

Chapter: 106

Support Her Family's Business

In the end, Su Ruan had to listen to Ma Wei's suggestion and stay at the booth to promote their products. Just as he had expected, most of the people who visited the Ma's Orchard's booth came to look at Su Ruan.

The men saw an unfamiliar girl selling cherries. Seeing that she was pretty, they came over, hoping to get to know her. They had thought that they might be able to get her number after buying a few products, but Su Ruan only laughed it off when they asked for her number.

The elders have heard that Ma Hao Dong's granddaughter had returned to the town and stopped by to look at her. Seeing that she was polite and well-behaved, some of them wanted to match her with someone in their family.

In the end, Su Ruan had to tell them that she already had a boyfriend.

Just like that, Su Ruan had become a small celebrity on the day.

Ma Yu Xi watched as another young man left the booth with a disappointed look on his face before she walked over to her cousin, "Sister Ruan, I told you that you are going to be popular today. Look at the number of people who stopped by our booth."

"You're talking nonsense. Everyone stopped by to buy our product. It was not for me."

Ma Yu Xi heaved a long sigh. "You didn't know this but previously, our booth was not as popular as today. I'm telling you that the people came to see you. I think the sale this year would definitely top the previous year."

Su Ruan could only shake her head and laughed it off.

"Sister Ruan..." Ma Yu Xi looked around sneakily and whispered, "When are you going to meet up with that young master. My brother asked you to look after this booth. Would you still have time to walk around with him?"

"We already decided to meet up in the evening," Su Ruan said. "I heard that the carnival will reach its peak when the sky turned dark."

"That's true." Ma Yu Xi nodded. Her eyes twinkled as she was looking forward to the fun activities at night. "There will be fireworks and I heard that the Old Master of the Long family will come over to give his speech."

Su Ruan was suddenly curious about Long Fei's grandfather. "Besides, he is too high profile. It would be troublesome if we walked together in the town center during the day."

Ma Yu Xi frowned. "Why does it sound as if you were having an underground relationship? Could it be that he is not willing to take you out to the public?"

Young Master Long Fei is someone with high status. Hearing that the man wanted to hide from the crowd, Ma Yu Xi's mind started to go wild. A lot of possibilities suddenly appeared in her mind.

Su Ruan rolled her eyes. "You're watching too much drama."

"Who's having an underground relationship?"

The voice came over suddenly, scaring the two girls. Turning around, they found that Ma Wei walked over with another staff behind him. The two of them were carrying a box on their shoulders.

"Nothing." Su Ruan flashed a smile. "We were discussing that recent drama."

Ma Wei is not someone who had an interest in drama. Just like that, the subject was dropped off. He put the box on the shelf behind them and looked at the two girls.

"If you run out of those jams, then, you should take it from here." Ma Wei patted at the box. He gave them a few more instructions before he walked away to do his job.

Ma Yu Xi watched as his brother walked away and patted her chest. "This person. He really liked to walk around like a thief."

"Alright, let's stop talking." Su Ruan pointed to the incoming customer. "Someone is here."

Ma Yu Xi looked up and was surprised to see her classmate, Chu Jin. "Chu Jin, why are you here?"

A look of displeasure appeared on his face. "Aren't you here to sell cherries? What do you think I'm here for?" He turned to Su Ruan and nodded as a greeting.

The last time, Su Ruan had followed Ma Yu Xi to the town center to get a replacement of her phone after she had fallen into the lake. At that time, it was Chu Jin who had attended her. Naturally, Su Ruan could still remember that Ma Yu Xi had introduced Chu Jin as her classmate.

Chu Jin looked at the products on the table and pointed at a few items. Then, he looked at Ma Yu Xi again. "Just these. Help me to pack it up."

Ma Yu Xi grabbed the paper bag and placed the items into it. "You're buying a lot. Are you sure that you can finish them all?"

"You don't need to worry about this." Chu Jin narrowed his eyes as he looked at Ma Yu Xi. He came over to support her family's business but this girl was asking him too many questions.

As if sensing that someone was looking at him, Chu Jin turned and his gaze met with Su Ruan's. A faint blush appeared on his face. Chu Jin could not help but feel as if Ma Yu Xi's cousin could understand his thought at this moment.

Chu Jin let out a cough and took out some money to pay for his stuff.

"Since you're buying a lot, then I will throw you an extra gift," Ma Yu Xi said.

"What is it?"

"Cherry oatmeal cookies." Ma Yu Xi smiled. "I made it with myself."

