

# The Return of the God of War [The Protector] Chapter 1911

Levi Garrison didn't want a tragedy to happen, and he didn't want to fight around.

What good and evil?

Are you not from Erudia?

He wants to stop!

In addition, the hiding place of the Heretic God's forces is extremely concealed, and has not been discovered for so long.

Why did you find it at this time?

There must be a problem!

"The little master is not good, there are traitors among us! They exposed the whereabouts! It is our fault!" On the

way, the seven evil gods already knew the truth.

Speaking of betrayal, hasn't Levi Garrison ever experienced it?

Wushuang City is one of them.

They personally pushed the three of Levilia into the fire pit!

This account Levi Garrison remembers.

In the southern border of Erudia, somewhere deep in the mountains.

A fight is going on.

“Master Lin, we rescued you, you have to testify for us! We are on your side and won’t follow Levi Garrison!”

Someone rescued Lin Tianlong and his party.

It was they who had betrayed the seven evil gods and revealed the place where the evil gods were hiding.

The reason for their betrayal is simple!

Although the seven evil gods surrendered to Levi Garrison.

But many people under him were dissatisfied with Levi Garrison’s rules and regulations, especially the rules of no murder, no free movement, etc., which made these people totally unbearable.

When he followed Huoyun Cthulhu in the past, his old man never restrained them!

Instead, it gives them a world of freedom and lets them do whatever they want.

Let them kill people!

Let them do anything that can deter others!

It is to teach them a truth: only the strong can survive.

In the era of Cthulhu, they did all evil and became the existence that everyone feared.

But Levi Garrison's idea was completely opposite to that of Huoyun Cthulhu.

Levi Garrison actually wanted these demons to change their hearts and become good people.

Constrain them in all aspects!

So even though Levi Garrison is very powerful now, the Tiance Mansion has been crippled.

But many people are dissatisfied with Levi Garrison!

They would rather live the life of licking blood, so much at ease.

Not willing to follow Levi Garrison!

Therefore, after a round of consultation, they rebelled.

They rescued Lin Tianlong and his party and revealed the location to ensure their safety in Erudia.

Finally, they will leave Erudia and go to the evil spirits overseas.

After the Evil God Fire Cloud disappeared, a group of people was forced to an area with harsh environment.

There is also the equivalent of a person fleeing overseas, and they have combined many high gesture powers overseas to form a huge organization.

Codenamed "Bible".

In the end, they all have to take refuge in the Bible.

This is the confidence they dare to betray Levi Garrison...

"Don't worry, you saved us, I know!"

Under the support of Lin Tianlong and several people.

These betrayers escaped safely one by one.

No one embarrassed them.

It is estimated that someone from the back will react, and they have all fled overseas.

Lin Tianlong waved at the two Fu Jia again: "Let's go, let's leave! When I move in to help, I will come to Levi Garrison for revenge!" It

was just that Fu Jia and the two did not move, but stood there hesitantly.

“What? Are you hesitating? Are you really Levi Garrison’s women?”

“He is the number one demon! What are you doing with him?”

Lin Tianlong shouted hoarsely.

“Come here, take them away!”

Lin Tianlong ordered the master of the family to forcibly take Fu Jia away.

Shortly after.

Levi Garrison arrived with a few people.

Stopped this fight.

Minimize casualties...

“What about the traitors? What about those who betrayed us?”

Levi Garrison asked.

The seven evil gods looked at each other, showing embarrassed expressions.

“What’s wrong? Where did they go?”

Levi Garrison asked.

“They went overseas and joined the Bible Organization!”

“The Bible Organization? What is that?”

Levi Garrison was curious.

“That is an extremely terrifying existence!”

## **The Return of the God of War [The Protector] Chapter 1912**

“Actually, there were 13 Cthulhus under the Cthulhus back then! The other six took away the strongest powers of the Cthulhus after the Cthulhus disappeared, and they united many powerful forces overseas to form a Bible organization!”

“Let’s put it this way, the Bible. The organization is listed as a taboo by the strongest institutions in overseas countries! Overseas countries dare not provoke them!” the

seven evil gods explained.

“Among the seven of us, the Sword Evil God and the Black Evil God are the strongest! But among the other six, three are better than them! Especially the strongest one is simply terrifying!”

Mention of which one, the Seven Evil Gods are present. Has become ugly.

Even sucked in cold air.

Levi Garrison immediately understood which one is so strong.

It is not easy to make the seven evil gods show such a timid look.

“Which one is infinitely close to the existence of the Fire Cloud Cthulhu! At least 80% of the strength is there! It can definitely be crushed against us!”

Sword Evil God said.

Levi Garrison shook his head helplessly: “Well, just run away! There is no way!”

“These traitors can’t upset any storms. What we are afraid of is the Bible Organization! I’m afraid the Bible Organization will make trouble! “The

seven evil gods showed deep worries.

“Afraid of what they do? What’s more, this is Erudia! Whoever dares to come, I will let anyone die!”

Levi Garrison didn’t take this matter to heart.

He is now devoting himself to the plum.

Of course there is also the issue of the East Island forces.

Their existence makes him still Erudia’s demon, and everyone is playing the role.

