

Billionsaire God of War

Novel Chapter 2363 – 2364

Chapter 2363

“Dad!”

Jiang Yao saw that Andrew was here, and immediately ran over, like a monkey, quickly got into Jiang Ning’s arms, holding Andrew tightly with both hands.

“Dad, you are the most powerful person in the world!”

She snorted and deliberately said, “Master...Master second!”

Andrew couldn’t help laughing, even the old naughty boy laughed.

This girl, after all, the favorite is Jiang Ning.

She is like an octopus, holding Jiang Ning’s neck tightly, deliberately looking at the old naughty boy, squeezing her eyebrows, as if to say that she is only temporarily confessing, saying good things in front of her father, so that the old naughty boy should not be angry .

How could he be angry?

“I feel that someone is coming, someone from your time.”

“Well, an old person.” The

old naughty boy nodded, “I don’t want to see her.”

There is no way to talk about the past, and the old naughty boy doesn’t want to mention it.

“She should be with the greedy wolf now.”

“The greedy wolf is in the crypt.”

Andrew asked.

The old naughty boy shook his head: “I didn’t ask, I don’t want to ask.”

That’s what he is like . He wants a lot of face, and he is holding back many things.

Andrew didn’t say anything, just nodded.

He knew what kind of person the old naughty boy was, and it was too embarrassing for him to force him to do things he didn’t like to do.

“As for the water in the longevity pond, I have found a way.”

Andrew said important things.

The expression of the old naughty boy immediately changed.

“Can it be used?”

He was surprised.

This thing is a good thing, but even for him, when he uses it, he has to experience pain, the kind of tearing pain that ordinary people simply can't bear.

Harrison and the others have an empty enthusiasm, but they can't use it to improve themselves. This is actually a cruel thing for them.

How can a group of people who are not afraid of death, a group of brave soldiers, let them down?

At least Andrew would not want such a thing to happen.

“

It's okay .” Andrew said, “I will help them refine these few days. Then, you will need to protect the law.”

“No problem.” The

old naughty boy said immediately.

He wanted to be able to help his disciples.

Especially, seeing Yumeng still alive and still with the greedy wolf, he held that breath in his heart, but there was no place to spread it. When the dog brothers and them all improved, he even thought to take a group of people to find a place in the cave. !

Clean up the greedy wolves!

“There is something, I have to tell you first.”

Andrew said , “Those who awakened...” The

old naughty boy frowned slightly? Love shuts out the land?

He knew that what Andrew was talking about was that those who were awakened by greedy wolves were still within the gate of the mountain, and continued to fall asleep, waiting for the opportunity to wake up again.

This was all agreed with Jiang Ning. Now Andrew has found the longevity pool, he should have awakened them.

“You don’t want them to wake up for the time being?” The

old naughty boy said, “I can understand.”

“They have been out of this era for too long. If you wake them up, it is now a variable. You can’t control them, and neither can I. .”

He knows these people.

Once they can reshape their vitality just like themselves, they will definitely be like wild horses breaking free from the reins, which will be very crazy.

At that time, how chaotic the world will become, no one knows, Andrew does not have the energy to take care of them now.

As long as the greedy wolf is alive for one day, the focus of attention can only be the greedy wolf.

Andrew nodded.

“The situation is special and it takes some time. They wake up now and it is indeed difficult to control.”

Andrew said, “However, they are also a force, maybe even a trump card.”
The

old naughty boy’s eyes changed.

“If you have any thoughts, tell me directly, as long as it is good for Yaoyao and can protect her, I will have no problem.”

Chapter 2364

He knows that Andrew is very cautious in doing things, and he will think clearly before starting.

These are not things he likes to do, it's too tiring to use his brain.

If you let Harrison and the others know, they will definitely be very happy. They are really not a family, and they don't like to use their brains if they don't enter a family.

"I want you to control them."

Andrew said, "Thinking about it, I think, we still have to wake them up. This power must be used!?" Erran Zheshi Xiwu Shidi?" The

old naughty boy took a deep breath. Tone.

"Hmph, you will be a good person, but the bad guys let me do it?"

"Master is not a bad guy!"

Jiang Yao, who hung around Jiang Ning's neck, said quickly.

The old naughty boy suddenly put on a smiley face again: "Of course the master is not anymore. I'm joking with your dad."

After that, he waited for Jiang Ning. This bastard deliberately said this in front of Jiang Yao, didn't he just want to agree.

“Those bastards, it's not a big problem for me to control them.”

He wants to say no, isn't it being underestimated by Jiang Yao?

“In addition, they are equivalent to gathering the strengths of a hundred families, and their proficiency is different,”

Andrew said, “Look, if there is anything good that can be taught to Jiang Yao, you are just such a baby Apprentice, teach her more things, it's good.”

Seeing Jiang Ning's look of profiteers, the old naughty boy nodded repeatedly. He couldn't help but followed Jiang Ning's words .

This is on the thief ship, there is still a chance to come down?

Give him a chance, and he won't go anymore.

He hugged Jiang Yao from Jiang Ning, and hummed: “Okay! My apprentice, I'll take care of it! You dad, it's a good thing to throw away the shopkeeper.”

“Yaoyao, let's go!”

Old elf said, "Your father did not abandon Master to teach you something, and we gave him an insight about what we will!"

"Hee hee, the best Master! Master the second world!"

"First!" "Temporary

section Two? My dad can still hear it."

"I can't hear it now."

"Then the master is number one! Number one in the world! Yeah!"

...

Andrew couldn't help laughing.

This old man is really like a child, taking Jiang Yao to play, more like two children.

He took a deep breath, his expression gradually calmed down, even a little cold.

Greedy wolf!

The memories in his mind are constantly being sorted out, and he believes that the same goes for Greedy Wolf.

Indeed, just as Andrew thought, Greed Wolf has been sorting out the extra memories in his mind.

With the understanding of the crypts and the heavens, Greedy Wolf needs to constantly digest the memories of the Demon King and extract those useful and meaningful things for him.

He is him, the devil is the devil, the purpose and ambition of the devil may not be his, but what he wants, he must get it!

Even borrowed the power of the Demon King, borrowed the power of the crypt to get it!

Above the cave hall.

Greedy wolf is used to being alone.

He allowed Yumeng to leave without worrying that she would completely leave him. He had to prove that he loved Yumeng enough. As for whether Yumeng would love him or not, that was Yumeng's business.

The paranoia of Greed Wolf is a little hard to understand.

Slowly, Greedy Wolf opened his eyes and let out a long breath.

“It turns out that your purpose of attacking Tiangong is because of this.”

His eyes were gloomy, and a double pupil appeared again, but compared with the past, today's double pupil is obviously different and deeper.

Just like Wang Xinghe, it only takes a glance to completely sink people!

Greedy Wolf got up, stretched out his hand, and a violent wind hit him instantly, wrapping him up, but in a moment, he disappeared.

And the next moment.

In the volcanic pool in the depths of the crypt, Greed Wolf stood there, looking at the dry ground, and his expression was a little serious.

“Is there only one fountain left in this world?”
