

Chapter 2851

'Luckily I managed to make it in time; otherwise the Raksasa Tribe would be done.'

At that moment, Natalie and Clarice looked at each other and both of them were incredibly delighted.

'That's great. Darryl is here. The Raksasa Tribe will be safe,' they thought.

A few hundred thousand soldiers from the joint army wore conflicted expressions when they felt Darryl's power.

Finally, Jaxon was the first to come to his senses. He took a step forward and shouted at Darryl as he pointed at him, "Darryl, how dare such a despicable person like you appear? You disrespected Lady Chang Er then caused chaos at the North

Moana Continent palace. And now you're colluding with the Raksasa Tribe to launch a war against the Nine Continent! When we almost destroyed your army, you couldn't stand it, so you claim everything is a misunderstanding. Do you think we'll believe you?"

Many of the generals from the joint armies and the soldiers agreed.

"That's right. You are such a despicable person. Stop pretending."

"You think we don't know about your intentions to conquer the Nine Continent?"

"No matter what you say today, we won't let the people of the Raksasa Tribe leave here alive!"

Darryl was in shock and furious with everyone's criticisms. 'Sh*t, are these people's brains made of water. Any smart person could see there is so much doubt

and issues surrounding the incident with Lady Chang Er. However, this group of people chose to believe Zhang Jue's nonsense.'

Darryl did not want to waste time and said coldly to Jaxon, "I don't care what you all say, but I must take them with me today."

His voice was not loud, but it was heard all over the entire place.

"Great. Great!" Jaxon laughed as he stared at Darryl. "From the looks of it, you're admitting to colluding with the Raksasa Tribe. In that case, there's nothing else to say. Everyone, Darryl is wild and greedy. We cannot let him leave here alive."

After he spoke, Jaxon leaped into the air!

Bang!

A strong aura exploded from Jaxon's body as the long blade he held in his hand emitted a loud roar when he pierced it at

Darryl's chest. The air where his body passed twisted; the aura was intimidating.

Darryl's anger exploded when he saw Jaxon attacking him.

Bang!

A loud bang was heard as the Heavenly Halberd appeared and Darryl gripped it firmly.

"Stay away!" he shouted as he swung his spear.

A bright shining ray blasted from the Heavenly Halberd, moving directly towards Jaxon.

The next second, Jaxon had no time to hide and he was hit directly. "Ah!"

A loud scream was heard as he was sent flying more than a hundred meters away before he finally landed on the ground. His eyes turned dark, then he fainted!

It just took one technique? With just one technique, he had defeated North Moana's strongest warrior and rendered him unconscious! Darryl really was the Elysium Gate Sect's Sect Master and famous across The Nine Continent. His power was frightening.

At that moment, everyone could not help but take a cold breath.

Darryl's eyes were like burning flames as he floated in the air and his eyes scanned the entire area.

"When I formed the Elysium Gate Sect, my goal was to punish all evil and help the good, putting society in order. For the past ten years, I have never forgotten my goal!

"Three years ago, I called for The Nine Continent to work together to defeat the Raksasa Tribe. More than a hundred thousand Elysium Gate disciples died in

the battle. The casualties were much more serious than any other major sect of The Nine Continents. Now all of you are claiming that I am harming the community; That is the most terrible joke I ever heard! Everything my sect has done was honorable and fair. I do not regret anything I did!

“What happened with Lady Chang Er was all part of Zhang Jue’s plot. He framed me. The Raksasa Tribe entered The Nine Continent solely to come to my assistance. Whether you believe me or not, I have not done anything wrong to the sky and earth!”

When he was done speaking, Darryl’s eyes were completely bloodshot.

At that moment, over four hundred thousand joint army’s gaze gathered on Darryl as they were speechless.

Chapter 2852

There was pin-drop silence in the huge battlefield.

"I have never done anything to betray The Nine Continent!" Darryl said, his loud voice echoing over the entire battlefield as he gripped the Heavenly Halberd and activated his internal energy.

The next second, Darryl looked at Natalie with determination. "The Raksasa Tribe suffered from this disaster because of me. I do not deserve to be a human if I'm not able to protect them. I must leave with them today. Whoever stops me shall be my enemy!"

Darryl then arranged for Natalie and the rest to leave!

At that moment, the joint army looked at

each other and no one dared stop them. Everyone knew in their hearts that whoever tried to stop them would end up like Jaxon, or maybe worse!

Most importantly, Darryl had a dragon with him, which was the strongest enchanted beast in The Nine Continent.

