

The Charismatic Charlie Wade Chapter 3214

Chapter 3214

When Noah and Harold heard this, the father and son duo both lay on the bed and froze for more than a minute.

Harold still had some disbelief, he opened his mouth and asked, "Grandma you shouldn't be joking with me and teasing me, right?"

"I do hope it's a joke!" Mrs. Willson resentfully said, "I never dreamed that the noble person of Wendy would be him, if I could choose, I would rather choose a dead person than him ah."

Harold was full of doubts: "But but why would he help Wendy? It is reasonable to say that he has a grudge against us, and can't wait to see us go to ruin, so how can he help us?"

Wendy spoke: "Brother, you should not take the heart of a gentleman, brother-in-law did have a grudge against us before."

"But that's because we've been looking for trouble with him and his family time and time again, but brother-in-law has never taken the initiative to find fault with us!"

Harold depressed said: "To find trouble for them, but also because they are always against us, other than to say, Claire."

"Grandmother had long asked her to divorce Charlie, but she just did not listen, and then suffered some grievances, left the Willson Group to set up her own business."

"She was not filial, they never agreed to move grandmother to their villa, they did not agree. They even put Grandma in the prison!"

Wendy's tone was stern as she rebuked, "How come you still haven't figured it out yet? Don't you realize that we were wrong all along?"

"Since Sister Claire was not willing to divorce Charlie, who were we to force her? Freedom of marriage, freedom of love, this is what the state has been saying for years, why can't we respect her choice?"

"There is also the matter of her setting up her own business, why did she want to set up her own business in the first place, don't you still have a clear idea in your heart?"

"She took the initiative and got the contract from the Empire Group, so by rights Grandma should have kept her promise and given her the position of director, but what did you do? You said bad things about her in front of Grandma."

"You slandered her for having an affair, and finally fooled Grandma into giving you the position of director, that alone broke Sister Claire's heart."

Harold's face was red and black, he wanted to refute something, but he couldn't find a point to refute, so he said,

"Let's forget about this matter, let's say they moved to a new villa, a family of 4 live in such a big villa, shouldn't they invite grandmother over to enjoy the blessings?"

"On what grounds?" Wendy said,

"To be honest, grandmother has never treated the family well, never given them any benefits, just, every now and then will give them some discomfort, and even kicked them out of the house."

"Why would they invite her to their villa? If you were in their shoes, would you do that?"

Although Mrs. Willson was very upset in her heart, she couldn't refute directly, after all, Wendy was the pillar of the family, and she had almost flipped with her just now.

So she didn't dare to confront her now, so she just sat on the side like an aggravated bag and didn't say anything.

Harold was unable to refute Wendy, said red-faced: "Then our mother's revenge is always understood, right? He sent our mother to the black coal kiln, this thing you can forgive him?"

Wendy rhetorically asked, "Then you tell us why Charlie sent our mother to the black coal kiln?"

Harold was speechless.

In fact, he knew very well in his heart.

In the beginning, this matter was ultimately because Mom and Dad had ill intentions towards Charlie's family, and they had joined forces with others to set a trap for Elaine, but they just didn't expect to be cracked by Charlie.

So, in the end, Mom's matter is also considered to be to blame, how to wash their own ground is meaningless.
