

Chapter 3371

"It's not good."

At this moment, a soldier staggered in, with a pale face, and shouted at Tian Yi: "No, a man forcibly broke through the gate guard and said Is to save that woman!"

What? !

Tian Yi slapped the table abruptly, stood up suddenly, and yelled at the soldier: "What nonsense?! The woman has been rescued, why is there someone else to rescue her?"

At this time, Tian Yi was in a bad mood. pole.

"

Boom!" Before the words fell, only a loud noise was heard, and the gate of the city lord's mansion was suddenly kicked open!

Immediately afterwards, I saw a figure, full of the aura of invincibility, and strode in.

It is Yue Feng.

At this time, Yue Feng's expression was firm and his eyes were full of anxiety.

Half a day ago, Yue Feng learned from Abel that Miaoying was pretending to be the goddess of light and was subdued by the twelve paladins. At that time, she was shocked and angry. Later, she learned that Miaoying was going to be executed in Storm City. Yue Feng did not hesitate. , Rushed directly to Storm City.

Although Miaoying is a fairy, she has a kind heart and a deep love for herself. Moreover, Yue Feng has been searching for Miaoying for so long, so how could she cause an accident.

Before coming, Yue Feng had thought about it, no matter how many troops the Storm City had, he would rescue Miaoying.

Mad!

Someone really broke in!

At this moment, Tian Yi looked up and down Yue Feng, his eyes flashing with intense anger.

At the same time, many soldiers rushed in from all directions, all their eyes focused on Yue Feng.

This person is so courageous, dare to forcibly break into Storm City?

"Who are you?"

Finally, Tian Yi reacted, glaring at Yue Feng, and shouted: "Do you know what place this is? Do you know the consequences of trespassing in the City Lord's Mansion?" When

he said this, Tian Yi had a face At the same time, looking at Yue Feng's gaze, there was also a bit of contempt.

The person in front of him, but the Saint King's strength, dared to come here, almost looking for death.

At this moment Tian Yi didn't know that Yue Feng seemed to be in the realm of the Saint King, but his true strength was beyond his imagination.

call!

Yue Feng took a deep breath and said one word to Tian Yi: "You are the person in charge of Storm City, right? I don't want to say more nonsense. I will hand Miaoying out immediately." The

voice was loud, resounding like a rolling thunder. The entire storm city.

Hearing this, Tian Yi's face was extremely ugly, and the anger in his heart rose even more.

Yan Hong had rescued Miaoying in front of so many people before, leaving Tian Yi's face blank. Until now, he was still annoyed by this matter, but at this time, the guy in front of him said to save people.

Mad, is it true that there is no one in Storm City?

Tian Yi thought more and more angry, too lazy to talk nonsense, pointed at Yue Feng and shouted: "Take him to me and execute it on the spot!"

Tian Yi almost roared out the last four words.

Wow!

When the voice fell, more than a hundred soldiers came in like a tide.

Nima!

Seeing that the other party didn't say anything, he immediately started, the anger in Yue Feng's heart was also aroused in an instant, looking at the oncoming hundreds of people, there was no fear on his face!

If you want to fight, then come on special!

"Roar!" At

this moment, a loud dragon roar rose to the sky!

Seeing Yue Feng's whole body, a powerful aura burst out, and then, a golden light shone, and nine long dragons circled around him, just like killing gods!

Chapter 3372

"Nine Dragons Ascend to Heaven!"

"Kill!" Yue Feng roared frantically, raising his finger to nearly a hundred soldiers in front of him.

Nine long dragons rushed past in an instant, and the air was cracked wherever they passed!

What?

Seeing this scene, Tian Yi's heart was shaken, and he was indescribable panic.

Isn't this kid the strength of the saint king? Why is the breath so terrifying?

Also, what are these nine huge beasts?

There are no dragons in the Roland Continent, so Tian Yi didn't know the nine golden dragons that Yue Feng had transformed into him, but he felt the terrifying aura and was also inexplicably panicked.

At the same time, the hundreds of soldiers who rushed up stared blankly at the nine golden dragons, one by one with inexplicable fear.

"Ah!" In the

next second, the hundreds of soldiers, before they could react, were swept away by the power from the Golden Dragon. They screamed and screamed continuously. There were more than 50 people on the spot who were directly beaten and vomited. Blood, no resistance!

hiss!

At this moment, no matter it was Tian Yi or the other soldiers around, they couldn't help taking a breath.

The entire City Lord's Mansion was even more deadly silent, even if a needle fell on the ground, you could hear it clearly!

Everyone's eyes looked at Yue Feng, as if they were looking at monsters!

Just one skill killed more than fifty people.

This.... Is this still a human? Is this special code still human? !

Under the stunned gaze of everyone, Yue Feng walked up to Tian Yi step by step and said coldly: "I'll ask one last time, where is Miaoying?" When

saying this, Yue Feng was full of madness, in order to save Miaoying. Almost lost his mind.

"Your Excellency!"

Tian Yi wiped off his cold sweat, and said with a wry smile: "It's true that the lady named Miaoying has been rescued, and she is also a woman, very strong!" When

he said this, Tian Yi He looked worried, completely lost the cold arrogance and imposing manner before.

I thought that the person in front of me could easily be taken down, but never expected that the other party would hide it deeply, and killed more than 20 soldiers with one move.

The other party is so powerful and has to compromise.

Was rescued?

Hearing this, Yue Feng frowned.

In the next second, Yue Feng looked at Tian Yi coldly: "I warn you, don't play tricks with me, just say, where is Miaoying locked up?"

At this time, Yue Feng decided that Tian Yi was lying to himself. , Miaoying has no relatives and no reason on this road, besides herself, who else can save her? She must be locked up.

"Your Excellency!"

Seeing Yue Feng's unbelief, Tian Yi almost cried: "Really, I didn't lie to you. She was really rescued. If you don't believe me, ask other people!" The

voice fell, and the surrounding soldiers all nod.

"Yes, I was really rescued!"

"We saw it with our own eyes!"

Listening to everyone's words, Yue Feng frowned and deepened, and his heart became more unbelievable.

"Don't you think that if you let your subordinates give false evidence together, I will believe you?" Yue Feng looked at Tian Yi coldly, with no doubt in his tone: "Do you know Wen Liang? I killed him. I can't see Miaoying today. , I leveled Storm City. "

What?

Is he the one who killed the gentleman?

Hearing this, Tian Yi was startled, and at the same time wanted to cry without tears.

This person is crazy, he said so clearly, but why doesn't he believe it?

Depressed, Tian Yi wanted to tear up his face with Yue Feng, but thought of the strength of the other party, still held back.

"Okay!"

Finally, under the pressure of Yue Feng's powerful aura, Tian Yi's heart turned, he suddenly had an idea, and said with a wry smile: "Your anger, I shouldn't lie to you, that Miss Miaoying is in the north of the city. On Storm Mountain." When

he said this, Tian Yi looked sincere, but his eyes flashed with cunning.

Below the cliffs of Storm Mountain in the north of the city, there is a huge natural cave, which is not bottomless, and there are often hurricanes. It is precisely because of this that this city is called Storm City.

Chapter 3373

Tian Yi thought it through. Since the lunatic in front of him didn't believe in himself, he tricked

him into that cave. As long as he entered, he wouldn't want to come out alive.

"Take me quickly!" Yue Feng couldn't help urging.

Tian Yi nodded, accompanied by a smiling face, and then took Yue Feng out of the city lord's mansion and walked towards Baofeng Mountain in the north of the city. Dozens of soldiers accompanied him behind him.

call!

Soon, when he reached the cliff on Storm Mountain, Yue Feng looked around and frowned in secret.

Nima, except for the huge cave below, where is Miaoying's shadow?

"Where are the people?" Muttering in his heart, Yue Feng couldn't help asking.

Tian Yi smiled and said politely: "Just in the cave, she was imprisoned in this kind of place because she pretended to be the goddess of light and was very sinful." I

have to say that Tian Yi acted very similarly and said nothing. flaw.

Hearing this, Yue Feng nodded silently: "Okay. You'd better stop lying to me, otherwise, you will be at your own risk."

Whoosh!

When the voice fell, Yue Feng lifted his dantian, jumped into the cave.

Seeing this scene, both Tian Yi and the soldiers around were stunned.

This... this man is really crazy.

This cave is not bottomed out, and he jumped directly into it.

In shock, Tian Yi smiled, unspeakably proud.

Haha...

This person jumped straight down, saving him a lot of trouble.

Jumping from such a high place will undoubtedly die.

In his pride, Tian Yi greeted dozens of soldiers and returned to Storm City.

Below the cave.

Huhuhu..... The

wind whistling in his ears, Yue Feng's body fell from the cliff, faster and faster, but Yue Feng didn't panic, summoned Fang Tian's painted halberd and stabbed it on the mountain wall to slow down the fall strength.

Finally, after ten minutes, Yue Feng finally stepped on the ground.

If it had fallen from such a high place ten years ago, Yue Feng would definitely be injured. At this time, Yue Feng's strength had reached an extremely high level, and he had just stepped back two steps and stabilized his figure.

Nima!

After stabilizing the figure, Yue Feng looked around, and suddenly became angry.

Ma De, was deceived again.

I saw that the cave in front of me was very big, and there were many forks, just like a huge maze. The wind was whistling around, and there was not a single figure.

When I go back, I have to level Storm City.

In anger, Yue Feng walked forward slowly.

As he walked inward, Yue Feng clearly felt that the wind blowing around him became stronger, and Yue Feng could hardly open his eyes.

How can there be such a strong wind in this underground cave?

Muttering in his heart, Yue Feng didn't think much, he just wanted to find a way out as soon as possible.

"Roar!" I

don't know how long he walked, Yue Feng suddenly felt that there was a breath fluctuation in front of him. Immediately afterwards, a roar that shocked the soul rang out.

Damn it!

Hearing the roar, Yue Feng's body shook, and only felt his heart beat faster.

This roar is too powerful, it is not an ordinary beast at all, it can be emitted. Could it be that this Roland Continent also has mythical beasts?

In the depths of this cave, is the habitat of mythical beasts?

Muttering in his heart, Yue Feng speeded up his pace subconsciously.

Damn it!

After walking more than a hundred meters, Yue Feng reached a huge rock, and when he saw the scene in front of him, his heart was shocked and he was completely stunned!

Chapter 3374

saw a huge behemoth lying in the open space in front of him.

This giant beast is nearly a hundred meters long, without hair, covered with black and red scales, long neck and tail. At first glance, it looks like a dinosaur that has long been extinct in the Kyushu continent, but there is a pair of huge ones on its back. wing.

A pair of eyes, gleaming with blood-red light, is full of evil nature, and the whole body is filled with a terrifying aura.

Especially feeling the strength of this giant beast, Yue Feng was even more shocked.

So strong, it turned out to be the realm of the holy god...

hiss!

After staying for more than ten seconds, Yue Feng reacted and couldn't help sucking in cold air.

Is this...is it the dragon of this other world?

When he first arrived in this other world, Yue Feng had read many ancient books in Doug's study, and once saw a record of dragons in this world in an ancient book.

Yes, there are dragons in this continent of Roland, but the dragons of this world are not only different in appearance from the Nine Provinces, but their temperament is also very evil.

In the ancient records of Roland mainland, dragons are powerful and greedy existences, attacking towns and cruelty to humans. And two thousand years ago, the dragon suddenly disappeared, and since then, the people of Roland mainland have never seen it again.

Thinking of this, Yue Feng couldn't help taking a deep breath, unable to conceal the inner shock.

Nima, I thought there was nothing in this huge underground cave, but I didn't expect that there was a dragon living here.

Under the shock, Yue Feng didn't feel nervous at all.

Because the dragon was lying there, his eyes narrowed slightly, and it seemed to be resting. Not only that, but also two long jade thorns were nailed to the two wings on his back.

Yue Feng clearly saw that the jade thorn was carved with runes, and there were more strange power fluctuations in it.

It is also these two jade thorns that restrict the movement of this giant dragon and cannot fly.

At this... At

this moment, Yue Feng carefully looked at the two jade thorns, suddenly his heart was shaken, and he almost screamed.

This seems to be a prisoner dragon thorn.

When he first founded Tianmen that year, Yue Feng collected a lot of ancient books and documents, and read it in a book. In order to capture the dragon, the cultivator in ancient times invented a hidden weapon called the prisoner dragon thorn. It is said that as long as the dragon is hit by the prisoner dragon thorn, it will lose the ability to move.

Later, the dragon disappeared in the mainland of Kyushu, and the prisoner dragon stab was also lost.

But Yue Feng never expected that in this other world, he could actually see the prisoner's dragon thorn.

Sha Sha...

Just when Yue Feng was secretly shocked, he heard a faint sound of footsteps coming from another fork on the left. Immediately afterwards, two figures appeared in Yue Feng's line of sight.

This is a man and a woman.

The woman wore tight-fitting soft armor to show the perfect curve, her facial features were exquisite and beautiful, and she was tired with a delicate dagger in her hand.

The man is also in armor, quite handsome, but also looks tired.

is her?

Seeing the woman, Yue Feng was stunned.

It was Xue Mi'er, the daughter of the leader of the bounty alliance, who had met before in Alantis. At that time, Yue Feng went to the bounty alliance and saved Xue Shan by chance. Later, he and Xue Mi'er went to capture the bandit leader Oushan.

Why is she here?

Um?

Just when Yue Feng was stunned, Xue Mi'er also spotted Yue Feng, and her body trembled suddenly, surprised.

In the next second, Xue Mi'er was patient with the surprise in her heart, and said softly at Yue Feng: "Yue Feng? So there is nothing wrong with you, I thought you were dead, why are you here?"

At that time, Yue Feng It was a knight of the royal court of the Principality of Heaven. Later, something happened and was pursued by Alantis. Finally, he heard that he fell off the cliff and his life and death was unknown.

Chapter 3375

received the news at the time, and Xue Mi'er was also a little sorry. Although she was not familiar with Yue Feng, she was able to successfully capture Okuyama at that time and it was all due to Yue Feng.

At this time, I was very happy to see Yue Feng okay.

"Xue Mi'er, long time no see!" Yue Feng responded with a smile.

While talking, Yue Feng couldn't help looking at Xue Mi'er.

I have to say, this Xue Mi'er is really the best beauty. I haven't seen her for a while, and she has become even more sexy.

"Mi'er!"

At this moment , the man next to Yue Feng looked up and down, frowning and said: "Who is this person?" The

man was named Karen, Xue Mi'er's cousin, the Holy Venerable, who had just joined Bounty Alliance.

While asking, Karen looked at Yue Feng's gaze with a bit of disdain.

This guy, dressed in average, and not strong enough to be a holy king, even knew his cousin.

At this time, Xue Mi'er, with a look of excitement, quickly introduced: "Cousin, this is Yue Feng, who I mentioned to you, and helped me catch Oufu."

What?

Hearing this, Karen was stunned for a moment, and then chuckled slightly: "Cousin, how can he help you catch Ou with the strength of a holy king? Even if it is true, it is just luck."

Seeing Karen did not believe, Xue Mi'er pouted angrily, very charming.

But Yue Feng had a calm face. After so many years, he had been misunderstood by all kinds of people, and he had long been used to it.

Afterwards, Yue Feng and Xue Mi'er chatted a few words and learned that Xue Mi'er and Karen were chasing a big villain recently, but they came to the area of Storm Mountain and were run away by the other party. But Xue Mi'er and Karen, He ran into this underground cave by mistake.

hiss!

After chatting for a few words, Xue Mi'er finally saw the dragon not far away, her body trembled and her legs became soft.

At the same time, Karen took a breath of air and froze there.

"Dragon?"

Finally, Xue Mi'er was the first to react, and her voice was full of tremors: "This...there is a dragon here." When the

voice fell, Karen walked over and put Xue Mi'er in front of him, comfortingly said: "Cousin Don't be afraid, there is me." He said so, but his face was pale, and his legs couldn't stop trembling.

The dragon in front of me, but disappeared nearly two years ago, can't you be shocked?

Huh!

At this moment, hearing the movement of the three of them, the sleeping dragon also awoke, and the blood-red eyes immediately locked the three of Yue Feng.

In the next second, he saw the dragon fanning its wings, and a strong wind swept towards Yue Feng three.

The dragons in this world have cruel temperaments. Seeing three people appear in front of them, the first reaction is to kill them all.

Oops!

At this moment, whether it was Yue Feng or Xue Mi'er, their expressions changed drastically.

I saw that the raging wind, wherever it passed, the air was distorted, and wind blades were formed, which was very terrifying.

"What to do?" Xue Mi'er panicked.

Karen took a deep breath and said loudly: "Cousin, don't panic." The voice fell, and the Holy Power burst out, intending to block the strong wind.

Karen has liked Xue Mi'er since she was a child, and recently joined the Bounty League, just to get closer to Xue Mi'er. At this time, facing the trap, she naturally has to behave well.

In a short time, the strong wind hit Karen hard, and the whole person was shaken out.

Bang!

At this moment, Karen directly hit the rock wall behind and couldn't help but spit out a mouthful of blood, his face pale.

Chapter 3376

"Cousin!"

Seeing this scene, Xue Mi'er couldn't help exclaiming.

Up to this time, Xue Mi'er hadn't been relieved from the shock. She never expected that there would be a dragon in this huge cave.

Cough...

Karen coughed a few times. It was obvious that he was seriously injured just now.

In the next second, Karen struggled to stand up, and said anxiously at Xue Mi'er: "Cousin, this dragon is too strong, we are not opponents at all, let's find a way to run!" When

he said this, Karen looked around quickly.

run?

Hearing this, Xue Mi'er almost burst into tears. This cave is so big, like a maze, where to run.

Yue Feng next to him had a calm expression as he looked at the dragon in front of him thoughtfully.

Boom, boom, boom!

At this moment, the dragon stood up and quickly approached. The huge figure was like a hill. Every step it moved, it would make an earthquake-like movement, shocking people's hearts.

Seeing the dragon getting closer, Karen and Xue Mier were panicked and anxious.

Click!

In the next second, Karen had an idea and urged the Holy Power again, with a big sword in his hand standing on the rock wall beside him, suddenly, a piece of stone fell, forming a stone wall, blocking the way of the dragon.

Not only that, but also blocked Yue Feng inside.

Nima!

Seeing this scene, Yue Feng frowned secretly.

Doesn't this Karen know what to say in advance?

"Cousin!" At the same time, Xue Mi'er was also anxious, and said to Karen: "Why did you keep Yue Feng in it? Find a way and save him."

The strength of this giant dragon is too terrifying. If Yue Feng can't come out, the consequences can be imagined.

However, Karen was indifferent, and slowly said: "Cousin, it's about time now, why are you still concerned about the lives of others? Anyway, he can't run, so it's better to let him hold the dragon so that we can delay time. "When

he said this, Karen was very serious, but his eyes flashed with gloom.

Yes, Karen deliberately blocked Yue Feng in it. In this way, Yue Feng became the target of the giant dragon. As long as the giant dragon caught Yue Feng, he would not chase himself and his cousin.

"You..."

Xue Mi'er was frustrated when she heard this.

My cousin was too selfish to do this, and even used Yue Feng's life to delay time for himself.

Thinking about it, Xue Mi'er was about to criticize, but Karen didn't give her a chance, grabbed her arm, and rushed to the distance quickly.

"Cousin, you let me go, let me go..."

"Cousin, it's a matter of life and death, don't blame me..."

Nima!

Listening to the two people's voices, getting further and further away, Yue Feng's expression was extremely ugly, very angry.

This Karen is too shameless. In order to survive, he did not hesitate to sacrifice others?

"Roar!"

At this moment, the giant dragon rushed forward, looking down at Yue Feng, his blood basin opened.

At this moment, Yue Feng couldn't tell the nervousness, but he quickly thought of something, took out the beast ring from his body, raised his head and shouted at the giant dragon: "Hold on."

Um?

Chapter 3377

Hearing the call, the giant dragon stopped instantly, looking at Yue Feng's eyes, full of doubts!

what happened? The breath on this person suddenly became strange.

At this time, the giant dragon clearly felt that Yue Feng in front of him had an aura that made him kind, and this kind of aura came from the Royal Beast Ring.

call!

At this time, Yue Feng took a deep breath and continued to communicate with the dragon in front of the Yu Beast Ring: "Dragons, dragons, we have no grievances and no grudges, there is no need to make you die or die, right!"

Seriously, Yue Feng The current strength is nothing short of going head-on with the giant dragon in front of him, but doing so will consume too much strength and is not necessary at all.

"You..."

Hearing this, the dragon's eyes shone with brilliance, very surprised: "How can you communicate with me?"

At this time, the dragon doesn't know yet. Yue Feng has an imperial beast ring on his body, which is natural. Talk to it.

Yue Feng smiled slightly: "Maybe, I have special abilities." The

dragon groaned, proudly: "Even if you can communicate with me? In my eyes, you are just a humble human being who meets me. , even if you have bad luck. "

immediately, the dragon could not conceal his greed:" I did not eat for a long time people have forgotten what the taste, since you broke into my place, peace of mind to do my food with you. "

Nepal Ma!

