial Saints level. The air twisted as the four brothers joined forces with an intimidating aura!

"Four traitors! Get lost!"

Donoghue's eyes were red and did not speak any more nonsense before lifting his hand and swung hard!

Chapter 1013

Roar!

A world shocking loud dragon roar was heard coming from the Sky Breaking Axe followed by a ray of golden light shining from it which immediately covered Zephyr and his three brothers! All the four brothers had no time to escape as the golden ray shone on them!

In an instant, blood sprayed from all the four brothers as their bodies flew over a hundred feet away. They landed heavily on the ground while fully covered in blood and were breathing weakly!

Even though they had not died, they no longer had any energy to battle!

'What?'

'Zephyr and his three brothers are Martial Saints! They can't even take a hit from Donoghue even after joining forces?'

Everyone present who witnessed that could not help but took a deep cold breath!

Donoghue glared at the four brothers. "The four of you are Darryl's good dogs! How dare you stop me? I'll keep your lives for now and deal with you slowly after I've destroyed the Carter family. I want you to suffer like hell."

After saying that, Donoghue's eyesight focused on Zoran. "You're next!"

"You..." Zoran squeezed his brows tight as his eyes stared at Donoghue. "You want to destroy my Carter family? Over my dead body!"

Bang!

As he spoke, a strong aura was released from Zoran's body! He tightly held a longsword in his hand at the same time!

It was undeniable that Donoghue in front of him was really strong! The Sky Breaking Axe was especially terrifying!

However, the Carter family with a few hundred years of history had never surrendered to anyone?!

The entire New World Royal Army was previously defeated when they surrounded the Carter family. How could the family be afraid of a Donoghue?!

Zoran turned and looked around as he thought of that and looked at his family disciples. "Our Carter family till today has a few hundred years of history and have never feared any kind of forces. All of our Carter family disciples are great and brave men. That man here has a Grand Weapon, are you afraid?!"

"No!"

Every Carter family disciples instantly roared in reply. Their blood was boiling along with their world shocking voices!

"Great!"

Zoran nodded his head in satisfaction and spoke loudly, "Follow me today. We shall battle together with our brethren till the end!"

"Battle together with our brethren till the end!"

All of the family disciples loudly agreed before they pulled their weapon out and charged towards Donoghue.

All of them knew their battle with Donoghue was like hitting a rock with an egg! However, they had no other choices!

"All of you are seeking death!" Donoghue looked hideous and insane. "I'll completely make your Carter family disappear today. All of you will die!"

Donoghue held tightly on the Sky Breaking Axe and swung his hand with the force from his internal energy as he spoke!

Bang!

A bright golden shining light appeared in the sky. It looked as if the sky and the ground had been separated from afar!

The shining bright light that carried incredibly horrific force landed heavily among the Carter family! In an instant, everywhere was covered in dust while accompanied by screaming voices!

At that moment, they saw the axe had chopped a deep few thousand feet channel. Every Carter family disciples were screaming and lying in pools of blood under the axe's powerful force!

The Sky Breaking Axe's power was incredibly strong!

At that moment, those remaining people who witnessed the ordeal were shivering with cold sweats sliding down their spines!

"Haha..."

Donoghue laughed loudly towards the sky as he saw their pale-looking faces!

Chapter 1014

"As long as I am alive, don't you dare to think you can destroy my Carter family!" Zoran roared with his blood-red eyes. He leapt forward and charged towards Donoghue after he said that!

"Zoran!"

Susan's body was shivering beside him as she pulled out her longsword and leapt forward!

"Both of you together? That's great. I'll let both of you die together," ridiculed Donoghue.

As he spoke, Donoghue raised his hand and the terrifying energy exploded again. The Sky Breaking Sword spun in the air and charged fiercely towards them both!

Everyone on the ground was shocked upon seeing that.

"Father... Mother..." Sara stomped her feet worriedly with her reddened eyes.

Zoran used all his energy to form a protective shield to defend both of them when he saw the axe was about to land!

Bang!

A protective shield was formed at that moment the golden light fiercely chopped down! Zoran vomited a mouthful of fresh blood before his body landed heavily on the ground!

On the other hand, Susan flew a few hundred feet away like a kite with a broken string and also landed heavily on the ground—her life and death was uncertain.

"Mother..."

Sara rushed over and hugged Susan into her arms upon seeing that.

At that moment, Susan's face was completely pale with her eyes tightly shut and her long dress fully covered in blood. She was unconscious.

"Kill! Defend our family!"

At that moment, all the surrounding Carter family disciples went crazy and charged toward Donoghue fiercely with their blood-red eyes.

However, the family disciples' abilities were not a match for Donoghue at all.

Donoghue laughed insanely as he continued swinging the giant axe at hand. The surrounding air seems to have completely broken into pieces as those family disciples were also torn into pieces before they could even charge forward!

