

The Charismatic Charlie Wade Chapter 3215

Chapter 3215

Wendy said: “Brother, you are almost 30 years old, don’t look at things like a child now, you have to know right from wrong and recognize reality!”

Wendy said with a bit of sorrow: “Our family has long been different from the past, and now this situation.”

“When you and Dad recover, you both must go out to find a job to support the family, if you are still so immature, still lack of sense of right and wrong, how will you stand in the society?”

“You also need to start a family in the future, also need to establish a career, also need to have children to pass on the family! You can’t be as confused as you are now, right?”

Wendy’s words directly hit the biggest pain deep inside Harold’s heart.

He also knew very well that he had always been just a straw man. He couldn’t do anything, and he didn’t have enough to eat.

In the past, with the halo of the Willson family above his head, he was considered to have no worries about food and drink, and could barely be considered a rich second generation.

But now, everything has gone to zero.

In the future, he does not have any aura to rely on, and there is no mountain to sit on, if he continues to muddle along, it is likely to be the same as those 40 or 50-year-old street yo-yo who can not find a date, wasting their lives.

He suddenly remembered a movie called Mr. Tree, in which there is a role, seems like some magic realism, but in real life. You can often see such people, and you can even say that there are such people everywhere.

Poor, pathetic, and hopeless.

Thinking of this. Harold's heart suddenly felt very hard, he realized at this time, he simply can not see where his future is, his own future is so bleak.

He thought desperately in his heart, "My sister now, with the help of Charlie, is considered to have a career, and also a career with a bright future"

"But what about me?"

"Willson's group is no more, when I recover, what can I do?"

"I also have not learned any professional skills, no skills, and also never looked for a job outside, not even a good resume, how can I find a job in the future? What kind of job can I find?"

"Will I just be eliminated from society?"

"And I'm so old, I don't even have a girlfriend, and now my family is not doing well, if I can't even find a decent job, how can I find a date?"

"To really have been bachelor, to 40 years old when this life has no chance to turn over"

The more Harold thought, the more desperate, desperate to the extreme, he could not control, so he whimpered and cried. While crying, he choked and said, "What can I do in the future I"

Noah, who saw Harold's appearance, could not help but sigh and said,

"Okay, let's not talk about this, your mother was really our fault in the first place, we let Elaine lose so much money at the gambling table, if the matter really went to the police."

“The amount of money involved is enough for your mother and me to go to jail, so in the end, Charlie is also considered to have left us some leeway

After saying that, he looked at Harold, comforted: “Son, you look like a woman in that cry.”

“After the body is well, go to a serious class, we will deliver couriers together, by delivery we can also earn a few thousand a month, as long as you are willing to suffer, hard work, we can always find a way to live!”

Harold cried and nodded.

Noah then said: “When the time comes, you save some money yourself, I will also help you save some, also let your sister help a little, to put together a few hundred thousand bride price, you will be entrusted to a daughter-in-law, no matter what, we can also give your family a backing!”