Chu Jin stared at the small packet of cookies and raised a brow. "I wouldn't get diarrhea after eating these cookies, right?"

His words made Ma Yu Xi furious. "Chu Jin, just give it back if you didn't want it."

The man took a step back and successfully avoided Ma Yu Xi from snatching the cookies. He raised both hands and smiled. "I'm joking. Ma Yu Xi, thank you for your cookies."

"This person only knows how to make me furious," Ma Yu Xi grumbled as she watched the man leave.

Su Ruan stood at the side and tapped her fingers on her chin. She has been staring at Ma Yu Xi and Chu Jin's interaction from the first time she entered the phone shop. Her instinct was telling her that something was going on between them.

Before she could think much about this matter, a little commotion on the street snapped her out of her trance.

Su Ruan lifted her head up and saw the figure of a few familiar faces walking along the street.

Chapter: 107

Surprise Visit

Seeing that her cousin was staring at a spot with a dazed look on her face, Ma Yu Xi followed her line of gaze and saw a group of people walking on the street.

There were around four of them and each of them was unfamiliar faces to Ma Yu Xi.

"I almost forgot. Although not many knew about this carnival, there would be a few tourists and people from the nearby town to join the carnival as well," Ma Yu Xi commented.

Su Ruan frowned, but it doesn't seem as if she was listening to Ma Yu Xi's words. At this time, Su Ruan's gaze was focused on the couple at the front.

Although she had told herself that she had let go of her feelings, seeing both Yu Zhi Yi and Shen Yue together would still make her heart uncomfortable.

She had thought that she would not see them until their wedding. Unexpectedly, Yu Zhi Yi and Shen Yue decided to come to this small town.

Seeing that they had come closer, Su Ruan quickly turned around to avoid being seen. Unfortunately for her, Yu Zhi Yi had noticed her.

His eyes flashed and Yu Zhi Yi pulled his fiance over to the Ma's Orchard's booth.

"Su Ruan!"

Her steps halted upon hearing his voice calling out her name. Su Ruan hesitated for a brief second but in the end, she inhaled a deep breath and turned around with a fake surprised look on her face. "Yu Zhi Yi?"

At the side, Ma Yu Xi raised a brow when she realized that her cousin know this man. She thought of how Su Ruan has been staring at the man with a dazed look on her face just a few seconds ago.

Her sixth sense was telling her that there was a story behind their relationship.

"I knew that I would run into you here," Yu Zhi Yi said.

Hearing his words, Shen Yue, who was beside him narrowed her eyes. Her gaze shifted towards both Su Ruan and Yu Zhi Yi. It was clear that she was unhappy at this unexpected meeting, but Shen Yue did not want to create a scene and cause trouble.

"Miss Shen, hello," Su Ruan turned to the woman and greeted her politely. "What are you two doing here?"

Yu Zhi Yi glanced at Shen Yue and spoke, "It has been a while since we go on a trip together. I saw on you posted about this carnival on your social media and decided to come and take a look. Su Ruan, I didn't think that this town would be this pretty. So, this was why you wanted to stay in this town."

The smile on her face turned stiff. Su Ruan was not expecting that Yu Zhi Yi would come to this town after seeing her posts.

"Then, I hope that you will enjoy your stay here," Su Ruan smiled. "How long are you staying around."

"Unfortunately, we will have to leave for Capital City the next morning," Yu Zhi Yi said. He tightened his arms around Shen Yue's shoulder and continued, "It was not easy for me to bring Shen Yue out."

Hearing that the couple was not going to stay for too long, Su Ruan heaved a breath of relief.

"Su Ruan, you're very familiar with this town. Why don't you show us around this place? We can take this chance to catch up," Yu Zhi Yi suggested.

"Zhi Yi, don't make trouble." Shen Yue leaned her head on Yu Zhi Yui's arms. "Miss Su is busy looking after her booth. She won't have time to show us around the place." Then, she turned to Su Ruan and flashed a smile that did not reach her eyes. Her brow rose as if trying to provoke Su Ruan to say otherwise.

"Your fiance is right. Unfortunately, you come at a bad time." Su Ruan flashed an apologetic smile. "I have to look after this booth. There are a lot of things to be done. I don't think I will have the time to show you around the place."

"Not even for a few minutes?"

Su Ruan hesitated upon hearing his tone of voice. "I really can't. I'm sorry. It was a busy day for me and everyone else in the orchard. Next time, you should have told me you were coming. Then, I could arrange for something."

