

# Dragon Husband 1644 part 1

## Chapter 1644

Seeing these densely packed women pouring towards him, it was like little fairies dancing in the sky, Wiliam's head buzzed on the spot.

He was not allowed to react at all, he had been crowded into the chamber.

As soon as you enter the chamber, good fellow!

This chamber is even more popular!

Hong Yanyan, beaming!

If you don't have a wedding banquet, you can't regret this full house!

What do these little fairies want to do!

"Cough cough cough!" A crisp cough sounded nearby.

When the little fairies on the scene heard this voice, they suddenly converged.

The previous twittering sound disappeared for a moment.

One by one became more serious.

In front of Wiliam, he was let go.

A thin man walked over slowly.

Wiliam looked at the woman in front of him.

The height is only over 1.5 meters, and the figure is like a wooden board, with no bright spots at all.

Maybe her only highlight is that face.

This face is extremely delicate, like a porcelain doll.

It's quite likable.

It's just that Wiliam didn't like the deep jealousy in the girl's eyes.

What is jealous?

Jealous that I am taller than you?

"Where is the kid?" Wiliam couldn't help asking the person next to him.

With this question, the scene became quieter.

The girl's face became pig liver-colored, and she looked like she wanted to strangle Wiliam, but for some reason she didn't want to do anything.

Immediately, a woman whispered in Wiliam's ear: "Aunt Xin, you can't do this. She is the deputy sect master of our red and thin tall building, named Sun Qing'er. She is not as small as you seem."

Wiliam was stunned.

Is the little girl in front of me the deputy suzerain of the red and thin tall building?

This is too ridiculous!

Red and thin tall buildings are playing home?

"Is that Wiliam? I heard that you are very prestigious these days." Sun Qing'er said with a cold face, as if she was still dissatisfied with Wiliam's name just now.

Wiliam looked at Sun Qing'er with a look of surprise, her hostility seemed so obvious, she didn't hide it at all.

But the others are obviously very enthusiastic.

"Sect Master Sun is polite." Wiliam returned her lazily.

"Come on, take Mr. Wiliam to bathe and change clothes first. The banquet will start on time after half an hour." Sun Qing'er glanced at Wiliam and said coldly again.

Wiliam's scalp is numb.

Just have a meal.

Need to bathe and change clothes?

This group of women is troublesome.

Are all of them hygienic?

The two women who had opened the door before led Wiliam out of the chamber without any explanation.

On the way, Wiliam asked suspiciously, "Are you all so familiar with setting up this venue? It only takes a few minutes?"

A woman giggled and said, "Yes, yes, we are always familiar. Because our suzerain is always married."

Wiliam has a black line.

What's so...

Does anyone say that to their suzerain?

Not afraid of losing your head at all?

The weird atmosphere of this sect is also enough.

"Is it really just a meal? Or is there another purpose?" Wiliam asked again.

## Dragon Husband 1644 part 2

Now the two women nodded at once, "Well, simply have a meal."

Wiliam was about to roll his eyes out.

Who believes such a skillful answer?

"By the way, what does your Deputy Sect Master Sun mean? I feel very hostile to me." Wiliam asked again.

Speaking of Sun Qing'er, the two women looked at each other.

There seems to be something unspeakable.

However, one of the women took a deep breath, then looked left and right, and pulled Wiliam a few steps quickly like a thief, and entered a small room.

The two closed the door neatly, only to breathe a sigh of relief.

One of the women whispered, "Lord Lu, don't ask casually. We, as disciples, shouldn't be in charge of the affairs between the lord and them, but I think Mr. Lu looks like a good person, different from the previous eroticists. I'll tell you secretly."

"Don't look at this Sun Qing'er with her immature face, like a teenage child. But she is about the same age as our Sovereign, both in her thirties."

"She just has a physical defect, so she has always maintained the way she is now. She and our suzerain grew up together, and the relationship is very good."

When this woman said that the relationship was very good, she didn't know if she was deliberate, and her tone was aggravated.

William didn't react for a while, "What does it have to do with me if it's a good relationship? The look in his eyes seemed to eat me."

The other woman stomped her feet a little depressedly and glared at William, as if she was blaming William for not having enough energy in her head.

"Oh, Lord Lu, don't you think about it in the depths? Sect Master Sun is very, very kind to Sect Master Su, which is so good that it is terribly good. You were invited by Sect Master Su this time, and you look like this again. It looks good, it looks like a little milky dog, the rest of us really like it so much, I don't want you to be hurt, so I told you this..."

William became more confused as he listened.

Seeing William with a dumbfounded look, the woman on the left stomped fiercely, bit her lower lip, and said to William: "Why are you so stupid? Fortunately, our lord praises you for being smart and smart every time you come back."

"You were invited by the Sect Master. Sun Qing'er felt the threat from you. She felt that you wanted to steal Sect Master Su from her, so she was very hostile to you. Do you understand now?"

William felt a little bit after being circled like this.

After reacting, he was very depressed, "First of all, I was indeed invited by your suzerain, but I just came to have a meal and chat, and it was not the big red lanterns that you arranged on the spot. The look of the bridal chamber. Then, I and your suzerain are innocent and have nothing. Besides, isn't Sun Qing'er also a woman. Who will show this jealous look, is it sick?"

After William finished speaking, he realized that the two women in front of him had weird smiles.

"Well, jealous, tasting, tasting carefully!" The two women blinked at William vigorously.

After a few seconds, William got goosebumps all over the place!

him!

Same s\*x is true love!

Is this another pair?

What the hell!

But fortunately, Wiliam had already been baptized by Lady Peach Blossom and Glacial Python before, and now his ability to accept it was much better.

“You are free to help me tell her that I won’t steal a woman from her, so let her rest assured.” Wiliam said depressed.

“No, we won’t tell you. Tell yourself. Slightly~” The two women grimaced at Wiliam.

Wiliam has a black line.

Women are not easy to mess with.

As he was thinking, he suddenly saw the two women reaching for him and starting to dress his clothes.

“Take off your clothes. We will take a bath with you.”