Yue Feng frowned secretly, at the same time, he couldn't help cursing inwardly.

Sure enough, the dragons in this different world are all very evil, and they all show friendship, but they even want to eat themselves.

However, Yue Feng didn't panic at all, and said to the giant dragon: "Well, originally I was thinking of helping you remove the prisoner dragon thorn from your body, since you are going to eat me, then forget it."

Huh?

At this moment, the dragon was stunned.

"What are you talking about?" The

giant dragon's contemplative gaze, with a bit of shaking, looked at Yue Feng closely: "Can you help me remove the two prisoner dragon thorns?"

The giant dragon at this time, very much. It was excitement, you know, it was trapped here with a prisoner dragon thorn on its wings, unable to fly, and was trapped here for a full two thousand years. At this time, I heard Yue Feng said that it could be taken out. Can it be excited?

"Not bad!" Yue Feng nodded.

The dragon pondered and looked up and down Yue Feng: "You humans are very cunning. You don't want to be eaten by me, so you deliberately fabricate this lie, right?" After

that, the dragon looked very proud: "I put it on my back. The prisoner dragon thorn of Vu Yizha, he is the leader of your humanity, the strength is

tyrannical, for many years, no one can reach his realm, and the prisoner dragon thorn he pierced on me, no one except him Can explain, you said you can take it? Will I believe it?" The

last sentence fell, and the dragon's eyes flashed with evil light.

Haha... At

this moment, Yue Feng couldn't help laughing.

It turned out that the prisoner's dragon thorn on its body was pierced by Fu Xi, no wonder.

Thinking about it, Yue Feng breathed a sigh of relief, and said lightly: "If you don't try, how do you know that I can't take it? Anyway, I'm here and can't run away." The

dragon pondered, and finally nodded after a few seconds: " Okay, I will believe you once. If you dare to lie to me, I will tear you to pieces." This person is right, he can't run away anyway. If he really helps himself to remove the prisoner dragon thorn, he will recover by himself. If you are free, you can leave this broken place.

Seeing the dragon's promise, Yue Feng smiled.

In the next second, the giant dragon slowly lowered his head, Yue Feng did not hesitate, touched his feet on the ground, made a light leap, and jumped onto the giant dragon's back.

Stabbed...

However, Yue Feng did not immediately take out the prisoner's dragon thorn, but pulled out a dagger from his body and slashed his finger. In a short time, blood poured out.

Immediately afterwards, Yue Feng quickly walked to the top of the dragon's head and dripped the blood from his fingers. At the same time, internal force urged, and the dragon dripped blood to recognize the master.

Yes, Yue Feng just said so much to the giant dragon, the ultimate goal is not to help it take out the prisoner dragon's thorns, but to confess the master with its blood.

Chapter 3378

Om!

At this moment, the giant dragon's huge body trembled suddenly, and his heart was frightened.

While angry, the dragon was also indescribably shocked.

It clearly felt that the person in front of him was not the Holy King at all in strength, and the power surging in his body was very powerful, almost unfathomable.

Soon, the blood confession was completed.

At this moment, the giant dragon put aside its previous pride and respectfully said to Yue Feng: "Master!"

Although the giant dragon was very unwilling, but there was no way. The blood confession has been completed, and no one can change it. From now on, His destiny is tied to the person in front of him.

Um!

Yue Feng smiled and nodded: "I know you are not convinced and feel that you have been deceived,

but I tell you, I can indeed help you remove the prisoner dragon thorn." As he

said, Yue Feng Yufeng turned: "However, , Before I remove the prisoner dragon thorn, you must promise me that after leaving here, you don't need to do evil and endanger human beings."

"Yes, Master." The dragon quickly responded.

Yue Feng stopped talking nonsense, jumped on the back of the giant dragon again, muttered the formula silently, and pulled out the prisoner dragon thorn. To pull out the prisoner's dragon thorn requires a formula, Yue Feng has read it in ancient books.

"Roar!" At

this moment, feeling freedom, the dragon raised his head and roared with indescribable excitement and excitement.

...

On the other side.

Karen took Xue Mi'er and ran for more than ten minutes to make sure it was safe, and then stopped.

"Cousin, why, why do you want to leave Yue Feng behind." Xue Mi'er was trembling with anger and heartache.

Just after meeting with Yue Feng, he was abandoned by his cousin.

Karen wiped his sweat and patiently persuaded him: "Cousin, that Yue Feng is just an ordinary

friend of yours, why are you so worried about him? Besides, he is not dead in vain. Use his life in exchange for our two lives.. ."

Before finishing speaking, Xue Mi'er interrupted: "Don't tell me, even if he is just my ordinary friend, fate is not fate?"

"I..."

Feeling Xue Mi'er's atmosphere, Karen was very helpless.

"Roar!" He

was talking, only to hear another roar of the dragon not far away.

Upon hearing this roar, Karen and Xue Mi'er both trembled and panicked inexplicably.

After so long, Yue Feng must have been killed by the giant dragon.

Just when the two were extremely nervous, they saw the huge figure of the dragon coming from a distance.

I saw a proud figure standing above the dragon's head. This man, with sharp facial features, was extremely cold!

It's not who Yue Feng is!

What?

Seeing this scene, both Karen and Xue Mi'er were shocked.

He...he didn't even die?

Not only that, but standing on top of the dragon's head, how did he do it? It's incredible.

"Yue Feng?!"

Finally, Xue Mi'er was the first to react, stood up, and shouted at Yue Feng with surprise and joy: "So you are fine, that's great." I

thought that Yue Feng had been killed by the dragon. I was sad for him just now, but at this moment, can you be unhappy to see that Yue Feng is intact?

Karen next to him also frowned secretly.

Mad, this guy is not dead.

Really hell.

Feeling Xue Mi'er's concern, Yue Feng smiled:
"How could something happen to me?"

Xue Mi'er looked curious: "What the hell is going on? How do you get along with this giant dragon? Yes?" Xue Mi'er did not forget to pay attention to the dragon when she said this.

Ha ha...

Yue Feng smiled and said, "I talked with the dragon just now, and he said that my skin is thick and it's not tasty."

What?

Chapter 3379

Hearing this, Xue Mier's body trembled, and the whole person was stunned.

After a few seconds, Xue Mi'er reacted and said in disbelief: "You...can you communicate with the dragon?" For

thousands of years, dragons have been the strongest creatures in the world, and humans can only look up. And this Yue Feng could actually communicate with the dragon?

"Of course." Yue Feng smiled slightly: "Otherwise, how could I stand on its head?" To be

honest, Yue Feng wanted to tell Xue Mi'er the truth, but I don't know why. Just look at her curious look. Can't help but tease him.

"Hey!"

At this moment, Karen recovered and shouted at Yue Feng: "Since you can communicate with it, take him to a far place. Don't be here."

Ma De.

It's okay for Karen not to speak. Seeing him speak, Yue Feng suddenly became inexplicably angry.

Just now Karen, in order to save his life, used gravel to trap me and the dragon together, which is simply too despicable.

He cursed inwardly, Yue Feng shook his head at Karen and said: "I just brought it to find food, how can I leave?"

"You..."

Hearing this, Karen's heart trembled and he was inexplicably flustered. "What do you mean?"

Yue Feng shrugged, his expression relaxed and relaxed: "It's very simple, you two, there is food for a dragon to become a dragon. Miss Xue Mi'er and I are friends, so forget it."

"So, only you will become the dragon's food."

What?

When the voice fell, Karen only felt that a thunderbolt rang in his head, and the whole person was blinded.

"Can't you communicate with the dragon? Help me plead!" Karen yelled, her voice trembling.

Yue Feng smiled indifferently: "Why should I help you intercede?"

Ma De, you used gravel to block my retreat in order to escape, and asked me to help you hold the dragon. Now that you are in danger, I thought of asking me to help. Are you pleading? How can there be such a good thing in this world.

Thinking in his heart, Yue Feng smiled and ridiculed: "Aren't you very capable? Try to communicate with the dragon later, maybe, the dragon will not eat you!"

Gudong!

Karen swallowed, almost crying without tears.

How can I have any ability to communicate with the dragon?

At this moment, Xue Mi'er couldn't stand it anymore, bit her lip tightly, and said to Yue Feng:

"Yue Feng, you...you plead with the dragon, don't let it eat his cousin, okay?"

Yue Feng did not hesitate and shook his head as expected: "Sorry, he abandoned me without hesitation just now. I have no obligation to save him."

This...

Xue Mi'er suddenly became anxious and pleaded again: "Yue Feng, I know My cousin was wrong just now. He shouldn't have left you behind. I apologize to you for him!"

Although Karen did a terrible way before, he was not guilty of death.

Yue Feng held his arms and stood leisurely on the head of the giant dragon, without responding.

Mad!

At this moment, Karen was anxious and angry, and said to Xue Mi'er: "Cousin, don't beg him, look at him like a villain, isn't it just talking to the dragon? He can do it, I Can also..." As he

said, he was ready to go over and talk to the dragon.

She was stopped by Xue Mi'er without taking two steps.

"Cousin, you are crazy!" Xue Mi'er was anxious and angry: "Do you really think that dragons are so good at communication? I'm afraid I will swallow you without waiting for you to get closer."

Hearing this, Ka Lun's body shook, his mind was much clearer, and he panicked at the same time.

Yes, the other party is a giant dragon, so evil, how can you communicate with yourself?

But how did Yue Feng do it?

"Yue Feng!" At

this time, Xue Mi'er was so anxious that she almost cried: "Yue Feng, please, help my cousin say something nice, don't let the dragon eat him, count me... count me. You're..."

Seeing Xue Mi'er's expression, Yue Feng couldn't bear to refuse, and smiled slightly: "Okay, then why are you begging me? You have to show it a little bit." To be

honest, although Karen was too much before, Yue Feng didn't want him to die, so he wanted to teach him a lesson.

"Then you are talking about how to express it."
Xue Mi'er's delicate face was full of bewilderment.

call!

Yue Feng breathed a sigh of relief and thought for a while: "Let's do this, you call me husband. I'll help him intercede."

Chapter 3380

Huh!

Upon hearing this, Xue Mi'er's delicate face turned red all of a sudden, biting her lip and shy.

This...this Yue Feng asked himself to call his husband. Although he is not a golden branch, but is also the daughter of the leader of the bounty alliance. On weekdays, anyone who sees himself is

polite, and sees him mentioning this to himself.
Requirements.

At the same time, Karen's expression changed and he couldn't stand it anymore. He shouted, "Ma De, what are you talking about?"

How can his cousin call someone else's husband if she wants to marry her in the future?

Ha ha!

Feeling Karen's anger, Yue Feng didn't panic at all, and said indifferently: "Karen, are you qualified to yell at me?"

Hearing this, Karen would refute, but when he thought of it, he now His life was held in Yue Feng's hands, and he abruptly held back. But looking at Yue Feng's eyes, he could almost burst out fire.

"Xue Mi'er?"

At this moment, Yue Feng turned his gaze to Xue Mi'er and said with a smile: "If you don't call, then forget it!" While talking, he admired Xue Mi'er up and down.

This Xue Mi'er is not only beautiful, but also the best figure.

Yue Feng's gaze made Xue Mier's face even redder, she bit her lip and whispered: "Okay, my name is..."

"Old...husband! "When

these two words were shouted, Xue Mi'er's heart was trembling slightly, her voice was as fine as a mosquito and flies, and she could n't hear her if she didn't listen carefully.

Gudong.

Hearing this husband, Yue Feng only felt the bones all over his body. It's going to be crisp.

However, Yue Feng still felt that it was not enough. He stood on the head of the giant dragon, leaned forward and smiled and said, "Xue Mi'er, what did you call me? I didn't hear it." When

he said this, Yue Feng watched deliberately. Glancing at Karen.

Nima!

Karen at this time was almost exploding, this guy was definitely deliberate.

At the same time, Xue Mi'er was also ashamed and angry.

This Yue Feng really didn't have the slightest formality, could he save his cousin if he had to take advantage of it?

Thinking about it, Xue Mi'er bit her lip tightly, almost bleeding, and shouted again: "Husband..."
When the

words were yelled out, the beautiful face instantly lowered. Xue Mi'er is also an arrogant woman, calling her husband Yue Feng twice in a row, she is already shy.

"Well, really good!"

Yue Feng closed his head when he saw it, nodded, and said with a smile: "Well, seeing you are so

sincere, then I will help your cousin to beg for mercy!"

Xue Mi'er nodded repeatedly: "Thank you, Yue Feng!"

Karen was sullen, unable to tell.

I thought I could protect my cousin, but at this time, I needed my cousin's help, and also called other people's husband. This matter, changing to any man, I will feel uncomfortable.

"Karen!"

At this moment, Yue Feng noticed Karen's expression, and said with a smile: "I have been saved by your cousin, but what you did just now really made me unhappy, so you need to apologize to me. That's fine."

"As long as you apologize, I will plead with the dragon!"

Huh!

Hearing this, Karen couldn't help it completely, and said angrily: "Boy, don't be too much."

Yue Feng put away his smile and sneered: "I was too much, you just trapped me with gravel. , It is clear that I want me to die in the hands of the dragon, so that you can run away and delay the time. I tell you, I am not looking for you desperately now, and I am worthy of you."

"You..."

Hearing this, Ka Lun's face flushed, and he wanted to refute, but only said one word and couldn't say it.

"Cousin, just apologize!" Xue Mi'er was too anxious and couldn't help but said: "You were really wrong just now. It is right to apologize to Yue Feng."

Chapter 3381

However, Karen gritted her teeth tightly, still unable to let go of her dignity.

I can be regarded as the best bounty hunter in the bounty league. I apologize to this guy in front of me. Where can I save face?

call!

At this time, no patience mountain wind, sighed and said: "Well, we do not want to apologize, forget it, Xue Claudel you can see, I gave him a chance, he does not grasp,"

said Yue Feng stretched out his hand and patted the head of the giant dragon, pretending to say: "Dragon, giant dragon, you have been hungry for so long, so eat this man and cushion your stomach."

"Roar!" The

voice fell, the giant The dragon let out a roar, and his huge body came directly towards Karen.

Puff!

At this moment, Karen collapsed instantly, her legs became weak, and she slumped down on the ground, shouting: "Don't... Yue Feng... I was wrong, please help me plead, don't let the dragon Eat me, I was a bastard before. I am not a human being. I shouldn't treat you like that. You are a big man, forgive me..."

Karen was terrified when he said this, almost scared to pee.

Seriously, Karen didn't want to be so persuaded, but there was no way. The dragon in front of him was not an opponent at all.

But while interceding, Karen's heart was also gloomy.

Ma De, I didn't have the slightest face in front of my cousin who had been injured by Yue Feng.

Haha...

Hearing the begging for mercy, Yue Feng smiled and stopped the dragon.

"Yue Feng!"

At this

moment , Xue Mi'er was very shocked and couldn't help but said: "Why does this dragon listen to you so much?" "I can communicate with it. Didn't I just say it." Yue Feng said with a smile.

Xue Mi'er bit her lips tightly, always feeling that something was wrong.

Communicating with the dragon is one thing, letting the dragon listen to your orders is another thing.

At this time, Yue Feng stopped talking nonsense, greeted Xue Mi'er and Karen, and jumped on the dragon's back together.

At first, Xue Mi'er and Karen were very frightened, so they didn't dare to come up. Later, seeing that

the dragon was obedient to Yue Feng's words, they jumped up cautiously.

Whoosh!

When the two reached the back of the giant dragon, Yue Feng issued an instruction, and the giant dragon stretched its wings and flew directly out of the cave.

Haha...

Soon, he flew out of the cave, and when he was above the sky, Yue Feng felt unspeakably happy.

Ma De, finally came up, and when he returned to Storm City, he must find that Tian Yi to settle the account.

What a beautiful scenery!

At the same time, Xue Mi'er and Karen, sitting on the back of the dragon, looking at the mountains and rivers below, were shocked and inexplicably excited at the same time.

I really thought that if I met a dragon, I could still come out alive, and even more unexpectedly, I could sit on the dragon's back and soar into the sky.

Soon, on a hillside, under Yue Feng's signal, the giant dragon slowly landed.

"Xue Mi'er."

When the two Xue Mi'er got off the dragon's back, Yue Feng smiled and said, "I still have important things to do, so I won't be with you."

Tian Yi of Storm City deceived himself into the underground cave. This account must be settled by going back to him, and it is naturally inconvenient for Xue Mi'er to follow.

Um!

Xue Mi'er nodded: "Okay, then let's see you again." After

saying that, she took Karen and left.

Chapter 3382

"Okay!"

Watching the two of them go away, Yue Feng took a deep breath, turned his head and said to the giant dragon: "You also go find a habitat, remember, you can no longer do evil and harm humans."

Yue Feng was thinking of returning to Storm City with the dragon, but then he thought about it, the dragon was too big, so he gave up in order to avoid panic among the people.

"Know, Master!" The dragon replied respectfully, then spread its wings and flew away.

Seeing the giant dragon disappearing into the distant sky, Yue Feng took a deep breath and turned to the direction of Storm City.

After half an hour, Yue Feng arrived at Storm City.

Having been trapped in the underground cave for nearly ten hours, Yue Feng was a little tired. After entering the city, he found a tavern and planned to take a rest before looking for Tian Yi.

It was noon, and there were a lot of people in the tavern.

As soon as Yue Feng sat down, he heard the guests at the next table discussing the fake 'Goddess of Light'.

"Have you heard? That fake goddess of light was rescued..."

"It's more than I heard. I was there yesterday. The one who came to the execution ground was also a woman, and she was very strong."

"Yes ." , I can also see clearly, the woman in the execution ground is beautiful, but she looks very fierce..." A

few guests' comments, you and I heard one sentence, and Yue Feng was stunned. .

Damn it!

It turned out that Tian Yi didn't lie to herself, Miaoying was really rescued.

In astonishment, Yue Feng secretly smiled bitterly.

I misunderstood that Tian Yi, and in order to meet Miaoying, he almost lost his mind at the time.

Afterwards, Yue Feng sat there quietly and continued to listen to the discussion of the guests next door. Based on their descriptions, Yue Feng quickly determined that it was Yan Hong who had rescued Miaoying.

For a while, Yue Feng was secretly worried.

Yan Hong came and went without a trace, it was really difficult to find her.

Moreover, Yan Hong and Miaoying had been at odds, and it was really unpredictable that Miaoying fell on her hand.

After resting in the tavern for a while, Yue Feng didn't go to trouble Tian Yi, but hurried to the Principality of Zhuri.

Yue Feng had thought about it. To find Yan Hong's whereabouts, he needed the help of the Duchy of Sun. After all, he had been duke by the king of Duchy of Sun.

.....

At this moment, Storm City, City Lord's Mansion.

At this time, the hall was full of representatives of the five principalities.

Tian Yi led the coalition forces and successfully regained Storm City. At that time, the Twelve Paladins suddenly appeared and subdued Miaoying. This incident soon spread in the five principalities. Then, the five principalities sent representatives. Discuss how to deal with the Duchy of the Day.

"Everyone!" At

this time, Tian Yi, who was sitting on the main seat, looked around and smiled bitterly: "Tell you a bad news! That fake goddess of light was saved by someone."

What?

Hearing this, the whole hall was in an uproar.

That fake goddess of light, was rescued?

"What should I do?"

"Yes, it is said that the fake goddess of light is very powerful. Now that she has been rescued, she will definitely go back and continue to support the Principality of the Sun in launching a war."

"Yes, this is a big hidden danger. "

Everyone expressed their opinions, all of them worrisome.

Chapter 3383

saw this scene, Tian Yi smiled and said with comfort: "Don't worry, everyone, the fake goddess of light was subdued by the twelve paladins, that is to say, she has been targeted by the Temple of Light. It's hard to protect yourself, how can you support the Principality of the Day? So, let's not worry!"

Hearing this, the expressions of everyone around him stretched out.

"That's what I said!"

"In this case, we don't have any worries. Let's discuss how to deal with the Duchy of Sun."

Under the discussion, everyone began to discuss how to attack the Duchy of Sun, but after discussing for a long time, they did not find a good reason. . You know, the war is being waged on the Roland Continent, and it is also important to be famous.

At this moment, Tian Yi thought of something and smiled: "I have a way. Half a day ago, someone broke into Storm City and saved the false goddess of light. I found out that this person was Feng Tao. Zeng killed Wen Liang."

"This person is strong, closely related to the Principality of Sun, and has something to do with the false Goddess of Light."

"We will send an envoy to the Principality of Sun to surrender this storm, if they can't. , We have a reason to send troops!"

Hearing this, everyone around looked at each other.

Finally, I don't know who shouted: "But the Duchy of Day, what if you hand over this wind?" The

voice fell, and the others nodded one after another.

Haha...

Tian Yi couldn't help but laughed, and shook his head: "The Principality of the Sun cannot surrender

the wind and waves, because half a day ago, the wind and waves were led by me to the cave under the storm mountain. The bottom is very sinister, I'm afraid This Feng Tao is already dead below. And this matter, the Principality of the Day doesn't know yet, how could they hand it over? "

Huh!

