

Dragon Husband

Chapter 1507

Of course it's not Wiliam's strongest state right now.

After all, he still has the body of the unicorn and the bloodline of the unicorn completely uninspired.

But for these people at the scene, especially Wen Ren Tianyi, Wiliam in front of him is as strong as a monster!

He can hang Wenren Tianqing without relying on the magic weapon!

Now, the magic weapon is out!

This kid, beat him so hard, he was not injured much!

I wanted to drag him down, but I brought my blood back!

how to spell?

Seeing Wiliam's arrogant and domineering look in front of him, Wen Ren Tianyi was speechless for a while, and his heart raged up.

The people at the scene were all dumbfounded!

Yeah!

Another elder ended.

I just want to stop it.

As a result, he was even intimidated by Wiliam!

An unprecedented picture!

And this way of intimidation, what is going on with so much excitement?

Seeing that Ren Tianyi didn't speak, Wiliam's momentum was like a tiger, and he took a step closer!

At this step, Wenren Tianyi only felt that a mountain was present, and his footsteps unexpectedly took a step back unconsciously.

It was this step that caused another uproar at the scene!

The elders were forced to retreat!

"Wiliam! You! Do you dare!" Wen Ren Tianyi also felt that this step was extremely embarrassing, and couldn't help but drink it out.

Wenren Tianyi is a very deep-hearted person.

His joy and anger rarely show on his face.

But today, he lost his temper.

“Go!” Wiliam responded coldly.

After that, he grabbed back with one hand, and Wenren Tianqing, who was unconscious, was actually sucked by his palm!

Wiliam punched and hit Wenren Tianqing’s heart fiercely, causing Wenren Tianqing to spit out blood again.

The scene was silent.

Everyone looked at Wiliam blankly.

Is this the Wiliam they knew?

The Wiliam they knew before was a waste of blood.

Not only that, but what impresses people even more is that this kid is indifferent.

No matter how the elders ridiculed him and ridiculed him, he just laughed it off, as if he didn’t care about it.

But today’s Wiliam has completely fallen through everyone’s glasses!

Domineering!

Endlessly!

Moreover, the methods are extremely cruel!

Elder Wen Ren Tianqing was already in a coma, and Wiliam still didn’t let it go!

He is like a poisonous snake staring at the enemy, and he has no idea of giving up!

If we are targeted by Wiliam...

Many people thought of this and couldn’t help but fight a cold war.

too terrifying.

Wiliam’s nature is extremely cruel!

Many people believe that he is a tyrant.

Today, is Wenren Tianqing really going to die in Wiliam’s hands?

This provocative punch was for Wen Ren Tianyi!

Wen Ren Tianyi saw Wiliam hit Tian Qing again in front of him, and the blood in his heart was vomiting out with anger!

“Too much deception! Too much deception!” However, he could only yell in his mouth, condemning Wiliam vigorously.

He really didn't dare to fight the current Wiliam!

If you can't beat it, if you don't talk about it, you will lose your face in the fragrant flower.

“Hey, Wiliam, stop.” Finally, a helpless voice rang.

It is Wenren Tiange.

Wenren Tiange killed him and couldn't imagine that things would evolve into what it is now.

It's just to deal with a hairy boy in accordance with the rules of the clan.

Now, the rules can't deal with it.

The elder will be killed by Wiliam...

The other elder spoke to stop him, and was frightened to give in.

If this spreads out, the impact will definitely be much worse than the previous rumors that Wiliam was born with a waste of blood!

Therefore, he, as the sovereign, had to come forward.

Besides, Wenren Tianqing is also his second brother...

However, Wiliam turned a blind eye to it, and once again hit Wenren Tianqing with a fierce punch!

“Wiliam! Don't you even listen to me!” Wen Ren Tiange's expression changed, and he shouted sharply.

Wiliamhan smiled and looked at Wenren Tiange, “Why should I listen to you?”

The people at the scene were breathless!

Wiliam is so crazy today!

Even the words of the suzerain are ignored!

“You! Have you thought about the consequences of killing the elder!” Wenren Tiange was also furious.

“Consequence? Okay, let me discuss with you the consequences of killing him?” Wiliam smiled coldly, seeming to be smiling at the memories of the group of people in front of him.

“Have you all forgotten? What did he say when I challenged Wenren Tianqing before?”

“As long as I can hurt him, it counts as my skill.”

“This challenge is a matter of life or death.”

"If I am dying, will your elders speak out to persuade you?"

When Wiliam spoke, the people present looked at each other.

In fact, everyone has long known that this challenge is life or death.

However, they can't accept the ending!

Wenren Tiange took a deep breath and said: "I naturally remember that this game is alive or dead. But the current situation is that you have killed Wenren Tianqing, have you ever thought about the consequences? Ever wondered how you will be in this common people's territory in the future. Do you stand on it? You will become an endless enemy of Xianghua in the future, I naturally don't want to see this..."

"Am I afraid of your fragrant flowers and blood?" Wiliam asked rhetorically, choking so much that Ren Tiange's face was blushing.

Good guys!

Even the whole fragrant flower is not in sight!

However, there seems to be such a loss of truth.

With Wiliam's current skill, wherever he goes, he is not a hero.

Feel free to find a sect to join, and with the shelter of other sects, it is impossible for Xianghua to conquer Wiliam with the power of the whole family.

Wenren Tiange didn't know what to say for a while.

In the end, he heard the emotions and said, "Wiliam, or just forget it."

Wiliam looked at Wenren in love.

Wen Renqin stood up hard-headed, walked towards Wiliam, and whispered: "Don't let the scene freeze, my father is right, stay a line of life, so you can see each other in the future. I know, your purpose. Already reached."

Wenren Qingqing naturally knows why Wiliam is doing this now.

Kill the chicken and curse the monkey.

Wiliam looked at Wen Ren Qingqing coldly, "Do you really want me to let him go?"

Wen Renqingqing hesitated for a while, nodded, "Just take it, give me face."

"Okay!" Wiliam didn't even refute it.

He punched Wenren Tianqing hard.

With this punch, Wenren Tianqing's muscles and veins were broken!

This punch directly abolished a

strong congenital secret realm!

“Wiliam!” Wen Ren Tianyi’s eyes were cracked, and he roared out loudly.

“Humph!” Wiliam immediately threw the abolished Wenren Tianqing to the ground, looking at Wenren Tiange.

“Now, what do you say?” Wiliam asked Wenren Tiange.

Wenren Tiange was angry at the moment, and said angrily: “What do you want! The previous rules dealt with, you won! If you follow the gram, you also won! You should be content! Get out! Get out of me immediately. Blood! It’s best not to fall on our fragrant hands in the future!”

At this time, Wiliam showed a weird smile, “Are you really, want me to leave Xianghua to drain my blood?”