Meanwhile, Darryl, Natalie and the others left the North Moana Continent borders quickly. After traveling for a few hours, Darryl sighed in relief when he was sure no soldiers were chasing behind them.

At that moment, Natalie ordered everyone to rest. After the 10,000 armies went through an intense battle, only a few thousand soldiers were left. The remaining soldiers were injured and might not hang on if they did not get any rest. Especially Natalie and Clarice, as their faces were pale and their internal energy was almost exhausted.

At that moment, Natalie smiled gently and said to Darryl, "Darryl, luckily you arrived in time. Otherwise, our Raksasa Tribe would be completely destroyed."

Darryl waved his hand and said seriously, "I'm the one who should thank the Raksasa Tribe for leading the grand army all the way here to assist me. I would be wracked with guilt my whole life if anything were to happen to you."

As he spoke, Darryl remembered something and he continued to speak. "That's right! Did Jack and the others really betray the Raksasa Tribe?"

Sigh!

Natalie sighed gently when she heard that. Anger appeared on her exquisite face, "That's right, Jack and his accomplice betrayed the Raksasa Tribe. Apart from helping you, getting rid of these traitors

was the reason I led the grand army to The Nine Continent.”

Natalie’s face was determined when she said that. The people of the Raksasa Tribe had strong personalities and would definitely never forgive a traitor.

At that moment, Clarice, who was sitting at the side, looked awkward even though she did not speak. No matter what, her two brothers were among the traitors.

Darryl smiled bitterly when he saw her reaction. “Natalie, I’m afraid this group of traitors may not be so easily destroyed.”

“Why?” Natalie asked, stunned.

“According to my knowledge, they have joined the King of the Dead in the Ghost World.” Darryl closed his eyes and said slowly, “Each of them has a really strong evil energy, otherwise they would not be able to capture all the major sects so easily

at the Supreme Conference earlier.”

Natalie’s body trembled when she heard that. ‘Jack and his people joined the King of the Dead in the Ghost World? No wonder... when I battled with him earlier, his power suddenly turned so much stronger, and so evil.’

“The most important thing for the Raksasa Tribe now is to have a good rest.” Darryl was considering something when he continued to speak, “The situation at The Nine Continent is very chaotic now, so you must not act recklessly.”

Natalie nodded her head and agreed with Darryl. Then, she remembered something.

“Then you better be careful. Inform me immediately if there is any situation. My Raksasa Tribe will definitely try our best to help. Also, your god sister from the Carter family is already heading to the New World; she was the one who gave me the news. W

She received word that the Carter family was captured by Lord Kenny once we entered The Nine Continent. She went immediately to rescue them!"

Darryl was worried the moment he heard that. Although Sarah was the second Young Miss of the Carter family, she rarely involved herself with matters of the community. Even with Fang Mao as her master, it would be difficult for her to rescue the Carter family from prison in the New World royal palace single-handedly.

Chapter 2853

The more Darryl thought about it, the more he worried.

"If that's the case, let's split from her. You'll arrive at your base camp in a few more hours. I believe The Nine Continent won't send their soldiers after you," he said.

"Alright, you be careful!" Natalie replied as they separated.

Then, Darryl left quickly for the New World.

'Sarah, please don't act recklessly!' He prayed to himself on his journey.

...

Meanwhile, in the Underworld Main Hall at the Ghost World, the King of the Dead sat on his throne. His expression darkened as the atmosphere in the entire hall became

depressing.

A few envoys and underworld guards stood there, not even daring to take a deep breath. Earlier, the underworld army was sent to go after Chester, but they had failed their mission and the King of the Dead was furious.

The King of the Dead glared at a kneeling underworld soldier as he said coldly, "You said you bumped into the Sect Master of Elysium Gate Sect, Darryl, when you were abducting Chester? And he has a dragon enchanted beast?"

"Yes!" The underworld soldier wiped his cold sweat and nodded immediately.

Then he took a deep breath and said carefully, "One of the Nine Saint Oracles was with Darryl. It was that Nine Saint Oracle that taught Darryl to set the formation, causing us to fail in capturing Chester."

The King of Death blinked when he heard that.

"Based on what you said, the Nine Saint Oracles have left the Spiritual Secret Realm? When the Sky Earth Formation was destroyed, the Spiritual Secret Realm lost its connection with the Godly region and The Nine Continents. I didn't expect them to finally manage to escape," he mumbled.