It was a completely one-sided massacre!

At the blink of an eye, only a dozen remained standing out of the few thousand Carter family disciples! The entire familial grounds was covered red in fresh blood with the place looked like an actual hell!

Donoghue used his might to swing the axe and sent dozens of people in front of him flying. He gradually walked toward Zoran with a merciless cold smile shown on his mouth. "Sir Carter, aren't you trying to defend your family? That's all you've got?"

At that moment, Donoghue could have easily killed Zoran but he did not want to do so as he wanted to torture Zoran first and made him suffer before letting him die.

"I want you to suffer to the extent that you won't die but can't live either," roared Donoghue angrily and kicked Zoran strongly at his chest!

Zoran had completely exhausted his internal energy, hence there was no way he could have avoided that.

Bang!

The kick had broken Zoran's ribs into pieces and caused his body to fly and landed heavily on the ground before hearing him shouting in pain with his entire body covered with blood. It was too horrific to watch!

"Brother Zoran!"

Darryl's father, Daniel Darby shouted upon seeing that with a completely worried face!

Over the past year, Daniel and his wife had been cultivating hard at the Carter family and had achieved the Level Five Master General, but his power was too insignificant before Donoghue!

"Sir Carter, it's time for your death," Donoghue spoke coldly at that moment and raised the Sky Breaking Axe again!

"Brother Zoran!"

Daniel shouted upon seeing that and dove right in front of Zoran without further thoughts to block!

"Oh, another one asking for death."

Donoghue's eyes shone at the instance as his gaze locked onto Daniel. He turned his hand which held the Sky Breaking Axe and directed the golden light to shine towards Daniel!

Daniel would die once the axe made contact!

"Daniel!"

Darryl's mother Luna Shaw shouted in shock while shedding tears at that moment and immediately charged over to hug Daniel.

Bang!

The axe landed strongly on Luna's back as fresh blood uncontrollably and instantly sprayed out! The strong force then sent Daniel flying away.

"Luna!"

Daniel shouted crazily as he dove over to hug her upon seeing Luna lying on a pool of blood!

He saw Luna's completely pale face and a horrible bloody wound on her back with all her internal organs crushed into pieces.

Fresh blood would not stop flowing out. Luna was extremely weak when she opened her mouth and said, "Daniel, I-I have to leave first..."

Chapter 1015

Before she could finish her last words, Luna had shut her eyes.

"Luna!" Daniel roared; he was utterly devastated. His entire body trembled badly as his tears continued to stream uncontrollably!

They had been married for more than twenty years, and they had lived together happily. Suddenly, his wife had left him in such a manner!

"Auntie!"

Jewel was nearby, and she had seen how Luna was killed. Her tears also streamed down her cheeks like a river.

'Mister's mother had been killed. He must be so sad when he hears the news.'

"Mister, please come back quickly.'

'Come back quickly.'

Jewel shouted in her heart as she continued to cry.

As for Yvonne, who stood next to Jewel, she appeared calm. She looked at the things that happened in front of her quietly; it was as if they had no connection with her.

"Donoghue, you will die a terrible death!"

Zoran's eyes were bloodshot; he roared angrily and was about to stand up to continue to battle. However, he had almost exhausted his internal energy; he had no strength to do so.

Donoghue's lips curled into a cruel smile. "Save those words for when you meet the King Yamla in hell."

He walked toward Zoran with a cruel expression.

"Sir Carter!"

"Don't you dare to harm him!"

A dozen family disciples rushed toward them crazily.

However, Donoghue did not even look at them. He waved the Sky Breaking Axe in his hand gently.

Argh!

A golden light shone, and the disciples shouted in pain; they did not even have

the chance to charge forward!

Zoran looked utterly hopeless; he was devastated!

'This is it. The Carter Family had a few hundred years of history, and this is how we end!'

"Sir Carter, Fuyao Palace is here to help you!" Suddenly, a gentle voice echoed from the sky!

Zoran was shocked as he looked in the direction of the voice; his eyes shone with hope.

A few hundred figures flew toward them from the sky, and they were in long white dresses. They were Fuyao Palace's elite female disciples.

Six gorgeous fairies led them; they were the six Palace Masters of Fuyao Palace!

Fuyao Palace! Zoran's heart burned with hope. He was extremely excited!

When the New World Army attacked Donghai City, the seven fairies of Fuyao Palace were there to assist them at the most critical time of their battle against Sloan. They had incredible power!

There might be some hope for the Carter family since they were there!

Wow!

At that moment, Donoghue's eyes were deeply attracted by the six fairies.

He could only see six beautiful ladies in front of him. All of them were elegant—with a flawless face and a perfect bodyline. They looked like goddesses from heaven!

