

Dragon Husband 1619 part 1

Chapter 1619

Everyone at the scene was dumbfounded!

What happened!

Why did Xu Tongyin give in halfway?

What the hell is this!

Can't accept it at all?

Xu Tongyin's body was lying on the ground, the scorching heat slowly disappearing.

Until the body gradually recovered to its original appearance.

The whole body was scorched just now, and everyone still didn't think there was anything wrong with Xu Tongyin's body.

Now returning to the original state, the scene exclaimed for a while.

Xu Tongyin's body is so miserable that it can't be more miserable!

He was covered in blood, except for the face, almost no part of his body was intact.

With such a body, it has lasted so long just now!

As for Xu Tongyin's powerful blood heritage, it was directly beaten into a sieve by Wiliam.

Looking at Wiliam's side, he couldn't see any better.

He let go of his energy, his body softened, and he almost sat on the ground on his knees.

His body also bleeds endlessly, and it can be seen that this battle completely consumed the energy of both people.

Wiliam won, inexplicably won.

He reluctantly took a breath, walked towards Xu Tongyin, and slowly raised Xu Tongyin on the ground.

"How?" Wiliam asked with a smile.

"Hahahaha, I am convinced! I am convinced!" Xu Tongyin said while coughing, expressing the joy in his heart.

"That's good." Wiliam nodded.

But the people at the scene refused to comply.

They shouted one after another: "What the hell was this last time! Xu Tongyin, why on earth did you give in?"

"You are the God of War, you will not lose!"

"We still want to see, we still don't have enough!"

In response to the disturbing sounds below, Xu Tongyin looked around.

The people at the scene seemed to feel his power and closed their mouths.

"Why admit defeat, ho ho, as you said, Xu Tongyin is a proud person. If it were not a last resort, how could I easily give in? If I admit defeat, it must be that Wiliam is unique, which is completely unbeatable." Xu Tongyin was faint. To say.

"What the hell is going on at the last moment? Can you tell me something?" Someone was still unwilling and asked again.

"Ho ho, what you saw just now, what Wiliam uses are all moves and techniques that have never been seen before. No matter the ice, the space shuttle, and the gods and gods of the enemy's first opportunity, let me Unexpectedly, and dealt with in embarrassment."

"But you have never thought about it. Wiliam did everything one by one just now, which has already made me unable to cope. If he combines these magical tricks, what kind of scene would it be? I don't believe that with Wiliam's amazing talent, he hasn't developed it. What do you think?" Xu Tongyin slowly said as he watched everyone.

The scene suddenly became quiet.

They have a kind of coolness, rushing to their hearts from the soles of their feet!

Why didn't you think of this?

The one Wiliam just showed was a single skill.

If it is integrated, the power should be increased several times than it is now, right?

So, this is the reason why Xu Tongyin really surrendered?

Thinking about it now, it makes sense!

This Wiliam is really terrible.

In this game, he won is also worthy of the name.

The people of Can Jian Jiutian immediately took the stage and took over the seriously injured Xu Tongyin from Wiliam.

But don't worry about his life. After this battle, Xu Tongyin is bound to rise to the next level.

In the future, it is possible for him to attack the first person of the nine cases.

And Xu Tongyin was helped to leave the venue. When he left, he took a deep look at Wiliam.

The reason he just mentioned is only a small part of it.

If Wiliam still has unfinished tricks, Xu Tongyin's character will be forced out if he tries his best.

What really made him surrender was another reason!

If it hadn't been on the line of failure, he wouldn't have said to admit defeat.

Wiliam, Wiliam, I really don't know how you did this.

With Xu Tongyin's defeat, Wiliam has successfully advanced to the finals.

What he will face is Chi Zhan, who will cover the sky with a strange sword!

Wiliam was also applauded at the scene.

This little-known kid actually walked over step by step and walked all the way to the finals.

It is impressive.

And this kid, there is still unfinished strength that has yet to be shown.

I always feel a little uncomfortable.

Not enough fun.

I hope he can show it to his heart's content in the finals.

It is also interesting to say.

In the finals this time, none of the nine veteran strong players made it to the finals.

Instead, two recruits reached the finals.

This is a situation not seen in any previous nine qualifying games.

There should be no problem with Qijian Zhetian competing for the top three sects this time.

With the support of Song Hanyu and others, Wiliam also went to rest.

After all, there is not much time left for him to rest.

And a group of them just about to walk towards the rest seat, coincidentally, the group of people who came across the strange sword to cover the sky just about to retreat.

The two waves just hit each other.

The Sect Master Hu Yixiao of the Qijian Zhetian looked at Wiliam jokingly, and said, "Awesome, you actually made it to the finals."

"So what?" Chi Zhan on the side said coldly.

"Get out of the way," Song Hanyu said coldly.

She knew that the other party was deliberately delaying time.

Wiliam had less than two hours to rest.

One minute of talking nonsense with them would waste some of Wiliam's time.

It's totally unnecessary.

However, the people with strange swords covering the sky didn't mean to give way at all.

The audience also noticed this and looked at these two groups of people.

"Why? I don't fight like this? I'm going to rest now? Wiliam, you are nothing but that." Chi Zhan said mockingly.

He stared at Wiliam with arrogant eyes, and said, "I thought you were so capable. You can beat yourself like this against Xu Tongyin. Do you think you can defeat me?"

"Moreover, I have already seen your routine clearly below. Do you think you have other abilities?"

"Trash, forget it, let it go, I will show mercy once and let you rest enough. Otherwise, I won't be told that I can't win."

"Sect Master, please ask for instructions. Let this waste take a day or two of rest. If one or two days are not enough, just take a rest for a month or two. When he feels that his body is enough, come and fight with me."

"Anyway, I can pinch him to death with one hand."

Chi Zhan's words of arrogance and rudeness immediately made the people in Jin Yu Volley angry.

"Chi Zhan! Don't pretend to be garlic here! Don't you dare to speak up because Wiliam's body is about to die now, and there is not much rest time!" Liu Yuntian shouted angrily.

The referee on the side couldn't help it.

Qi Jian Zhetian is a bit deceptive and downright.

"Get out of the way, let this kid have a good rest." Hu Yixiao said coldly, his eyes full of sympathy.

However, Wiliam suddenly raised his head, eyes like ice.

"No, I don't think I need any rest time. Let's just start the finals now."

"For a villain, let alone three minutes, three seconds is more than enough."