Yu Zhi Yi finally heaved a sigh. "You're right. I just thought that we haven't seen each other in a while and wanted to give you a surprise."

"Well, this is fine too. The two of you could walk around and enjoy this carnival together. If I come with you, I'm afraid that I will only be a light bulb," Su Ruan smiled. "I don't wish to be fed with dog food."

Yu Zhi Yi laughed upon hearing her words. "Alright. I get it." His eyes swept on the products on the counter "What are you selling? I'll buy some and bring them back to our friend in Capital City."

Su Ruan introduced their products and convinced her friend to buy a few more. Seeing that there were a few guests coming to their booth, she quickly made an excuse to escape.

With Su Ruan busy looking after the booth, Yu Zhi Yi then left with his fiancée.

A breath of relief escaped her when the couple was no longer within her eyesight.

"Sister Ruan, who are those people?" Ma Yu Xi asked.

"Yu Zhi Yi is my best friend and we have known each other for years. That woman, Miss Shen is his fiancée," Su Ruan explained.

"Why do I feel as if there was something strange going on between the three of you?" Ma Yu Xi asked.

"The way that woman was looking at you was a little strange. I don't know what it is, but I don't think she was being friendly with you." Her brow furrowed as Ma Yu Xi recalled the provocative look that Shen Yue had given to her cousin.

"There was a bit of misunderstanding." Su Ruan chuckled. "Miss Shen seemed to think that I have feelings towards her fiancée."

Ma Yu Xi raised a brow. "Sister Ruan, you liked that guy?"

"Don't be ridiculous. Our relationship is not like that." Su Ruan rolled her eyes. "Alright. Let's stop gossiping and continue to work." She quickly found a way to change the subject.. "If your brother comes over and found the counter empty, he's going to nag for hours."

Chapter: 108

Mission Accomplished

By the end of the day, most of the items were sold out.

Su Ruan watched as her cousin, Ma Wei, counted the money with a big smile on his face.

A few minutes before the market was closed, a generous person had stopped by their booth and bought almost everything.

Unfortunately, both Ma Yu Xi and her brother did not recognize this man. They could only conclude that this person came from the nearby town to buy their cherries products.

"This is exciting. It was the first time that we have sold so much during the carnival," Ma Yu Xi could not stop smiling. "Sister Ruan, do you think that Grandpa will give us bonuses after this?"

Su Ruan merely laughed as she continued to tidy up the empty boxes on the shelf.

A few staff from the orchard came over to help them tidy up the place and packed up their stuff.

Ma Wei put the money in his pocket and turned to the girls. "I'm heading back to send the money to Grandpa. Are you two going to stick around?"

"Uh-huh." Ma Yu Xi nodded. She wrapped her arms around Su Ruan's shoulder and smiled. "This was the first time that Sister Ruan will join the carnival. Big brother, I'm going to take Sister Ruan around this place."

Ma Wei glanced at Su Ruan and frowned. "There's going to be many people tonight."

"Cousin brother, I know. I'll be safe." Su Ruan chuckled, wondering why everyone was worried about her. "Besides, Yu Xi will be with me as well."

The frown on Ma Wei's face deepened. As he was a few years older, Ma Wei could still remember the incident where Su Ruan would go hysterical when she visited the town.

Although their family members had said that Su Ruan was getting better now, Ma Wei could not be at ease.

However, he also understood that Su Ruan was already an adult and he could not stop her from doing what she wanted to do.

His gaze shifted to his sister. "Yu Xi, you have to keep an eye on your cousin sister. Don't stay around too late. Remember to return earlier. If something happens, remember to call me. I'll come over as soon as I can."

"I know. I know." Ma Yu Xi rolled her eyes. "Big brother, you are starting to nag a lot. Don't worry. I'll get Sister Ruan back home safely."

The three of them exchanged a few more words. Then, Su Ruan and Ma Yu Xi watched as Ma Wei left the side with a few staff, carrying a few boxes in their hands.

Once they could no longer see Ma Wei's figure, the cousins heaved a breath of relief.

Ma Yu Xi turned to Su Ruan with a playful smile on her face. "Sister Ruan, I help you out this time. Remember to treat me something good."

The corner of her lips began to twitch. However, Su Ruan was glad that she had told Ma Yu Xi about her relationship with Long Fei a few days ago.

Otherwise, it would be hard for her to sneak around.

She was planning to meet up with Long Fei when the sky turned dark and walk around the place. If Ma Yu Xi did not cover for her, it would be difficult for her to find a reason to go out.

