

Chapter 2830

' His Majesty is keeping an eye on us. We can't retreat no matter how strong the opponent is.'

Tobias and the others clenched their teeth and charged forward into mid-air to fight Clarice.

Clarice was too powerful because of her inheritance from Kuafu. Even though Tobias collaborated with his followers, they could not control her. On the contrary, everyone was in a state of chaos due to Clarice's powerful aura. However, the situation on the battlefield was not favorable toward the Raksasa Tribe at all.

The tens of thousands of soldiers from the Raksasa Tribe's grand army battled against a hundred thousand soldiers from the New World's Royal Army.

They were vastly outnumbered.

Furthermore, they were in the New World's Royal City, so their opponent's soldiers enjoyed a geographical advantage. Even though Clarice had arrived in time, the situation still did not improve

Argh ...

Many Raksasa Tribe warriors continued to tumble into the pools of blood with the shouts of pain and death.

Natalie, who had retreated to the side, shivered and became highly concerned when she saw that

" Clarice!"

Natalie shouted to Clarice, who was floating in mid-air. " Don't engage in the fight. Our goal is to capture North Moana's Royal City as quickly as possible. Do not waste time here. "

Natalie felt unwilling to let go because Lord Kenny was too despicable.

However, she could not afford to wait any longer. Jack had utilized the Raksasa Tribe's identity to capture people from the major sects and frame them for it. Most importantly, Darryl was in a dangerous situation, and she needed to get there as soon as possible to assist him.

At that moment, Natalie did not know that the major sects were fine, and Darryl was temporarily out of danger. Alright!

When she heard that, Clarice nodded. She lifted her hand and activated her internal energy to send Tobias and the rest backward.

The next second, Clarice noticed that many people were lying in pools of blood. She spoke coldly, " You will pay the price for killing my people!"
Bang!

Clarice folded both her hands and made a particular hand gesture immediately after she spoke. The air around them froze in an instant! Her body erupted with a powerful and terrifying aura!

" Sun Elimination Emptiness."

Clarice's mouth delivered those cold words. The sky and earth began to shift, and the searing hot sun began to darken. It became a massive dazzling ball in front of Clarice.

Clarice had used one of Kuafu's unique tactics. That particular technique could absorb energy from the sun; it was incredibly powerful.

" What technique was that?"

" Why is the sun turning dark?"

The Royal Army gazed up in an instant; they panicked.

Lord Kenny, who stood there, changed his facial expression abruptly; he had a horrible feeling about it.

" The power to absorb the power of the sun? That is just unbelievable.' The ministers at the back started to whisper amongst themselves.

" What a strong energy!"

" I remember it! An ancient scripture had recorded that. A few thousand years ago, there was a strong warrior who could use the energy of the burning sun as his own; he was incredibly powerful! "

" ' Who is that strong warrior?"

" Kuafu!"

Clarice, who was in mid-air, waved her delicate hand just as everyone was finishing their conversation. The massive gleaming ball descended from the sky and landed amid the royal army

Bang!

The enormous gleaming ball made a massive hole in the ground, resulting in an earth-shattering explosion. The royal army screamed in agony, and each of them was burnt into ashes; there were no bodies left behind!

Hiss ...

Everyone who saw that sweated profusely; they trembled in astonishment

Lord Kenny's face darkened at the time. His heart ached, he was enraged, and he was in shock.

' That young lady is too scary. She killed so many of my soldiers with just one technique.'

She had sent countless New World soldiers to their deaths with just one palm's movement.

" Do you still want to fight?" Natalie glared at Lord Kenny and said calmly. Sigh!

Lord Kenny took a deep breath; his facial expression looked horrible.

Lord Kenny waved his hand uncomfotably a few seconds later.

Heed my order; retreat to the palace! " He did not want to accept his defeat so readily, but he had no choice. Clarice had a terrifying power.

Chapter 2831

After Lord Kenny spoke, the ministers and the remaining soldiers behind him looked horrible as they retreated with embarrassment.

" Tobias! "

When they arrived back in the Royal City, Lord Kenny motioned for Tobias to approach him. He ordered coldly, " Get the news to the other continents right away. Inform them that the Raksasa Tribe has violated the agreement by attacking the Nine Mainland! "

Even though he had lost the battle, he would not let the Raksasa Army arrive safely at the North Moana Continent royal city

" Yes, Your Majesty!" Tobias replied. Then he immediately went to carry out the order.