Then he said, "Send orders to track the Nine Saint Oracle's whereabouts. It is a top priority."

"Yes, Your Majesty!" After receiving the order, the underworld soldier rose immediately and walked out of the main palace.

Once the soldier had left, the King of the Dead looked around until his gaze landed on a few envoys. "What information have you gathered from your time at The Nine

Continent?"

As he spoke, one of the envoys walked over immediately. "Your Majesty, ever since you took in Jack and the others, the situation in The Nine Continent is chaotic. Just a few days ago, the New World and the Raksasa Tribe broke into a battle."

That envoy was Hansel Gondor. He had served the King of the Dead for many years and was loyal to him.

"Not only that, the New World Emperor, Lord Kenny, deliberately sent news that the Raksasa Tribe had returned with the intention to conquer The Nine Continent," Hansel said carefully as he observed the King of the Dead's reaction. "I feel Lord Kenny is quite useful to us!"

When he heard that, the King nodded in agreement. "I shall let you handle this matter."

Hansel bowed immediately. "Yes, Your Majesty. I will never disappoint you."

...

Meanwhile, at the New World royal palace, palace guards patrolled the area late at night. Security was tight.

Whoosh.

Just at that moment, a slim figure was coming in gently during the night. Her body moved swiftly, avoiding all the palace guards and as she snuck into the royal palace.

She was a gentle and beautiful woman.

The black traveling clothes showed off her exquisite figure, looking extremely sexy. Her facial features made any man that saw her unable to control themselves. She was not too old, but there was an unusual maturity beyond her years shown in

between her brows.

It was Sarah!

Chapter 2854

At that moment, Sarah appeared unfazed, but in fact, she was worried.

Two days ago, Sarah was following the Raksasa Tribe as they headed to the North Moana Continent royal palace to assist Darryl.

However, during the journey, they received the news that Lord Kenny had sent the Carter family to prison. Sarah was worried and furious when she received the news. As such, she separated from Natalie and headed there to find out what was going on.

During the day, Sarah attempted to break into the prison but saw the security was tight, so she gave up. Later on, she thought of Monica and decided to go to the palace to get Monica's help.

Monica was close to Darryl and both of them had Ambrose. If she knew the Carter family was captured by Lord Kenny, she would definitely help them.

After making a decision, Sarah broke into the palace at night. After walking around the place, she found Monica's room. She pushed open the door gently and walked in.

"Who's there?!" a sweet voice said as Sarah walked in.

Sarah looked in the direction of the sound and was delighted. She saw a slim figure sitting up quickly on the luxurious seats, looking grand and wealthy. The figure exuded an elegant aura.

The figure was Monica!

A smile appeared on Sarah's face as she walked over and said, "Sister Monica! Please forgive me for my uninvited visit so late at night!"

"Sarah?" Monica trembled with delight when she saw Sarah. "What are you doing here?"

She thought it was her rude servant that entered without notice earlier. She had never expected it to be Sarah. One should know that Monica and Sarah had not met for a few years then.

Sigh!

Sarah sighed lightly but could not hide the worry in her heart. "Lord Kenny captured the Carter family. Sister Yvette, Brother Dax and many others are locked in prison. I hope you can help me rescue them."

Sarah's eyes were filled with desperation when she said that.

When she heard that, Monica's facial expression turned dark as she said with sorrow, "I have heard about this. I advised Lord Kenny earlier, but he did not listen to

me. He didn't want me to interfere. So I'm afraid I won't be able to help you with this matter."

All those years she was trapped in the palace, she was not a free person. How would she have the ability to rescue others?

Sarah was stunned and felt the hope in her heart shatter in an instant.

"Sister Monica, are you really willing to just ignore this?" Sarah was worried as she pulled on Monica's hand.

Monica smiled bitterly; she did not know how to respond at that moment.

As they spoke, a loud voice shouted from outside, followed by the sound of footsteps, "Announcing the arrival of His Majesty!"

At that moment, Sarah and Monica's expressions changed and they panicked.

"Sh*t, Lord Kenny is here. He won't let you go easily if he sees you here." Monica's body was trembling as she panicked.

Sarah bit her lips tightly when she heard the footsteps getting closer and closer. She was also panicking in her heart. 'What do I do?! I'm here to ask for Monica's help in rescuing the others. It would be the worst situation ever if I get captured.'

The next second, Sarah's mind turned and she had a thought.

"Sister Monica, I'm sorry," she said. Then she raised her hands and hit Monica on the back of the neck.