Hearing this, everyone suddenly realized, and at the same time smiles appeared on their faces.

"Haha, this method is good!"

"Not bad, not bad...."

...

Duchy of Sun.

Royal Palace!

The five principalities sent envoys and proposed to hand over Yue Feng from the Principality day by day, otherwise they would send troops, and the news soon reached the hall.

Upon receiving the news, the king was frightened and angry, and immediately summoned the major city masters to discuss this matter together.

At this moment, the king was sitting on the dragon chair, his expression showing a bit of coldness and anger, and said calmly: "Everyone, these five principalities have deceived so much. They have retaken Storm City, but they want me to hand over the wind and waves. What do you think about the matter?"

The king was very aggrieved when he said this.

This Fengtao, who was just duke-named himself, not only had a set of warfare, but also had extremely high attainments in painting. How could it be handed over to the five principalities?

But if you don't pay, the five principalities will unite against the Duchy of the Day.

At this time, Zhan Chao was the first to stand up and slowly said: "Your Majesty, the messenger of the five principalities, I understand that Feng Tao has something to do with the false goddess of light, so we will let us hand over Yue Feng. And, before, we started the war first." At

this point, Zhan Chao looked serious: "I think it's better to hand over the wind and waves, and temporarily stabilize the five principalities, otherwise, they will really send troops, let's Can't stop it." When

he said this, Zhan Chao's face was selfless, but his eyes flashed with coldness.

That Fengtao embarrassed himself again and again, and now such a good opportunity will naturally not be missed.

"you shut up."

As soon as the voice fell, Abel strode out and yelled at Zhan Chao, "Are you worthy of your own conscience when you say this? Don't forget that the coalition forces attacked Amaterasu twice before, and the Lord Fengtao helped to defend it. , Moreover, Your Excellency Feng Tao was also made a duke by your majesty, so he was handed over. In the future, we will follow the Principality, how can we still gain a foothold in Roland?"

Ha ha...

Zhan Chao sneered and retorted: "He can help hold Amaterasu City, it's all good luck. There is no real ability. Well, you don't advocate handing over the wind and waves. When the coalition forces of the five principalities come over, you can stop them? Can you stop them?"

"You... ." Abel flushed and was furious.

Chapter 3384

Seeing that the atmosphere became more and more furious, the king frowned and waved his hand: "Okay, don't make any noise!" The

king said, Abel and Zhan Chao both closed their mouths and stepped aside.

"This matter!" In the

next second, the king pondered, and slowly said:
"It is related to the prestige and survival of our
Principality, let me think about it, you all retreat
first!"

The king at this time , Also fell into entanglement,
and my heart was very irritable.

"Yes, your majesty!"

The city lord present responded in unison and
withdrew from the main hall one after another.

Zhan Chao's eyes flickered, but he did not leave.

"Your Majesty!"

Seeing that everyone was gone, Zhan Chao
stepped forward and said respectfully to the king:
"Really don't plan to hand over Fengtao? In this

way, the five principalities really want to fight over, but we can't stop it."

call!

The king sighed deeply, and said helplessly: "Of course I know this, but Feng Tao was made duke by me. He is a member of our daily duchy. If I hand him over to the five principalities, how will I rule in the future? Principality by the Sun, who else can convince me?"

Hearing this, Zhan Chao smiled slightly: "It turns out that your Majesty is worried about this, so let's leave it to me when Feng Tao returns. "

Give it to you?" The king was stunned.

Zhan Chao nodded: "Yes, I think of ways to catch Fengtao, and then send it to the five principalities. When that happens, I will say that the whole thing

is done by myself and has nothing to do with your majesty. In this way, your majesty will not. Worrying about the damage of reputation." The

king pondered for a moment, then nodded and said: "Well, then do as you said!"

To be honest, the king didn't want to hand over Fengtao, but there was no way, in order to avoid war, it had to do so.

.....

On the other side, Yue Feng finally arrived at King Zhurigong City after two hours of flying.

At this time, Abel should be resting.

Muttering in his heart, Yue Feng walked towards the manor where Abel lived.

"Your Excellency..." When he

reached the manor, he saw a knight hurried up to meet him.

"What's the matter with you?" Yue Feng stopped and asked with a frown.

When talking about this, Yue Feng looked at the knight up and down, this outfit seemed to be not Abel's.

"Your Excellency!" The knight looked polite and respectfully said: "I am the knight of City Master Zhan Chao. City Master Zhan Chao has something to do. I want to discuss with your Excellency."

Zhan Chao?

Hearing this, Yue Feng frowned secretly, and couldn't help muttering in his heart, that Zhan Chao, against himself everywhere, suddenly sent someone to look for him, there must be nothing good.

Thinking about it, Yue Feng shook his head and said: "Sorry, I have something,

let's go another day!" He was about to leave.

The knight did not give up, and quickly said: "Your Excellency, you only need to see City Lord Abel? He was summoned by the king, and he is still in the palace! And it is very important for City Lord Zhan Chao to look for you. Please follow me Let's go, otherwise, the subordinates really can't deal with each other."

Abel is in the palace?

Yue Feng scratched his head: "Well, you go ahead and lead the way."

Soon, under the leadership of the knight, Yue Feng arrived at Zhan Chao's manor.

Entering the hall of the manor, I saw Zhan Chao already sitting there waiting.

"Oh..."

Seeing Yue Feng, Zhan Chao quickly stood up and said with a smile: "The great painter is here, I really

miss you !" "Zhan Chao, what the hell are you looking for me?" Yue Feng was too lazy to talk nonsense, and asked straightforwardly.

Zhan Chao smirked: "Feng Tao, I have been against you before, aiming at you everywhere, and

then I think about it, I am jealous of your talents, I really shouldn't!"

Chapter 3385

"You are now a Duke, and we are working together for your Majesty. We are all our own...So, I apologize to you specifically today. Moreover, I have prepared a banquet, and I hope you don't refuse."

When he said this, Zhan Chao looked eager and sincere, but there was a hint of cunning in his eyes.

Huh...

Hearing this, Yue Feng's eyes flickered and he muttered secretly!

Nima, this Zhan Chao has always been uncomfortable with himself, and suddenly showed good to himself, how did he feel that something was wrong.

But it is a bit wrong to refuse directly, it is better to see what tricks he is playing.

Muttered, mountain wind nodded his head: "Santo adults really kind."

Ha ha ...

see Yue wind did not refuse, Zhan super smile, quickly said: "! Banquet at the back, please come with me,"

the voice down, in Lead the way ahead.

Yue Feng replied and followed behind.

Um?

When he reached the back room, Yue Feng was stunned.

I saw that the room was empty, not to mention the banquet, not even a table.

Click!

At this moment, I saw Zhan Chao sneer, pressed a mechanism at the door, and heard a sound. Then, a huge black cage landed from the ceiling, directly covering Yue Feng.

Chi Chi...

Immediately afterwards, cylinders were also exposed on the walls on all sides, from which dozens of palm-sized feather arrows were shot out.

Nima!

All this happened too fast, and the scope of the iron cage was too small, Yue Feng couldn't use it at all. Soon, six or seven feather arrows were hit on his body.

"Zhan Chao..."

Yue Feng endured the pain, his anger rose, his eyes locked tightly on Zhan Chao: "Sure enough, it is nothing to do with courtesy. If you do not rape or steal, don't forget, I am now a duke, you do it to me, Have you thought about the consequences?"

At this time, Yue Feng could be regarded as understanding, Zhan Chao did not want to apologize at all, but had to deal with himself!

"Haha."

Feeling Yue Feng's anger, Zhan Chao didn't panic at all, but laughed: "Even if your majesty knows, he won't blame me. Tell you the truth, the five principalities will send envoys to negotiate terms. If you hand over it, you will be fine, otherwise, you will send troops to attack the Principality of Sun-Duke!"

"For the safety of the Principality of Sun-Duke, I can only use this method to catch you and hand it over to the five principalities. When the time comes, Your Majesty I won't blame me. "

What?

Hearing this, Yue Feng frowned secretly, shaking in his heart.

The five principalities actually threatened the Principality of the Day with me as a condition?

Soon, Yue Feng reacted, and was too lazy to talk nonsense, urging the internal force to break the iron cage, but what surprised him was that the iron cage was very tough. Not only that, but the whole body began to weaken.

Mad, there is poison on the feather arrow?

However, he is not invaded by poisons.

At this moment, Yue Feng was frightened.

Ha ha...

Seeing Yue Feng's expression, Zhan Chao sneered: "Feng Tao, this cage is made of Xingxiao Stone. Even if you are a holy god, don't even want to open it. Also, the feather arrow in you is wiped. With a special anesthetic, one can anesthetize fifty unicorns, but if you get six or seven, don't waste your energy!" When

talking about this, Zhan Chao couldn't say so proudly.

It turned out to be an anesthetic, so it's no wonder that you can't get it out with a little effort.

Hearing this, Yue Feng's eyes were blood-red, completely furious, and shouted: "Zhan Chao, you despicable and shameless villain, you'd better let me go out, otherwise, you will regret what you did today!"

"I'm afraid you don't have this chance!"

Zhan Chao smiled coldly, and then ordered the two men outside the door: "Watch tight, and when he loses resistance, he will tie it up." The

voice fell. Just walked out of the room.

Nima!

Yue Feng clenched his fist, wanted to curse, but clearly felt that the anesthetic on the feather arrow began to explode, and a sensation of paralysis quickly spread throughout his body.

In just ten seconds, Yue Feng lost consciousness all over his body, and at the same time, his eyes turned black for a while, and finally fainted.

I don't know how long he has been in a coma, Yue Feng gradually woke up, still feeling a little groggy in his mind.

Um?

At the moment when he opened his eyes, Yue Feng was stunned.

I saw that I was tied up by the big five flowers and locked in a prison wagon, which was made entirely of stainless steel, and was slowly moving forward at this time, and a team of more than a dozen knights escorted the wagon around.

Seeing the surrounding environment again, Yue Feng suddenly frowned.

On the left is the continuous mountains, and on the right is the endless wilderness. Obviously, this is no longer the boundary of the Duchy of the Sun.

Ma De, did Zhan Chao really hand me over to the five principalities?

Swearing inwardly, Yue Feng asked the knight outside through the iron cage of the prison car: "My lord knight, where are we going?"

"Huh? Wake up..."

Hearing the question, the knight concealed it. He could not help but jokingly said: "You have been abandoned by the Principality of the Day, and you don't even know where you were sent?"

After speaking, the knight continued: "Tell you, after the five principalities have discussed, you will be sent to our Golden Lion Principality for interrogation."

Half a day ago, Yue Feng was sent to Storm City by Zhan Chao, who was in Storm City at that time. After deliberation, the representatives of the five principalities decided to hand over Yue Feng to the Golden Lion Principality for disposal.

Nima!

Upon hearing this, Yue Feng's expression was extremely ugly.

Really consider yourself a criminal?

Depressed, Yue Feng smiled and said: "Several knights, I am not Feng Tao, you have been deceived by the Duchy of Sun, why don't you let me go?"

Seriously, with Yue Feng's strength , You can easily rush out of the prison car, but the anesthesia effect on your body has not

disappeared, you can only think of a way, think of a way from these knights in front of you.

Not Feng Tao?

Hearing this, the knight was taken aback at first, and then couldn't help but laughed: "Hehe, you don't have to play such a careful thought for me, before in Storm City, Master Tian Yi has confirmed that you are Feng Tao!"

At this moment, Yue Feng was very depressed.

Seeing Yue Feng's expression, the knight chuckled: "Okay, let's not say anything, you still return to the royal city with us honestly, and wait to see our Queen, as long as you tell us who you are with that false goddess of light Relationship, maybe Her Majesty the Queen will take it lightly. "The

Queen?

Yue Feng was stunned immediately. The ruler of the Golden Lion Principality is a woman?

At this time, Yue Feng didn't know that among the six principalities of the Roland Continent, only the Golden Lion Principality was ruled by the queen, and it was the only female ruler for thousands of years.

"Stop!"

Just when Yue Feng muttered secretly, suddenly, the knight in front shouted, and the prison car slammed to the brakes.

Yue Feng didn't react at all, didn't sit still, and hit his head on the iron cage of the prison car.

Damn it!

Yue Feng endured the pain, depressed.

What's the situation, how come it stops suddenly?

Muttering, seeing the situation ahead, Yue Feng couldn't help taking a breath of cold air.

I saw that not far in front, a dozen people stood quietly in the middle of the road, each holding a big sword and covering their faces.

Each of these people is not low in strength, and most of them are in the realm of the nobles

Chapter 3387

"You are so bold."

At this time, the captain of the knight in charge of escorting the prisoner wagon quickly stepped

forward and yelled at these masked men: "Dare to block the way of our Royal Guards, quickly get out of the way, otherwise there will be consequences. Conceited."

Yes, these knights are from the Royal Guard of the Golden Lion Principality, with extraordinary status and free access to the palace.

At the same time, the other knights all drew out their swords one after another, with solemn expressions.

Haha...

Hearing this, the headed man in black couldn't help but sneer: "Today we robbed your Royal Guard! Brothers, get on it!"

Hula!

When the voice fell, a dozen people in black burst out of holy power, thinking directly about these knights rushing over. In the blink of an eye, the two sides fought fiercely.

Damn it!

Seeing this scene, Yue Feng was completely blindsided.

what's going on? I have seen money robbing halfway through, and I have never seen a prisoner car robbing halfway through. Besides, I don't know these people in black. They will not save me, are they?

Thinking about it, Yue Feng closely watched the battlefield situation.

I saw that these masked men were not only strong, but also very cooperative with each other.

In the blink of an eye, these knights were rushed to the ground.

Bang Bang Bang...

Ten minutes later, all the knights around the prison car were knocked to the ground by these masked men. One by one, they lost their combat effectiveness and passed out.

call!

At this moment, the headed masked man tore off his face towel and strode forward thinking of the prison wagon.

At this moment, Yue Feng took a deep breath, trying to calm himself down, and at the same time, countless thoughts turned in his mind.

Did they save themselves?

Or... was secretly instructed by Zhan Chao to intercept himself.

"Hey."

At this moment, the man walked to the prison car and said coldly at Yue Feng: "Don't worry, we won't hurt you, but you have to promise, wait to cooperate with us, otherwise, I will be the first. Killed you!"

His face was fierce when he said this.

This person is Qiangxiong, the biggest bandit leader of the Golden Lion Principality.

Cooperate?

Hearing this, Yue Feng looked confused, but he nodded and said: "Okay, I understand."

If it had been a day ago, Yue Feng would definitely not put these people in front of his eyes, but now, the anesthesia effect on his body It hasn't disappeared, so you can only choose to compromise.

Seeing Yue Feng's promise, Qiang Xiong was too lazy to talk nonsense, and urged his surrounding men: "Quickly, put on these knights' clothes, we are running out of time."

Hearing the order, the masked people around quickly stunned those in a coma. The knight's clothes were stripped off and put on himself.

This...

Seeing this scene, Yue Feng was secretly surprised, and at the same time vaguely guessed something.

The group of people in front of them seems to be pretending to be the royal guards and mixing into the palace. What is their purpose in doing this?

A few minutes later, Qiangxiong's gang all changed their clothes, and then escorted the prison wagon to continue toward the royal city of the Golden Lion Principality.

Along the way, Qiangxiong and the surrounding subordinates were unspeakably excited, talking and laughing.

"Boss!"

At this time, one of his subordinates smiled at Qiang Xiong: "Pretending to be a royal guard and

mixing into the palace. This idea is really amazing. But, the palace is so big, can we find the half-volume of the sacred book? "The

voice fell, and everyone around was also worried.

Strong male is the look of confidence, lightly: "? What is panic, as long as we mixed the palace, the queen wanted to find a way, as long as seize the queen, afraid she can not find the whereabouts of canon jade book,"

said these At that time, Qiangxiong looked confident.

Chapter 3388 is

not bad, Qiang Xiong led his men today to raid the royal guards, the purpose is to get into the palace and find the sacred book.

Three days ago, Qiangxiong got the news that the second half of the lost book of the Holy Code of the Temple of Light was in the palace of the Golden Lion Principality. According to legend, the book of the Holy Code hides a huge secret, just crack it. I got the secret inside, what I want.

Knowing this situation, Qiangxiong summoned his men to discuss how to get into the palace. Just half a day ago, he learned that the Royal Guard was going to escort a prisoner back to the palace. Qiangxiong took the people and intercepted it halfway.

What?

Hearing the conversation between Qiang Xiong and everyone, Yue Feng was startled.

It turned out that this group of people mixed into the palace and wanted to find the jade book of the holy book?

Could it be that the second half of the lost sacred book of the Temple of Light was in the palace of the Golden Lion Principality?

Muttering in his heart, Yue Feng was inexplicably excited.

When he was in the Temple of Light before, Yue Feng had read the first half of the sacred jade book, the contents of which were handed down by Fuxi, the second half of which recorded how to leave this world.

If you get the second half and find Miaoying, you can leave.

After several hours of rushing, Qiang Xiong and others escorted Yue Feng and finally arrived at the King City of Golden Lion.

At this time, the world was already dark.

Because Qiangxiong and others were wearing knight's armor and still had tokens on their bodies, the palace guards did not stop them at all.

Haha...At

this moment, Qiangxiong and his men are all excited beyond words.

"Boss!"

At this moment, one of them glanced at Yue Feng and couldn't help but said: "What about this guy? He was on the road before, and he listened to our plan."

Qiang Xiong did not hesitate, and said coldly: "Find a corner and kill directly. Don't let people find out." As the biggest bandit leader of the Golden Lion

Principality, Qiang is ambitious and cruel. In his heart, Yue Feng is just a criminal and has no value at all.

Damn it!

Hearing this, Yue Feng's heart was shocked, and he was shocked and angry.

This group of people is too cruel, right? They want to kill people without saying anything?

Thinking about it, Yue Feng hurriedly said to Qiang Xiong: "This boss, don't kill me, aren't you looking for the queen? I know where her bedroom is. As long as you promise to let me go, I can take you there. "

Yue Feng doesn't even know where the queen lives. He said that to delay himself.

Um?

Hearing this, Qiangxiong and the surrounding subordinates looked at each other, and there was a strange light in their eyes.

In the next second, Qiang Xiong endured the excitement in his heart and looked at Yue Feng: "Do you really know the queen's palace?" If this person knew, he would have saved a lot of things.

"I know, I was caught because I went to the queen's palace at night." Yue Feng nodded.

When he said this, Yue Feng looked serious, but he secretly smiled.

Haha....

I'm just talking nonsense, this group of people really believe it.

"Okay!"

Qiang Xiong was overjoyed and patted Yue Feng on the shoulder: "When you wait, you will take us to the Queen's Palace. As long as our plan is successful, your benefits will be indispensable."
With

that, Qiang Xiong asked his subordinates to give Yue Feng to Yue Feng. The chains on the hands and feet were untied.

call!

The moment the chains of hands and feet were untied, Yue Feng couldn't help but breathe a sigh of relief. Nima was finally free.

Whispering, Yue Feng showed a slight smile, and then led Qiang Xiong and others around in the

palace. Qiang Xiong and others were wearing knight costumes, and the guards in the palace would not interrogate them at all.

After spinning for ten minutes, Yue Feng saw a light on a palace not far ahead, and quickly said: "The queen's palace is in front!"

Qiang Xiong waved his hand without any doubt, "Brothers, rush in." , Grab the queen." The

voice fell, Qiang Xiong rushed into the bedroom first, followed by a dozen of his men.

Haha...a bunch of idiots!

Seeing this, Yue Feng didn't hesitate to turn around and ran.

After Qiangxiong and the others broke into the palace, they saw the priest's altar inside. There

was no queen at all. Obviously, this was a palace dedicated to priests.

"Huh?"

"Boss, there is no queen here."

"Ma De, I was deceived by that kid."

Chapter 3389

Under fright, Qiang Xiong hurriedly led people out of the palace, but there was no figure of Yue Feng outside?

boom!

At this moment, Qiangxiong's face was extremely ugly, and he slapped him fiercely on the stone statue at the gate of the palace. The kid dared to

lie to himself, and when he caught him, he must be broken into pieces.

Huh!

At this moment, a team of guards on patrol walked over and saw Qiang Xiong and others standing at the gate of the priest's hall, and suddenly frowned secretly.

"What are you doing here? Don't you know that the priest's hall is not allowed to enter?"

"How do these guards look so face-to-face?"

"They seem to be fakes."

Soon, these guards on patrol realized something was wrong and shouted. Then he rushed over.

Mad! Identity revealed!

Seeing the guards from the past, Qiang Xiong and others had no time to escape, so they had to bite the bullet and fight fiercely with the opponent.

Suddenly, the sound of fighting and shouting resounded over the entire palace.

the other side!

After Yue Feng ran for a while, he heard the direction of the priest's hall, and there was a fighting sound. Then, many patrolling guards kept rushing past.

Haha... These

idiots must have revealed their identity.