"Sister Ruan, where are you going to meet the young master?"

Su Ruan glanced at her phone and sighed. "I will have to wait for him to text me first." She looked up and smiled. "Meanwhile, let's go and walk around this place."

Her eyes twinkled. Ma Yu Xi held Su Ruan's hand and dragged her around the place.

Just as Ma Wei had warned them earlier, the crowd began to build up. Everyone was gathering at the square as they waited for the Old Master Long to show up and for the performance to start.

At the side, there was a funfair where the youngsters head over to have fun.

The atmosphere was lively. After walking around in a bit, Su Ruan had put her meeting with Yu Zhi Yi earlier that day in the back of her mind. Her mood lifted up as she watched everyone around her having fun.

The cousin stopped by a booth and bought some huge and colorful cotton candy.

Just in time, Su Ruan's phone chimed. However, the person who was excited to hear the notification tone was Ma Yu Xi.

"Sister Ruan, quick. Let's see if it was that young master."

Su Ruan giggled at her cousin's reaction. Her eyes flashed when she saw Long Fei's message, telling her that he was waiting for her nearby a bridge.

"Yu Xi, do you know where this bridge is?"

Ma Yu Xi glanced at the phone and nodded. "I know where this is. Sister Ruan, I'll lead you over to the place."

After walking around for five minutes, the cousin finally arrived at the meeting spot. Seeing that there was no one around, Su Ruan took out her phone. However, before she could text him to ask for his whereabouts, Long Fei had suddenly appeared from behind a tree.

"You're here." Su Ruan looked at him in surprise. She was about to walk to his side when she realized that her cousin was with her. Suddenly, Su Ruan felt a little awkward.

She was already an adult. But at this time, she had her cousin send her to meet her date. Su Ruan thought that this feeling was embarrassing. She suddenly felt like a child.

"Su Ruan," Long Fei called her name softly. Then, he turned to her cousin and nodded. "Miss Ma. Hello."

"Young Master Long, hello." Ma Yu Xi alternated her gaze between her cousin and the man. A playful smile appeared on her lips. "I heard that you are going with my cousin for a walk. Then, should I wait for her or will you be sending her home?"

Long Fei glanced at Su Ruan. "I'll send her back home later. Miss Ma, you don't have to worry about it."

"Then... Sister Ruan, since my mission is accomplished, I will leave first."

Su Ruan looked at her cousin with a dumbfounded expression.

What mission accomplished?

Her face turned red and Su Ruan suddenly found out that she did not know how to face Long Fei at this time.

Before Su Ruan could make a complaint, Ma Yu Xi had already escaped.

Chapter: 109

Boyfriend

Su Ruan watched her cousin's retreating back with a dazed look on her face. It took her a while to remember that there were a few matters that she had not asked.

Just in time, the phone in her hand chimed. Su Ruan tapped her fingers on the screen and saw Ma Yu Xi's message.

"Sister Ruan, don't worry about me. I'm going to meet a few of my friends and hang around with them. Don't forget to text me when you arrived home."

Su Ruan stared at the message speechlessly. Sensing that something was blocking the light, Su Ruan looked up and the image of Long Fei standing with big cotton candy in his hand appeared.

Just now, she was in a hurry to look at her phone. Su Ruan had not realized that she had passed the cotton candy to Long Fei.

He was tall and he had a serious look on his face. The image of him holding the fluffy and colorful cotton candy was too adorable.

After a brief hesitation, Su Ruan stretched her hand spoke, "Let me take that from you."

"Your cousin seemed like a very lively person."

"Mhm... Yu Xi is someone who you can easily get along with." Su Ruan pinched at the cotton candy and ate it slowly.

The moment it entered her mouth, the sweetness spread into her mouth and the candy disappeared. As she tore another piece, Su Ruan finally remember the person next to her. She turned to Long Fei and asked, "Would you like some?"

Long Fei was about to decline when his gaze fell on the small piece on her hand.

The corner of his lips turned up.

Without saying another word, Long Fei lowered his body and opened his mouth to bite the small piece of cotton candy in her hand.

Su Ruan blinked as she watched the piece that she had torn earlier disappeared. A few seconds passed by and her face turned bright red.

Fortunately for her, the surroundings were dark and there was no way for Long Fei to see the color on her face.

"Well, it's sweet." Long Fei flashed her a playful smile.

Su Ruan lowered her head, wondering if Long Fei was addicted to eating food from her hand. After all, this was not the first time that he had done so.

