

# Dragon Husband 1746 Part 1

Chapter 1746 too weak

Everyone at the scene was dumbfounded and stared at Wiliam with wide eyes.

I really don't know whether to call this kid arrogant or shrewd.

He even took advantage of the loopholes in the taboo to challenge Su Lanbo.

In history, no guest has ever stood up to challenge the people of the cold boat race!

Even Su Changsheng couldn't help but clapped his hands and said with a smile: "Old Qingfeng, your apprentice is very interesting, this year's festival of sacrificing the heavens was beyond my expectations, it's a bit interesting."

The old man Qingfeng smiled and nodded, not knowing what to say.

He was constantly complaining in his heart, did Wiliam remember his advice all the way in his heart?

This time, tomorrow's Caixiu Erlang Festival has not yet started, so he will start to show off.

Isn't this pushing yourself to the cusp of the storm?

That's all, the world of young people, I don't understand.

And Wiliam's mind is actually very simple.

It's just for the wind and snow to let out this bad breath.

As for what to do next, there is a right time and place.

Everything is in Wiliam's grasp.

This fight is innocuous.

Su Lan turned around and walked back, standing at the very center of the bonfire, hooking his finger at Wiliam, "Boy, I wanted to let you go, but I didn't expect you to be so arrogant, that's fine, I'll fulfill you."

"But I'll say it first. As for me, it's not light or serious. If someone is hurt, you can't cry."

As Wiliam walked towards the middle, he said with a smile: "It's nothing, didn't you say it just now? You are all sea gods, and I'm afraid you won't die."

These words are just right to Su Lanbo's appetite.

What he was waiting for was Wiliam's words.

There was thunderous applause at the scene.

The cold boaters have been too peaceful these years.

The ultimate isolation is the ultimate boredom.

Everyone is looking forward to having some fun.

"Tell me, how do you want to fight?" Su Lanbo said to Wiliam in order to show his magnanimity.

Wiliam shook his head and said, "Of course I don't know the rules on your side, so let's follow yours. However, I have a suggestion."

"What advice?" Su Lanbo said jokingly.

"I can let you have both hands and feet." Wiliam said lightly.

Since you want to play, it's too boring not to play the ultimate.

And since this bad breath is going to be released, there is no slap in the face of this guy, so it's not enough.

Wiliam's words made the scene suddenly quiet.

In the entire scene, only the sound of the bonfire burning beep-boo-boo remained.

Everyone looked at Wiliam in disbelief.

Is this kid crazy?

Does he know who the opponent in front of him is?

He is the most talented genius of the Cold Boaters in the past 100 years!

Even if you don't try your best.

Also going to make fists.

Moreover, a let is hands and feet!

How to fight this horse?

Stand still and let the opponent fight?

crazy!

Even Su Yongcun couldn't help but say to Wiliam, "Young young man, I hope you will think about it carefully and take back what you just said.

## Dragon Husband 1746 Part 2

Everyone thought Wiliam was young and frivolous.

However, Wiliam shook his head and said, "The opponent is too weak, is it worthy of my shot? Not worthy."

This is not worthy of two words, like a slap in the face, slapped Su Lanbo's face fiercely!

His face changed instantly.

Only Su Lanbo has always said that others are unworthy!

No one else said Su Lanbo was unworthy!

As if being touched by the reverse scale, Su Lan waved like a madman, and laughed, "Okay! It's okay! I haven't seen such a crazy kid in a long time! I really have the cheek to agree to your suggestion. Let me reiterate again, when the time comes, you can't blame anyone, you have no eyes, we are no different!"

Wiliam nodded naturally, "That's natural, just don't cry."

"Hahahaha! Okay, kid!" Su Lanbo's eyes flashed with a hint of sinister intent, and he already had murderous intentions in his heart.

This kid, dare to humiliate in public before the battle!

Today, he can't leave this scene!

But Bai Fengxue was not worried about Wiliam at all.

She knew Wiliam's character very well, and she was not 100% sure that Wiliam would not make such a risky decision.

And she felt a sense of pride in her heart.

This is Wiliam, and this is her husband.

Always so arrogant, amazing!

No matter where he goes, he is an absolute C!

And Feng Xue is also very clear, what is Wiliam doing this for?

Not to be angry with yourself.

It is too easy to fall into this kind of feeling of being dominated by others.

At this moment, Wiliam had already stood still in the field, looking at Su Lanbo on the opposite side.

Before confronting Su Lanbo, Wiliam already knew it.

In fact, there are two things that Hanzhou people rely on to become famous.

The same is the country's prayer seal, making them famous sea god doctors.

The other is the shelter of the Frost Cang Python, allowing them to run wild on the Cang Python scorpion.

And neither of these two has anything to do with martial arts.

Years of self-isolation will also make a sect gradually decline.

In addition, Wiliam had already been in contact with people like Su Qingshan before, and he already had a general understanding of the martial arts cultivation of Han Zhouzhe.

Of course, Su Hongxiu is definitely an alternative.

Not to mention.

No matter how talented Su Lanbo is, now that the martial arts realm has reached the peak of the innate secret realm, it is already a matter of death.

Definitely not going any higher.

As for Wiliam, against a warrior at the peak of the Xiantian Secret Realm, standing still would not hurt the opponent.

This is Wiliam's confidence!

"Boy, are you ready to accept the realistic beating? I want to see, how do you give up your hands and feet to beat me!" Su Lanbo smiled grimly.

Su Yongcun on the side was also helpless.

He knew he couldn't move the kid anymore.

He could only say to Wiliam depressedly: "Little young man, I'll simply tell you the rules. The rules of the two dragons are very simple, just voluntarily admit defeat and the game will end."

He deliberately emphasized this point, hoping that when Wiliam couldn't figure it out, he would quickly admit defeat to avoid injury.

And why the rules are so simple and rude, because in the past, it has always been the point, and there is no injury.

And this kid, anything could happen to him.

Therefore, recognizing the situation early and voluntarily admitting defeat is the best outcome for this kid.

Wiliam nodded, thanking Su Yongcun for his kind reminder.

Well, listening is one thing, but doing it is another.

that's all.

After Wiliam thanked him, he turned around and hooked his little finger towards Su Lanbo, "Come on, little spicy chicken."