Yue Feng showed a smile, relaxed, and took advantage of the darkness to walk towards the direction outside the palace.

Yue Feng thought it over, and waited until the numbness on his body completely disappeared, and then came back to explore the palace.

After walking for a while, Yue Feng felt his head was big.

This palace was really too big, and it was still at night, Yue Feng felt that he had entered a huge maze, and he couldn't find the palace door to get out no matter how he walked.

Nima.

Wouldn't I be trapped here too?

Depressed, hearing a palace in front of him, with lights still on inside, Yue Feng stepped lightly and walked in slowly.

Forget it, grab a court lady and ask.

hiss!

As soon as he walked in and saw the scene inside, Yue Feng was shocked and couldn't help taking a breath.

I saw that inside this palace, the decoration was very luxurious and magnificent, and even the bed was carved with ivory.

Damn it.... It wouldn't be so coincidental.

Is this the queen's palace?

Yue Feng took a deep breath and continued to look inside, and his whole person was stunned!

I saw a beautiful and sexy woman sitting on the ivory bed. The woman had long golden hair and delicate features. She was wearing a pale golden nightgown. The charming curves made people unable to move their eyes.

Beside, two beautiful palace ladies waited quietly.

Damn it!

It's really the queen.

Feeling the powerful aura in the woman, Yue Feng realized that this was the queen of the Golden Lion Principality.

After watching for more than ten seconds, Yue Feng gradually reacted and couldn't help but pat himself.

If you want to leave the palace in the chaos, how do you think the queen is fascinated? !

Muttering in his heart, Yue Feng was about to turn around and leave.

At this moment, the movement outside grew louder and louder.

"What's the situation outside?" The

queen frowned and said to the two court ladies beside her: "You go out and have a look!!"

"Yes." The two court ladies responded in unison, and walked out of the palace quickly.

call!

At this moment, Yue Feng couldn't think much, and quickly hid behind the pillar to avoid being discovered by the two palace ladies.

Chapter 3390

Hoop!

As soon as the two court ladies left, a team of patrolling guards ran over and guarded around the palace.

"An assassin has entered the palace!"

"Protect Your Royal Highness!"

Seeing this, Yue Feng wanted to cry without tears.

Nima, I can't get off now.

Huh!

At this time, the queen stood up all of a sudden, walked to the door, and asked: "What's the matter?"

"Back to your majesty." The guard outside the door quickly reported: "There is a group of assassins, pretending to be the royal guards, and getting in. At the palace." The

queen's eyebrows furrowed: "We must catch them and never let them run away."

"Yes!" While the

queen asked the guards, Yue Feng quietly walked in and hid behind the ivory bed. Now there are guards everywhere outside. In a short time, I must not be able to leave. It is better to hide in the queen's palace and watch the changes.

At this time, the queen returned and sat on a bed of ivory.

At this moment, through the hollowed-out ivory bed, Yue Feng admired the queen at close range and couldn't help feeling secretly.

I didn't expect that there would still be such a beautiful queen in Roland Continent.

"Protect the queen, capture the assassin!"

Just when Yue Feng secretly admired the queen, suddenly, a shout came from outside, and then a man in golden armor walked in quickly.

"Mengyi?"

Seeing the incoming person, the queen frowned and looked very unhappy: "What are you doing here?"

The man is called Meng Yi, the title of Marquis, and his status is second only to the queen. One person is less than ten thousand people. It can be said that he is powerful. Recently, he has cultivated his own power in secret, which has seriously threatened the status of the queen.

In the past few days, the queen is trying to figure out how to get rid of the masked wings. At this time, seeing him, naturally she won't have a good face.

"Your Majesty the Queen!"

Feeling the Queen's displeasure, Mengyi didn't panic at all, and said pretentiously: "I just heard that an assassin broke into the palace, so I hurried over to protect him." The

queen exhaled softly and said coldly: "The assassin is outside. If you are really loyal to me, go and grab them all. Also, this is my bedroom, no summons, no entry, you know?"

However, Meng Yi didn't seem to hear it. Standing there laughing without saying a word.

Seeing this scene, the queen became even more angry: "Meng Yi, you can't hear me?"

Ha ha...

Meng Yi did not answer, but clapped her hands!

Wow!

In an instant, a dozen people broke in from outside and surrounded the queen.

The queen was extremely furious and exclaimed: "Meng Yi, what do you mean? Are you going to commit the following crimes, treason?"

Fuck!

At the same time, Yue Feng, who was hiding behind the ivory bed, was also secretly surprised.

This man named Mengyi is so bold that he wants to do something against the queen.

Meng Yi smiled proudly and said, "Yes, I'm going to rebel today. Anyway, you are ready to get rid of me. Instead of just waiting to be killed, you should take the initiative, right?"

After speaking, Meng Yi glanced outside and continued: "I didn't plan to do it today, but those assassins created perfect conditions for me. Hey, now the guards of the entire palace are attracted to the priest's hall by the assassins. No one will worry about coming here, and the guards guarding your palace are all mine."

"If you are more acquainted, give way to me, otherwise, don't blame me for being impolite!"

What ?

The guards outside are also his people?

Chapter 3391

heard this, the queen's body trembled: "Meng Yi, even if you kill me tonight, you will not get the support of the people..."

Before she finished speaking, Meng Yi interrupted.
NS.

"Of course I won't kill you myself." Mengyi smiled wickedly and said word by word: "It is the people around you who killed you. After they kill you, I will charge you as an assassin. Catch them all."

"Waiting until tomorrow morning, I will tell the entire Principality that you were killed by an assassin, and I came to rescue him, but it was one step late, and then everyone would choose a new king. "

And I, I am the most suitable candidate, do you understand?"

After speaking the last sentence, Meng Yi laughed triumphantly.

"You..." At

this moment, the queen was so angry, her delicate body trembled constantly, and she couldn't speak for a while.

At the same time, Yue Feng frowned secretly.

Ma De, this Mongolian Wing, let his subordinates pretend to be assassins to deal with the queen, and get rid of responsibility. This trick is really poisonous.

At this time, Meng Yi no longer talked nonsense, raised his hand, and pointed at the queen: "Kill her!"

Buzzing...In a

short time, everyone around burst out of holy power and head towards the queen!

Seeing everyone rushing over, the queen bit her lips tightly, her delicate face was full of anger and coldness: "Mengyi, these people want my life? You really underestimated me."

Om!

As the voice fell, a powerful sacred power burst out from the queen's body. In a moment, the air in the entire palace seemed to stagnate.

The queen is not only the ruler of the Golden Lion Principality, but is also very strong in cultivation strength. The strength of the upper-stage saint is about to break through the saint emperor.

"Kacha!"

Then, with a crisp sound, a golden long sword appeared in the Queen's hand.

This golden long sword, made of special metal, is a symbol of the golden lion king's power, and only the kings of the past can have it.

As soon as the golden sword came out, the entire palace was enveloped under a golden glow.

At this moment, everyone around was inexplicably panicked.

"What is it?"

Seeing this, Meng Yi frowned and shouted: "She has only one person. No matter how strong she is, it won't be long. As long as the big thing is done tonight, you will all be heroes."

Listen At this point, everyone's heart is certain, speed up, and surround the queen in the middle.

Obviously, these people were specially trained by Mengyi, and they cooperated very well. They saw that the queen held a golden sword in her hand, her figure was agile and elegant, but she couldn't rush out.

call!

Seeing this scene, Yue Feng couldn't help taking a deep breath, and then sat there cross-legged, urging his dantian internal force to expel the anesthetic residue in his body.

At this time, Yue Feng was very anxious, because he knew that once the queen was killed, Meng Yi would definitely search the entire palace, and then his whereabouts would be exposed.

Under what kind of circumstances, the strength must be restored as soon as possible.

While driving out, Yue Feng also paid attention to the situation in front of him.

I saw that the queen was holding a golden sword, surrounded by the crowd, and the figure shuttled back and forth. The perfect figure was revealed, and it was simply too beautiful.

Soon, half an hour passed, the queen's holy power was consumed too much, the speed slowed down, and the delicate face also showed a bit of fatigue.

Haha...

Seeing this scene, Meng Yi couldn't say how proud, and shouted: "Face reality, don't struggle!" The

queen bit her lip without responding, and continued to wield the golden sword, struggling to support it.

"Oh!"

At this moment, a soft sigh came from behind the ivory bed: "So many people hit one, you really want to face." The voice fell, and you saw a dark shadow, like thunder and lightning, toward The crowd in front of the queen went away.

Chapter 3392

This dark shadow is just a chair.

boom!

The crowd was too late to react, and one of them was hit in the head and fainted immediately.

Mad!

Seeing this scene, Meng Yi and the surrounding subordinates were frightened and looked behind the ivory bed one after another.

I saw a handsome figure slowly coming out, with a bit of coldness on his firm face.

It is Yue Feng.

At this time, the queen also trembled, when did this person hide here? I didn't even know it all the time.

Huh!

At this moment, everyone's eyes were focused on Yue Feng.

"I can't control you, but so many people bully a woman, then I can't just sit idly by." Yue Feng stretched his body and slowly said.

After half an hour of dispelling, the anesthetic in Yue Feng's body had completely disappeared.

Hearing this, Meng Yi's face turned gloomy and coldly said: "Who are you? Do you dare to talk to me like this and find death?"

Then, Meng Yi glanced at the queen, guessed something in his heart, and laughed and mocked: "Oh, I see, this is the man you hid in the palace? It just so happens that you will be executed together tonight."

In Meng Yi's heart at this time, Yue Feng is the man hidden in the palace by the queen, otherwise, what? Will hide behind the ivory bed?

Huh!

The queen's delicate face suddenly flushed, and she was ashamed and angry, and shouted at Meng Yijiao: "You shut up, I don't even know him."

This masked wing not only committed the crime, but now also slanders his innocence. How can he bear it?

When the voice fell, Yue Feng also said: "Yes, I have nothing to do with the queen, you don't talk nonsense here."

Nonsense?

Meng Yi sneered and was too lazy to talk nonsense: "No matter who you are, since you are hiding in the palace, don't want to go out alive." As he said, with a wave of his hand, the surrounding men immediately surrounded Yue Feng.

Ha ha!

Looking at the people who rushed away, Yue Feng didn't panic at all. Ever since he was cheated by Zhan Chao, he was holding a fire in his heart.

Thinking about it, Yue Feng raised his fist directly!

Bang!

The person who rushed to the front, before he could react, was hit in the face with a punch by Yue Feng, the whole person was smashed into the air, and he passed out immediately after landing!

What? !

Seeing this scene, whether it was the queen, or Mengyi and his men, their hearts were shocked and their faces were full of consternation.

This... this guy is just a holy king, who knocked people out with a punch? !

You know, each of Meng Yi's men is not low in strength, but in front of this guy, there is no resistance at all.

Could it be that he was the assassin who broke into the palace?

Under the shock of the heart, the others who rushed to the front did not dare to act rashly anymore, swallowing secretly one by one, looking at Yue Feng's gaze, there was also a bit of jealousy coming out.

"Your Excellency Marquis!"

Finally, one of his subordinates cautiously said to Mengyi: "This guy is a bit evil, what should I do?"

Meng Yi's face was black, and he was so angry that he cursed: "Trash, this guy is only in the realm of the Holy King, and only one person, what are you all talking about?! Let's go together, kill him first, and then kill the queen!"

According to the plan, we must Before the assassins outside were caught, the queen was killed, so that they could blame the assassins, but unexpectedly, a man suddenly appeared and disrupted the plan.

Huh!

Hearing Meng Yi's angry shout, a dozen of his subordinates took a breath, burst out Holy Power again, and rushed directly towards Yue Feng.

Chapter 3393

Yue Feng looked relaxed, not panicking at all.

Although these men of Meng Yi were not low in strength, in Yue Feng's eyes, there was no threat at all.

However, Yue Feng did not show his true strength, but pretended to be very scared, yelling, and dodged everywhere.

"Oh, I want to deceive more and less, I'm not a hero."

While dodging, Yue Feng kept moving things in front of him to block the pace of others behind, tables, screens, chairs, and even ivory beds. , All were moved by Yue Feng.

"Wow!"

A guy, seeing that he was about to catch Yue Feng, bumped his head on the table, couldn't help but squat down, bowed into a shrimp shape.

"Ouch!"

"Ah...my eyes!" In the

next few minutes, the rest of the people were either smashed in the face by chairs or smashed into a bed of ivory. In the end, they fell to the ground one by one. The expression was painful, and all of them lost their combat effectiveness.

Mad!

Seeing this scene, Meng Yi almost exploded in anger. So many people besieged a person. Not only did they fail to catch him, but he was defeated in this way. It was really embarrassing.

This...

At the same time, the queen was also trembling, looking at Yue Feng's gaze, full of surprise.

So many people were knocked down by his use of furniture. This is really good luck.

In the Queen's heart, Yue Feng was no more than the Saint King's strength, but he used furniture to knock down so many people. Apart from good luck, he really couldn't think of any other reasons.

"you wanna die!"

Finally, Meng Yi reacted, glaring at Yue Feng, and after an angry shout, he rushed over.

Haha...

Seeing that Meng Yi was completely irritated, Yue Feng smiled secretly, but his face was very panicked: "Oh, is it angry?" As he

shouted, Yue Feng speeded up, carrying Meng Yi on Circle in the palace.

Just now when Yue Feng dodged Meng Yi's men, he pulled the table and chair, seemingly casual, but in fact he was deploying a formation.

At this time the formation has been formed, as long as Mengyi is trapped, don't think of it.

Meng Yi didn't know the mystery of these moving furniture, he wanted to kill Yue Feng on the spot, but after chasing for a while, he realized something was wrong. He and the guy in front of him were clearly less than two meters away, but they couldn't catch up.

Moreover, the surrounding furniture, as if it is spiritual, seems to be able to change position with one's own actions.

Time passed, Meng Yiqi vomited blood, but could not catch Yue Feng!

Phew...

Seeing this scene, the queen standing there is also full of astonishment!

She clearly saw that Yue Feng was chased by Mengyi and fled across the palace, in an indescribable embarrassment, but Mengyi couldn't catch him.

How could this be?

Mengyi is a holy lord, this person is just a holy king, and the strength of the two sides is so great

that Mengyi should be able to catch him soon, but at this time, he is playing around.

Who is he? Are you with the assassin outside?

But if he were an assassin, why would he help himself to deal with Mengyi?

Thinking about it, the queen frowned, staring at Yue Feng's figure, completely confused.

Soon, half an hour passed.

Meng Yi was sweating profusely, but he was always two meters away from Yue Feng.

"You're called Meng Yi!" At

this moment, Yue Feng stopped and looked at Meng Yi with a smile, with a bit of joking in his

eyes: "Seeing your status is not low, your strength is average, even me. Such a nameless pawn can't be caught, and he still wants to be a king? Are you afraid of being laughed out of? Haha..."

The

last sentence of Chapter 3394 fell, and Yue Feng laughed triumphantly, his eyes full of abuse.

Yes, Yue Feng wanted to deliberately anger Mengyi.

"Ma De, you are looking for death!" Meng Yi was completely furious.

At this moment, Mengyi's Holy Power exploded, suddenly raising his arm, he heard a click, revealing a shining silver sleeve arrow.

It's just that Xiujian didn't aim at Yue Feng, but at the queen.

At this time, Mengyi was already angry, but he still retained a bit of reason. He realized that Yue Feng was deliberately dragging time with himself. In this case, he must kill the queen first.

As long as you kill the queen first, there will be no worries, when the time comes, you will slowly clean up this guy.

Damn it!

Seeing this, Yue Feng cursed secretly, and at the same time shouted at the queen: "Quickly get away!"

Whoosh!

At this moment, the Mongolian wings buttoned the motive spring, and the silver sleeve arrows shot out, tearing the air, turning into a cold glow, and heading towards the queen's heart.

Xiujian was so fast that the queen couldn't react at all.

Seeing that Xiujian was about to hit the queen, Yue Feng couldn't think about it at this critical moment. With luck, the inner strength of Dantian suddenly rushed over and blocked the queen.

To be honest, Yue Feng and the queen have never known each other, there is no need to block the sleeve arrows for her, but I think that the jade book of the holy code is in this palace, and only the queen knows where it is. If the queen dies, I am afraid that it will never be found. arrive.

"You..."

Seeing Yue Feng standing in front of her, the queen reacted, and her body trembled suddenly.

She didn't expect that this person would stand in front of her desperately.

Pouch!

At this moment, Xiujian hit Yue Feng, almost piercing the entire right shoulder. In a short time, blood came out, and half of his body was dyed red!

When the pain came, Yue Feng couldn't help but sucked in a cold breath! However, he gritted his teeth and did not shout, his eyes fixed on Mengyi, and a smile appeared: "You can be regarded as a person with a head and a face. Isn't it embarrassing to use such a despicable method?"

Yue Fengcong. Tear off a piece of cloth from his body and quickly wrap the wound around.

Ma De....

Meng Yi was stunned, he didn't expect that Yue Feng would help the queen to block the sleeve arrows.

In the next second, Meng Yi sneered: "Those who make big things don't stick to the trivial, as long as they can kill you, and the methods are shameless? Tell you, that sleeve arrow is very poisonous, and you won't wait for me to lose ten. He died of poisonous hair." After

speaking, Meng Yi looked proud and began to count: "One...two..."

However, after counting a few, Meng Yi couldn't help frowning and saw Yue Feng's expression as usual. There is no sign of poisoning at all.

How could this be?

Why is there nothing wrong with this guy?

At this time, Meng Yi still didn't know that Yue Feng had a special physique and could not invade a hundred poisons.

"Your poison doesn't work!" Yue Feng showed a slight smile, and said to Meng Yi, "It seems that your luck today is not very good, and God won't help you. I think you should give up surrendering."
"

You..."

Meng Yi was frightened, his face was extremely ugly, and his heart was a little panicked at this time.

This person, who obviously only has the strength of the Saint King, has defeated so many of his subordinates at once, and now, he has been poisoned by his sleeve arrows, and there is nothing wrong with it. Is this kid really a nemesis sent by God?

"Sister!"

At this moment, a shout suddenly sounded outside, and then a slim figure walked in, a palace dress with charming curves and delicate features.

It is the Queen's sister An Qi.

Seeing An Qi, the queen's face changed, and she quickly shouted: "An Qi, don't come in!" But it was still too late.

Um?

Seeing the situation in the bedroom, An Qi was stunned, and saw that the whole bedroom was in a mess, and a dozen people fell across the ground. Not only that, but also Mengyi, and a strange man.

Chapter 3395

didn't wait for An Qi to react, the winged eyes showed a fierce light, and he rushed up quickly, grabbing An Qi directly, and clasping her right hand on her jade neck.

In the next second, Mengyi's face was stubborn and shouted at the queen: "Pass the position to me immediately, or I will kill her!"

At this time, Mengyi was completely crazy and thought he would be able to kill smoothly tonight. The queen, the plan was disrupted by a strange

guy. Since she couldn't kill the queen, she could only use her sister to threaten her.

"Meng Yi."

An Qi scolded with a panic expression: "You are so bold, dare to commit the following crimes. Have you ever thought about the consequences?"

At the same time, the queen also trembled and shouted: "Meng Yi , Let go of my sister!"

Fuck!

Seeing this, Yue Feng frowned secretly.

The woman caught by Mengyi turned out to be the Queen's sister, which is in trouble.

Thinking about it, Yue Feng took a deep breath and said to Meng Yi: "Meng Yi, accept the facts, stop fighting the trapped beasts, let the people go quickly."

Meng Yi said with a grim look: "You give me Shut up, what are you qualified to teach me?"

Yue Feng sighed and continued: "Mengyi, take an unarmed woman as a hostage, and still want to be a king. As a man, do you still have a face? ? " "

you're special code to say anything? "

Meng-wing anger, the whole body filled with murderous.

As a Marquis, Quan Quan is in charge of the entire Golden Lion Principality. Whoever sees him is not respectful, but the boy in front of him humiliates himself so much.

Angrily, Meng Yi stared at the queen: "Kill this kid immediately, and pass the position to me, otherwise, you just wait for your sister to collect the body." In the

last sentence, Meng Yi almost howled. .

To be honest, Meng Yi wanted to kill Yue Feng personally, but after chasing him for half an hour, he couldn't even touch the corners of his clothes, so he could only hold back his anger and force the queen to take action.

While talking, Meng Yi's right hand exerted force, and he saw An Qi's delicate face, which suddenly became purple, almost out of breath.

"Stop..."

Seeing this scene, the queen panicked suddenly and couldn't help but yelled, and at the same time her eyes fell on Yue Feng.

This person's origin is unknown, and he sneaked into his own bedroom. It's better to listen to Meng Yi's words, kill this person, and replace the sister's life.

Perceiving the queen's gaze, Yue Feng couldn't help but whispered: "Your Majesty, you must not believe him. Even if you kill me, he will not let your sister go."

Yue Feng's voice was very small, only The queen can hear it.

Yeah...

Hearing this, the queen fell into entanglement.

Meng Yi is cruel, how can he believe his words? Even if he killed the man in front of him, Meng Yi might not easily let An Qi go.