Seeing that a certain girl was shy, Long Fei decided to stop teasing her. "Where should we go first?"

"I don't know." Su Ruan tilted her head to one side as she looked at him and laughed softly. "Aren't you a local? Shouldn't you know where we should head over first?"

Long Fei touched the tip of his nose and chuckled. "To tell you the truth, I have never properly attended the carnival before." He let out a cough and continued, "You might as well say that today is also the first time I'm attending the carnival."

Su Ruan stared at him in disbelief. Previously, Ma Yu Xi had mentioned that Long Fei had never shown up at the carnival. But when Long Fei had invited her to this carnival, Su Ruan had thought that he would know the attractions around.

"Let's just explore this place together, alright?" Long Fei said.

Su Ruan burst into laughter and nodded. "Alright." She had thought of texting her cousin and asking for her recommendation, but Long Fei's idea to explore the festivity together sounded good as well.

The two of them walked slowly. Their pace did not seem as if they were in a hurry to join in the carnival and have fun. They continued to chat and Su Ruan told Long Fei about her experience as she look after their orchard's booth.

Hearing Su Ruan mentioned that someone had shown up and bought almost everything from the booth made Long Fei smile.

"From the sound of it, your booth is pretty popular," Long Fei pointed out.

"It's not that bad." Su Ruan shrugged. The cotton candy in her hand had long gone. Su Ruan threw the paper cone into the trash can as they walked around.

"That's right, I heard another interesting thing as well."

Su Ruan raised a brow as she waited for Long Fei to continue.

Long Fei stopped in the middle of the road and turned to face Su Ruan. At this time, they were still a distance away from the crowd. As everyone was busy enjoying themselves, none of them paid attention to both Long Fei and Su Ruan.

"Earlier today, I overheard that you were telling the townspeople that you had a boyfriend."

Su Ruan stared back at Long Fei, wondering what was going on.

It took her a while to remember that she had told the elders who came to the booth that she was in a relationship.

Su Ruan laughed as the memories came back. She cleared her throat and clarified, "Previously, a few elders came over to our booth wanting to match me with their grandsons. I didn't know how to talk to them. That was why I told them that I had a boyfriend."

Long Fei pursed his lips into a thin line.

Seeing that a certain man did not seem so happy, the smile on Su Ruan's face gradually faded away.

"Then what do you think about me?" Long Fei asked. He leaned closer to Su Ruan and spoke, "What do you think of me as your boyfriend?"

Her eyes widened and her heartbeat accelerated. Su Ruan did not know how she should reply as she was facing Long Fei's question at this time.

...

On another side of the town, Yu Zhi Yi walked around the road with an unhappy look on his face.

After walking around the town center with Shen Yue, the two of them had returned to the lodging to rest. But who would have thought that the moment he sat down, his fiance would question him on his relationship with Su Ruan?

In the end, the two of them had argued for a long time. Yu Zhi Yi then decided to leave the lodging to calm down.

He walked around the unfamiliar town to watch everyone around him laughing happily. As he was in a bad mood, Yu Zhi Yi decided to walk over to a quiet place.

Just as was about to make a turn, his gaze finally landed on a familiar figure.

Yu Zhi Yi stopped on his track.

The surroundings were dark but he could still recognize her silhouette.

He knew her so well.

Yu Zhi Yi raised his hand, wanting to call her name. But he then realized that there was a tall man beside her. The two of them stood very close. From his position, Yu Zhi Yi could see that they were very intimate.

The colorful light coming from the carnival would illuminate her face.. His expression stiffened upon seeing the smile on her face.

Chapter: 110

Rejected

Of course, Su Ruan was unaware that a certain someone was observing her from afar.

At this time, she was still in a daze after hearing Long Fei's question. Her mind whirled as his questions replayed in her mind over and over again. In the end, her CPU was overloaded and her mind turned blank.

Su Ruan might have guessed the reason Long Fei would ask her such a question, but she was having a hard time believing it.

"Hmm?" Long Fei lowered his body until they were on eye level. The corner of his lips tilted up to a smile as he saw that someone was in a daze, "Su Ruan?"

Hearing her name, Su Ruan quickly snapped out of her trance. She lowered her head, not daring to meet his gaze. "What do you mean? How would I know what to think of you as a boyfriend?" Her voice trembled.

"It's not that hard to find out the answer." Long Fei chuckled. "Would you like to try? Being in a relationship with me?"

Her heartbeat accelerated. Her mouth opened and closed, wanting to give him an answer. But in the end, no words came out.

