

# The Protector Chapter 1305

The next day, North Hampton Airport Group suddenly applied for more private jet routes.

In all directions, there are all over the country.

Especially in the capital, the various powers are so powerful that they can only be approved.

So a private jet is on its way to North Hampton.

Soon, there was a scene of luxury cars gathering at the airport.

It must be a big man who came.

This is a little further away.

The wealthy families who are a little closer have entered the battle with luxury cars.

From every corner of the long-long convoy, they gathered towards the north of the Yangtze River.

Soon, the highways around North Hampton became hot.

Everyone has never seen such a sight! ..

...

Almost the water, land, and air in North Hampton have burst apart.

An unprecedented grand occasion.

“What happened to North Hampton?”

“Such a big battle? What is this going to do?”

...

Soon everyone realized that something big was going to happen in North Hampton.

It seems that in only half a day, the road is full of luxury cars, and helicopters are constantly flying around in the sky.

North Hampton has never been so hot.

“Dad, look, there are so many planes!”

Levilia pointed to the air and cheered.

Emma said suspiciously: “I don’t know what’s wrong, it’s the same as North Hampton’s accident.”

Everywhere was surprised by the movements of North Hampton.

At this time, Meredith, Harry and others who were still in the ancestral home of the Lope family naturally received this message.

“I heard that Jamal Garrison , the ancestor of the Garrison Clan in Oakland City, came in person, and almost all the senior Garrison Clan leaders followed!”

“Not only that! There is also the Long Family Patriarch who came with a high-level collective!”

“Elder Lin also brought a lot of people here!”

“All the royal families and royal families in the capital are here! This posture is too big!”

“The rich and powerful people from other places are here!”

...

Heard these messages.

Meredith and others were still shocked.

The goal is to create a royal family.

But now, there are many more terrifying than the royal family.

“The Garrison family came to North Hampton to deal with the change of Levi Garrison’s child’s surname. What about the others? What are they here for?”

“Yes, why didn’t we hear a little bit of wind before?”

Everyone was very puzzled.

In this area, they are considered to be people with faces and faces, and they don't even know about such a big thing?

"Hurry up and find out what's going on?"

Meredith ordered.

"In fact, I think this is an opportunity for us. How can so many powerful people gather together before?"

Meredith, Harry and the others looked at each other, and they already had a plan in their hearts.

They will definitely seize this opportunity!

Zoey, who was in the company, suddenly received a message that someone in the lobby wanted to see her.

After the plum was dyed, he unexpectedly saw a person-Old Man Lin.

" Mr. Lin, you are here..."

Zoey subconsciously said something, and immediately changed his name.

"Zoey, I can't afford you so much!"

The words of Old Man Lin made Zoey inexplicable.

What does he mean?

I used to be sorry for you, I shouldn't stand by and watch! But for the sake of the family, I had to do this!"

Old man Lin regretted it very much. When Jamal Garrison told him to be with him, he regretted it to the point of death.

"Ah, Mr. Lin is nothing, you are not wrong."

Zoey was surprised.

Old Man Lin looked at Zoey complicatedly and said, "Actually, I really want to be your foster father... I wonder if I still have this qualification?"

"what?"

Zoey was stunned.

Elder Lin wanted to accept her as a righteous daughter, but he even asked if she was qualified?

How is this going?

what happened to him?

Zoey was puzzled.

Before she asked for help at the most critical moment, Mr. Lin refused.

Now it is this attitude.

When she was about to agree, Old Man Lin sighed: “Forget it, I am not worthy!”

“I just came to see you, not dare to have other ideas.”

Old man Lin really didn’t dare.

It turned out that he wanted to accept Zoey as a righteous daughter, so he accepted.

But now if he accepts plums and becomes a righteous daughter, wouldn’t anyone also call him a righteous father?

Then he dare not!

Later, Mr. Lin left.

Zoey looked dumbfounded.

what is this?

Not only that.

Zoey also heard that all the big wealthy families in Oakland City gathered in North Hampton.

Even the Garrison family came.

“Could it be for Levilia to change his surname? Grandma and the others just said last night that the Garrison family came today?”

After hearing this message, Zoey went straight to the house.

“The Garrison family is here, maybe it is for Levilia.”

Zoey looked solemnly.

“What are you afraid of? What is the surname of my child, do I need them to care?”

Levi Garrison’s face didn’t matter, he was with Levilia counting the planes in the sky.

“But I’m afraid of this!”

“But fortunately, if something really happens, I can ask my adoptive father to beg for mercy! With his face, it is still possible for the Garrison family to save the Lord from the trouble!”

It just so happened that Mr. Lin came to see her today, his attitude changed so much.

It’s okay to ask him for help.

Therefore, Zoey is not too worried.

Levi Garrison was not at ease at all.

It's just a group of fleas.

At this moment, more and more wealthy families are gathering in North Hampton.

In the North Hampton Yejia Manor.

Levi Garrison's adoptive father and mother are also curious about this matter.

In particular, adoptive father who were in charge of the main investigation, were even more confused.

"I don't know what happened, we can't find out!"

At this moment, outside the Garrison family Manor, there was a sudden roar of engines.

Everyone rushed out.

I saw dozens of cars parked at the door.

An old man got off the car, crowded around him.

"The ancestors of the Garrison Clan in Oakland City are here!"

Hearing this identity, Joseph and others were shocked.

Looking back up, the Garrison family in North Hampton can actually be regarded as a branch of the Garrison family in Oakland City.

“The ancestors come, what is your order? North Hampton Garrison family will do their best!”

Joseph and others knelt to the ground.

Jamal Garrison directly arranged: “First, you arrange a place that can accommodate a lot of people! Second, let Levi Garrison and Levilia Garrison come!”

“Understood! Let’s do it right away!”

hurry up and do it!”

Joseph asked.

North Hampton family trembled in their hearts.

The Garrison Clan of Oakland City is going to use Levi Garrison to operate.

Especially seeing people like Jamal Garrison with solemn expressions, they even realized that something big was going to happen.

Completely misunderstood Jamal Garrison ‘s meaning.

Bryan and Victoria first arranged a conference room that could accommodate several thousand people.

Afterwards, they went to find Levi Garrison in person.

“Ho ho, Levi Garrison, you have to change your child’s surname! You asked for it!”

Bryan and Victoria had come to find fault after Levi Garrison was abandoned.

They were very excited when they heard that the Oakland City Garrison family was going to deal with Levi Garrison.

The more miserable Levi Garrison was, the more excited they were.
