The Charismatic Charlie Wade Chapter 3810

Don't look at it several times higher, in fact, each person is only a few thousand dollars a year. So, when Badr gave a promise of thirty thousand dollars, everyone was very excited. As a result, the pirates began to make preparations overnight, and they all dispatched tomorrow morning to encircle and suppress the freighter of Yisu Shipping. ... That night, there was a loud voice in Badr's base. On the coastline, a large number of pirates are conducting all-round overhaul of their speedboats. When the time came to four o'clock in the morning, most of the pirates had gone to sleep, and only a few guards were left watching and standing guard on the high towers around the base. Since their base camp has never been attacked, this group of people has no sense of crisis. The soldiers smoked cigarettes and chatted in twos and threes, just waiting to change shifts and go back to rest after dawn. However, they didn't know that in the dark sea, many heavily armed frogmen, holding silent electric thrusters, quietly approached the coastline. These frogmen are the soldiers of the Wanlong Palace. The leader of the team is the second in command of the Wanlong Palace, Chen. For Chen, asking him to assassinate an inconspicuous pirate leader really felt like killing a chicken with a sledgehammer. However, thinking that this is extremely important to the Wanlongdian armed escort business, Chen did not dare to feel any dissatisfaction in his heart. Therefore, he personally led the soldiers to sneak into Badr's base from the sea, just to give Badr a beautiful beheading operation. Under the cover of the sound of the waves and the darkness, eleven soldiers from the Wanlong Palace landed from an uninhabited beach very smoothly. Immediately, with their extremely keen figures, they quickly penetrated into Badr's base. Chen divided his ten soldiers into two. Five of them followed him to find Badr, while the remaining five lurked on the shore, looking for opportunities to install bombs on the speedboats of these pirates. In accordance with Abbas's request, they must quietly install remote-controlled bombs on all speedboats under Badr, and detonate these bombs after they kill Badr. Blowing up these speedboats will not only allow Chen and his men to retreat easily, but will also deal a huge blow to Badr's

armed forces. In this way, no matter who picked up a ready opportunity and became the new leader, it would take a long time to reorganize his fleet. Pirates rely on two different tools for their livelihoods, one is a boat and the other is a gun. If there is no ship, even if there is a gun, it will be useless. This will not only allow the next leader to be jealous of the Wanlong Palace, but it will also be able to slay the chickens and monkeys, so that the entire pirate organization in the Gulf of Aden will know the fate of the Wanlong Palace. At this time, Badr was lying deep asleep between the two young girls. In this place, he was the emperor of the earth, and he lived an extremely extravagant life. While he was asleep, he suddenly heard someone scream in his ear. Immediately afterwards, his hair was pulled forcefully, pulling him up from the bed. Badr opened his eyes subconsciously and found that he was being pulled by a strange yellow man by his hair. He was so frightened that he wanted to shout, but the other party immediately violently stuffed two women's underwear into his mouth and told him to send it out. There is no sound. The man who caught him was Chen , one of the two existing kings of the Wanlong Palace. He looked at Badr with a frightened face, smiled slightly, and said: "Badr, I represent the Wanlong Temple, hello to you!" Having said that, with a little effort with one hand, he twisted Badr's neck one hundred and eighty degrees! Badr only felt a sharp pain in his neck, and instantly saw the head of the bed behind him. On the bed, the two beauties who spent the night together are still asleep. Immediately afterwards, he felt that his eyes went dark, and the whole person instantly lost all consciousness!
