

Billionaire God of War

Novel Chapter 2323 – 2324

Chapter 2323

Andrew looked up, but no one saw anyone.

This voice seemed to sound directly in his mind.

“Who are you?”

Andrew shouted.

“Young man, I have been waiting for you for a long time.”

The voice sounded again, still echoing in Jiang Ning’s mind, as if that person had already gotten into his heart! < /br>As long as you are aware of it, you can talk, you don’t need to see people at all.

Andrew sat on the dragon chair, before he had come to feel the changes in his body, suddenly an inexplicable memory suddenly exploded in his mind!

“Ah—”

Andrew couldn't help yelling, his head seemed to explode.

“You and I are predestined, everything in Tiangong will be given to you.”

After this voice sounded, there was no more information.

Andrew leaned on the dragon chair and took a deep breath. Suddenly there was a memory in his mind, causing his face to change slightly. The scenes and scenes were quickly flipped...

“Here... is the palace of heaven. ?”

It really is a heavenly palace!

There is such a place!

The memory in my mind shows how prosperous this place used to be, but one day, someone suddenly came here and destroyed it!

He could see a vague figure leading the crowd to resist, but in the end he couldn't resist it. The battlefield was fierce, fighting to the end, and there were countless casualties!

He saw everyone retreating to the last line of defense. Behind him, there was a pond exuding aura.

“Chang Sheng? Shan Ran Wu Shi Er Ai Wu Zhe? Chi?”

Andrew opened his eyes, “Is that the Chang Sheng Pool?”

He didn’t care about these weird things, so he immediately got up. The body, heading in the direction in the memory.

Behind this hall, there is a garden. Like other places, it has long been destroyed, ruins are everywhere, and the pool in front of you has long since dried up.

Andrew stood there, silent for a moment, and couldn’t help sighing.

“Even the Tiangong is gone, how could this pond still be preserved.”

This is the lifeblood of the Tiangong. The reason why the water can continue to gush out is because the Tiangong is still there, so the anger is still there. , But now that the temple is destroyed, where is there any anger?

Andrew frowned, a little disappointed.

I worked so hard to come here. After nine deaths, I almost lost my life here, but as a result, the longevity pond dried up.

How to save the old urchin without the water in the longevity pond

He can’t just watch the old naughty boy die.

So Jiang Yao is so sad.

Andrew stood in front of the longevity pond, without speaking for a long time, the disappointment on his face could not be concealed in the slightest.

Suddenly.

Plop!

A slight noise made Andrew look up.

A small hole in the center of the pool made a sound. He fixed his eyes and saw that it was a cluster of small water splashes!

The water in the pond hasn't dried up yet?

There is one last touch!

Andrew immediately jumped down and rushed to the hole. You could see the tiny splashes gently emerging from the hole. Although small, they still exist!

He immediately stretched out his finger, a little white light, and instantly floated on his fingertips.

"This is?"

Andrew only realized it at this moment. He had just been on the dragon chair and experienced a very miraculous thing, which caused a huge change in his body. Even Dantian, There is a big difference.

He looked at the white light on his fingertips, he didn't need his control at all, as if there was life, his mind appeared on the fingers when he moved.

Andrew touched the spray with his finger, and the ground shook suddenly!

He jumped up, and suddenly, water splashed and gushed out!

Wow!

What a big splash!

The longevity pond seemed to have been lit by the white light on my finger. At this moment, the water was blazing, and the spray of water burst into the sky.

"It's not dry!"

Chapter 2324

Andrew is overjoyed. The water in this longevity pond has not dried up. It seems to be hiding on purpose. At this moment, I feel It wasn't until the white light on his finger that he regained consciousness.

He immediately opened the kettle on his body, filled the water in the longevity pond, and filled it with a full pot. The surging breath of life made people feel refreshed and happy just by smelling the water vapor!

It's amazing!

There is more and more water in the pool, and there is water in the entire pool, a trace of mist, rising from the surface of the water, permeating the entire space.

"It seems that I am a little angry."

Andrew said, "Heavenly Palace, this is actually the Heavenly Palace. The water from the Chang Sheng may nourish this place and make it lively again."

He looked at more and more water in the pool, with complex eyes: "Nourish this place, here, it will recover sooner or later."

As if he understood Jiang Ning's words, the pool water tumbling suddenly, boiling like fire!

Wow!

The pool water hit the stone wall, deafening!

Andrew didn't look at it anymore. He got the water from the longevity pond, and went back first to save the old naughty boy. As for the memory in his mind, he needed time to sort out.

Thinking of some pictures, Andrew didn't feel that he was lucky enough to get such a chance. On the contrary, he felt that this was a bigger challenge!

The future becomes more elusive and confusing.

Andrew walked back to the main hall, looked at the dragon chair, and could imagine that there used to be a king here, sitting in all directions!

But in the end, it disappeared.

"You and I have a fate, you give me this fate, but I may not be able to help you."

Andrew said, "I hope you will not blame it."

Sometimes, not He is afraid of danger, not that he is afraid of challenges, but now that he, with a family and a wife and daughter, can easily take risks, how can he easily put his own life and death out of consideration?

Which man, after having a family, still lives for himself?

Not anymore.

Andrew bowed his hand and turned to leave.

Vaguely, a phantom floated on the dragon chair, faintly wrong, watching Jiang Ning's back left, revealing a faint smile, and then disappeared again.

At that time.

Andrew came out of the passage!

Boom!

There was a loud noise, and the ground was shaking.

Andrew has returned to the north.

He took a deep breath, it was good to be alive.

He turned his head and looked, he couldn't help frowning,

"Huh? The wolf is not dead?"

He saw that the eight chains on the lake surface had been pulled out of the bottom of the lake. The coffin was gone!

In addition to greedy wolves, he can't think of anyone else.

"Come out!"

Andrewshouted. Soon, many people ran out from all around. Seeing their appearance, they were very embarrassed. It was Fang Qiu and the others!

Fang Qiu's face is still wounded, and the gauze is stained red with blood!

“Master? It's you!”

Fang Qiu cautiously yelled. After seeing that it was Jiang Ning, he was pleasantly surprised, “It's great that you are fine!”

Behind him is Brother Dog The others were also a little embarrassed, but their eyes were still fierce. Seeing Jiang Ning, a trace of guilt flashed across his face.

“Brother, we are useless, we couldn't stop him.”

They were also very surprised, lying in ambush outside this passage. They wanted to say that if the greedy wolf came out, they would take the opportunity to besieged him. But where did they think that the greedy wolf came out silently, and they only found out when the greedy wolf was about to take away the copper coffin.

I want to stop it, but it's still too late.

“That guy, it has become so terrible!”

Gu Ge said, “Too strong!”

Andrew did not blame them, the wolf is not dead, then there must be an opportunity, too. I was lucky to get something, and Greedy Wolf must have got something too.

“First? Yifu hides the meaning and dyes the love by Yiyi? Don’t talk about it, go back.”

He glanced at Fang Qiu and others, “Things have become very complicated, I am afraid, there will be no stability in the future. It’s time for him.”

Greedy wolf is still alive, this is the biggest hidden danger, especially, now he doesn’t know what Greedy wolf has gone through, but his strength has become stronger, and his ambition will definitely become great!
