

CHAPTER 1449

“““Now we should have exposed some clues! If we shoot again, maybe we will be targeted!”“““

Black Dragon Road.

“Hei Fenghuang nodded: ““I have this feeling too! Although you can let go of activities now, the probability of exposure has also greatly increased.”“““

“Heilong’s eyes are full of madness: ““So we have to speed up our movements. After completing the ultimate plan, we will escape out of Erudia forever.”

“Prince William has arranged for us eighteen islands and a dependent country, and knighted us and gave us our status. As long as we flee out of Erudia, Erudia will also use us.”“““

“““Okay, I will make arrangements as soon as possible to solve Levi Garrison’s matter first.”“““

Black Phoenix already has a plan.

“In these short three months, the Four Gate Valves and many other hidden forces have basically taken a firm foothold in modern cities.”

Families all over Erudia are under their control.

“Along with Songkui, several people entered and exited the highest-level celebrity places.”

I also got acquainted with a lot of people from the Northern Liang family and the Southern Xinjiang family.

“Their circle is expanding step by step, and their identities are becoming more and more noble.”

They have long abandoned the previous circles.

How can those people be worthy of them?

Don't say anything else.

“Even if Levi Garrison was the god of war in , they didn't even give face.”

“At present, they are a small group of people standing at the top of Erudia.”

“As time goes by, their shelf is getting bigger and bigger.”

No one cares anymore!

Even the priceless Yunting Group became rubbish in their eyes.

“”“What is Levi Garrison? He is just a rubbish fee!””“

This is their usual tone.

“Wherever they go, everyone is holding the moon.”

Just because they belonged to the clan of Xishu.

Little did they know that all of this was given by Levi Garrison.

The four gate valves are slowly getting a little uneven these days.

“A few days ago, seven people suddenly disappeared from the gate clan of Beiliang.”

“Today, someone found their bodies somewhere.”

Then is the real beginning.

“Suddenly, 17 people of the Xishu clan were brutally murdered!”

Including the nine great god-level powerhouses.

“In southern Xinjiang, a master-level powerhouse and seven were killed and thrown into the wilderness.”

The bodies of 34 people floating in the sea at the gate of the East Erudia Sea.

...

“However, everything is still going on.”

A big clan under the clan of Beiliang disappeared overnight.

A family under the Western Shumen clan suffered heavy losses.

There are more and more floating corpses in the East Erudia Sea.

Many people in southern Xinjiang were assassinated.

...

These all happened without warning.

Makes the four gatekeepers panic.

Not afraid at first.

“But they gradually threatened them, and now it has become an uncontrollable situation.”

The four gate valves are extremely angry!

Threatened that the murderer must be found!

In the ancestral home of the Lopez family.

“The Western Shu emperor frowned and looked surprised: “”What the hell is going on? Who did it? Did you eat the guts of the bear?”””

""Grandpa, do you need to ask the king side by side with the word?""

Tang Yanran asked.

“At this moment, a message came.”

""Master, according to the message from the gate clan of the North Liang-Levi Garrison did all this! They have found conclusive evidence!""

“The emperor of Xishu glared at him and said angrily: “It’s ridiculous, it’s ridiculous! How could the prince kill his family?””

""Yes, but the Northern Liang family cliques insisted that it was the prince who did it, and they wanted to punish the prince in the name of the four masters!""