At that moment, outside the royal city. Natalie sighed in relief discreetly when she saw the royal army retreat completely. Then, she ordered, " Bury our dead soldiers, and then we'll continue with our journey. We must reach the North Moana continent as soon as possible."

When she finished speaking, all of the Raksasa Tribe soldiers nodded in unison.

" Your Majesty!"

Clarice moved forward the next second; her gorgeous face seemed conflicted as she asked, " You're doing this to help Darryl; is it worth it?" They had only arrived in the New World and were already engaged in

combat with their royal army. What would happen next when they reached the other continents? She could already guess.

With a determined voice, Natalie sighed as she said, " Darryl is the only friend the Raksasa Tribe has on the Nine Mainland. We must assist him. Darryl's death will cause chaos on the Nine Mainland, and the Raksasa Tribe will suffer the most. Clarice nodded when she heard that; she did not speak further.

...

Meanwhile, at the Spiritual Secret Realm on Kunlun's peak. Darryl sat cross-legged in one of the chambers in a beautiful yet enormous plaza; he meditated quietly to help with his recovery. The man opened his eyes and released a mouthful of poisonous gas. He was not sure how long time had passed, but his body was more relaxed.

' Sh * t! Finally, I have recovered completely. He gazed about, amazed, as he thought about that. What a lovely plaza! It had only been occupied for the last several thousand years by nine Oracles from the Godly Region.' I wonder how they pass the time over such a long period, At that time, the nine Oracles were separated, with only Yennie Johanson around.

The nine Oracles were divided at the moment; Yennie Johanson was the only one around Darryl walked out of the room and headed straight to the room where Yennie was sleeping

" Ah ..."

Just as he arrived at the door, he could hear someone moaning. They sounded as if they were in pain. That sound had come from Yennie. Sh * t!

Darryl was shocked ' What is Yennie doing in the room?' As he mumbled, Darryl did not think further. He pushed the door open gently.

Hiss ... Darryl took a deep breath when he saw the situation in the room. He was utterly stunned. He saw Yannie was rolling on the mattress in the beautiful and serene

room. Her entire body continued to tremble. Her gorgeous face looked ashen, and her facial expression showed that she was suffering! It was apparent that she had been poisoned.

You "

When Darryl walked in unannounced, Yenne was ashamed and enraged. She reprimanded him softly, " Who allowed you in here? Get out! " Her voice was weak yet firm.

Yennie, as one of the nine Oracles, was extremely arrogant. Darryl was well known on the Nine Mainland, but he was just another ordinary person in her eyes.

Darryl was frustrated when he felt Yennie's anger.

However, Darryl did not leave. He controlled himself and asked, " What happened to you? Did Jack poison you?" Yennie bit her lips tightly; she did not reply

Darryl's guess was correct. Jack had poisoned Yennie

The truth was that Yennie, as one of the nine Oracles, could easily overcome Jack. However, when she attempted to flee the situation with the other Oracles, she had depleted her internal energy. Later, when she fought against Jack, she had no idea the man had ingested the drug created by the King of the Dead.

Yennie had underestimated her opponent and hence was poisoned by Jack.

Chapter 2832

However, due to Yennie's identity as one of the Nine Saint Oracles, she was arrogant. She did not intend to inform Darryl about that. She thought she would be able to cultivate for her recovery to remove the poison in her body. However, due to her special body condition, she made some errors.

" Why aren't you leaving?"

Yennie was worried when she saw Darryl standing there without moving a muscle, " You will not be able to help me even if I'm being poisoned. "

As she spoke, Yennie glanced outside the room and mumbled to herself, " How nice if we are not separated?

Sadie's unique hands will definitely be able to produce the Golden Pill to remove my poison ... "

Yennie's face was filled with sorrow when she said that.

Sadie, who Yennie mentioned, was one of the Nine Saint Oracles that specialized in medical skills and elixir production techniques.

Golden Pill?

Darryl's eyes blinked when he heard that. He said, " I have some knowledge about elixir production too. May I know if you have any detailed prescription about the Golden Pill that you mentioned?