But... if you don't do it yourself, An Qi is just as dangerous.

"Your Majesty the Queen!"

Just when the Queen was secretly anxious, Yue Feng continued to mutter in a low voice: "There is only one way now. I will hold him, and you will make a surprise attack."

"You shot from the position of the ivory bed on the left, and he couldn't respond. Come on."

Ivory bed?

The queen glanced at the ivory bed, which was on the left side of Mengyi, and she frowned.

Can you succeed at such a close distance? Meng Yi will definitely be prepared in advance.

Seeing that the queen was still hesitating, Yue Feng was a little anxious: "Trust me!"

The tables, chairs, screens and ivory beds around here were just deployed into formations by Yue Feng, and the Mengyi was in the center of the formation. The vision has been affected by the formation. In other words, the queen launched a surprise attack from the position of the ivory bed, and Meng Yi couldn't see her at all.

call!

Seeing Yue Feng's serious face, the queen nodded. I don't know why, the person in front of him seems careless, but his words are inexplicably convincing.

Yue Feng stopped hesitating, and smiled at Meng Yi: "Meng Yi, being so stiff is not a solution. Why don't we make a deal. I persuade the queen to give up the throne to you, and you let her sister go."

Chapter 3396

Hehe...

Hearing this, Meng Yi smiled disdainfully: "Can you persuade the queen, when I am a child?"

Just when the two said this, the queen seized the opportunity to quietly move behind the ivory bed.

"If you don't believe me, then I can't help it." Yue Feng shrugged, with a relaxed look: "Do you think the queen doesn't know what you think? Even if she kills me, you won't let her go. Sister, right."

Meng Yi snorted, too lazy to talk nonsense, and at the same time found that the queen behind Yue Feng had suddenly disappeared.

Ma De, something is wrong.

Hum!

Just when Meng Yi realized that something was wrong, suddenly, a dangerous breath came from the direction of the ivory bed next to him.

From Yue Feng's perspective, he saw the golden sword held by the queen piercing directly towards Mengyi.

But from Mengyi's angle, the queen could not be seen at all.

"Ah..." In the

next second, a touch of golden glow came, and Mengyi couldn't open his eyes because of the flash of light. When he reacted, he only felt a pain in his heart, and he saw the queen's golden sword directly pierced through it. His heart.

The blood dripped down the golden sword and stained the floor red.

"You..."

Only then did Meng Yi see the queen. Under the severe pain, his voice trembled, and at the same time he was shocked.

This is impossible, how could she suddenly appear in front of her?

In the next second, Meng Yi was full of unwillingness, and fell to the ground all of a sudden, dying of anger, until he died, he didn't know that he actually died in Yue Feng's formation.

Puff!

At the moment when Meng Yi died, An Qi also fell to the ground due to lack of oxygen, and passed out into a coma.

"Sister..." The queen hurried over and checked An Qi, and she was relieved when she saw that she had just passed out in a coma.

In the next second, the queen looked back at Yue Feng, her eyes filled with surprises and questions.

done!

The method he just said can really succeed.

It's just.... This is too unreasonable.

Thinking about it, the queen couldn't help but said: "Who are you? What happened just now?" At

this time, Yue Feng moved the table, chair, and screen to their original positions and heard the queen's question. He immediately smiled: "Your Majesty, don't panic, in fact I..."

Just halfway through the conversation, I heard footsteps outside.

Yue Feng couldn't think much, and quickly hid behind the ivory bed.

The queen frowned, wanted to scold, but still held back. She is a queen, and there is a strange man in the palace. If she is seen by the guards, it will inevitably lead to misunderstandings.

Huh!

Just as Yue Feng hid, dozens of palace guards walked in quickly.

"Your Majesty the Queen!"

The guards headed respectfully said to the Queen: "The assassins who broke into the palace have all been captured. The preliminary interrogation, the leader of this group, is called Qiangxiong." When they

said this, the guard looked around. The bedroom, the whole person is covered!

I saw that the Marquis Mengyi fell in a pool of blood, and there were more than a dozen people around, unconscious, not only that, the queen's sister, An Qi, also fainted there.

Um!

Queen sitting on beds of ivory, nodded his head, then coldly: "Meng-wing attempt rebellion, with people into my palace, I have been Heaven, immediately take it to children, told to the public throughout the country"

said , The queen waved her hand: "Get out of Mengyi's corpse."

"Yes, your majesty!" The guard hurriedly responded, and immediately put Mengyi's corpse and Mengyi's men out.

Later, the queen called the maid again and took An Qi back to rest.

Chapter 3396

Hehe...

Hearing this, Meng Yi smiled disdainfully: "Can you persuade the queen, when I am a child?"

Just when the two said this, the queen seized the opportunity to quietly move behind the ivory bed.

"If you don't believe me, then I can't help it." Yue Feng shrugged, with a relaxed look: "Do you think the queen doesn't know what you think? Even if she kills me, you won't let her go. Sister, right."

Meng Yi snorted, too lazy to talk nonsense, and at the same time found that the queen behind Yue Feng had suddenly disappeared.

Ma De, something is wrong.

Hum!

Just when Meng Yi realized that something was wrong, suddenly, a dangerous breath came from the direction of the ivory bed next to him.

From Yue Feng's perspective, he saw the golden sword held by the queen piercing directly towards Mengyi.

Later, the queen called the maid again and took An Qi back to rest.

Chapter 3398 For

a time, the entire bedroom was in chaos, and several guards went to the court pharmacist in a panic, unable to take into account Yue Feng for the time being.

"Your Majesty!"

Soon, an old man walked in quickly, holding some potions in his hand, and walked respectfully to the queen: "Hurry up and take the healing medicine."
The

old man was called Gou Dong, the queen's queen pharmacist.

call!

Seeing Gou Dong brought the healing medicine, everyone in the palace couldn't help but breathe a sigh of relief.

"Wait!"

But at this moment, before the queen could take the healing medicine, Yue Feng suddenly yelled, and said solemnly at the queen: "Your Majesty, in your current situation, taking this healing medicine

is useless at all. If it is not done well, the injury will be aggravated."

Yue Feng has high attainments in medical skills, and he can tell at a glance that the queen just now fought fiercely with Meng Yi's subordinates, and his heart was injured.

And the healing medicine Gou Dong brought can only temporarily relieve the pain, but not the root cause at all.

Huh!

Hearing this, whether it was the queen or Gou Dong and the others, their gazes suddenly gathered on Yue Feng's body, each with a surprised expression.

Finally, the queen reacted and said lightly: "How do you know that this medicine is useless?"

Yue Feng smiled: "I have studied medicine, and, just now, you and Meng Yi's men were fighting fiercely. I was there, of course! "

Have studied medicine?

Upon hearing this, the queen was stunned.

Gou Dong and the surrounding guards also looked at each other, and then couldn't help but laugh.

"A criminal who said he had studied medicine? Haha.."

"This person is not honest..."

At this time, Gou Dong also hurriedly said to the queen: "Your Majesty, this person is completely talking nonsense. How could the medicine that the

subordinates used to treat internal injuries didn't work?" When

he said this, Gou Dong didn't forget to give Yue Feng a look.

My own dignified pharmacist is highly regarded by the queen, but the criminal said that the medicine is useless. Where should I put the back?

Everyone's discussion, Yue Feng didn't care at all, instead he took out a pill from his body.

"Your Majesty!"

The next second, smiling at Queen Yue wind, slowly: "I Fengyun immortality, called quenching Pill, wonders for the treatment of internal injuries, His Majesty can try to take it"

quenching Pill, He specializes in treating damaged heart pulses. Six months ago, Yue Feng refined a few and kept them with him.

What?

Upon hearing this, both the queen and Gou Dong frowned.

Heart Tempering Pill? What kind of medicine is this? Why never heard of it.

Yue Feng was too lazy to talk nonsense, and was going to give the pill to the queen.

"Stop!"

However, just after two steps, he was stopped by Gou Dong.

At this time, Gou Dong, with a look of suspicion and anger, yelled at Yue Feng: "You are so bold, just take out a pill and give it to the queen? I think you are poison, you want to murder Her Majesty the Queen. !" After

speaking, Gou Dong said to the queen: "Your Majesty, this person is unpredictable, don't believe what he said!" The

voice fell, and the surrounding guards nodded one after another.

"Yes, this person is a criminal and has to be guarded."

"It's better to lock him up!"

Everyone's comments kept coming, and Yue Feng couldn't laugh or cry, very depressed.

Mad, these people are too suspicious.

call!

Chapter 3399

At the same time, the queen frowned, and she hesitated in her heart.

What Gou Dong and others said makes sense. This Feng Tao is a criminal escorted from the Principality of the Sun, and is also closely related to the woman who pretends to be the goddess of light, so he has to guard against it.

"Your Majesty!"

Seeing the queen's expression, Yue Feng smiled bitterly: "If I wanted to harm you, I would help you deal with Meng Yi just now? Besides, my life is

in your hands now. If I give you poison, it's not looking for death. Is it?"

Hearing this, the queen groaned.

After a full ten seconds, the queen put down her guard and nodded and said: "Okay, I will trust you once." With that said, she took the pill from Yue Feng's hand and took it.

At this moment, Gou Dong wanted to stop, but didn't dare, so he was secretly anxious.

At the same time, the surrounding guards stared at the queen closely, quietly waiting for the effect, and at the same time tightly surrounded Yue Feng.

As long as the queen shows any discomfort, she kills the person immediately.

Seeing this situation, Yue Feng didn't panic at all, but looked relaxed and relaxed.

In a blink of an eye, ten minutes passed!

I saw that the queen's pale face suddenly became ruddy and her complexion improved a lot.

call!

The queen showed a smile, her gaze fell on Yue Feng, and she couldn't help but say: "This Heart Tempering Pill is really magical, and the pain is alleviated a lot in an instant!" The

voice fell, and Gou Dong and the surrounding guards were all astonished.

It's incredible to have this effect in such a short time.

In the next second, the queen looked at Yue Feng closely, her eyes dignified: "Although you are healing me, there is a question. I still need to ask you, what is the relationship between you and the goddess of light.

" Also, the Principality of the Day launched a war in the name of the false goddess, have you also participated." When

she said this, the queen's words were mild, but there was an indisputable aura.

call!

Yue Feng took a deep breath and replied:

"Returning to Your Majesty, the fake goddess of light is called Miaoying. It is my friend. We were separated before, so I don't know how she faked the goddess, but I believe she must. It has its own reasons..." In the

next few minutes, Yue Feng told the situation. Of course, he and Miaoying came from other worlds, and they still kept it secret. After all, this kind of thing is too shocking.

It turned out to be so.

Upon hearing this, the queen nodded, and then said softly: "If this is the case, I will not pursue it anymore. From now on, if you make you the guard of the palace, are you willing to be loyal to me?"

This person in front of me , not only To help oneself get rid of Mengyi, the medical skills are so brilliant, and such talents must be put to good use.

This....

Feeling the gaze that the Queen was looking forward to, Yue Feng was stunned, and then

nodded: "Thank you for your reward. It is my honor to be loyal to Her Majesty. I am willing to stay." When

he said this, Yue Feng looked serious, and his heart was even more excited.

Haha... I was

still thinking about how to stay in the palace to search for the whereabouts of the jade book of the holy book, but unexpectedly, the queen sealed herself as a guard in front of the palace.

What?

But Gou Dong and the surrounding guards were all stunned.

Your Majesty named this guy a guard in front of the palace?

In the next second, Gou Dong took a step earlier and persuaded the queen: "Your Majesty, this person is a criminal. It seems a little ill-considered to make him a guard at the front of the palace."

Hearing this, the surrounding guards also nodded.

This Fengtao, but the strength of the Holy King, how can he be qualified to be the guard in front of the palace?

Huh!

The queen was displeased, and said to Gou Dong: "What do I want to do, do I still need you to teach it? Get out!"

Seeing the queen's anger, Gou Dong's heart trembled: "Don't dare! Don't dare!" Hastily stepped back.

The guards around were also trembling, not daring to talk nonsense.

Chapter 3400

"Okay!" At

this time, the queen waved her hand: "It's getting late, you all retreat." This evening, it was the assassin and the rebellion again, which was really exhausting.

Gou Dong and the guards responded and hurriedly withdrew from the bedroom.

Yue Feng also followed out, and was named a guard in front of the palace. Yue Feng had a place to rest.

This night, Yue Feng slept soundly.

The next morning, someone sent the soft armor specially worn by the guards. After Yue Feng put it on, his mood was indescribable.

Haha...Being

a guard in front of the temple makes it easier to find the jade book of the holy scriptures.

As long as you find the second half of the sacred book, you can quickly find Miaoying, and then you will be able to leave this other world.

During the day the queen has to deal with many things and should not be in the bedroom.

Thinking about it, Yue Feng hummed a little song and walked out of the room and walked towards the queen's palace where he rested.

"Stop!"

Just after walking a few steps, I heard a beating from behind.

Yue Feng stopped, looked back, and frowned suddenly. I saw that a pair of guards on patrol were coming here, one by one with bad expressions.

The headed one, about 30 years old, with a proud face, is the captain of the patrol guard, Yuan Shitong.

When he arrived, Yuan Shitong looked at Yue Feng up and down: "You are the guard in front of the palace that your majesty has just appointed last night? Feng Tao?"

Yuan Shitong is proud and arrogant. He learned that a man with the strength of a holy king was named the front of the palace by the queen. The guard was very upset, so I came here to take a look today.

"Yes, it's me!" Yue Feng nodded.

Yuan Shitong couldn't conceal his contempt, and sneered: "I heard that you killed Wen Liang before. Last night, you also helped your Majesty get rid of Mengyi? How powerful he thought it seemed, but that's all."

This person However, the Saint King's strength can actually serve as a guard in front of the palace, and I don't know what his Majesty thinks.

When the voice fell, the other guards behind him also laughed, looking at Yue Feng's gaze, flashing contempt.

Seeing this, Yue Feng didn't bother to talk nonsense, and said lightly: "Anything else? If it's okay, I'm leaving!" He was about to turn around and leave.

Um?

Seeing Yue Feng's attitude, Yuan Shitong frowned, very upset!

. "Shelf is not small ah"

The next second, the guards stopped a mountain road winds, very arrogant shouted: "let you go yet met the captain, nor salute, that the rules really are not?."

This guards His name was Zheng Hang, Yuan Shitong's attendant, and he was the most sloppy. He could see that Yuan Shitong was very upset with Yue Feng, so he wanted to show it.

Yue Feng frowned, "I am the guard in front of the palace, and you are the guard on patrol. Even if you see your captain, there is no need to salute."

"You!"

Zheng Hang's face flushed when he heard this, and he couldn't say anything for a while. Words come.

Because Yue Feng was right, the guards in front of the palace were directly under the jurisdiction of the queen, and their status was higher than that of the guards on patrol. However, it is precisely because of this that Yuan Shitong will look at him upset.

"Interesting!"

At this time, Yuan Shitong walked over with provocations in his eyes: "According to your

wishes, it is natural for you to be the guard in front of the palace. I now challenge you to let me see how good you are. Dare to challenge?"

As a palace guard, you can't fight in private, but the challenge is another matter.

At this time, Yuan Shitong looked confident, and his Holy Venerable's strength could easily finish tormenting this wind wave.

Wow!

When the voice fell, Zheng Hang and others next to him were all excited.

"The captain is domineering."

"Boy, our captain has challenged you, do you dare to fight?"

"I don't think he dares, haha..."

Chapter 3401

laughed constantly, Yue Feng frowned.

Nima, are these people mentally ill, don't they go on patrol, they have to trouble me?

Thinking about it, Yue Feng looked at Yuan Shitong with a smile but a smile: "Challenge me? You don't seem to be qualified!"

What?

Hearing this, whether it was Yuan Shitong or Zheng Hang's and others, they were all taken aback, and then their anger rose.

"What a mad boy, he said that the captain is not qualified to challenge him."

"Who gave him the confidence?"

"So arrogant?"

Zheng Hang couldn't help but walked over and pointed at Yue Feng's nose and shouted: " Boy, I think you just don't know whether you live or die. If you dare not fight, just say, don't pretend to be here..."

"Go!" Before he finished speaking

, Yue Feng suddenly became angry and raised his right hand suddenly. The sign slapped Zheng Hang's face.

Snapped!

There was a crisp sound, and Zheng Hangao's yell was heard. The whole person turned around in a circle, and finally sat on the ground with his butt, half of his face was swollen, and he was very embarrassed.

To be honest, Yue Feng didn't want to do it, but these people were looking for things endlessly, and finally couldn't help it.

Mad!

Seeing this scene, Yuan Shitong and the several guards behind him changed their expressions and became furious.

This guy is so arrogant that he actually hit someone?

"you..."

Zheng Hang covered his face and stood up with a stern face, and pointed at Yue Feng and cursed: "Ma De, do you dare to hit me? I think you don't want to stay in the palace anymore."

Yue Feng ignored him, but straightened. Looking at Yuan Shitong, he said indifferently: "Aren't you challenging me? Yes, I will fight, but I have to add a bet."

"When I win, when you meet me in the future, you must respectfully call the boss. If I lose, I immediately resign from my position as the guard in front of the palace. "

What?

Hearing this, Yuan Shitong was stunned, and then sneered: "Boy, listen to what you mean, you are sure to win? Hehe...you just wait to get out of the palace."

Yue Feng shook his head: "Who loses? Whoever wins, we will see and

know later !" When Yue Feng said this, his voice was not loud, but he showed a strong confidence.

Wow!

At this moment, several guards hurriedly retreated to the distance to make room for the two of them, and at the same time, all of them were inexplicably excited.

I haven't seen the captain take action for a long time, and this wind wave will definitely be abused very badly.

What's more ridiculous is that this Feng Tao dare to bet with the captain, I really don't know where the courage comes from.

"Very confident!"

Yuan Shitong couldn't help but sneered, "Don't regret it when I'm overthrown!" When the voice fell, Yuan Shitong's sacred power broke out, and he hit Yue Feng with a punch.

The speed of this punch was very fast, like a flashing current star, and it reached Yue Feng's eyes in the blink of an eye.

Yue Feng smiled faintly, without panic, his figure flashed and directly greeted him. In the blink of an eye, the two fought fiercely together.

Speaking of it, Yue Feng wanted to explode his true strength and defeat Yuan Shitong with one move, but he thought that this was the palace and he had to find the Sacred Book of Jade, so he held back.

Moreover, Yue Feng was about to break through the Holy Venerable, so he planned to use this fight to comprehend the essence of Holy Power.

Bang Bang Bang... For

a while, I saw the figures of Yue Feng and Yuan Shitong, constantly shuttled back and forth, collided, and attracted the surrounding air, condensing strong winds, which was amazing.

The few Zheng Hang who watched the battle nearby were all shocked.

This...this wind wave, but the strength of the saint king, was able to compete evenly with the captain, which is too shocking, you know, the captain is the saint.

Chapter 3402

At this moment, Yuan Shitong, who fought against Yue Feng, was shocked in his heart.

Several Zheng Hang watched from a short distance and didn't understand the situation at all, but Yuan Shitong felt it very clearly.

The storm in front of him seemed like the strength of the Saint King, but the burst of power every time he shot was very terrifying, and Yuan Shitong needed to do his best to stop it.

What made Yuan Shitong horrified was that the opponent's speed was more than twice as fast as his own.

How could this be?

This guy is just a holy king, how can he be so strong?

boom!

In shock, the two of them slammed their fists together again and heard Yuan Shitong snorted. He could not stand, staggering back several meters.

However, Yue Feng had a calm expression, as steady as Mount Tai.

Mad!

After steadying his figure, Yuan Shitong's face was extremely ugly, staring at Yue Feng closely, trying to say something, but his throat seemed to be blocked by something, and he couldn't say a word.

Wow!

Seeing this scene, Zheng Hang and several people were also stunned, their eyes full of astonishment.

In the collision just now, the captain was down the wind?

How can this be?

The captain is the holy king, and this wind wave is no more than the holy king.

At this time, Yue Feng looked at Yuan Shitong with a smile but a smile: "I said just now, it is not always certain who wins and who wins. It turns out that you are not my opponent. Do you want to continue fighting?"

Hearing this, Yuan Shitong felt that he had been greatly humiliated, so he screamed and rushed over again.

Ugh!

Yue Feng shook his head and muttered to himself: "I don't want to give up yet? But I have no patience to play with you." The voice fell, and a powerful sacred power burst out from Yue Feng's body.

The next deity!

At this moment, I saw that Yue Feng's aura was completely different from just now. Instantly broke through from the holy king to the holy realm.

Just now fighting against Yuan Shitong, Yue Feng had a new understanding of the sacred power of this world, and he immediately broke through the realm of the nobles. It was precisely because of the breakthrough that Yue Feng did not want to waste time with Yuan Shitong.

The strong breath suppressed everyone's breath.

This... the

next second, feeling the strength of Yue Feng, whether it was Yuan Shitong or Zheng Hang and others, they were all dumbfounded.

Was the saint king just now, now he is the saint?