Levi Garrison came out of this bad breath!

Since Levi Garrison fled, the entire Tiance Mansion has been silent.

No one dared to speak!

As the strongest institution of Furutake!

How to bear such a shame?

They can't even lift their heads!

"What do you do now? Let Levi Garrison be so presumptuous?"

"But Levi Garrison is too strong, and I don't know if he has a helper, who can shake him?"

...

Even Tiance Mansion was helpless.

The key, Levi Garrison, escaped from the chain of the dragon, bringing them shame.

The experts in Tiance Mansion had no face to trouble Levi Garrison.

Now Quan Erudia They all look forward to someone defeating Levi Garrison.

I look forward to the person who defeated Levi Garrison before to make another move!

But this is difficult!

Everyone knows it!

At this moment, the Common Killer God, who was the second highest in the ranking, uttered a voice.

He has written a statement to Levi Garrison.

The time and place Levi is coming.

Come to a life and death duel!

Levi Garrison had to wait for his disposal if he lost.

If he loses, he must kill Levi Garrison.

In an instant, the whole Erudia boiled.

People cheered.

Commoner Killing God can stand up at this time, worthy of a generation of masters!

They hope that Commoner Killing God will defeat Levi Garrison in one fell swoop!

Levi Garrison smiled when he received the Zhanshu.

“Buyi Killing God is very strong! It is the wrong era! If you are in the same era with the master, you may not be able to compete with the master!”

Hei Cthulhu said such a sentence.

This is the biggest evaluation of Commoner Killing God!

He can compete with the Huoyun Evil God!

Powerful horror!

“Book of engagement!”

Levi Garrison smiled.

Afterwards, the news came out-Levi Garrison took over the battle book of Commoner Killing God.

It was agreed that three days later, a battle will be held at the site of the Eastern Frontier Battlefield.

This place was once the place where Erudia Warriors fought against the invaders who ruled the Alliance.

Levi Garrison's selection of the decisive battlefield here can be regarded as a reminder to the world!

News of the decisive battle between the two sides spread all over the world.

Everyone is looking forward to this battle.

Many places have opened gambling on which of the two will win?

For now, Commoner Killing God has a bigger win.

Erudia's voice is unanimous, and they all hope that Commoner will win!

Commoner Killing God was the second place in the previous rankings, and now so many years have passed, the strength is becoming more and more unfathomable.

Who knows what state he has reached?

This battle cannot be avoided.

Represents "good and evil".

## **The Return of the God of War [The Protector] Chapter 1913**

Levi Garrison's expression was calm, and he didn't worry about it at all.

He is concerned about the condition of Zoey.

Zoey has woken up.

But he could only look at it from a distance, not daring to show up.

The wife was right in front of him, but Levi Garrison could not meet.

Meeting each other is the enemy of Fang Xiu until his death!

This feeling is uncomfortable! !

“Richard, you must die!”

Levi Garrison said in a low voice with sharp sharpness in his eyes.

He learned from Wen Lei that it was Richard who stimulated Zoey and forcibly merged Xu Zhengjie’s consciousness.

Otherwise, Zoey can still be saved.

Just pull Xu Zhengjie’s consciousness away.

But now there is no way.

This is already Zoey’s consciousness.

At this moment, the Xitianwang team has been rescued by Levi Garrison.

They are already doing Levi Garrison's mission.

“Wang, Richard and his entourage, Erudia, have quietly visited a few places! I don't see any clues for the time being! I'm still investigating!”

“But everyone took things with them when they left! I don't know if it is. What?”

“Richard is behind the most mysterious and powerful laboratory of the Warhawk Nation. I think they should take away the things related to the experiment when they come to Erudia this time! Maybe it is a rare substance!”

“We will investigate as soon as possible! “

...

Xitian Wanghui reports.

Levi Garrison touched his nose: “Richard really played a good hand of cards! He must have come for something from Erudia!”

“Actually, this is not a sudden action by Richard and the others! You can even say it. It's been planned for a long time!”

“Earlier, Richard and the laboratory behind him formed an army of the Dominator Alliance. They attacked wildly and wanted to occupy Erudia!” The

West Heavenly King said: "Of course! He and the laboratory behind him want to swallow a country? "

Levi Garrison smiled and said: "No matter how powerful a laboratory is, but wanting to swallow a country, that is wishful thinking!"

"Why is that?"

& The others looked at Levi Garrison.

"Let's put it this way, the laboratory behind Richards may be the most advanced technology in the world! The things they design and produce may be unheard of!

Correspondingly, the resources they need must be rare in the world!

I guess The reason they formed the Domination Alliance to attack Erudia frantically was probably because they wanted to obtain some kind of resource material from Erudia!"

Levi Garrison explained.

The Western Heavenly King immediately exclaimed: "This is right! They have never given up! This time he found a good opportunity, and Richard formed an international force and took the opportunity to enter Erudia in order to take away the resources they wanted!"

Others nodded.

That being said, the Richards had premeditated to take things from Erudia this time.

What I took away was what I wanted to capture Erudia before.

But after all, it was carried out in a sneaky way, and I was afraid that a small part of it was taken away.