Darryl looked serious when he said that. Although Darryl did not know how the Golden Pill was produced, if he had the prescription, it would not be a problem at all for him to produce it. That was because at the Spiritual Secret Realm, there were unique floral and fauna everywhere, all the ingredients for elixir production were available.

' What? You can produce the Golden Pill?'

Yennie was stunned, she looked up and down at Darryl and could not help but smile lightly, " You really are not ashamed of yourself, do you know what Golden Pill is? That is something only available at the Godly Region, it does not exist at the nine continents. You will not be able to produce it even if you have elixir production knowledge." As she spoke, her face was filled with humiliation.

Darryl was not bothered at all when he felt the humiliation from Yennie. He smiled and said, " How would you know if you don't try? Or would you rather continue to suffer like this?" " Fine then!"

Yennie hesitated before she nodded her head and said, " Sadie's room is right next door. The prescription of the Golden Pill is inside the room. Go ahead if you wish to give it a try!" As she spoke, Yennie clenched her teeth and sat up slowly as she continued to speak, " I will try to extract the poison myself, don't disturb me!"

In Yennie's heart, even if there were the pill prescription and the ingredients, she did not believe that Darryl would be able to produce the Golden Pill.

Darryl did not speak, he pushed the

door and walked out.

Once he arrived at the room next door, he saw there were many shelves along the walls, with plenty of various pill prescriptions. Darryl looked around and found the Golden Pill prescription very soon.

Sh * t!

When he saw the prescription, Darryl felt amazed in his heart. Things of the Godly Region are really more unique than those on the nine continents. It required the enchanted flame just to produce a Golden Pill!

â□□ Luckily I have the White Lily Cold Flame, which is the top enchanted flame in the world.

As he thought, a smile appeared on Darryl's face. He found an elixir cauldron in the room then headed to gather the materials. He started to produce the pill once everything was prepared

What?

At that moment, Yennie in the room next door heard the noises. Her body trembled and she was shocked in her heart.

" This Darryl, really started to produce elixir?'

" How can that be possible? One must know that none of the pills in nine continents can compare with the Golden Pill

As she thought. Yennie shut her eyes again, trying to extract the poison in her body. Up to that juncture, Yennie still did not believe that Darryl would make it.

Bang!

Over ten minutes later, following the vibration of the aura, the Golden Pill was produced.

Darryl smiled and retrieved the Golden Pill from the Elixir Cauldron. He then walked quickly into Yennie's room.

That ...

At that moment, Yennie immediately opened her eyes when she smelled the fragrance from the Golden Pill. Her body trembled at that instant when her eyes saw the Golden Pill in Darryl's hands. She was incredibly shocked.

Chapter 2833

' What ?! Did he really produce that pill?'

Darryl smiled and walked forward. "

What do you think? I told you I might be able to produce it if I have the

prescription. I did not lie to you, did I?"
As he spoke, he handed the Golden Pill
to Yennie.

Yennie swallowed the medication
without hesitation. The poison in her
body quickly cleared. Her pale
complexion had returned, and she
looked beautiful.

" Darryl!"

Yennie was shocked. She asked, " How
did you manage to make it?"
Darryl smiled. " The production of the
Golden Pill requires an enchanted
flame to work. That might be a
problem for others, but it was simple
for me as I have the White Lily Cold
Flame! "

' No wonder!

When Yennie heard that, she nodded;
her opinion of Darryl had improved.

" That's right!"

Darryl was curious, so he looked at
Yennie and asked, " Jack's poison was
not lethal. I would have been able to
extract it on my own. You are an
Oracle; why do you need the Golden
Pill to remove it?"

Darryl sounded skeptical when he said
that.

' In theory, Yennie, as one of the Nine
Saints Oracles, should be able to
remove the poison readily. Why would
she be weaker than me? That's too
weird.!'

Yennie's lovely face seemed a little
ashamed when she heard that.
Then, she said softly, " He is merely a
disciple of the King of the Dead; how
could he be stronger than me?
However, I had depleted my energy,
and I was injured at the time."
Yennie's eyes glimmered with
intricacy as she said, " Most
importantly, I am not like you. You
have internal energy in your body, and
I have a nascent soul. If one's nascent
soul is poisoned, then one would need
a Golden Pill to remove the poison."
Darryl could barely understand those
words. However, he did not continue to
ask her.