Could it be... he just promised to compete with the captain just to make a breakthrough?

At this moment, Yuan Shitong stood there, his eyes fixed on Yue Feng, unable to say a word, his face was inconceivable.

Just played against me for a few rounds and broke through!

Is this guy still a human?

At this time, Yue Feng slowly walked in front of Yuan Shitong, the corners of his mouth curled up, and he said lightly: "You have lost. As the captain of the patrol guard, you shouldn't turn back."

Huh!

Hearing this, Yuan Shitong's expression was extremely ugly, and then he took a deep breath and bowed his head and said: "Boss." Just now, Yue Feng said when he proposed a bet. If Yue Feng wins, Yuan Shitong will call his boss, and he will have an attitude. Respectfully.

When he shouted these two words, Yuan Shitong couldn't say it, but he couldn't help it. If he went back, he would be even more embarrassed.

At this time, Yuan Shitong didn't expect that he would lose to this Feng Tao, and even more unexpectedly, this Feng Tao, with the help of this battle, easily broke through from the Holy King to the Holy Lord.

Seeing Yuan Shitong's softness, Yue Feng nodded approvingly: "Okay, take your people away, remember, don't be too arrogant in the future."
The

voice fell, and Yue Feng turned and walked away.

Mad!

Looking at the far back of Yue Feng, Yuan Shitong held the fire unspeakably, and his eyes were cold.

Feng Tao, you wait for me, today you make me so embarrassed, I will double back from you in the future.

the other side.

Yue Feng arrived at the queen's palace, because it was daytime, the defense around the palace was very lax, so Yue Feng easily slipped in.

Chapter 3403

Call!

Entering the bedroom, Yue Feng smelled a faint scent in the air, and then thought of the scene last night, feeling unspeakable in his heart.

What if this is not a different world? You can stay here for a while and appreciate the beauty of the queen.

By the way, quickly find the jade book of the holy code.

With emotion, Yue Feng patted his forehead and looked carefully in the room.

I have to say that the queen's palace is not only large, but also very luxurious. It took nearly an hour for Yue Feng to turn over the entire palace.

But what made Yue Feng depressed was that after searching for so long, he didn't even see the shadow of the jade book of the sacred code.

Nima, isn't it here?

Um?

Just when Yue Feng was secretly depressed, suddenly, he saw a faint bulge on the wall behind the ivory bed, obviously there was a mystery.

Yue Feng didn't think much, he hurriedly walked over, knocked with his hand, and heard that it was empty inside.

Haha...found it.

At this moment, Yue Feng was very excited and was about to open the hidden door on the wall.

"Sister!"

But at this moment, a clear voice came from outside, and then, a slim figure walked in quickly.

An emerald green dress, long golden hair and beautiful features.

It was An Qi, the queen's sister, who had a relationship with Yue Feng last night.

Damn it!

Seeing An Qi walking in, Yue Feng was taken aback, trying to find a place to hide, but it was too late.

Huh!

At this time, An Qi also found Yue Feng, her Jiao body trembled, and she was immediately stunned.

In the next second, An Qi reacted: "Aren't you the man who was here last night? I heard that my sister has made you a guard in front of the palace." As

she said, An Qi's tone gradually became sharp: "Even if it is the palace. The former guards are not allowed to enter the queen's palace without

permission. You can honestly explain, what are you doing sneakily here?"

"I..."

Facing An Qi's question, Yue Feng scratched his head, wanting to cry without tears, for a moment. Don't know how to answer.

Oh, this An Qi saw herself last night, and it is not easy to deceive her by turning a lie.

At this time, An Qi walked over quickly.

"Hey!"

Arrived, An Qi looked up and down Yue Feng: "Do you like my sister? So just hide here in advance, wait until my sister comes back, so I can peek at her?"

Fuck!

Hearing this, Yue Feng couldn't laugh or cry.

The queen's sister has a lot of imagination.

Muttering in his heart, Yue Feng scratched his head and hesitated: "This..."

Seeing him hesitating, An Qi made her guess more firm, and smiled slyly: "Just admit it, don't worry, you If you want you to listen to me, I won't tell my sister about this. "

My sister is so beautiful and she is a queen. Any man who sees her will like it, An Qi is not surprised at all.

this...

At this moment, Yue Feng was stunned.

This An Qi seems to be threatening herself with this. What is she going to do?

Thinking about it, Yue Feng smiled bitterly: "I don't know what Miss An Qi has to order. As long as you don't tell the Queen what happened today, I will definitely listen to your instructions."

Nima, sneaking into the Queen's palace, but a capital crime Ah, so no matter what, I have to hold on to this An Qi.

Angel smiled, and a look weird, low voice: "You look so obedient, I'll help you keep a secret of it, but then, you took me today to find a way out of the palace,"

said the time , An Qi looked at the sky outside the palace, her eyes full of yearning.

An Qi grew up in the palace. Because of her delicate status, she had never left the palace, so she always wanted to go outside. This time she accidentally ran into Yue Feng's secret, so she would not let her chance go.

Chapter 3404

What?

Hearing this, Yue Feng's heart jumped, and the whole person was stunned.

Want me to take you out of the palace? What a joke.

To be honest, these royal families on the Roland Continent do not have the strict imperial palaces of

the Kyushu Continent, but this An Qi is also the queen's sister, equivalent to a princess.

Thinking about it, Yue Feng shook his head without even thinking about it: "No, this absolutely won't work." He had just gained the Queen's trust. If he left the palace with An Qi and was known by the Queen, it would be over.

Huh!

Hearing this, An Qi was furious, her face was stubborn and unreasonable: "I'm telling you, you have to agree if you don't agree. Otherwise, I will go to the queen now and say that it would be impolite for you to break into her bedroom. I..."

"I..." At

this moment, Yue Feng almost wanted to cry without tears, Nima, this An Qi also tried to go out to play, and even threatened with indecent assault.

Depressed, Yue Feng had to smile bitterly and nodded: "Okay, just this time."

Taking An Qi out of the palace, Yue Feng felt 10,000 unwilling, but there was no way, this An Qi was so unreasonable.

"Great!"

Seeing Yue Feng's promise, An Qi cheered and cheered: "Wait for me, I'll change my clothes." As he said, she walked out of the bedroom quickly.

After a while, An Qi changed into a guard's clothes and came back, and then walked out of the palace in a swagger with Yue Feng.

A few minutes later, on Wangcheng Street.

The weather is good today, and people come and go on the street, and it is also very noisy.

An Qi and Yue Feng both wore the service of a bodyguard, everyone stayed away, and none of them dared to come up and provoke them. An Qi felt boring, so she took Yue Feng to find a clothing store and changed into a normal outfit.

I have to say that An Qi has exquisite features and a sexy body. Even if she wears an ordinary long skirt, she still can't conceal her charming temperament.

But Yue Feng didn't have the mood to appreciate it.

After shopping on the street for more than an hour, Yue Feng couldn't help but said: "Okay, time is almost up, we should go back too!"

However, An Qi hadn't played enough, shook his head and said: "I want to go back. Enough fun."

It was so boring to come out once and just go back like this.

Nima!

Hearing this, Yue Feng was depressed.

"Huh? Isn't this your Royal Highness An Qi?"

Just as Yue Feng was thinking about how to persuade An Qi to go back, suddenly, there was a surprise behind him. Looking back, he saw a gorgeously dressed young man. Surrounded by the guards, he slowly walked over.

It was Xilang, the son of the commander-in-chief of the royal city guards.

When he arrived, Xilang was pleasantly surprised: "It's really your Royal Highness An Qi, you... why are you here?" While talking, Xi Lang couldn't help looking up and down An Qi.

As the son of the commander-in-chief of the guards, Serang often enters the palace to meet the queen, and of course he also knows An Qi.

Hush...

Angie stretched out her finger, placed her finger on her red lips, and said in a low voice: "Small down, I ran out by stealth, so I can't let my sister know." Then, An Qi couldn't help but look around. lock up.

Hearing this, Xilang understood and nodded: "Understood, An Qi, don't worry, I won't tell Her Majesty the Queen." When he said this, Xilang kept his eyes on An Qi and ignored Yue Feng at all. .

In Xilang's heart, Yue Feng was just a guard in the palace, completely ignored.

call!

Seeing this, Yue Feng took a deep breath and frowned secretly.

An Qi has been discovered, and she must return to the palace as soon as possible.

Thinking about it, Yue Feng said to An Qi: "His Royal Highness, it's really late, we should go back."

"Are you annoying?" An Qi's expression was displeased.

Chapter 3405

voice down, Silang also looked up and down the mountain wind, snappily said: "??". You guards, how is it when children go back to His Royal Highness, but also listen to your instructions do children go to hell,"

he spoke , And looked at An Qi to please.

An Qi is not only the queen's sister, she is also a delicate and famous beauty in the palace. Xilang has long admired it for a long time. Now that An Qi quietly leaves the palace, she will naturally not let go of this good opportunity to contact.

Feeling Xi Lang's contempt, Yue Feng ignored it.

To be honest, Yue Feng had seen too many such bullies, and he was not in the mood to care. Now I just think about how to coax An Qi back.

"His Royal Highness!"

At this moment, Xilang walked over and said to An Qi to please: "You finally came out, just shopping here, it is too boring, I know an interesting place, I don't know you have No interest."

"Where?" An Qi's eyes lit up and she became interested. She stayed in the palace all year round and suddenly came outside, naturally interested in everything.

Xilang smiled mysteriously and lowered his voice: "There were rumors two days ago that a giant dragon appeared on the mountains outside the city. This has gone crazy, and many people have come to investigate."

"Today I brought people, too. I'm going to find out, I don't know if your Highness wants to go and see.

"The

dragon?

Hearing this, An Qi's body trembled, her eyes gleaming with strange light.

You know, the dragon has disappeared in the entire continent for nearly two thousand years, and that is the strongest creature in the world.

Thinking about it, An Qi couldn't help but said:
"Really?"

"Of course it is true!" Xilang nodded earnestly:
"How dare I deceive Your Highness?"

Hearing this, An Qi was so excited that she couldn't say anything, and nodded repeatedly:

"Go, of course." If you can see the dragon, it would be too worthwhile to sneak out of the palace this time.

What?

Hearing their conversation, Yue Feng was also shocked.

Could it be the dragon that he conquered before?

"Haha..."

Seeing An Qi's promise, Xi Lang was very excited, and said quickly: "Then let's hurry up." After

that, Xi Lang tilted his head and glanced at Yue Feng, frowning: "Who is that, Your Highness Just hand me in, you don't need to follow." This guy, but the Saint King's strength, can't help much, it will get in the way.

Yue Feng frowned.

At this moment, An Qi said softly: "Let him follow." How to say, it was Feng Tao who took him out of the palace, and it was not appropriate to chase him away now.

Seeing An Qi speak, Xilang said nothing.

Afterwards, the group walked out of the royal city and headed for the mountain on the outskirts.

Along the way, I saw many people coming down from the mountain, and the news of the appearance of the dragon attracted many people to investigate, but most of them returned without success, even the shadow of the dragon was not seen.

When going up the mountain, Xilang kept ingratiating with An Qi: "His Royal Highness, I heard that the dragon appeared in the cave above, and it will happen again later. Don't panic, I will protect you."

Hear this. , An Qi was also inexplicably excited.

A few minutes later, Yue Feng and Xilang and his group came to a huge cave.

Um?

Seeing the scene in front of him, whether it was Yue Feng or Xi Lang and others, they secretly frowned.

I saw that the entrance of the huge cave was surrounded by a group of people. These people were wearing black clothes. They were all not low

in strength. They were obviously a cultivating gang, and they came to explore the dragon.

The one headed, blinded one eye, looked very vicious.

"Hey!"

Seeing Xilang, Yue Feng and others, the one-eyed face was full of cold arrogance: "This place, we occupy, you hurry down." The one

-eyed name is Huang Lang, a backbone member of the Blood Wolf Bounty Group, and said yes The bounty group is actually a band of robbers.

Recently, I heard that a giant dragon appeared here, and the Blood Wolves rushed over to find out.

Chapter 3406

Huh!

Hearing this, both Xilang and the guards behind him were frightened.

In the next second, one of the guards stepped forward and glared at the blood wolf: "So bold, dare to speak to our young master like this, know who he is? The son of the commander of the royal city guards."

At the same time, Xilang also had a face. Proudly.

However, Yue Feng, who was standing by, looked indifferent, and at the same time secretly observed the environment of this cave.

Um?

Because of the relationship with the giant dragon that drops blood to recognize the master, Yue Feng

soon noticed that there really was a residual aura of the giant dragon in the cave, but the giant dragon was not in the cave at this time.

The son of the commander-in-chief of Wang Cheng's guard?

Hearing the words of the guard, Huang Lang and his surrounding men were taken aback, and then burst into laughter.

Haha...

Huang Lang couldn't conceal the contempt in his heart, and said indifferently: "Who cares, son, this cave was the first for us, and now it is mine, okay? Talk nonsense, don't blame us for being polite."

Blood Wolf The members of the regiment, one by one, were extremely fierce, and naturally they would not put Xilang in their eyes.

Huh!

When the voice fell, Huang Lang raised his hand and waved his hand, and quickly surrounded everyone in Xilang with dozens of accomplices.

Seeing this, Xilang's face flushed, shocked and angry.

Ma De, the group of people in front of them are really arrogant, knowing their identity, they dare to be so rude, but having said that, the other party is indeed crowded.

At this time, An Qi couldn't help it, and she walked out and pointed at Huang Langjiao and shouted: "What are you doing? At the foot of Wang Cheng, dare to be so presumptuous? Believe it or not to arrest you all?"

Huh!

At this moment, the eyes of Huang Lang and his surrounding companions suddenly gathered on An Qi.

Beautiful, so beautiful.

After watching for more than ten seconds, Huang Lang took the lead to react: "What did you ask us for? Hey, this beauty, have you ever heard of the Blood Wolves?"

Then, Huang Lang walked over, unscrupulously An Qi looked around and continued: "The leader of our blood wolf group still lacks a wife. Is the beauty interested? Hehe..."

Boom!

As soon as the voice fell, An Qi couldn't help it anymore, suddenly raised her hand, slapped her fiercely, and threw it directly on Huang Lang's face.

With this slap, An Qi almost exhausted all her strength, when she heard Huang Lang snorting, she staggered back a few steps, and finally sat down on the ground, very embarrassed.

To be honest, An Qi is not strong, but Huang Lang is unprepared and can't dodge at all.

"What blood wolf group? I think you are a bunch of shameless rascals. If you dare to talk to me like this, you really want to die!" An Qi looked at Huang Lang coldly, and the moment he spoke, a powerful royal aura filled her body. .

At this time, An Qi was very angry. As the queen's sister, she was noble and clear, but she was teased

by these bandits in front of her. How could she bear it?

Mad!

Huang Lang covered his face, his eyes flashed with anger and hideousness, and pointed to An Qi and yelled: "The beautiful woman has a very strong temper, Ma De, brothers! Get this woman to me, and wait till it gets dark. Everyone will take turns. Enjoy!" The

voice fell, and the seventy or eighty strong men around rushed towards An Qi!

Seeing that the other party was angered, An Qi turned pale, and quickly hid behind Yue Feng.

"His Royal Highness, don't panic!"

At this time, Xi Lang did not hesitate, and drew out his big sword: "Take it to me, teach these bastards!" When the voice fell, Xi Lang directly greeted him.

Buzzing...

At the same time, the guards behind him burst out of holy power, and they fought with Huang Lang in an instant!

Although Huang Lang's number is dominant, Xilang's subordinates are all elites in the royal guard army. Moreover, seeing the other party's disrespect to An Qi, each of them is like a chicken blood, and the momentum is like a rainbow.

After all, An Qi is the Queen's sister. If she is not well protected, all her heads will fall.

Chapter 3407

Seeing this situation, Yue Feng wanted to do it too, so he held back.

Yue Feng could see that Xi Lang wanted to behave in front of An Qi, if so, he didn't want to join in the fun.

"Ah!" The

two sides fought fiercely, and the entrance of the cave was in chaos, and screams kept ringing!

Soon, five or six of Huang Lang's group fainted to the ground, while only two of the guards in Xilang suffered minor injuries.

During the melee, Xilang was very heroic, almost staring at Huang Lang to death, his sword slashed Huang Lang and screamed, half of his body was full of blood.

"

Retreat !" Seeing that the situation is getting worse and worse, Huang Lang suffocated the fire incomparably, yelled, and greeted his companions to retreat.

Hearing howling, Huang Lang's companion hurried down the mountain, but at this moment, Huang Lang was angry, and pointed at Xilang and cursed: "Ma De, you have a kind, don't go, just wait for me."

After shouting the last sentence, people ran out of sight.

Haha...

Seeing this scene, Serang and the surrounding guards couldn't help laughing.

"Ma De, how about this strength, how about clamoring?"

Xi Lang couldn't express excitement after he beat Huang Lang and others.

At this time, An Qi also smiled, and praised Xilang: "You deserve to be the young master of the guard, Xilang, you were so brave just now." After

An Qi's praise, Xilang is even more beautiful: "Your Highness praised it. It's my honor to be able to vent your anger for Your Highness, huh..."

Said, Xilang looked attentively: "Your Highness, those flies have been beaten away, let's explore this cave well."

Um!

An Qi nodded, and walked into the cave with Silang.

The other guards followed closely behind.

Seeing this, Yue Feng smiled secretly.

Ma De, this Xilang is really a good flatterer.

Muttering, Yue Feng also walked in.

When I got inside, I saw that the cave was huge, but it was empty inside, leaving some scratches on the wall. Where is the shadow of the dragon?

An Qi was very disappointed not to see the dragon.

Xilang comforted: "His Royal Highness, don't need to be lost. I think that since the dragon uses this

place as a habitat, he will definitely come back. Why don't we stay here for the night?" When

he said this, Xilang looked forward. .

At this moment, in Xilang's heart, it didn't matter whether he could see the dragon, he just wanted to find a reason to spend more time with An Qi.

This... After

hearing this, An Qi hesitated.

"No!" Yue Feng walked over and vetoed: "Your Royal Highness is a delicate status, how can you spend the night in the wild mountains? It's getting late, we should go back." With

that, Yue Feng looked at An Qi and said: "If the queen finds out If you are not in the palace, you will definitely be anxious." The

voice fell, and Xilang shouted angrily: "Shut up, is there a place for you to speak? When your Highness was humiliated by those people just now, why didn't you take action? Now it's okay. Then, it began to whisper and crookedly." The

voice fell, and the surrounding guards also accused Yue Feng.

"That is, he is still a palace guard."

"I don't have much ability, but I have a lot of words."

"How does this kind of person become a guard?"

I heard a mocking sentence. Yue Feng was very angry, but he still held it back. The most important thing now is. It is to quickly take An Qi back to the palace, and then find the jade book of the holy

code, there is no need to waste words with this group of people.

Chapter 3408 At

this time, An Qi frowned lightly and said, "Okay, don't say

anything , I..." As soon as the words came to a normal level, they were interrupted by the sound of footsteps outside.

At this moment, Xi Lang frowned and motioned for a guard to go out and take a look.

The guard walked to the entrance of the cave and took a look. His body shook and his voice trembled: "Master, many people have come outside! It seems to be an accomplice of those people just now."

What?

Hearing this, Xi Lang looked aside and hurried out with the other guards.

Yue Feng frowned, and followed An Qi.

call!

At the entrance of the cave, Xilang and others were stunned to see the scene in front of them!

I saw that there were three to four hundred people standing neatly outside, enclosing the entire cave. The head of the cave was gloomy, with a wolf head sign on his forehead.

It was Tu Li, the head of the Tu Li regiment.

Behind Tu Li, Huang Lang followed.

Huang Lang at this time, half of his face swollen, sandbags wrapped around his shoulders, indescribably ridiculous.

However, Xilang at this time couldn't laugh at all.

"Boss!"

At this time, Huang Lang looked resentful and pointed at Xilang and shouted: "It's them! We found this cave first, but they snatched it away, and it hurt us. Young brother."

Tu Li looked around coldly, finally set his eyes on Xilang, coldly said: "Dare to provoke our blood wolf group, I think you are tired of life, let's talk about it, how to solve it?"

Hum!

The voice fell, and a powerful sacred power burst out from Tu Li's body.

Hiss, what a strong strength!

At this moment, I felt the breath of Tu Li, and both Xilang and the guard behind him couldn't help but breathe in air-conditioning.

A few seconds later, Xi Lang squeezed out a smile and said to Tu Li, "Don't be impulsive, there was some misunderstanding about today's matter..."

Before he finished speaking, Tu Li coldly interrupted, "Misunderstanding? You robbed our cave and wounded my subordinates, and one misunderstanding is over?"

Uh...

Xilang's face flushed, and he couldn't speak for a while.

At the same time, An Qi was also nervous. Although it was not far from the king's city, there were so many people on the other side, so there was no chance to move rescue soldiers.

At this time, Tu Li looked at Xilang up and down, and said word by word: "I heard that you are the young master of the Royal City Guard Army?"