After he checked them out, Donoghue's mouth curled into a devilish smile. He said flirtatiously, "Oh, someone is here to help. Are you all Darryl's women? None of you looks like an ordinary woman. Well, Darryl's glory days are gone; you will get nothing good if you continue to follow him. Why don't you follow me instead? Be the Prime Minister's wives!"

Cindy, Irene and the rest all blushed; they were furious.

"Bastard!"

Little Fairy was too lazy to speak further nonsense. She lifted her gentle hands and pulled out a long belt as she charged toward the man.

"Don't even think about harming the Carter family further as long as we are here!"

"How dare you claim you are the Prime Minister of Westrington? You used such a despicable way to harm the Carter family! Luring Darryl to the Wishing Star

Tower while you come here secretly to ambush the Carters?"

Cindy and the rest started to point and scold Donoghue as all six of them surrounded him.

The Six Fairies were furious when they saw the dead bodies and injured people at the Carters' mansion.

Even though the Six Fairies scolded him, Donoghue did not panic. Instead, he took a deep sigh and said, "Since all six of you are seeking your deaths, I shall fulfil your wishes!"

Then, Donoghue's internal energy exploded and released a scary aura that circled his body. At that moment, the surrounding air almost froze! At the same time, the Sky Breaking Axe in his hand also shone brightly.

Chapter 1016

Cindy furrowed her brows and shouted, "Sisters, formation!"

The Six Fairies moved their bodies together speedily as they changed their position and surrounded Donoghue; they left him right in the middle.

It was the Floating Seven Fairies Formation.

A year ago, the Seven Fairies used the same formation against Sloan, the New World's top female commander-in-chief. They managed to control her, and thus, thought more time for the World Universe.

However, with the passing of the Second Fairy, the Seven Fairies had turned into Six Fairies.

With one less fairy, the power of the Floating Seven Fairies Formation had reduced substantially.

However, the Six Fairies did not show a single sign of fear!

"Formation?"

When he saw the Six Fairies' movement, Donoghue smiled wickedly. "Six beauties, you want to trap me with just a formation? Isn't that rather naïve?"

Donoghue held the Sky Breaking Axe tightly and charged forward!

However, during the fierce battle, the Six Fairies had started to worry. They knew that their formation could not control Donoghue, and they had also become weaker under the Sky Breaking Axe's influence! Without the Second Fairy, the power of the formation reduced significantly!

'What to do now?'

Little Fairy was worried; the Six Fairies could not sustain for too long if the situation continued.

Had Darryl gotten the antidote already?

At that moment, all Six Fairies were extremely worried. All of their minds thought of Darryl, too; they hoped that the man would arrive very soon.

...

At the Wishing Star Tower, Donghai City.

"Which is the antidote?! Tell me quickly!"

The voice of a furious roar was heard over the entire Wishing Star Tower.

At the main hall in front of the Wishing Star Tower, Darryl's eyes were blood-red; he was enraged!

He had defeated Lindsay, and she was tied-up in front of him.

Just moments ago, Darryl's Immortal Energy Palm had defeated a few hundred thousand army soldiers! The mountain had two big palm marks; each was as wide as a few thousand feet—it looked extremely grand!

Darryl had left one mark when he defended Donghai City against the New World's attack. The second mark was from the latest fight.

Darryl stared intensely at Lindsay! He held a few colorful medicine bottles tightly in his hand. He found them when he searched Lindsay's body.

Lindsay was the Five Poison Sect's Sect Master. She carried many poisons on her body, so Darryl was not sure which was the antidote. He could not simply let Debra and others consume one of the bottles.

Lindsay laughed. "Beg me, Sect Master Darryl. Beg me, and I will tell you."

She was worried when she saw Darryl's anger. The man was too scary! However, Lindsay still looked calm. She smiled as she teased him.

"Fine, you are not going to tell me, right?"

Darryl's anger boiled as he said coldly, "I'll give you ten seconds. Then, you will be burnt into ashes."

Bang!

Intense energy circulated as a ball of white flame appeared and jumped on Darryl's palm.

Wow!

Was that White Lily Cold Flame?

The entire environment was dead silent when they saw the white flame.

The disciples from all the sects in the World Universe looked at each other!

Lindsay's body shivered; the smile on her face immediately disappeared. It was replaced by extreme fear.

Even though she had never seen the White Lily Cold Flame, she was the Five Poison Sect's Sect Master, so she had heard about it! The White Lily Cold Flame was ranked top in the World Enchanted Flame Chart!

Lindsay calmed herself down and ridiculed Darryl. "Great, burn me! You will never know which bottle is the antidote."

Darryl laughed coldly, "Why should I kill you? I will just burn you until your face is completely destroyed. You will never dare to lift your head again; never to look in the mirror again your whole life!"

Wow!