Thud.

Chapter 2855

Monica had no time to react before she was hit and her body collapsed as she went unconscious.

Sarah immediately hid Monica behind the blinds and changed into the long palace dress. Then, she sat in front of the mirror and executed A Thousand Faces Trick.

If anyone in the palace were there, they would be shocked because Sarah had transformed into Monica in a blink of an eye.

Sarah planned to impersonate Monica to attack Lord Kenny. Since there was no other way to rescue the Carter family, she would have to kill Lord Kenny herself. Then, the palace would be in total chaos and she would be able to break into the prison in the midst of it.

Three years ago, Sarah would not have the courage to do this. However, after Fang Mao became her master, she learned A Thousand Faces Trick. Also, once she ventured into the community for some time, she matured and was able to remain calm when faced with a problem.

Creak.

Just at that moment, the room door was pushed open and Lord Kenny walked in slowly with a smile on his face. His gaze landed on Sarah's body immediately. She wore a long dress, making her figure look slim and alluring; she was beautiful beyond description.

Lord Kenny did not notice that his love was indeed an imposter.

At that moment, Lord Kenny walked over slowly and stood in front of Sarah. "Dear, I'm here to visit you!"

Sarah smiled lightly. "Thank you for Your Majesty's care!"

As she spoke, she rose and curtsied.

An attractive smile appeared on Sarah's face, but she was secretly worried. The person in front of her was the New World Emperor; if she made any mistakes, she would be in huge trouble.

However, Sarah looked confident when she remembered Yvette and the others were locked in prison.

"Why are you so polite suddenly?" Lord Kenny smiled as he walked over and sat on the seat. He sighed, "There are just too many matters that I am busy with. It's so tiring. I did not manage to come visit you, Dear; are you mad at me?"

Sarah smiled and said, "You should rest more if you're tired. How could I be mad at you?"

Lord Kenny was relieved in his heart when he heard that. He could not help but laugh as he waved his hand. "Come over here dear. Let me look at you properly."

How could Sarah sit over there? Her brain felt jumbled up and she quickly walked aside and said, "Please hang on, Your Majesty. Let me make you some tea."

"Great!" Lord Kenny nodded as he looked at Sarah with a smile. He was emotional.

Ever since Lord Kenny assumed the throne as the emperor and trapped Monica in the palace, Monica has been really cold to him. That caused Lord Kenny to be extremely frustrated.

However, on this day, his dearest was not only acting gentle and kind, but she even offered him tea. How could Lord Kenny not become emotional?

When Sarah was done preparing the tea,

she served it to Lord Kenny. "Be careful; it's hot, Your Majesty."

"Yes." Lord Kenny accepted the tea with a smile and was about to taste it.

However, just as Lord Kenny was about to put the teacup near his mouth, he saw Sarah, who was smiling earlier, suddenly turned icy cold.

"You evil person must die!" Sarah shouted.

Bang!

Suddenly, a powerful aura shot out from Sarah's body as she punched Lord Kenny in the chest. Sarah was pretending to be gentle and sweet earlier to make Lord Kenny put his guard down so that she could find the perfect opportunity to attack!

"Dear, you..." Lord Kenny was incredibly shocked.

He had never imagined his gentle lover

would attack him so suddenly. At that moment, he wanted to dodge her attack, but Sarah was too fast and there was no way he could avoid it.

Lord Kenny was really strong, but Sarah had the upper hand as he was not on guard at all.

Bang!

Sarah used her full power in that punch as it landed on Lord Kenny's heart. He yelped in pain as his entire body flew up and crashed into the blinds behind him before landing on the ground.

Chapter 2856

Sigh!

At that moment, Lord Kenny's face turned pale as he vomited blood from his mouth.

"Dear, what is this for?" Lord Kenny stared at Sarah; his eyes filled with doubts.

"Take a look again. Who is your Dear?"

Sarah laughed coldly as she raised her hands and wiped her face, changing back to her original self.

Lord Kenny's heart trembled when he saw that; he was stunned.

'How did that happen? She...she is not my dear wife?' he thought.

Lord Kenny turned his head and saw Monica was lying unconscious behind the blinds. He understood instantly.

"I recognized you. You're the second miss of the Carter family." Lord Kenny's face looked hideous as he stared fiercely at Sarah. "How dare you break into the palace to assassinate me. I will let your entire Carter family disappear completely."

He was about to stand up, but his heart was injured from the vibration and he could not exert any energy.