"Yes, yes..." Xi Lang nodded and squeezed out a smile: "Your Excellency knows. My father, if this is the case, it would be great. Please look at the face of my father and forgive me..." Before

he finished speaking, Tu Li sipped at the ground: "Bah, who knows your father in particular? "

Two years ago, Tu Li committed a case in Wangcheng. He was rounded up by Xilang's father and was rounded up by soldiers. At that time, he managed to escape. It can be said that he was nine dead. At this time, he knew Xilang's identity.

do not know?

At this moment, Xi Lang was immediately stunned, and said with a bitter expression: "Then what should you do according to your opinion?"

Huh!

Tu Li took a deep breath, without any expression on his face: "It's very simple, you give up your life, and let this woman stay with me for one night, that's all!"

What?

Hearing this, Xilang was silly, and only felt his brain buzzing.

Not only have to surrender a life, but also An Qi with him for the night?

Huh!

Chapter 3409

At the same time, An Qi's delicate face flushed all of a sudden, and she was ashamed and angry.

This person is so arrogant that he wants to accompany him all night by himself? I am the Queen's sister, Jin Zhi Yu Ye, how can I accompany a man casually?

Seeing Xilang's hesitation, Tu Li had no patience and roared loudly: "Is it okay? Don't challenge my patience!"

"This..." Xilang's heart beat and wiped the cold sweat on his face: "I am Let me give you a life first, okay?" When he said this, Xilang couldn't say anything.

To be honest, Xilang wanted to fight Tu Li very much, but the disparity between the strengths of the two sides was too great.

As he said, Xi Lang looked around and pointed at Yue Feng: "Just him!"

This guard was not his own, and he didn't lose if he handed it over.

Xi Lang thought it over, first handed over Yue Feng, and then tried to delay the time.

Huh!

At this moment, the eyes of everyone in the audience gathered on Yue Feng.

Nima!

Yue Feng was angry and couldn't help cursing in secret.

This Xilang is really good at picking people. Before, you had to act in front of An Qi to offend these blood wolves. Now that you can't control the situation, you will hand me over?

An Qi also trembled, frowning at Xilang and said:
"You..."

"Your Highness!" Xilang hurriedly whispered:
"There are too many people on the other side. Hand it over and stabilize the opponent's emotions. Anyway, this guy is not strong enough, and it's nothing to be a pity to die."

Hearing this, An Qi couldn't bear to say:
"But...what he said is also the guard of the palace." As the queen's sister, she has to hand over the guards with her to a gang of villains. Later, the royal family Where do you put your face?

call!

Feeling An Qi's intolerance, Yue Feng exhaled secretly, feeling a little better.

The queen's sister is still a bit human.

Thinking about it, Yue Feng said indifferently:
"Okay, I'll go!" As he said, he walked towards Tu Li slowly.

Seeing this scene, Xilang showed a smile: "This guy is quite self-aware. It's worth the death to use your life for the safety of so many of us."

An Qi stomped anxiously, thinking. To shout to Yue Feng, but seeing Tu Li's gloomy face, he couldn't have the courage.

"Very good!"

At this time, Tu Li smiled and nodded approvingly at Xilang: "You are quite witty, I will accept this man's life, and this woman, can you not have sex?"

Xi Lang quickly said: "Your Excellency, don't worry, I will persuade her."

An Qi was anxious: "You really want to hand me over? My sister knows that she will definitely not let you go."

"His Royal Highness!" Xi Lang Almost crying: "I'm just a postponement, don't worry." The

two voices were very small, only Xilang and An Qi could hear them.

Seeing this scene, Tu Li thought Xilang was really trying to persuade An Qi, but he didn't urge him for the time being.

In the next second, Tu Li pointed at Yue Feng: "Come on, chop off this person's head." Ma De, dare to fight against the Snow Wolf group, that's how it ended.

Huh!

When the voice fell, several of his men drew out their big swords and quickly surrounded Yue Feng.

At this moment Yue Feng didn't panic at all.

Seeing the big swords of several people slashed over, Yue Feng said at Tu Li: "You are from the blood hand organization, right?" Yue Feng's voice was not loud, but Tu Li could hear him clearly.

When saying this, Yue Feng looked confident.

When Tu Li appeared just now, in addition to the wolf head mark on his forehead, Yue Feng also saw that there was a blood hand mark on the right side of his neck. At that time, Yue Feng concluded that this person was not only a group of blood wolf groups. Long, or blood-handed organization.

"Hold on!"

Hearing Yue Feng's words, Tu Li's heart was shocked, and he quickly shouted, then walked over quickly and stared at Yue Feng: "What are you

talking about? How do you know that I am a blood-handed person? "Six months ago, I secretly joined the bloodhand organization. Very few people know about this. How did this guy see it?

Chapter 3410

Faced with Tu Li's doubts, Yue Feng smiled slightly and took out something from his body: "Since you are from the blood hand organization, you should know this thing." When

he said this, Yue Feng's voice was very small, only He and Tu Li could hear it.

And what Yue Feng held was a special piece of blood jade with a hand holding a sword carved on it, which was the personal token of Olena, the leader of the blood hand organization, and a status symbol.

In Pearl City, before Olena left, she gave the blood jade to Yue Feng, saying that people who came across the blood hand organization in the future, as long as the blood jade was brightened, the other party would obey the dispatch.

But at this time, Yue Feng confirmed that Tu Li was the person of the blood hand organization, and he revealed the blood jade.

Huh!

This moment, Tu force shuddered, his eyes firmly fixed on the hands of the blood jade mountain wind, complex tone, and some Yaran: "? It this stuff, where you come from,"

said these At that time, Tu Li tried his best to restrain the excitement in his heart!

As a blood hand organization, people naturally know this blood jade, which is a substitute for the big leader, a symbol of supremacy.

But how could such a thing appear to this person?

What is the relationship between him and the big boss?

Seeing that Tu Li's tone was obviously different from the previous one, Yue Feng smiled slightly: "This is given to me by your chief leader. In other words, I am the VIP of your blood hand organization."

VIP?

Hearing this, Tu Li was stunned, and then said suspiciously: "But why haven't I heard of you? Honestly, did you stole this blood jade?"

Tu Li is not stupid, and it is not because of a piece of blood jade. , I believe in Yue Feng.

"If you don't believe it, you can give it a try." Yue Feng didn't panic, and said lightly: "You kill me now, take the blood jade back to your chief, and see if she rewards you or disposes of you. "

This.... At

this moment, Tu Li groaned. Yes, if he makes a mistake and offends the VIP of the big leader, it will be a dead end.

Thinking about it, Tu Li hurriedly bowed to Yue Feng, and said politely: "Your Excellency, it was a misunderstanding just now. I hope you have a large number of adults and don't care about it." To be honest, Tu Li didn't want to be so spineless, but No way, the other party has the blood jade of the big leader in his hand, dare you be polite?

Yue Feng smiled slightly and waved his hand:
"Don't be so polite, those who don't know are not
guilty."

Phew!

Seeing this scene, Huang Lang and others next to
him were all stunned.

What kind of situation is this, why does the boss
treat this kid so respectfully after looking at this
kid's blood jade?

Um?

At the same time, Xilang, An Qi and others not far
away also frowned secretly.

what's going on?

Not only did the other party not kill the guard, but he was kind to him instead.

For a time, the atmosphere was a bit subtle.

Finally, Huang Lang reacted and couldn't help but exclaimed: "Boss, this kid is a palace guard, what do you do to him so politely? Quickly kill, and then let them hand over the woman." The

voice just fell, Tu Li suddenly Raising his hand, a slap on Huang Lang's face, he heard a crisp sound, Huang Lang turned around, and the other half of his face was swollen, unspeakably embarrassed.

"Ma De, what do I want to do, do you still need you to teach me?" Tu Li couldn't help but exclaimed, "This is my distinguished guest. You can't be rude if you see me in the future, understand?" The

distinguished guest?

Hearing this, Huang Lang covered his face, unspeakable grievance, and was shocked at the same time.

This palace guard can't be linked with the blood wolf group at all, so why has he become a guest of honor?

At the same time, Xilang, An Qi and others not far away stayed there one by one, and they couldn't slow down for a long time.

"Your Mightiness!"

Chapter 3411

At this time, Tu Li looked at Yue Feng to please:
"Since it's a misunderstanding, look at this..."

Before he finished speaking, Yue Feng waved his hand and said, "It's okay, you can leave."

Tu Li nodded quickly, and then thought of something. He glanced at Xi Lang, who was not far away, and couldn't help but said: "Your Excellency, that fellow just now was very rude to you. Would you like me to teach him and vent your anger? "

Speaking, Tu Li glared at Xi Lang fiercely.

Ma De, it was this bastard who almost killed the VIP of the big boss.

Feeling the killing intent in Tu Li's eyes, Xi Lang couldn't help but shiver, his face was extremely pale, his legs were weak, and he could hardly stand still.

call!

Yue Feng took a deep breath and shook his head and said, "No, you should leave here as soon as possible." To be

honest, Xi Lang handed Yue Feng's life to Tu Li just now, and Yue Feng was also very annoyed, but now it's getting late, Yue Feng didn't want to care about these things, but just wanted to return to the palace early. After all, finding the sacred book is the most important thing.

"Okay!"

Seeing Yue Feng's refusal, Tu Li couldn't persevere. After responding, he left with many of his subordinates.

gone?

Seeing this scene, whether it was An Qi or Xilang and the others, they were all full of astonishment, and at the same time they secretly breathed a sigh of relief. Especially Xilang, secretly wiped out the cold sweat.

It's dangerous. Fortunately, these people are gone. Otherwise, the consequences will be disastrous.

In the next second, Xi Lang reacted, strode towards Yue Feng, and asked coldly: "Hey, what happened just now?"

When the voice fell, An Qi came over and looked at Yue Feng with a look of confusion: "Feng Tao, what is going on, why did those people respect you so much just now?"

Yue Feng smiled slightly and said lightly: "Nothing. Just now the boss of this group of people admitted the wrong person, and regarded me as a

benefactor of the past, so I took the plan and let them go. "

Benefactor?

Hearing this, An Qi was taken aback for a moment, then nodded approvingly.

This Feng Tao is not strong, but his brain is quite exciting.

But Xilang next to him was disdainful: "Ma De, I thought what was going on, it turned out to be the wrong person." After

that, Xilang thought of something, staring at Yue Feng, and questioned: "No. This group of people are not low in strength, and they are not fools. How can they admit the wrong person? Honestly, are you in the same group with them? Just acted on purpose for us?" When

talking about this, Silangyi The face was arrogant, like an interrogator.

Nima!

Yue Feng frowned, and suddenly became angry.

This Xilang is mentally ill. I just saved you. Don't worry if you are not grateful, but you slander me in turn?

Thinking about it, Yue Feng chuckled lightly and said to Xi Lang, "If I was with them, I would have gone with them just now. What are you still doing here?"

"Anyway?" Xi Lang said without even thinking, "You were sent by them to get into the palace, of course you want to stay."

Fool.

Yue Feng cursed secretly, and was too lazy to talk nonsense, and said lightly: "Well, since you doubt me, then catch up with them and ask. I guess they haven't gone far yet."

"You..."

Xilang's face flushed, and she suddenly became angry, but she couldn't refute it.

Tu Li's group of people, one by one, are powerful, and Xilang is too afraid to hide. How can they dare to catch up and interrogate?

"Okay, okay!"

Seeing that the two were fighting, An Qi couldn't stand it anymore, frowning and said: "I don't want

to say a few more words, it's so late now, I haven't seen the dragon, I'm hungry, you go

Get me something to eat. After eating, I'm going back to the palace." Seeing An Qi had spoken, Xilang didn't say anything anymore, and quickly greeted his subordinates and went to find something to eat near the cave.

Chapter 3412

Yue Feng did not go out, but guarded at the entrance of the cave.

"Hey!"

Xi Lang said with a displeased face, and said coldly at Yue Feng: "His Royal Highness An Qi is hungry, didn't you hear it? Are you still looking for food?"

At this time, Xi Lang looked at Yue more and more. The wind is not pleasing to the eye.

Yue Feng replied expressionlessly: "Where is my turn to find food for you so many people? Also, I am the palace guard. I want to protect the safety of His Royal Highness An Qi at all times. How can I leave casually?"

Huh!

Hearing this, Xi Lang's face was extremely ugly, and the guards around, looking at Yue Feng's eyes one by one, also flickered with displeasure.

This guy dared to challenge Master Xilang, really looking for death.

In the next second, Xi Lang glared at Yue Feng fiercely, and then led his men to search nearby.

I have to say that Xilang and others had good luck. After a while, they caught a few rabbits, then set up a campfire in the cave and started roasting the rabbits.

With food, An Qi is in a good mood.

Yue Feng was bored, because of his identity, naturally he couldn't eat with An Qi, so he could only walk outside the cave and wait.

Seeing this, Xilang's eyes flickered with gloomy coldness, secretly greeted some of his subordinates, and quickly followed out.

"Hey!" When he

arrived outside the cave, Xi Lang yelled coldly at Yue Feng.

Yue Feng looked back and saw Xi Lang's eyes cold, and said lightly: "What?"

Yue Feng could tell that Xi Lang brought a few guards out to find trouble for himself, but he didn't panic in his heart.

"nothing."

Xilang smiled coldly, his tone was indescribable, and he said word by word: "A small palace guard, with a big frame. Just now in the presence of His Royal Highness An Qi, I didn't care about you, but it doesn't mean I forgot. "

Speaking, Xilang pointed to his feet: "I will give you a chance now, kneel down and apologize to me, and I will forgive you!" The

tone was firm and unquestionable.

Nima!

Want me to kneel and apologize? Are you caught in the door?

At this moment, Yue Feng froze, and then sneered: "For no reason, why should I apologize to you? Also, just now, I dismissed the group of people and helped everyone. If you really want to count it, you should tell me Thank you!"

What?

As soon as these words came out, the guards behind Xilang were all stunned.

This guy is too crazy to talk to Master Xilang like this.

At the same time, Xilang was also furious and coldly said: "Okay, very good, it seems that I

really underestimate you, but I tell you, my father is the commander of the palace guards, his status is extraordinary, and you, but It's a little palace guard. You challenged me. Have you ever thought about the consequences?"

Xilang looked proud at this time.

He was right. As the son of the guard army commander, Serang walked almost sideways in the entire royal city. A small palace guard would naturally not take it seriously.

Stupid!

However, Yue Feng didn't have the slightest nervousness, but chuckled, turning around to enter the cave.

An Qi should have eaten almost now, and it's time to go back to the palace.

"You have a special code to stop me!"

Seeing that Yue Feng didn't take himself seriously, Xi Lang was completely angry. Especially, so many guards around him looked at him, but he was ignored by a palace guard. Where should he put his back?

Xi Lang became more and more angry as he thought about it, flushed, and howled loudly: "Dare to show off in front of me? I think you are looking for death!"

Om!

When the voice fell, Xi Lang's holy power burst out, and then he clenched his fists and hit Yue Feng's back directly.

In Chapter 3413, I

saw that where Xilang's figure passed, a strong wind was raging, and the power was amazing!

With this punch, Xi Lang displayed all his sacred power, preparing to kill Yue Feng on the spot.

call!

Seeing this scene, the surrounding guards were very excited one by one.

"Dare to challenge the young master, I'm really tired of living!"

"As expected of the young master, this punch is very powerful." In the

discussion, no one sympathized with Yue Feng. In their eyes, Yue Feng was just a palace guard, and

his status was as good as that of Xi'an. Lang Tian was so arrogant, but he was so arrogant that he was to blame for being killed by Xilang.

Nima!

Seeing Xi Lang punched, Yue Feng sneered, and his anger surged!

This Xilang is really sick, I don't bother to care about you, but you push your nose to your face!

Thinking about it, Yue Feng lifted his dantian, ready to greet him with a palm. Although Xilang's strength is not weak, in Yue Feng's eyes, he is not worthy of being an opponent.

"Stop it!"

Just when Yue Feng was about to take action, suddenly, there was a soft drink from the cave.

Immediately afterwards, I saw An Qi with a cold face and walked out quickly. She was tasting the rabbit meat inside, but when she heard the noise outside, she came out to take a look. She saw that Xilang was working with Yue Feng.

At this time, An Qi glanced at Xi Lang coldly, very angry.

Xilang is so arrogant and domineering, Feng Tao just saved everyone, but Xilang bullied him.

Seeing An Qi coming out, Xi Lang hurriedly stopped, and then squeezed out a smile: "His Royal Highness, are you full?" He said, but his heart was secretly holding back the fire.

I thought that while An Qi was eating, he could teach the wind and waves a good lesson, but he didn't expect that An Qi would come out so soon.

call!

An Qi took a deep breath, and without looking at Xi Lang, she walked past him.

In the next second, An Qi arrived in front of Yue Feng and said softly: "Feng Tao, did he hurt you just now?" This Feng Tao is just the strength of the Saint King, and it is definitely not Xilang's opponent.

At this moment An Qi didn't know yet, Yue Feng hid his strength and broke through the Holy Venerable yesterday. If you really want to fight, Xilang can only be abused.

Yue Feng smiled slightly, shook his head and said: "It's okay!"

This...

Seeing this scene, the surrounding guards were stunned, and their faces were all inconceivable.

His Royal Highness, is actually so concerned about a palace guard?

Especially for Xilang, his handsome face suddenly became filthy, jealous and annoyed.

This guy, how can He De, make An Qi be so concerned about him?

Xi Lang had originally seen Yue Feng not pleasing to his eyes, but now seeing An Qi caring about him so much, his heart became even more unbalanced.

"Xilang!"

At this moment, An Qi looked at Xilang coldly:
"Xilang, you are really getting too much. Feng Tao is the guard of the palace. Today I can leave the palace with his help, but you Do it to him? My queen's sister, don't you take it seriously?"

An Qi was very angry when she said this.

When Tu Li's group were there just now, Xi Lang was awkward. Now that there is no danger, he turned to bully himself. It's really hateful.

"Uh.."

Faced with An Qi's accusation, Xilang's face flushed, and he was unspeakably depressed and embarrassed.

In the next second, Xilang reacted and explained to An Qi with a smiling face: "His Royal Highness

An Qi, where did I bully him, I just want to fight him!"

Said, Xilang made a very innocent look. "Just now, I relied on him. The blood wolves didn't bother us. How could I do something with him? I was bored just now. I suggested to fight him. If you don't believe me, ask these guards! "

The words of Chapter 3414

fell, and the surrounding guards nodded in agreement.

"Yes, yes, the young master is fighting with him!"

"Yes, what is the status of the young master? How can you start with a guard?"

"His Royal Highness, you have misunderstood our young master."

Several guards testified one by one. Seriously.

Ha ha...

Seeing this scene, Yue Feng sneered.

This Xilang is really a villain, one on the surface and another on the back. It is really sad that the commander of the dignified guard can give birth to such a son.

call!

Seeing everyone saying this, An Qi stopped pursuing it, and said lightly: "It's so late, what's like fighting?"

Then, An Qi pointed at Yue Feng: "It's getting late, let's go back to the palace. "

Yue Feng nodded, and at the same time he was relieved.

Nima, staying with this An Qi, spent most of the day, and finally have to go back.

"His Royal Highness An Qi!" Xilang walked over and said flatteringly: "I'll see you off, it's so late now, if you encounter any trouble on the way back to the city, I can protect you too!"

"No need !" As

soon as the voice fell, Yue Feng said indifferently: "I'll just accompany Her Highness An Qi back." He could see that Xi Lang was not at ease with An Qi, and if he kept letting him follow, there might be something wrong with him.

Mad!

Xi Lang immediately became angry and shouted at Yue Feng: "What do you mean? A giant dragon has appeared in this place. If you encounter a giant dragon, can you protect His Royal Highness An Qi alone?"

At this time, An Qi also opened his mouth and said: "Let Xilang follow, there are many people to take care of." Although it is not far from the Wangcheng, the road is rugged and the environment is complicated. It is safer to have people like Xilang follow.

Seeing An Qi speak, Yue Feng smiled and said nothing.

Afterwards, the group left the cave and walked down the mountain.

"Roar!"

However, before walking far, I heard a deafening roar not far away, and then, a huge figure flew in from the night sky not far away.

He was covered in black scales, and his blood-red eyes were like lanterns.

It was the dragon that Yue Feng had conquered before.

One day ago, the giant dragon came to this area to search for a habitat. It was discovered that the giant dragon cave left after a short stay. The dragon originally planned to find a new habitat in a further place, but it was only halfway there. A few hours ago, sensing that Yue Feng had come here, the giant dragon hurriedly came to investigate.

You know, with the relationship of dripping blood to recognize the master, within a hundred miles,

the giant dragon can clearly sense Yue Feng's whereabouts.

hiss!

Suddenly seeing the giant dragon appear, whether it was Xilang and others, or An Qi, their hearts trembled, and they couldn't help but breathe in air-conditioning.

There are really dragons.

Moreover, this dragon is so big and its breath is so terrifying.

For a while, everyone froze there, all stunned.

But Yue Feng had a calm face, very relaxed and natural.