His questions were making her dizzy. This man was deliberately teasing her!

"Or could it be that you don't like me?"

"That's not it," Su Ruan spoke quickly.

The two of them were in a phase where they were trying to get to know each other. It hasn't been a long time since that happened.

Within the short time they had communicated, Su Ruan found that Long Fei was easy to get along with. She liked talking to him. He was mature, stable and he made her feel safe.

Even though she did not know whether she liked him enough to further their relationship, Su Ruan could feel that being with Long Fei would not be so bad.

Her feelings were telling her that he would not treat her badly.

Taking a deep breath, Su Ruan spoke, "I just thought that— "

"Su Ruan!"

Su Ruan did not manage to finish the words that she wanted to say. Hearing that someone was shouting her name, Su Ruan instinctively turned around. Her eyes widened in surprise when she finally saw the person.

Yu Zhi Yi? What is he doing here?

Meanwhile, Long Fei's expression turned uglier when he recognized the person who called out Su Ruan's name. Previously, he had looked into This man's information, and naturally, he knew that Yu Zhi Yi was very close to Su Ruan.

Although it was said that the two were best friends, his feelings were telling him that he needed to be guarded against this man.

His eyes narrowed when he remember the identity of Yu Zhi Yi's fiance.

"Su Ruan," Yu Zhi Yi's voice turned gentler as he stopped in front of her. "I didn't expect that it was really you."

"Yu Zhi Yi, why are you here?" Su Ruan asked. She looked around but could not see Shen Yue's figure.

"What about Miss Shen?"

His expression changed as he recalled the argument in the hotel room earlier. "She went back to the hotel to rest. I came out to take a walk. I did not expect that I would be meeting you here. It seemed that you are not so busy now. Would you like to walk around together?"

"Su Ruan, it has been a while since we sit down and chat," Yu Zhi Yi continued to coax her. "I have some matters to talk to you."

The corner of Long Fei's lips stretched into a sneer. It seemed that a certain man going to ignore his presence.

His unhappiness turned the air around them colder. However, Long Fei could only suppress this unhappiness as he did not want to get himself into trouble.

"I'm sorry." Su Ruan flashed him an apologetic smile. "I can't. Not today. I have made a promise to someone that I'll accompany him today."

Long Fei was secretly making a plan for Yu Zhi Yi when he heard Su Ruan's answer. Just like that, his unhappiness disappeared. He lowered his gaze and stared at Su Ruan, wondering if he was that someone she had mentioned.

The smile on Yu Zhi Yi's face stiffened.

Yu Zhi Yi had left the hotel to calm down. When he saw Su Ruan, he had thought that the two of them could sit down, vent out and tell her about his argument with Shen Yue.

Unexpectedly, Su Ruan would decline.

It seemed that this was the first time that Su Ruan had rejected his invitation. In the past, Su Ruan would leave everything behind when he asked her out.

His gaze shifted to the tall man behind Su Ruan for the first time. Yu Zhi Yi watched the man's handsome face and thought that he seemed familiar.

"I'm sorry, I forgot to introduce you two," Su Ruan chuckled. She noticed that her friend was looking at Long Fei inquiringly and realized that they haven't been introduced. "Zhi Yi, this is Long Fei. He's my—"

"Boyfriend." Long Fei stretched his hand and flashed an amiable smile "Hello."

Su Ruan turned to Long Fei with a surprised look in her eyes. She was still thinking about her relationship with this man when he had suddenly introduced himself as her boyfriend.

Surprisingly, she was not angry that he had done as such.

Yu Zhi Yi's gaze flickered. He shook hand with Long Fei but his mind was blank.

When he had seen them both together, Yu Zhi Yi would never think that this man would be Su Ruan's boyfriend. He had watched the men that Su Ruan dated previously and had never thought that Su Ruan would date someone like Long Fei.

Su Ruan coughed. When Yu Zhi Yi looked at her again, Su Ruan flashed him an awkward smile.

Of course, from Yu Zhi Yi's perspective, Su Ruan seemed a little shy.

All of a sudden, Yu Zhi Yi could feel something heavy pressing at his chest, causing him to have breathing difficulties. Still, he could only smile.

"It turned out that you are on a date. Su Ruan, you didn't tell me that you are in a relationship."

"It only happen recently. I didn't have the time to mention this to you."

"I guess, I shouldn't interrupt you on your date." His heart was feeling uncomfortable. Yu Zhi Yi knew that he had to leave now. "Then, I'll leave first.. Su Ruan, I'll text you later."