" Alright!"

At that same time, Yennie grinned and
asked, " Whatever the case may be, you
have been a tremendous assistance to
me. We may leave the Spiritual Secret
Realm now that we have both regained
our energy!"

She walked Darryl out of the room as she spoke.

They arrived at the top of the mountain a few minutes later; they came across two massive stone formations. There was a pure black stone formation and a pure white stone formation.

Darryl could easily see that the black stone formation had been entirely demolished. Only the white stone formation remained usable.

Yennie approached him; her gorgeous face looked conflicted as she said, "That is the Portal Formation, which connects the Godly Region. Previously, the Sky Earth Formation on the Nine Mainland was destroyed, and now the Portal Formation has been destroyed as well. We have lost contact with the Godly Region since then.

" It's not only that, the Portal Formation that connects here with the Nine Mainland was destroyed too. For the past ten years, the Nine Saint Oracles had worked together to fix the Portal Formation. However, we encountered some problems when it was activated. The nine of us were sent to different places!"

Darryl nodded. " From the looks of it, that white stone formation is the Portal Formation that connects to the Nine Mainland. We can use it to return to the Nine Mainland, right ?!"

Darryl was desperate when he thought of returning to the Nine Mainland. He walked forward quickly and put his hand on the mark in the middle of stone formation. He then activated his internal energy

" Hey, don't touch that," Yennie's body trembled when she saw that. Her lovely face seemed concerned. " That formation is still not totally fixed. Furthermore, the activation of the formation entails intricate stages; it is not as straightforward as you may think." Yennie stomped her feet and was about to go forward to stop him, but she was too late,

' What? It's not fixed yet?' At that moment, Darryl was not sure if he should laugh or cry, " Why did you not tell me earlier ?!"

Bang!

As he spoke, an eye-striking bright ray

of lights exploded from the Portal Formation and covered both of them. Then, intense energy from the formation circled violently in the air.

Chapter 2834

Bang ...

At that same time, vibrations and loud noises came from the ground underneath their feet. Darryl and Yennie could hardly stand up straight in the face of such tremors.

The dazzling lights then totally engulfed both of them. They noticed that everything in front of their eyes had darkened as they were teleported! Sh * t!

Darryl could feel his body float lightly, but his heart raced with worry. ' I am too reckless. That Portal Formation was not fixed, and I am not sure where it is taking me.'

Darryl finally felt as if he had landed on the ground after an unknown amount of time had passed.

Sigh ...

Darryl breathed a sigh of relief as he noticed Yennie was still next to him. Fortunately, we did not get separated during the teleportation.

Darryl looked around as he muttered inwardly and was stunned at the same time.

He noticed that they were at the top of a cliff, and there were vast valleys so deep that they could not see the bottom. On the opposite side, there was a massive rain forest surrounded by poisonous mists.

" That ... that looked like the Wild Deserted Secret Region, the Valley of Death's border.'

" Darryl!"

Yennie furrowed her gorgeous brows as she yelled at Darryl, " What is the matter with you? Who told you to touch the Portal Formation? Do you realize how dangerous it is?"

Yennie was enraged when she said it. Darryl is far too arrogant. He should not have touched the formation, even though he produced the Golden Pill and gave me a better impression of him.

Darryl scratched his head and apologized. " I just wish to return to the Nine Mainland sooner ...

What ...

Yennie stared at him, then turned and

walked away. However, she slipped, and her body lost its balance. She screamed as she plummeted straight down the cliff.

Darryl's expression changed when he saw that. He wanted to pull her, but he could not. Finally, he fell down the cliff with Yennie.

Whoosh, whoosh ...

Darryl's body continued to fall as the wind howled in his ears. He was concerned as he stared down into the valley beneath him

He could see that the valley looked spooky, with nothing alive, not even a plant.

That place must be unusual for not even a plant to grow.

Yennie's body trembled as well, and her face was pale. Despite the fact that she had eaten the Golden Pill to remove the poison from her body, her power had not been fully restored. It would not be good if she collapsed.

' This is all Darryl's fault!'

Yennie was terrified, and her heart was filled with rage.