"You are an evil person!" Sarah took a deep breath as she glared at Lord Kenny without any sign of pity in her eyes. "Three years ago, you killed Yvette's father to take over the throne. Then, you captured all the major sects in the continents. You are despicable. And now you want to attack the Carter family. Even if you are Ambrose's step father, I won't spare you!"

Sarah pulled out the blade she carried with her and was about to pierce it into Lord Kenny's heart.

Just as the blade was about to pierce Lord Kenny's heart, a voice shouted from outside, "Mother!"

It was Ambrose's voice.

'Ambrose?' Sarah trembled.

She did not hesitate to float up like a swan and fly out of the back window directly.

She did not wish to kill Lord Kenny in front of Ambrose. Ambrose was still her brother's son and Lord Kenny did raise him after all.

After Sarah left, the room door was pushed open and Ambrose walked in quickly.

Ambrose's body trembled when he saw what was in front of him. He stood there with his eyes and mouth wide open, completely stunned.

Lord Kenny was lying there covered in blood and had fainted. As for his mother,

her eyes were shut tightly too.

The next second, Ambrose immediately rushed over and checked Monica first.

Once he was sure she was fine, he shouted to the people outside loudly, "Come, anyone! An assassin was here!"

Whoosh!

After he spoke, the patrolling guards outside rushed in immediately.

"Someone broke into the palace and assassinated His Majesty." Ambrose took a deep breath and said calmly, "Lockdown the palace immediately and check every corner. We must locate the killer no matter what. Hurry!"

"Yes, Your Highest Eldest Prince."

At that moment, the news about Lord Kenny's assassination spread throughout the entire palace, sending it into chaos.

Ambrose was guarding the bed in the room as he looked quietly at Lord Kenny, who was still unconscious. He was deep in thought.

In Ambrose's heart, he respected Lord Kenny very much. If it were not because of Lord Kenny, he would not have grown up well. However, all these years, Lord Kenny wanted to eliminate his birth father, Darryl, and he also wanted to destroy the Carter family. That made Ambrose feel trapped between the two sides.

'Now that Lord Kenny was assassinated; is it God's will?'

At that moment, as Ambrose was thinking, a scary thought appeared in his mind. 'If Lord Kenny dies, all the troubles will go away, right?'

As he was mumbling in his heart, Ambrose was about to take action.

...

Meanwhile, Sarah left quickly in the midst of the chaos in the palace. She immediately executed A Thousand Faces Trick again, turning into Monica and headed straight for the palace prison.

Chapter 2857

At that moment, Dax, Yvette and others were all sitting in prison, looking sad.

'It's been two days and we're not sure if Ambrose has found a solution,' they wondered.

Creak.

At that moment, the prison door opened and ten prison guards entered slowly, protecting a slim figure. It was Sarah.

At that moment, Sarah looked like Monica.

"Your Highness, the prisoners are all here. None of them have escaped!" the leader of the guards said to Sarah respectfully.

Earlier, Sarah used His Majesty's assassination as an excuse to check on the prisoners at the prison. The prison

guards were not suspicious at all.

'It's her!' Yvette, Dax and the others were stunned. 'Monica is Darryl's woman who was trapped by Lord Kenny in the palace for years. She lost her freedom. Why is she suddenly here at the prison? Is she here to save us?'

Sarah looked around and saw everyone was safe. She was feeling emotional, but she pretended to be cold. "Great! His Majesty was assassinated and these people must have something to do with it. I want to question all of them properly. Bring all of them out!"

Her voice was not loud but was undeniable.

Sarah wanted to reunite with Yvette and the others, but after considering the many prison guards around, she controlled herself. Given her ability, she would have no problem rescuing Yvette and the others by force. However, Yvette and the others

had no internal energy and if the royal guards were to go after them, they would be in big trouble.

Dax, Yvette and the others' expressions changed when they heard that. They were delighted and shocked.

They were happy to know that, finally, Lord Kenny was assassinated. However, they were shocked that the woman in front of them wanted to question them about Lord Kenny's assassination.

At that moment, the leader of the prison guard felt conflicted as he hesitated and said, "That...! Your Highness, I'm afraid you can't do that. His Majesty gave specific orders earlier that no one can let these prisoners go without his orders."

Sarah's face turned dark when she heard that.

"What? Are you disobeying me? His

Majesty is still unconscious and the most important thing now is to capture the killer. Are you willing to assume responsibility if this is delayed?" she said.

