

# Dragon Husband

Chapter 1456

Li Nian's pair of fascinating smiles were about to cast a psychological shadow!

This devil always smiles strangely with yin and yang all day long!

With a smile, you will be out of luck!

This time she laughed again!

Is it possible that when he said he wanted to test fortune-telling, he was in the middle of it?

After thinking about it, Li Nian thought it was impossible!

It was possible to say that it was a treasure before. After all, Wiliam specializes in eating soft rice, and it is understandable that there are some magic weapons rewarded by rich women.

But now it's fortune telling!

It has nothing to do with external forces, it is Wiliam's ability to cultivate himself!

The reason why Xianghualixue is famous is because of its unique divination.

The reason why it is difficult to enter the fragrant flower and blood is also because divination is difficult.

It is those old people who have lived for nearly a hundred years and dare not pretend to be fortune-telling.

It must be Wenren's fascination making mystery!

Well, one fictitious and one real, so as to make me stunned.

Li Nian had a clear mind again, and felt that he had seen it through and Wenren was enamoured.

At this time, Wenren Tianqing also said in a timely manner: "Li Nianyi said that it is not unreasonable. According to the rules, it is a beginner disciple. Both must be tested to avoid the regret of being a bead. Although Wiliam has a talent for martial arts. , But divination may be promising. Sovereign, there are still many elders among us waiting for the way of divination to continue our ancestors. Wouldn't you make those elders chill with such a sweeping approach?"

Wenren Tiange's face became stiff, and the two brothers were clearly buckling a basin of shit on his head.

Isn't it just a mere child who has to rise to the battle between martial arts and divination.

After he said that, if he insisted on insisting, wouldn't it be regarded as a heavy weapon in the eyes of everyone?

Bale Bale, anyway, not really test divination let land leaf divination, but some of his potential only, should not have any effect on his martial way.

Thinking of this, he asked Wiliam: "Wiliam, do you know how to divination?"

It was just a casual question, and asked Wiliam to lower his posture first, so as to reduce the sense of expectation for the next test.

But as expected, Wiliam nodded and said, "Slightly familiar."

This answer caused an uproar at the scene.

After the uproar, everyone's faces showed uncontrollable mockery.

They all looked at one person.

An old man wearing a gray robe, messy buns and silver hair, gnawing a bun in his mouth.

The old man dressed up like a complete beggar.

But there is no one who dares not respect him or respect him.

There is no sound at all.

In Xianghualixue, Dao Dao accomplishment is the highest, even surpassing the existence of a few hidden world elders!

Wen Ren Wuming is an indisputable senior, he does not want to enjoy the generous treatment of the elders.

He is even more devoted to divination, obsessed with divination, and more sincere in divination.

However, even the most accomplished divination master in the history of Xianghuali blood, he has never been proud of himself.

Even, the more you come into contact with the way of divination, the more you can understand the vastness and mystery of this heavenly way, and this cosmic law.

So every time someone asked him what his divination state was, he only answered four words, knowing a thing or two.

Moreover, he has never accepted an apprentice for so many years, on the grounds that his skills are not good, and he is afraid that he will mislead others.

Such a person of extraordinary attainments only dare to say a little bit.

Nowadays, a maotou said that he is a little familiar. Doesn't it make people laugh out of their teeth?

Everyone wants to see how Wen Ren Wuming reacted to Wiliam's words.

It's a pity that Wen Ren Wuming seemed to be gnawing at the broken steamed bun with a pot of water when he didn't even care about the field.

Under his messy and sloppy white hair, no one can see his sturdy and wise eyes.

Wen Renqing didn't know Wiliam's mystery yet. She saw everyone laughing, and she frowned slightly, and said to Wiliam quietly, "You keep a low profile and don't make trouble."

However, Wen Renqing said in a low voice to her sister: "Don't worry, do you believe that Wiliam's divination is more powerful than martial arts?"

"Huh?" Wen Renqing was stunned on the spot.

how can that be?

However, before Wiliam all sorts of miracles floated in her mind, she couldn't believe it, and she couldn't help but believe it.

What a weird kid!

"Hahahaha, it's a good one or two, my most powerful predecessor only dare to say one or two, and now I am desperate to know how you know one or two." Wen Rentian Qing didn't plan to get Wiliam down the steps at all, and even set him up for a barbecue.

Wen Ren Tiange looked at Wiliam with a speechless expression.

The kid is too crazy, it's definitely not a good thing.

Now I hope Wen Ren Wuming will not interfere in this matter, otherwise it will be extremely difficult for this kid to end today.

Even the results of the martial arts dispute just now will be in vain.

He watched carefully at Wenren Wuming, and when he saw Wenren Wuming still eating steamed buns, he relaxed a little.

He looked at Wiliam angrily and said, "Do you really understand or fake? Don't lie."

Wiliam still didn't answer, Wen Ren Tianqing answered instead, "No matter what he understands, just test it and know it? If he doesn't know any divination at all, it means that he is disrespectful and disrespectful. Sincerely, maybe the martial arts competition just now was a fake."

Sure enough.

Wen Ren Tiange took a deep breath, this kid is like a time bomb, which makes people worry too much.

"Boy, come here. This test is still hosted by me, and I will be your test subject myself." Wen Ren Tianqing said aggressively.

Wenren Tiange's heart stunned, big things are not good.

The second brother actually ended up personally!

In this way, even if Wiliam really knew a little bit of fur, he would still be considered worthless.

bad!

"I would like to know how to test it?" Wiliam asked lightly.

He bears the "Impermanent Medical Classics", and as early as when he stepped into Huajin Consummation, he learned the sixth chapter of Buju.

Bu Ju counted the past by the five elements of the Eight Diagrams of the Zhouyi.

Now he can step into the half-step innate at any time, and immediately can go one step further and learn the seventh chapter of ridicule.

Laughing at the wind can count people's future for a short time.

Wiliam was fascinated by it.

Wenren Tianqing said with a smile: "It's very simple. I don't want to make it difficult for you. Just follow the most conventional test method. The divination technique of fragrant flowers is profound, and one leaf asks the world, and the fragrant flowers proves right and wrong. You still have not learned these skills. , Then the easiest, no matter what method you use, as long as you can figure out some unconventional things I have done in the past three days, even if you pass the level, how?"

Wen Ren Tiange frowned secretly, the rules were wrong, but in the past they only said to calculate the time last night.

Now that Wenren Tianqing directly expanded to three days, it was a bit unreasonable.

You know, if it was last night, you can get a glimpse of it by observing various details such as words, opinions, colors, etc.

It would be too difficult for three days, unless by guessing.

He looked at Wiliam a little nervously.

Wiliam smiled slightly, "Okay, then you can look forward to it."

As he said, he pointed at Wenren Tianqing's eyebrows!