' If Darryl had not touched the Portal Formation, I would not have been transferred here, let alone fallen off the cliff by accident

" Why are you staring at me? "

Darryl felt frustrated when he noticed Yennie's stare at him, so he asked.

Darryl sensed Yennie's condition was incredibly weak. He realized that she blamed him because she was terrified.

' It's fine. It is my mistake. I can't let her suffer any more injuries no matter what.'

Darryl took a deep breath as he reflected. He reached out and drew Yennie toward him; he hugged her tightly in his arms.

He had intended to absorb the impact from their fall when they landed,

" You"

As Darryl held Yennie so suddenly in his arms, her gorgeous face blushed. She felt incredibly bashful and indignant

As the supreme Nine Saint Oracles, she was pure. How could she let a man hug her like that?

Yennie wanted to struggle beneath her rage and shyness. However, with her frail state and the force of a high speed fall, she could not do that.

Bang bang bang!

Finally, they reached the bottom of the valley. Darryl immediately activated his internal energy to relieve the pressure from the fall when both of his feet touched the ground. Despite that, the power of the fall caused Darryl to take more than ten steps backward.

Bang!

Chapter 2835

Darryl's back was finally smashed into the cliff's wall before they stopped tumbling downward. Darryl and Yennie collapsed together on the ground because Darryl could not stand up straight

Darryl landed on top of Yennie's body by chance.

' Wow! She smells good.'

Darryl could smell a whiff of a lovely aroma that blew over his face. He could sense Yennie's tenderness. At that moment, he was absolutely stunned; his mind was ringing with his imagination running wild.

" You! Stand up!" Yennie's cheeks were flushed as she bit her lips and shouted.

" That-" Darryl regained his composure when he heard the reprimand. He strained to get to his feet right away. He shook his head and said, " Please don't get me wrong, Yennie the Oracle; I am not trying to take advantage of you. I was scared you would be hurt from the fall because your strength has not fully recovered-" Darryl looked sincere when she said that. However, he continued to check out Yennie's body.

As an Oracle, it should be noted that Yennie appeared exceptionally fine and graceful, whether it was her figure or her facial attributes. Her extraordinarily pure aura made every man who saw her unable to resist her. Slap!

Yennie's heart was aflame. She could not stop herself when she saw the way Darryl gazed at her; her eyes were almost shooting fire. Then, she slapped Darryl without any warning. That slap sent Darryl's mind spinning. Sh * t!

Darryl rubbed his face; he felt annoyed.

" This Oracle from the Nine Saint Oracles is really fierce; I didn't even do that on purpose. Besides, she did not thank me for making the Golden Pill for her, and she is even hitting me.

That is so unreasonable!'

" Darryl, I am one of the Nine Saint Oracles; do I look like I need your help? Even if you did not hug me, I would still be fine," Yennie said coldly as anger shone in her eyes, Then, Yennie looked around and continued to say, " Now that you have returned to the Nine Mainland, let's go separate ways from here onward." The truth is that Darryl is extremely powerful; he possesses the ability to create the Golden Pill. With his assistance, I will be able to locate the other Oracles in no time. However, after this situation, how can I continue to stay with him?'

What ...

Darryl was startled when he felt Yennie's coldness. He was irritated.

" Alright then!"

Darryl sighed in relief and grinned as he glanced at Yennie a few seconds later.

" You have helped me in escaping a dangerous position, and I created the Golden Pill for you. We will call that even. If you decide to part from here onward, then it is alright with me. After he spoke, Darryl walked down the road.

The valley had a terrifying and dark aura; even the grass looked weird. They should leave immediately. Yennie did not speak; she bit her lips lightly and trailed far behind him. She also did not stop observing the environment around her.

Whoosh, whoosh ...

They were not too far away when they heard some strange footfall from the mist in front of them.

Darryl was immediately on high alert when he heard that. He also felt a similar sensation. They were on the outskirts of the Valley of Death. Could it be ...

" Hiss ..."

A large form arrived in Darryl's eyesight just as he was furrowing his brows discreetly. It was indeed, the giant Black Sand Python.

The Black Sand Python was a fierce beast in the Valley of Death. Darryl had spent three years there, so he was really familiar with the beast.

The Black Sand Python in front of his eyes was significantly larger than the others he had encountered previously.