Bang, bang, bang!

Soon, the giant dragon landed and walked towards Yue Feng with steps. The huge dragon claw stepped on the ground, making a deafening noise, like an earthquake.

"Master!" When

approaching the front, the giant dragon looked at Yue Feng with respect, "Why are you here?"

"A word is hard to say!" Yue Feng's face was bitter.

At this time, Yue Feng used the beast ring to communicate with the giant dragon in secret, so everyone around didn't even know.

At this time, seeing the giant dragon close at hand, Xilang and the others were unspeakably panic, all

their faces were pale, and they almost couldn't stand firmly.

Silang see the way the wind Yue chuckled, then lightly: "!? Silang Master, you just said good, to protect Angel Highness, now the dragon appeared, you will not Pale Ba"

call ...

Chapter 3415

Hearing this, Xilang's face flushed, and he bit his neck and argued: "Who...who is afraid of?"

He said that, Xilang's forehead was covered with cold sweat and his voice was a little bit too tremble.

At this moment, An Qi was also trembling, her delicate face was extremely pale. When I didn't see

the dragon before, I was full of expectation, but now I see it, in addition to shock, it is endless panic.

In panic, An Qi couldn't help pulling Xilang, her voice trembling: "Xilang, what should I do?"

"I..."

Xilang was also panicked: "I don't know either."

Haha....

Seeing this scene, Yue Feng was secretly funny, and then ridiculed at Xilang: "Master Xilang, these dragons are rumored to be evil. Since we were discovered by it, someone must be eaten. Fall, let's go, I will run with His Royal Highness An Qi first, and you and your subordinates will hold it back. "

Huh?

Hearing this, Silang almost jumped up.

I took my men to hold the dragon? What a joke, this dragon is so powerful, so many people can't escape it.

"Run! Run!" The

next second, Xilang couldn't help but yelled, and ran down the mountain first. A dozen of his men followed, one by one running faster than the rabbit.

In Xilang's heart, An Qi's safety is certainly important, but it is not as important as his own life.

In a blink of an eye, Xilang and a dozen of his subordinates ran without a trace.

"You..."

Seeing this scene, An Qi was so angry that she stomped her feet with anger!

She didn't expect that Xilang, who had just vowed to protect herself, turned into a tortoise with a shrunken head when she saw the dragon.

"His Royal Highness An Qi!"

Yue Feng smiled slightly, and said: "I see, whether some people can be trusted or not can be seen at a critical moment." When is

this Feng Tao, and I am still in the mood to say this.

Hearing this, An Qi couldn't laugh or cry, and at the same time was anxious: "Feng Tao, what shall we do? Will this dragon eat us?" As he said, An Qi glanced at the dragon in horror.

Angel looked close to tears, mountain wind gently comfort: "Do not panic!"

Said Yue wind directed at the dragon waved: "! We are just passing by, no offense, let us go,"

said At the same time, Yue Feng secretly urged the Yu Beast Ring and gave the giant dragon the order to leave.

"Master!" After

receiving the order, the giant dragon responded: "Then I will go first!" Immediately, his wings vibrated and his huge body flew up to a height of

one thousand meters. In a blink of an eye, he disappeared from the sight of Yue Feng and An Qi.

Huh...

Seeing this scene, An Qi's body trembled, and she felt her brain humming.

The dragon didn't even attack himself and Feng Tao?

Also.... Did Feng Tao talk to the dragon just now?

After a full ten seconds of stunned, An Qi was considered to react, full of curiosity, and said to Yue Feng: "Feng Tao, did you talk to the dragon just now? Does it understand?"

Yue Feng nodded: "Yes, I know a little bit of animal language." It

's no small matter to subdue the dragon by yourself, so don't let An Qi know.

Beast language?

Hearing this, An Qi's eyes shone with brilliance, and she instantly looked at the guard in front of her with admiration.

Immediately, the two continued on the road and walked towards the direction of Wangcheng.

Along the way, An Qi kept inquiring about the animal language, Yue Feng had no choice but to make up some things and fool around. At the same time, he also said some interesting things about the mainland of Kyushu, and An Qi was stunned.

Soon after arriving at the palace, An Qi completely put down her shelf in front of Yue Feng, and took

Yue Feng's arm: "Feng Tao, you know so much. You will stay in my bedroom tonight and continue to follow I tell a story, okay?"

Fuck!

Hearing this, Yue Feng was startled, and shook his head quickly: "How can this work?"

Chapter 3416

Yue Feng at this time is almost dumbfounded.

This An Qi is too playful. I still want to listen to the story at this late hour. Besides, I am just a guard, how can I stay in her room?

Thinking about it, Yue Feng patiently coaxed:
"Today is too late, let's another day. I took you out quietly today, but I took a big risk."

Hearing this, An Qi was very disappointed, but still nodded. accepted.

Then Yue Feng and An Qi parted and walked towards the room where they were resting.

As soon as I arrived at the door, I saw a maid waiting there. Seeing Yue Feng, she quickly said:
"Feng Tao, Your Majesty the Queen wants to see you, come with me!" After finishing speaking, she led the way and did not refuse Yue Feng at all.
chance.

Oops!

Yue Feng frowned secretly, a trace of panic rose in his heart.

Did the Queen know about the matter of bringing An Qi out of the palace privately?

Soon, under the leadership of the maid, Yue Feng came to the queen's sleeping quarters.

call!

The moment he entered the palace, Yue Feng couldn't help taking a deep breath when he saw the scene in front of him.

I saw that the queen was sitting there quietly, with several maids waiting there, the atmosphere was a bit subtle and dull.

"

Feng Tao." Seeing Yue Feng, the queen's delicate face, without the slightest expression, said softly: "The pill you gave me before is very useful, is there any? Give me another one." When

saying this, The Queen's tone was very soft, but it was beyond doubt.

In the fierce battle with Meng Yi's subordinates, the queen was severely traumatized. Although she had taken Yue Feng's medicine before, she had not completely healed.

It turned out to be a pill.

Hearing this, Yue Feng's nervous mood suddenly relaxed.

Immediately, Yue Feng scratched his head and responded: "Your Majesty, I only have one Heart

Tempering Pill, but if you need it now, I can refine it immediately."

Refine it immediately?

The queen was stunned, her beautiful face was full of surprise: "That pill was refined?" There is no such thing as alchemy in the Roland Continent.

"Yes!"

Yue Feng nodded, then smiled and looked at the maid beside the queen: "Thank you, please help me prepare some herbs. I need earth dragon grass, purple sunflower..." the

next dozen In seconds, Yue Feng quickly explained the materials for refining the Heart Tempering Pill in detail.

this!

For a moment, the maids looked at each other, none of them moved, but looked at the queen in surprise.

The herbs Feng Tao said are available in the palace, but can these things be refined into pills?

The queen looked indifferent and waved her hand: "Go!" Although this wind wave, words and deeds are very special, but after that night, she still chooses to believe unconditionally.

"Yes, Your Majesty." Seeing the Queen speak, several maids hurried to prepare herbs.

After a while, the preparation of the herbal medicine was completed, and Yue Feng took a clay pot from the side as a utensil for alchemy, and immediately afterwards, the fire began to rise.

After doing this, Yue Feng took out the medicinal materials in an orderly manner, and put them into the fire one by one. Every step, Yue Feng was methodical and serious.

call!

Seeing this scene, whether it is the queen or the maids around, they have complicated eyes.

Can you make pills like this?

Especially the queen, watching every step of Yue Feng closely, with a strange light in her eyes. As a queen, she is also well-informed, but what Yue Feng is doing in front of her is the first time I have seen it. arrive.

Under everyone's gaze, Yue Feng methodically, after putting out the materials, he began to slowly control the heat.

As the temperature of the stove continues to rise, the entire bedroom is also warm.

Bang!

Chapter 3417

Unknowingly, ten minutes later, there was a shock in the pill furnace.

The surrounding maids were all taken aback, and they all backed in exclamation, thinking that the pot was exploded, but when they reacted, they saw that the pot did not explode.

At this time, these maids realized that this was a reaction produced by the airflow in the clay pot under high temperature.

With a smile on his face, Yue Feng slowly opened the clay pot.

At this moment, all the maids couldn't help but surround themselves, and even the queen stood up and couldn't help but look around. For a while, the whole palace was silent!

Wow!

In the next second, several maids couldn't help exclaiming, looking at Yue Feng's gaze, full of admiration and admiration!

It's really refined!

I saw the bottom of the clay pot, lying quietly with a round pill, a fragrance of pill, permeating the entire bedroom. It is Heart Tempering Pill.

"Your Majesty!" Yue Feng took out the pill and quickly handed it to the Queen's hand: "Please take it!"

Hmm!

The queen responded and took the pill. After a while, she felt refreshed, her face flushed, and she was indescribably charming.

"

Feng Tao." The queen showed a smile on her face, looked at Yue Feng, and said softly: "I can't tell, you are so knowledgeable and know so many things. After taking this pill just now, my injury should be completely healed. Yes, Feng Tao, you are really a talent of my Golden Lion Principality!"
When

she said this, the queen had a smile on her face, but her eyes were a bit complicated.

Ha ha...

Hearing this, Yue Feng's heart suddenly became excited, the queen praised herself so, she could take the opportunity to ask for the sacred book.

"But!"

Just when Yue Feng was secretly delighted, he saw the queen's face sinking, and her tone became cold: "You left the palace with An Qi in private, and stayed outside for a day before coming back. Let's talk, what's the matter? "

Fuck!

Yue Feng was stunned, and his heart was cold for a while, and it was broken. I thought that this

matter could be kept from the Queen, but she didn't expect she already knew it.

Thinking about it, Yue Feng's mind quickly turned and explained: "Your Majesty calms down my anger, today I will take His Highness An Qi out to relax, there is nothing else."

Hearing this, the queen's delicate face showed no expression on her delicate face. ,

Said lightly: "Angie is young and ignorant, and you are not sensible? Leave the palace rashly, what if you encounter danger?" Then, the queen shouted outside: "Come on, shut off the wind. Go to jail for half a month to show punishment!" When the

last sentence came out, the queen couldn't hide her inner anger.

This Fengtao, there is really no rules, and he carried An Qi out of the palace behind his back. You must know that An Qi is his only relative, and something is really going to happen, how can he bear it?

In this matter, although Feng Tao is not guilty of death, it takes a sentence or two to pass. How can the royal family still have majesty in the future?

When the voice fell, the two palace guards outside the door immediately walked in.

Damn it!

Seeing this, Yue Feng wanted to cry without tears.

How can he be locked up for half a month if he hasn't got the jade book of the holy code?

Seeing the two royal guards getting closer and closer, Yue Feng's mind was also spinning quickly, thinking about countermeasures.

Ma De, what should I do? Do you want to tear your face with the queen?

But if this is the case, it will be difficult to find the sacred book in the future.

"Sister, don't..."

Just when Yue Feng was in a dilemma, suddenly, an anxious shout came from outside the palace, and then, a slim figure walked in quickly and blocked Yue Feng's body.

It is An Qi.

It turned out that An Qi had come long ago. When she saw Yue Feng inside and was questioned by

the queen, she didn't come in, but looked outside the door.

Seeing that the queen was going to punish Yue Feng at this time, An Qi couldn't help it immediately.

Chapter 3418

At this time, Angel delicate face, full of tension, directed at the Queen said: "Sister, today leave the palace, I forced him, regardless of his sister thing ah beg him to spare.."

He said At these times, An Qi's eyes were full of expectation.

Before encountering a giant dragon, Feng Tao rescued him, how could he watch him be locked up?

Puff!

At the same time, Yue Feng knelt down and made a look of panic: "Your Majesty, beg your Majesty for forgiveness!" To be

honest, kneeling to the Queen, Yue Feng felt a hundred in his heart not wanting to kneel.

But there is no way. In order to find the second half of the Jade Book of the Holy Code, I can only ask for perfection temporarily.

call!

Seeing An Qi coming in to intercede, the queen frowned and said coldly: "An Qi, you are not young anymore, why are you such a fool?" After

that, the queen looked at Yue Feng and continued: "Even if you force him Yes, he can't get rid of this

matter, and if he takes you out of the palace, he is negligent." The

voice is not loud, but it is full of majesty.

The queen has clear rewards and punishments for her actions. This is her consistent style.

Hearing this, An Qi was anxious: "Sister, if you really want to punish, please punish that Xilang, that bastard is the most hateful." At the mention of Xilang, An Qi trembled. Unspeakable anger.

That bastard, when he saw the dragon, he left him alone, it was shameless.

Um?

The queen was stunned: "What does this matter have to do with Xilang?"

"Sister, it's like this." An Qi walked over, holding the queen's arm, and said in detail what happened today.

At the end, An Qi couldn't hide her anger: "At that time, Xilang kept saying that he wanted to protect me, but when the dragon appeared, he took his men and ran away. It didn't matter whether Feng Tao or I lived or died. A little bit of animal language, can communicate with the dragon, I am afraid that the two of us will really be eaten by the dragon." There is

such a thing.

Hearing this, the queen's beautiful face suddenly became gloomy: "Okay, I know about this, and I will ask about that Xilang tomorrow."

Then, the queen waved her hand at Yue Feng :
"Okay.

Yes , you should retreat first." "Yes, Your Majesty!"
Yue Feng hurriedly responded.

call!

At the same time, Yue Feng couldn't help but breathe a sigh of relief, and gave An Qi a grateful look.

Although this An Qi is a bit playful, she can still help at critical moments.

Muttering in his heart, Yue Feng withdrew from the bedroom.

"Sister!"

Seeing Yue Feng withdraw from the bedroom, An Qi affectionately took the Queen's hand and said

coquettishly: "This Fengtao is really good. It has been protecting me today. It is very brave. Why, you let him be mine. Personal guards." The

queen gave her a glance and said angrily: "I haven't settled the account with you about you leaving the palace today. Personal guards, I will talk about it later..."

Feng Tao is a rare one. The talent I met, let him be An Qi's personal guard, it was too shameless.

Hearing this, An Qi looked disappointed.

.....

On the other side, Yue Feng left the bedroom and returned to his resting place.

After spending a day with An Qi out of the palace during the day, and then being scolded by the queen, Yue Feng's mood was almost terrible.

This night, Yue Feng tossed and turned, and did not sleep until late.

Early the next morning, Yue Feng was woken up.

"Feng Tao!"

A maid knocked on the door: "Your Majesty, I want you to go to the front hall, you hurry up." After speaking, she walked away.

Nima!

Chapter 3419

Yue Feng rubbed his eyes and was very depressed. This morning, what did the queen ask herself to do in the front hall?

Muttering, Yue Feng quickly got up to wash, and then hurried to the hall.

call!

After arriving, Yue Feng was stunned.

I saw that the queen was sitting on the throne of the main hall, and the lord of the cities stood neatly below, not only that, but Xilang and An Qi were also there.

In front of Xilang, stood a middle-aged man with a gentle face.

It was Xilang's father, commander of the Royal City Guard Army, Xibo.

But what attracted Yue Feng's gaze was a woman standing opposite Xibo, wearing a gorgeous purple robe, showing her graceful figure to the fullest, her exquisite face, and her extremely seductive charm. Any man who sees her, They will not stay away.

Seeing this woman, Yue Feng couldn't help swallowing his saliva, and his whole body was crazy.

Damn it!

Who is this woman? Regardless of the size and beauty, it is almost equal to the queen.

Especially that charming temperament, if you go to the mainland of Kyushu and enter the entertainment circle, it will definitely explode.

Just as Yue Feng sighed secretly, he saw An Qi blinking at him.

Yue Feng understood, quickly walked to An Qi and stopped.

"Is it the first time to come to the hall?" An Qi lowered her voice and said to Yue Feng: "Look at your stupid look."

Yue Feng responded softly: "The queen suddenly called me, of course I was nervous." While talking, Yue Feng still couldn't help but look at the charming woman.

The voices of the two were so small that the people around could not hear them at all.

"Hey!"

Perceiving Yue Feng's gaze, An Qi was very displeased: "Don't you listen to me well, and always watch what that vixen does?" She said, her delicate face couldn't help but reveal something. Contempt for points.

Vixen?

Yue Feng was stunned.

"Ms. Lanya, who is well-known throughout the city, hasn't you heard that she is the most seduced man." An Qi curled her lips and said angrily.

call!

Hearing this, Yue Feng's face was stunned. It turned out that the woman was Mrs. Lan Ya.

During the two days in the palace, Yue Feng heard a lot of strange things here. Among them was this

Madame Lanya. It is said that her husband used to be a duke with great power. Later, in order to resist the invasion of other duchy, he died. On the battlefield, the queen was very heartbroken. In order to thank the duke for her contribution, she gave his wife the privilege, which is Madame Lanya, to enjoy the treatment of the duke throughout her life.

It can be said that this Lady Lanya is the only woman with the title of duke in the Golden Lion Principality, and even the entire continent of Roland.

However, it is not the status of Madame Lanya, but her romantic history.

It is said that Mrs. Lanya is a master of love, no matter any man, she can easily play with her.

When Yue Feng heard these rumors, he just laughed at it, but he didn't expect that he would bump into this lady Lan Ya in the hall today.

After seeing Mrs. Lanya for a while, Yue Feng came back to his senses.

In the next second, Yue Feng couldn't help but whispered to An Qi: "By the way, the queen called me, what the hell is it?"

Pouch.

Seeing that he was still a little nervous, An Qi couldn't help but laughed, and then whispered: "What's the nervousness? It wasn't my sister who came from you. I asked the maid to call you."

What?

Yue Feng was stunned for a moment, he was angry and funny again.

This An Qi is really daring, dare to pass herself into the hall under the pretence of the queen?

Just when Yue Feng was secretly emotional, he listened to An Qi continue to say: "Today, my sister is going to punish Xi Lang in public, I specifically asked you to come and see."

Hearing this, Yue Feng nodded suddenly.

Speaking of which, what Xilang did yesterday was really shameless.

Chapter 3420

thought, Yue Feng looked around the lower hall, and as expected, he saw Xi Lang standing there, trembling, with sweat on his forehead.

And that Xibo, seemingly calm, had anxiety in his eyes.

The atmosphere in the entire hall was also somewhat heavy and depressed.

"Xibo!"

Finally, the queen opened her red lips lightly and uttered two words!

Xibo shook his body and quickly walked out: "What do you command your Majesty!" The

queen's delicate face, without any expression, said coldly: "As the commander of the royal city guards, you are highly used by the royal family. I have always appreciated it. You, but I didn't expect you to have such a big opinion on me and the royal family. "

Huh?

Hearing this, Xibo only felt like a thunderstorm sounded in his mind. He knelt down and said in panic: "I have always been loyal to our Golden Lion Principality and even the royal family. I don't know why your Majesty said this?"

No knowledge?

The queen breathed a sigh of relief, and said lightly: "Why did I say this? You ask your son what he did yesterday?" When

she said this, the queen looked indifferent, but her eyes couldn't hide a bit of anger.

This Xilang, at a critical time, abandoned his sister and ran away, how can he not be angry?

Huh!

In an instant, the eyes of the entire hall were all focused on Xilang.

Xilang's face turned pale suddenly, and he knelt down and shouted at the queen: "Your Majesty calm down, I didn't abandon Your Highness An Qi yesterday..."

Before she finished speaking, she was interrupted by An Qi: "Xilang, in front of me, do you still dare to lie? Yesterday the giant dragon appeared, and you immediately fled with someone, regardless of my life or death, if it wasn't for the wind and waves. Understand the beast language, can communicate with the dragon, I'm afraid I have been eaten by the dragon." When

she thought of yesterday, An Qi was furious.

When the voice fell, the other city owners around could not help talking.

"At the critical moment,

it was really shameful to have left His Royal Highness An Qi." "Yeah, as the son of the guard army commander, it's really shameful..."

"I was pretty optimistic about him, alas. ..." The

surrounding discussion kept coming, Xibo's face was extremely ugly, and his whole body was dripping with cold sweat.

It's shameful to have such a son.

At the same time, silang almost in tears, fear and said: "Angel Highness, you really misunderstood me, I did not run, but to go back to save people, good and dragon fight ah."

At this point Xilang, who wants to cry without tears.

I thought An Qi and Feng Tao were dead last night, anyway, they sneaked out of the palace, and they were eaten by the dragon at that time, no one knew, and the queen would not find out about them.

But he never expected that An Qi and Feng Tao would come back safe and sound, and also told the queen about the situation.

Hehe...

Hearing this, An Qi sneered and didn't believe it at all.

Seeing An Qi refused to forgive herself, Xilang was completely anxious, and she had to continue to explain!

"You beast!"

However, at this moment, Xibo suddenly roared, oh, this beast has done such a shameful thing, and he hasn't repented yet? Immediately walked over and slapped Xilang's face with a slap!

"Slap!"

This slap almost used his full strength, and Xilang covered his face, his face swelling high.

"Father!" Xilang yelled, and almost didn't cry:
"Yesterday I really didn't abandon Her Royal Highness An Qi. I ran away and wanted to move rescue soldiers!"

" Pop !"
