

## CHAPTER 1609

It is said that mothers are expensive by their children.

But everyone has never heard that fathers are expensive by sons.

See you today.

It is Levi Garrison.

All women in the family will become masters.

In the future, Erudia, and even the top group of people in the world.

But Levi Garrison was nothing.

Rely on the protection of a group of women.

It became the biggest joke for a while.

Everyone looked at him with mockery.

In fact, in the lives of ordinary people, this is also a great insult to a man. ..

When every man hears such words, he is afraid that he will have to explode, right?

When everyone saw Levi Garrison's face gloomy and sad, he thought it was an expression of helplessness.

Little did it know that Levi Garrison didn't even put Wushuang City in his eyes.

The second day.

Wushuang City is about to take away Levilia.

Before leaving, Levi Garrison quietly stuffed Levilia something.

"Levilia, good deed, if you encounter danger in the future, use this thing, and Dad will appear in front of you immediately! Remember!"

Levilia held things tightly and nodded fiercely.

Take Levi Garrison's words all in mind.

Levilia is very good and smart.

Know what you want to do.

When the parting time was approaching, they were all crying.

"Wu Shuang City, I warn you, but if my daughter is half wronged! I, Levi Garrison, will surely level Wushuang City! The emperor is on top, and I, Ye

Levi, will do what I say!”

Levilia is Levi Garrison’s heart.

He will never let Levilia be half wronged.

Although Zoey didn’t speak, he clenched his fists tightly.

She also didn’t want Levi Garrison to be half wronged.

“Hahaha...”

But Levi Garrison said this.

Everyone in the audience laughed.

I have never heard of anyone who dared to threaten a group of supreme-level powerhouses.

Especially this is Wushuang City.

Still leveling Wushuangcheng?

It’s ridiculous!

Then you have to be a powerhouse of the Supreme Grade Sixth Heaven to dare to say this...

But the existence of Fengmao Water chestnut, the supreme level six heavenly powerhouse.

By no means is Levi Garrison an ordinary person.

This tone is too big, right?

Everyone in Wushuang City just regarded this as a joke.

Because before the covenant of the gods, no one dared to speak the arrogant words of Taping Wushuang City.

“Levilia is the little ancestor. Everyone is too late, baby. How can she be wronged? Who bullies her, and who I kill!”

The second elder sneered.

Finally, Levilia was taken away.

However, Wushuang City left Levi Garrison’s family a lot of benefits.

Not only to shelter them.

A lot of magical medicine was also given.

These magic drugs are much stronger than the four gate valves.

It is no exaggeration to say that these magical medicines can definitely improve a person's physique.

The human body is repaired and improved to the greatest extent.

Longevity is overkill.

Originally, these magical medicines and exercises and combat skills were mainly given to Levi Garrison's family.

But as soon as the things stayed, they were divided between the Li family and the Western Shu family.

"Zoey, you are already a registered disciple of Wushuang City. What do you want? You don't like these things!"

"As for Levi Garrison's visit to you as an ordinary person, your martial art has been abolished, and you don't even need this thing!"

"Like Levilia's talent, it's a waste in your hands!"

...

In this way, nothing was distributed to Levi Garrison's family at all.

“Then you can give my mother a little bit...”

Zoey was angry, but wanted to fight for Emma.

“She’s just an old lady exercising. She still wants to practice martial arts?”

Li Songkui and Zhang Wentao also took the rest.

These two are also practicing martial arts...

Seeing Levi Garrison’s gloomy face, Zoey felt a little distressed.