It was almost identical to the one that had transformed into a dragon. Darryl could also see the entire Black Sand Python body had the Evil Spirit Energy On top of that, its eyes were red; it looked like a devil.

Sh * t!

Darryl was astonished when he saw that. ' How could a Black Sand Python emit such a sinister aura?' Is there something wrong with it? Has it transformed?'

" Extreme Yin Poison?"

At that moment, even Yennie's beautiful brows were wrinkled. Her body trembled as she shouted. Yennie, as one of the Nine Saint Oracle, knew that the Black Sand Python had been poisoned and altered in some ways. The poison that Jack used to attack others was the Extreme Yin Poison. The poison was highly toxic and could only be found in the Ghost World.

What?

Darryl was stunned when he heard that. Then, he realized the aura from the Black Sand Python was similar to Jack's aura.

Chapter 2836

Whoosh!

The Black Sand Python raised its head arrogantly, its gaze fixed on Yennie as it dashed toward her. The Black Sand Python had been poisoned by the Extreme Yin Poison. Not only did its power increase significantly, but it was also exceedingly poisonous. It sensed Yennie's unique physical nature due to its spiritual intelligence. It wanted to eat Yennie to absorb the power of her nascent soul.

" " How dare you, b * stard! "

Yennie did not hesitate when she saw the Black Sand Python; she shrieked and charged! Yennie was a Nine Saint Oracle; she was unfazed by a colossal serpent. She was still confident at first, but she quickly found herself unable to hang on. She had just swallowed the Golden Pill, and her power had yet to restore. She had also fallen off a cliff, despite Darryl's help in minimizing the impact of the fall. She was still a little weak. Yennie became increasingly weary under those conditions. Otherwise, she would have easily slain the Black Sand

Python.

Sigh!

Darryl did not rush to charge forward when he saw that. He retreated to the side to observe the situation quietly. That Yennie is so arrogant and confident. If I help her, not only would she not thank me, she might even ask me to mind my own business. A few minutes passed, and Yennie's face turned pale. She could barely hold on.

" Hey!"

Yennie was angry and worried when she saw Darryl standing at the side to observe the situation. " What are you doing? Come help me ?!"

" That Darryl is so useless and despicable!"

Yennie's tone sounded like an order; it made Darryl unhappy.

" Yennie, Oracle"

The next second, Darryl smiled and said, " You are the Nine Saint Oracles, guardian of the Nine Mainland. You can defeat the giant python easily; you don't need my help, right?"

Darryl activated the White Lily Cold Flame as he spoke, forming a protective shield in front of his body to keep himself from being poisoned. He could clearly see the Extreme Yin Poison's potency. When they were at the North Moana royal palace, Jack used the poison on everyone in the main sect, including Darryl. He had extracted the toxin after a few hours of work.

Naturally, Darryl would not act recklessly under such circumstances. He chuckled inwardly.

A smile appeared on Darryl's face when he saw her reaction. ' Why were you so arrogant earlier? Besides, you were the one who wanted to go our separate ways. Now you want my help: that's not going to be so easy.'

Yennie did not speak; she focused her attention on defeating the Black Sand Python.

Hiss ...

Yennie was surprised to learn that the Black Sand Python got more powerful after it absorbed the Extreme Yin Poison. It also continued to spray deadly mist. Yennie's long dress began to deteriorate as a result of the poisonous mist's corrosion. Her face

was pale, her body was feeble, and she could barely stand.

Sigh!

When Darryl saw that, he could not help but take a deep breath. His gaze was fixed on Yennie's body, and he kept his eyes straight

That body is just too sexy!

" Darryl, why aren't you helping you? How dare you keep staring at me ?!"

Yennie was furious when she noticed Darryl's gaze. She shouted at him again.

Yennie bit her lips and continued to shout, " Come and help me now. You have the White Lily Cold Flame that can chase it away,"

Darryl chuckled inwardly again.

Darryl did not go forward immediately when he heard that. Instead, he teased her. " You told me to leave just now. Now that you are in trouble, you want me to help? Yennie the Oracle, your mood flipped faster than my speed in flipping a book. Besides, as I said, we are done. Why should I help you?"

Darryl activated the White Lily Cold Flame discreetly when he said that. He had already decided to help; he just said that to tease her.

What!
