

# Dragon Husband 1765

Chapter 1765 The disaster of extinction

The people at the scene are buzzing in their heads.

A traditional colorful embroidered Erlang Festival has evolved into what it looks like now.

First, Su Hongxiu competed as her daughter, breaking the millennium rule.

Now there is another ginseng competition that is not only a woman but also an outsider, so special!

The cold boaters were originally strict.

But now it looks like it's full of loopholes.

In the eyes of these people, are there still rules?

"Thank you." Bai Fengxue looked at Su Yongcun and said thanks.

Su Yongcun was confused in his heart.

Although Bai Fengxue is allowed to participate.

But Bai Fengxue did not have the bloodline of the Cold Boat after all.

Procrastination doesn't last long.

By then, people would laugh at it.

This is not good.

William, William, what are you thinking about?

While thinking, Bai Fengxue was already standing in front of a Sifang Seal.

Everyone in the audience held their breath.

Only Su Lanbo said angrily: "Okay, I'll let you delay a little longer. Anyway, the settlement of the matter will not change. Just wait and marry me!"

Bai Fengxue stood in front of the Sifang Seal, and there was no movement for several minutes.

There were some doubtful voices at the scene.

"What is this little beauty doing? I'm going to fall asleep."

"Hey, who wants to marry Su Lanbo? Of course, he can delay as long as he can. Don't you understand?"

"But it's not the way to go on like this, isn't it? Otherwise, it would be nice to marry me."

"Choose me, choose me!"

Even Su Yongcun couldn't bear his temper, so he took the initiative to walk over, stood in front of Bai Fengxue, and asked in a low voice, "What are you doing?"

Bai Fengxue looked a little embarrassed for a moment, and asked in a low voice, "Well, how to extradite spiritual power? Is there any trick?"

When Su Yongcun heard this, his face was as cold as frost.

And many people at the scene obviously heard it, and couldn't help but burst into laughter.

It turns out that this little beauty doesn't know how to extradite spiritual power at all.

If it wasn't for Su Yongcun to ask, would everyone have to wait here until the end of the world?

Su Lanbo laughed even more recklessly.

Everything was within his expectations.

The longer it drags on, the more laughter.

Su Yongcun shook his head secretly, having given up hope in his heart.

He whispered: "You calm down, and then all your spirits will be gathered on the Jiangshan Prayer Seal. If you have the blood of our Cold Boaters, you will feel the spiritual power fluctuations in the Jiangshan Prayer Seal. Then you can use it. Your own spiritual power drives the spiritual power in extradition. Therefore, if you want to extradite spiritual power, you must have blood, which is the basic condition, and talent, both of which are indispensable."

Bai Fengxue gradually understood and nodded, "I see, I'll try it."

"Hey." Su Yongcun sighed and stepped back silently.

In his opinion, Bai Fengxue's attempt to extradite spiritual energy is simply impossible.

Or think about the next way to help this woman get rid of this siege.

But to help this woman out of the siege, his daughter will fall into the fire pit.

Difficult, so difficult!

Su Yongcun also glanced at Wiliam, wanting to know if this man with the highest IQ could do anything.

But he found that Wiliam was just looking at Bai Fengxue quietly, his eyes full of admiration.

Appreciate your woolen yarn, and I am still patronizing and watching beautiful women at this time, and you will cry in a while.

Su Yongcun had 10,000 complaints in his heart.

"Then I'll start." Bai Fengxue said softly and closed his eyes.

And the next second, the people on the scene let out a scream!

The audience instantly burst into commotion!

Everyone looked at the terrifying scene in front of them in disbelief!

I saw Bai Fengxue close his eyes, it should be communicating with Jiangshan Prayer Seal.

Then, it only took less than a second!

The Jiangshan Prayer Seal seems to be manic, or alive!

Spinning like crazy!

Even, the Jiangshan Prayer Seal flew up from that platform for the first time, circling rapidly in mid-air!

One after another, the air of blue and green flew out from the prayer seal of Jiangshan!

In almost a few seconds, the sky above their heads was completely covered by the spiritual energy of the Jiangshan Prayer Seal!

With this green color, the faces of the people at the scene were extremely green!

Everyone's eyes widened, and their hearts were about to jump out!

This is impossible!

What exactly is going on!

Bai Fengxue is not a member of the Cold Boat Race at all, and does not have the bloodline of the Cold Boat Race!

Logically, there is absolutely no way to extradite Reiki!

But now, Bai Fengxue is just a simple one to close his eyes and a communication!

The sky is already full of azure air!

The people on the scene can't count how many spiritual qi there are!

Because there are no numbers!

Those people before, extradited spiritual energy, visible to the naked eye is a trace!

But what Bai Fengxue extradited was a piece!

A small piece can be worth dozens of strands of spiritual energy!

What's more, it's a whole sky now!

There are still few threads!

And the spiritual energy is still flying out from the Jiangshan prayer seal, and there is no sign of stopping!

This scene deeply shocked everyone on the scene!

Even Su Changsheng had a horrified look on his face!

This scene is completely beyond his cognition!

If Su Hongxiu had more than 100 extraditions before, it was due to her extraordinary talent.

Now Bai Fengxue's hand can no longer be described by talent!

What to say!

It seems, as if Bai Fengxue is the master of this country's prayer seal!

Can drive the entire country to pray at will!

too terrifying!

What the hell is going on with this woman!

Everyone looked at Bai Fengxue with dull eyes.

At this time, someone suddenly shouted: "Not good!"

This sound is bad, and it wakes up a lot of people.

Everyone thought the bad was referring to the woman Bai Fengxue.

After all, to mobilize such a huge amount of spiritual energy, the consumption of spiritual energy is extremely terrifying.

If it were anyone present, even Su Changsheng, if he mobilized so much spiritual energy, he would die of exhaustion.

Everyone looked at Bai Fengxue.

But I saw Bai Fengxue still standing steadily, and there was no sign of falling down!

"No, get extradited to the Sifang Seal! Otherwise, the spiritual energy of the Jiangshan Prayer Seal will be exhausted, and the spiritual energy in the sky will also overflow!" Su Yongcun roared with all his strength.

Only he thought of this terrible consequence!

With Bai Fengxue's hand, I'm afraid it will empty out the spiritual energy of the entire Jiangshan Prayer Seal!

In this way, for the cold boaters, it is tantamount to a disaster!

William obviously also thought of the seriousness of the matter, and rushed to the stage in one step, "Blizzard, quickly extradite to the seal."

At this time, Bai Fengxue opened his eyes, and there was not a drop of sweat.

She looked like she wanted to cry without tears, and said, "Just now, Su Yongcun only told people how to extradite him, but he didn't tell them how to get them into the seals of the four sides. They wouldn't know..."
