

Dragon Husband 1762

Chapter 1762 The world outside is too chaotic

The people at the scene were suddenly in an uproar, and they all looked at Bai Fengxue.

Bai Fengxue's complexion suddenly changed, and he returned to his previous look of bewilderment.

And Wiliam below frowned slightly.

He originally thought that Su Lanbo was talking about acting, but Su Lanbo had seen through the two silly women on the stage posing.

I never thought that Su Lanbo's acting was what he meant.

The people at the scene immediately asked, "Who! Which man is this sissy kissing? It's so disgusting!"

Bai Fengxue's face changed again, obviously not wanting people to know what happened last night.

Who else can...

However, Su Lanbo looked at Wiliam triumphantly, and pointed his finger at Wiliam, "It's him! Hoho, what do you think of a handsome gentleman and a jade tree facing the wind, in my opinion, they are all fake, and they are all fake. It's disgusting! Two men, I feel goosebumps all over my body just thinking about it!"

The people at the scene suddenly made a louder noise.

Some people who were close to Wiliam jumped several steps away as if they were scalded by fire.

For fear of being too close to Wiliam, he might have acquired some strange hobbies.

“It’s disgusting, I didn’t expect this kid to be such a person!”

“Hey, thanks to me supporting him just now, I’m still too simple, the society is very complicated...”

“These two men are not good things at first glance, Su Hongxiu, you should choose me! I am a pure man!”

The people at the scene suddenly turned the tide and began to oppose Su Hongxiu’s mate selection criteria.

Some people even wondered if Su Hongxiu was blind.

There were so many good boys present, but two men with strange hobbies were chosen.

“So, keep your eyes open, don’t be fooled by others like a fool!” Su Lanbo sneered again.

He did wait a long time for this moment.

Even since last night, I’ve been holding back my breath.

He couldn’t sleep last night.

His heart was full of resentment towards Wiliam.

So he simply stopped sleeping, and touched Wiliam’s place in the dark, wanting to teach Wiliam some lessons secretly.

But I never thought that when I passed by, I saw that Wiliam and Su Yong were drinking alcohol on the roof to the moon.

Su Lanbo saw that Su Yong existed, and did not dare to get too close, for fear of being discovered.

So Su Lanbo didn’t hear what the two were talking about.

But while waiting, Su Lanbo felt that something was wrong the more he thought about it.

Why did Su Yongcun and Wiliam, two people who couldn't get along with each other, drink together.

And he looked familiar.

So Su Lanbo thought it was a conspiracy!

It must be two people who know each other and are conspiring now.

And what can be conspired at this juncture?

It must be a conspiracy for tomorrow.

Su Lanbo knew that Su Yongcun didn't want to marry his daughter to him.

So Su Lanbo thought that the two of them would definitely make some fools tomorrow.

Su Yongcun will do everything possible to get his daughter out of Su Lanbo's palm.

Maybe Wiliam will be used as a shield.

The more Su Lanbo thought about it, the more he felt that his idea was right.

After waiting for a long time, Su Yongcun finally left.

Then, Su Lanbo saw an unforgettable picture.

After Wiliam walked into the house, he was actually with that sissy.

The sissy also kissed Wiliam.

This picture made Su Lanbo's views completely shattered.

Su Lanbo never expected to see such a scene.

He originally wanted to jump out as soon as possible, either to stop this dog boy or to retaliate against Wiliam.

However, he just held back.

He thought, didn't Su Yongcun want to use Wiliam as a shield to help his daughter escape?

Exactly, this picture can completely defeat Su Yongcun's plan!

At that time, under the verbal criticism, Su Changsheng will definitely turn towards himself.

So, even if Su Hongxiu behaved just now, how did Su Yongcun sing along with her.

And how Su Hongxiu turned his attention to Wiliam, Su Lanbo couldn't bear it.

Until now, Su Lanbo completely broke out, breaking all this.

Although there was a change in the process, that is, Su Hongxiu's point of soldiers and generals did not point to Wiliam, but to the sissy.

But this had no effect on Su Lanbo at all.

Now that he said it, seeing the scolding from the people at the scene, Su Lanbo couldn't even mention how happy he was.

Su Yongcun's face at the moment is also ugly.

He never thought that Su Lanbo would put such a dish here.

His eyes fell on Bai Fengxue, his eyes were extremely complicated.

Why is your daughter blind?

Well now, the handle was caught by Su Lanbo, which was a very serious blow to Su Hongxiu's reputation.

You know, Su Hongxiu was still a god-like existence just now.

Now, it suddenly fell to the ground.

Daughter, daughter!

I don't even know what to say about you.

"Oh? Is that really true? Bai Dazhuang, do you really like men?" Su Hongxiu did not change her expression, still looking at Bai Fengxue with frivolous eyes.

Bai Fengxue experienced panic and panic just now, and now she has gradually calmed down.

She listened to the people at the scene scolding her, and the stubbornness in her heart came up again.

Said my sister is a sissy?

My sister will do it with you to the end!

Bai Fengxue also showed a warm smile, nodded directly in front of everyone, and said with a smile: "Yes, I like men very much, I like men very much."

Saying this, the expressions of the people at the scene changed drastically.

Never thought that this sissy would dare to admit it in front of everyone.

What a guts!

Is liking a man something to be proud of?

Why is it so natural that I even look proud!

The world is hot!

The people outside the world outside are really messy.

For the Hanzhou people who have been closed for many years, this is tantamount to a five-thunder.

"Hoho, have you finally admitted it! Listen to everyone! Listen to everyone! How could such a disgusting person be a guest on our side of the cold boaters! Would you rather be someone of our cold boaters? It's just wishful thinking! And everyone understands it now, right? Su Hongxiu is clearly acting, deliberately using this sissy as a shield, so that she will not choose a son at the scene, this is completely broken! He said, his expression full of pride.

The uproar at the scene suddenly rang out, "Yes, Su Lanbo is right! Get this sissy down quickly! Su Hongxiu, since you have won, according to the rules, you must choose from us real men. One to be your husband! Quickly choose!"

These people suddenly forgot that when they chose their husbands from the people present, they still felt aggrieved.

Now it has become an honor.

People, people!

"Shut up for me!" Bai Fengxue shouted loudly without knowing where the strength came from.

The people at the scene stopped chattering and looked at Bai Fengxue with dissatisfaction.

And Bai Fengxue, step by step, walked in front of Su Lanbo.

She rubbed her hand casually on her face, and let down her tangled hair.

The voice also became softer.

“Look at me, isn’t it normal to like men?”
