

# Dragon Husband 1643 part 1

## Chapter 1643

When the people at the scene looked up, they only saw a blush, which quickly disappeared into the sky.

This makes everyone angry and swears directly.

“Dog thief Su Hongxiu! You will be spurned like this!”

“Quickly let go of my weak and weak Lu Zu! Come at me with the ability! My body is strong! Come and bite me! Oh, what seems to be wrong?”

“Senior Lu, you have to hold on!”

Everyone was angry, but Wiliam had been taken away by Su Hongxiu, and they had no idea.

The nine qualifying matches ended in a hasty way in Wiliam’s rapid disappearance.

Only the person concerned knows how happy and sad, and the taste in the sorrow.

And Wiliam was still in a daze just now, only feeling the fragrance of the wind, his arms were soft.

When the reaction came, the cold wind blew his face, and he realized that he was already in the air.

And the one who held him by his side was Mrs. Food Color Su Hongxiu.

Wiliam knew what was going on right away.

He was speechless for a while.

This lady of food color is truly unique in her behavior.

He snatched himself away in front of so many people.

I’m not afraid of being said.

However, Wiliam had no idea. After all, Su Hongxiu had stood for him several times during the nine qualifying matches, and Wiliam owed her a favor.

Take a seat in the red and thin tall building.

Of course, Wiliam had another purpose when he went to the red and thin tall building. He had to wait for him to confirm it before counting.

Su Hongxiu's speed is very fast.

In a short while, she took Wiliam and landed on a mountainside.

In front of them, there are a group of vermilion antique wooden buildings.

The words "red and thin tall buildings" hung above the gate impressively.

This should be the site of the red and thin tall buildings.

As Su Hongxiu fell, the heavy door slowly opened.

Two young women in lavender dresses walked out and respectfully bowed their hands to Su Hongxiu: "Respectfully welcome the return of the lord."

Su Hongxiu's complexion was ruddy, and he smiled and said, "The whole family is giving a banquet, welcome Xiao Lu Lu to our red and thin tall building as a guest."

After speaking, she looked at Wiliam with a softer smile, "Let's go Xiao Lu Lu, go in and visit our red and thin tall building, and also help with some suggestions."

Wiliam just listened to these polite remarks.

Su Hongxiu walked ahead, and Wiliam immediately followed.

The two women in lavender dresses looked at Wiliam curiously, with a little star in their eyes.

Wiliam accidentally heard their whispers.

"Yeah, our lord finally brought the man back."

"Rare, this little fresh meat looks so handsome, I feel my heart beating wildly, what should I do if I like this little milk dog?"

"Hush hush hush hush, don't let the lord hear it, this little milk dog must have been brought back by the lord to serve her, don't worry about it, be careful of the head landing. Let's get to work."

Wiliam heard a black line.

Su Hongxiu in front obviously heard it too.

She turned her head and said with a joking expression: "The doorman is not sensible, don't take it to your heart."

## Dragon Husband 1643 part 2

William was about to nod his head and said that he didn't care about it.

Suddenly heard that Su Hongxiu made another cut, "It makes people feel a little embarrassed to tell the truth."

William's expression was frozen there, not knowing whether to smile or not.

What's wrong with the sense of sight that is a little bit into the mouth?

Su Hong Xiu took William to visit them for more than ten minutes.

Finally, the deepest and highest wooden building said: "Nuo, then my boudoir, I will show you and feel it."

William's footsteps stopped unnaturally, "That's not necessary, right? How do I feel?"

Su Hongxiu turned his head to look at William, and said seriously, "I have to feel it sooner or later."

"It doesn't exist." William said immediately.

"Well, I won't force you. Then, I'll ask you to take you to the living room to sit down. I go back to the room and change my clothes. The clothes are too tight and uncomfortable." Su Hongxiu said.

William looked at Su Hongxiu and nodded very sensibly.

Well, this red dress is pretty good-looking, it perfectly outlines the figure she wants to show up.

However, it was a bit strangled.

The kind that has to split the upper body.

Let's change it.

Su Hongxiu showed a weird smile, deliberately leaning close to William, exhaling in a ghostly tone: "Why? Reluctant? Does it look good?"

William turned his face away, and said in a somewhat unnatural tone: "You should change it. I knew where the living room was just now. I'll go by myself."

After speaking, Wiliam walked forward without turning his head, causing Su Hongxiu behind him to giggle.

After a minute of walking, Wiliam let out a long sigh of relief, and his face eased a little.

This Su Hongxiu, although his appearance is a bit inferior to the wind and snow, but this seductive ability can be called unique.

Moreover, Wiliam boasts that he is good at looking at people's hearts, but to Shang Su Hongxiu, he feels like looking at flowers in the mist, and he can't see through.

Who knows that she is really seduce him, or just a way to confuse people.

Wiliam shook his head, feeling that coming to this red and thin tall building was like entering a pansi hole, every step of the way was frightening.

This feels much more tiring than playing in the nine qualifying matches.

Relying on his memory, he walked towards the chamber that he had visited before.

But this way, he became more and more confused as he walked.

Did you go wrong?

Have you been to this place just now?

It's obviously the same place, but it feels completely changed.

The pavilions were fine just now, why are there so many red silk cloths and red lanterns in less than a few minutes?

Walking all the way to the Chamber, the red color became more intense.

A feeling of beaming arose spontaneously.

It was not like this just now...

Especially when he walked to the door of the chamber, Wiliam was not well.

Good guy, the whole chamber is decorated in a big red color, just like someone who wants to go to court and get married!

How long is this?

Are the people in the red and thin tall buildings so familiar with setting up wedding banquet scenes?

and!

This is a hall of woolen yarn!

I was just invited over to have a meal and chat for a while!

What the hell is this!

People in red and thin tall buildings are sick!

What a lack of men!

Go find a cucumber!

I will not accompany you!

Goodbye!

William thought, about to turn around and leave.

But at this moment, there was a joyous and joyous voice from the chamber.

"Oh, my new uncle is here!"

"Hurry up, go out and line up to welcome the new aunt!"

"Some firecrackers, some firecrackers!"

Accompanied by the crackling of firecrackers, countless girls who looked like little fairies flooded not only from the chamber but also from all directions.

They smiled joyfully, and rushed towards William in a head.

"New uncle, what are you doing standing there? Come in with us!"
