Chapter 1667 Wiliam Lai Tu

Wiliam just explained to Petite Rou why the Peach Blossom Lady didn't tell him to find the ultimate bloodline.

Well, it makes sense.

It makes sense logically.

But emotionally it doesn't make sense.

Such an important condition, even if Lady Peach Blossom sees what will happen in the future, she will tell Wiliam.

She chose not to speak.

There is one and only one reason.

The picture she saw was not good for Wiliam.

Even this picture is tragic.

Lady Peach Blossom didn't want to tell Wiliam, or she couldn't bear to tell Wiliam.

This is the real intention of the peach blossom lady.

So, who is this extremely bloodline person?

How miserable will happen again?

Wiliam fell into deep thought.

On the other side, Petite Rou had already appeared in front of Bai Fengxue.

She sighed and sat down slowly.

"Turn around." Petite Rou said to Wiliam.

Wiliam nodded, turned around, and didn't look at what was happening behind him.

At this time, Wiliam only felt that the whole world was shaking slightly.

Then, an extremely cold breath came from behind Wiliam.

Wiliam hurriedly managed to resist the frost.

This frost and cold lasted for more than half an hour.

Even Wiliam was a little nervous.

It's been a while.

Just when he wanted to turn his head to take a look at the situation, a petite and soft voice came over, "Come here."

There was a tiredness and pallor in his voice.

He turned hastily.

At a glance, I saw Feng Xue and Petite Rou at the moment.

Petite Rou's whole person doesn't seem to have changed.

It's just that his face became extremely pale, and he didn't look like a person.

But the wind and snow have changed drastically.

Before she lost her blood marrow, she was as skinny as a tree.

Now she has regained her blood, and reproduced the appearance of the country and the city.

All the frost on his body melted away, leaving only a pool of water stains on the ground.

However, Feng Xue's eyes did not open, and his body was lying quietly on the ground.

"Petit Rou, are you okay?" Wiliam first asked about her physical condition.

Petite Rou seemed so sleepy that she couldn't even open her eyes, she said slowly, "I'm about to fall asleep, as soon as I fall asleep, you and your wife will reappear where they were before, and then remember , half a year, I only have half a year."

"My life, my happiness and Xiao Taohua's happiness, are all in your hands, go ahead."

After Petite Rou finished speaking, her eyes slowly closed.

And Wiliam didn't have time to say anything, just felt a flower in front of him, and felt dizzy for a while.

When he opened his eyes again, he suddenly found that the surroundings had changed.

Wiliam didn't hear it, but after Wiliam left, before closing her eyes, Petite Rou muttered to herself, "That woman has my blood marrow inheritance, I don't know if it's a blessing or a curse..."

"Wiliam! Wiliam! Wake up! Don't scare me!" Wiliam heard someone calling his name in his ear.

Turning their heads, it was Li Chunfeng and the others.

These women surrounded Wiliam and asked nervously.

Wiliam frowned and asked in the first sentence, "Where is my family's snow!"

He Tiantian rolled his eyes and said angrily, "Why don't you take care of yourself first?"

"Fengxue is here, look." The still gentle Li Chunfeng said to Wiliam.

Wiliam was impatient just now, only to realize that Feng Xue was actually lying behind him.

Wiliam looked at Feng Xue again, and saw Feng Xue was the same as before, like a sleeping beauty.

He felt the pulse for Feng Xue, and found that Feng Xue's breath was stable, and he would soon wake up.

And after a closer inspection, there was a very terrifying aura in Feng Xue's body.

But now Wiliam has no way to explore it carefully. Because someone is asking him.

"Wiliam, what happened just now?" He Tiantian asked aside.

Wiliam thought for a while, and then asked them, "Tell me everything you have done before."

"Let me tell you." Su Emei stood up and said, "When you took the last step before, we thought you were going to be suppressed and crushed to death."

"But suddenly, your figure disappeared, along with Feng Xue's body."

"Then we didn't have time to react. The powerful restriction pushed us away from the air and bounced us back to the shore."

"We thought you were bounced back, and we looked for you everywhere, but found nothing."

"Then after a while, we suddenly found that you and Feng Xue were already lying on the shore. We don't know how they appeared. It seemed that they appeared out of thin air."

"Now you can tell me what happened? Why did Feng Xue seem to have changed when you came back? Did you find a way to save Feng Xue? Has Feng Xue been saved?"

Su Emei finished speaking in one breath.

Wiliam pondered for a while, then raised his head and said, "Remember what I told you before, is there a possibility?"

"What I experienced just now is one possibility. Fortunately, this possibility has come true. But in the future, Feng Xue and I will shoulder even heavier responsibilities. We owe people a life."

Everything has to start with Wiliam letting Feng Xue take down his grandmother's roots.

Wiliam forcibly broke through the ban in the middle of the sky, just to attract the attention of Petite Rou and want to see Petite Rou.

And in order to let Feng Xue also enter Petite Rou's field of vision, Wiliam let Feng Xue take the Root of Grandmother before.

Then the breath on Feng Xue's body will make Petite Rou take her there too.

The same is true.

Because the grandmother promised Wiliam a condition on behalf of Petite Rou, when Feng Xue crosses the Cang Python sky in the future, she will inherit her bloodline.

However, this time, the promise was changed from blood inheritance to blood marrow inheritance.

This made Wiliam very happy.

Of course, here are all my own people, and Wiliam also stated the conditions of his promise to Petite Rou. After all, there are many people and powerful people. Let everyone pay attention to people with the most blood, maybe it will really come in handy in the future. field.

After speaking, everyone fell into hard thinking, whether it was looking for people with the most bloodline, or looking for the prayer seal of Jiangshan, it was not an easy task.

However, the immediate results are good.

At least in this half year, Wiliam can go all out.

He slowly stood up and handed the still sleeping Fengxue to Li Chunfeng.

His gaze, traversing the entire blue python, was fixed in one direction.

Finally, I have time to ask you for a glass of blood wine!

"Sister Emei, after you go back, do one thing for me immediately."

"Bring a word to Qijian Zhetian."

"Just say wait for me, Wiliam..."

"Come to slaughter!"