"No. No!" The guard shook his head as he trembled when he saw how furious 'Her Highness' was.

The next second, the palace guard waved his hand. "Take these prisoners out so that Her Highness can question them."

Whoosh!

All the prison guards walked over and released Yvette and the others from their prison cell.

At that moment, Yvette stared at Sarah, unable to hide the conflicted feelings in her heart as she said softly, "Monica, why are you doing this? Isn't Lord Kenny being assassinated good news to you? Once he dies, you'll be able to reunite with Darryl

again. So why do you want to find the killer?"

"Sis, don't talk to her. I believe this woman has already gotten used to the wealthy life; she forgot about Darryl for a long time!" Dax said, emotionally and furious.

In Dax's heart, he had always pitied Monica as she could not be with the one she loved. However, at that moment, all the pity in his heart vanished instantly.

Sarah took a deep breath before facing Yvette's questions.

"That's right. I forgot about Darryl a long time ago," Sarah replied coldly as she signaled to Yvette with her eyes.

Yvette was a smart woman and she noticed Sarah's eye signal. She trembled in that instant.

'She isn't going to question us, but she wants to rescue us?' she thought.

Soon, under Sarah's orders, the prison guards let Yvette and the rest out of prison.

Chapter 2858

Once they left the prison, Sarah led everyone straight to the west door as the prison was closest to that door.

At that moment, the prison guard leader noticed something was not right.

"Your Highness, aren't we questioning these prisoners..." he said.

Before he could finish speaking, he saw a deep smile appear on Sarah's face. She then lifted her hands and punched the prison guard leader. She did not take action earlier as there were too many guards at the royal city. However, now that they left the royal city, Sarah did not hesitate anymore.

Bang!

Sarah moved so fast; the prison guard

leader had no time to react. He moaned as he fell to the ground, unconscious.

The guards were shocked when they saw that. Then, they looked like they were in pain. Suddenly, the guards could not execute their internal energy and their bodies felt weak.

Earlier, when Sarah entered the prison, she had poisoned the guards. As for the prison guard leader, he was very powerful, so as a precaution, Sarah knocked him unconscious.

"I-I think I'm poisoned; I cannot execute any internal energy at all..."

"Sh*t, I'm poisoned too!"

"Your Highness, why..."

Over ten of the guards were in shock as they looked at Sarah. However, after just a few words, all the guards started to fall to the ground and fainted.

Everyone was delighted, especially Yvette.

She looked at Sarah closely and felt relieved. She knew Monica would never forget Darryl.

At that moment, Yvette still thought that the person in front of her was Monica.

Just at that moment, Sarah wiped away her disguised face and smiled at everyone. "Brother Dax. Everyone. I'm sorry for your suffering."

Everyone was in shock and delighted when they saw her. 'What is going on? This Monica in front of our eyes was an imposter and was actually Sarah? Where did she learn the transfiguration technique? That was just amazing. It was almost impossible to differentiate her from the real Monica.'

Finally, Yvette was the first to regain her thoughts. She looked curiously at Sarah. "

Little sister, what happened? Why did you pretend to be Monica?"

At that moment, everyone was looking closely at Sarah, waiting for her reply.

Sarah smiled lightly. "I wouldn't have been able to rescue you if I didn't impersonate her. As for my transfiguration technique, I'll explain later when there's time."

As she spoke, Sarah looked towards the direction of the royal city and continued to speak, "I assassinated Lord Kenny just now. The castle is in chaos now and I believe the royal guards will come searching for me very soon. Let's get going."

'What? She...she assassinated Lord Kenny?!'
'Everyone was surprised.

When they saw Sarah was not joking, they immediately followed her. Then, in the blink of an eye, they disappeared into the

darkness.

Everyone knew Lord Kenny's assassination was not a simple matter and they had to leave immediately.

...

Meanwhile, guards were on patrol everywhere at the New World palace, carrying torches and searching the area.

The entire continent was affected by Lord Kenny's assassination. Everyone in the palace was afraid and the atmosphere was tense.

At that moment, Lord Kenny was lying on a bed in the Blessed Palace. He was unconscious as his heart was injured.

Ambrose was guarding him quietly as the ministers stood quietly on either side of him. All of them wore tense expressions as they were distraught and unsettled.

After Ambrose found Lord Kenny, he quickly carried him to the Blessed Palace. Then, he ordered someone to gather all the ministers. As for Monica, Ambrose was not worried about her for the time being as she was not injured.
