The Return of the God of War [The Protector] Chapter 1893
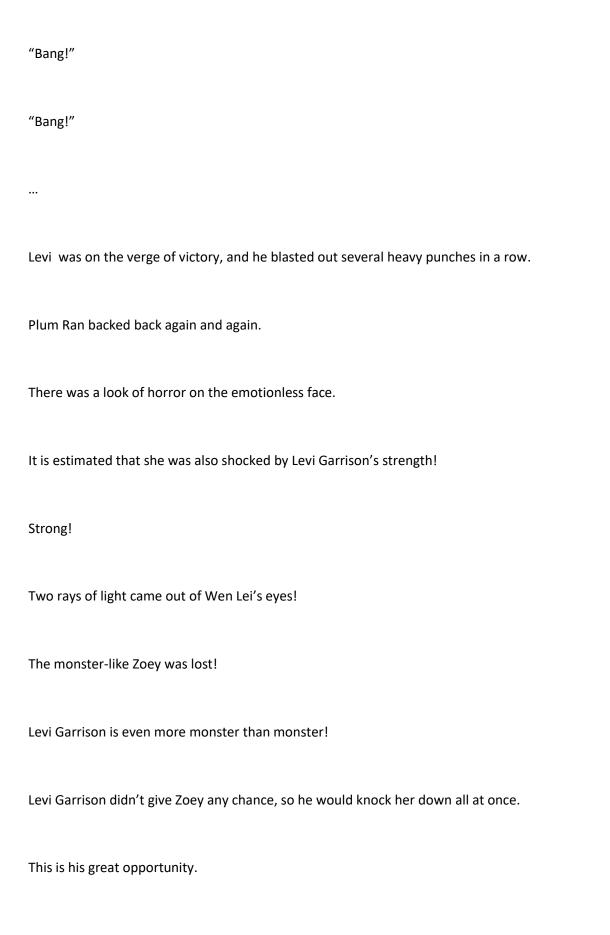

"Levi Garrison, calm down!"

Wen Lei rushed to Levi Garrison and knocked him aside.

"Boom…"

Zoey rushed in and smashed into a pit the size of a basketball court.

"It's not clear who she is now! She just wants to kill you! You have to calm down! Let's try our best to control her first!"

"Don't be afraid to hurt her! We are not necessarily opponents!"

Wen Lei persuaded.

"Well, good!"

Levi Garrison also calmed his emotions.

Zoey has already killed him.

This time, Levi Garrison and Zoey faced off.

"Boom!" The

two sides split immediately, each withdrawing hundreds of steps, but their feet are densely shattered.

Strong!

It's really strong!

Wen Lei was horrified!

Is this the second on the top list?

Can you tie with Zoey?

"Zoey wake up and see who I am! I am Levi Garrison!"

Levi Garrison raised his tone, trying to wake up Zoey.

But when Zoey heard his name and saw his face clearly, he became more and more crazy.

"Kill!"

Zoey is even more intent to kill!

The fighting power is getting more and more terrifying!

"Bang bang bang…"

Levi Garrison and Zoey played against each other, and the two sides fought hard.

The more horrified Levi Garrison felt during the Vietnam War.

Plum dye is too strong, right?

What has she experienced?

Just like an undead monster…

Even though Levi Garrison fought with him, he was still merciful after all.

This is a daughter-in-law, why is he willing to use all his strength?

But Zoey shot frantically, calling for death, all aimed at Levi Garrison's vitals.

Levi Garrison used subtle physical techniques to avoid Zoey's attack.

He is thinking of a way!

How to control plum dye!

"Help me watch him!"

Levi Garrison asked Wen Lei to watch Ono Ichiro.

He came to deal with Zoey!

His method is consumption!

"Magic Shadow Clone!!!"

Levi Garrison used this method again.

Zoey appeared in front of him, and he couldn't capture the truth.

"Kill!"

Zoey went crazy and started killing.

Started to fight

against Levi Garrison's clones… Seeing Levi Garrison's routine, Wen Lei sighed: "When this goes on, when will you be tall?"

& Soon, Levi Garrison and Wen Lei discovered that it was impossible to consume Zoey on this road.

Zoey became more brave as he fought, and there was no sign of fatigue at all.

"You can't bear it anymore! You must do it!"

Wen Lei shouted.

"Okay!"

This time, Levi Garrison no longer kept his hands.

Go head-to-head with Zoey.

Turn defense to offense!

Levi Garrison strikes hard!

"Boom!"

"Boom!"

…

Soon, the place was overwhelmed.

Zoey was hit by Levi Garrison's heavy blow, unexpectedly showing a decadent momentum.

"Bang!"

"Bang!"

"Bang!"

…

Levi was on the verge of victory, and he blasted out several heavy punches in a row.

Plum Ran backed back again and again.

There was a look of horror on the emotionless face.

It is estimated that she was also shocked by Levi Garrison's strength!

Strong!

Two rays of light came out of Wen Lei's eyes!

The monster-like Zoey was lost!

Levi Garrison is even more monster than monster!

Levi Garrison didn't give Zoey any chance, so he would knock her down all at once.

This is his great opportunity.

Zoey was forced into desperation.

"Boom!"

Suddenly, the atmosphere in the field changed.

"Ah!!!"

Zoey let out a roar, his aura soaring.

Unparalleled power bursts out of his body!

More than dozens of times more than just now!

She still has the potential to excite!

"Bang!"

Zoey hit Levi Garrison hard.

Although Levi Garrison blocked it, he only felt his chest surge, as if a fire was burning.

So strong?

Levi Garrison's face changed.

Zoey continued to attack.

One move is more ruthless than one!

Levi Garrison was unstoppable every time!

"Levi Garrison will die for me!"

Zoey gathered all his strengths and made the strongest move.

Levi Garrison was not to be outdone, and made the same move.

The two of them hit the earth like sparks.

"Puff!" But

Levi Garrison vomited blood and flew out.