After all, if resources and materials are taken away on a large scale, it will attract the attention of Tiance Mansion!

“Xiaoxi, find out what exactly Richard and the others have taken as quickly as possible?”

Levi Garrison ordered.

“Understand!”

Troubles are one after another.

There is no worry.

Levi Garrison happened to meet a group of pig teammates!

Give the enemy too many opportunities!

“You said, is it possible for Richard to cooperate with the East Island forces?”

Levi Garrison’s keen sense of smell made Levi Garrison aware of this.

“High probability! Maybe they are already planning the next step!”

everyone said.

“One Richard is enough to make a headache, and now there is another East Island power! The two united together, it is simply too scary!”

Levi Garrison shook his head helplessly.

so horrible!

One can turn the world upside down, and the two add up to be terrible.

Suddenly, Levi Garrison seemed to think of something.

Can't help asking questions to the seven evil gods.

“You said, is there such a possibility?”

## **The Return of the God of War [The Protector] Chapter 1914**

“What?” The

seven evil gods looked at Levi Garrison together.

“Is it possible that people who imitated me were organized by the Bible? Because apart from you and Master, probably only they will have exactly the same technique, right?”

Levi Garrison asked.

He had already told the seven evil gods that he was being imitated and counterfeited.

But for his master, the “Fire Cloud Evil God” considered by the Seven Evil Gods, he did not mention much.

As soon as this question came out, the seven evil gods were taken aback.

They haven’t thought about this problem before.

Now Levi Garrison’s question made them think.

There is no other reason.

The leader of the Bible organization, that is, the strongest among the thirteen evil gods, the next evil god closest to the Huoyun evil god!

The Cthulhu God and the Cthulhu Huoyun practice exactly the same techniques.

Levi Garrison reminded them that they woke up in shock.

A cold sweat came out one after another.

Is it really him?

Because when Levi Garrison was framed some time ago, it wasn’t just the practice of imitating it in place.

The key is to kill a lot of super strong, including the strong on the top list.

This is not an imitation.

This is absolutely true!

Except for the Huoyun Cthulhu and Levi Garrison, the only ones who will be there are the Underworld God.

“It seems that this is really possible!”

“If it is really the Underworld God, then trouble! I don’t know what he is going to do?”

... The

seven evil spirits showed heavy expressions.

Levi Garrison nodded: “I see!”

If the Bible organization, the forces of the East Island, and Richard are all cooperating.

That would be terrible!

However, he would dig out the forces of the East Island like a cocoon.

When Levi Garrison was studying other things, he was going crazy outside.

More and more people are guessing who will win the battle between Levi Garrison and Commoner Killing God!

According to incomplete statistics, the betting prize pool for the two winners is as high as hundreds of billions!

This is unprecedented of!

It is no exaggeration to say that many ordinary people will use this battle to become billionaires.

The atmosphere is getting hotter!

Many wealthy celebrities went to the site of the Eastern Battlefield early, and were late for fear that they would not be able to take up space.

Many people from overseas are also rushing to Erudia.

The Common Killer made another suggestion: This duel was between him and Levi Garrison.

Regardless of whether Levi Garrison loses or loses, Tiance Mansion cannot take any action.

Tiance Mansion agreed to Commoner's proposal to kill the gods.

...

The atmosphere before the war was extremely depressing.

The seven evil gods paced left and right outside Levi Garrison's room.

In any case, they want Levi Garrison to win.

After all, Commoner Killing God is too powerful.

And there are rumors outside that Commonwealth Killing God has found an artifact.

It can increase his combat effectiveness to another level.

They wanted to give Levi Garrison a weapon, such as dedicating their own stunts, and they could help a little bit.

But Levi Garrison was not in a hurry.

Hiding in the room, has been flipping through ancient books.

He was looking for a cure for Zoey.

How can this matter be important in a decisive battle with Common Killer God.

Richard and the East Island forces far overseas are starting video conferences.

“Levi Garrison is a threat! Even the temporary threat is greater than the entire Erudia martial arts world! This time he must die in the decisive battle!”

Richard said.

“We think so too! Does Mr. Richard have a plan?” the

leaders of the East Island forces asked.

“Of course! I hope you can cooperate! The plan is...”

“What?” After

hearing Richard’s words , everyone’s expressions changed drastically.

“Calm down, everyone, if you want to get rid of the number one enemy, you must pay this price! What’s more, it’s not just you, but I will also pay the price! This is our enemy together!”

Richard said.

“Well, let’s do it! We promise!”

After listening, the leaders of the East Island forces all agreed.

## **The Return of the God of War [The Protector] Chapter 1915**

Levi Garrison’s threat was too great.

Even if he is now the opposite of Erudia.

But he is too strong and too strong.

Plus there are seven evil gods.

The greatest threat.

There are not many people who are sober in Erudia.

Levi Garrison counted as one.

Still the most important one.

Severely hindered many enemies!

A lot of people are pierced in the flesh!

So Richard and the East Island forces will do whatever it takes!

There were only two days left until the battle between Levi Garrison and Commoner Killing God.

In a secluded courtyard in the capital.

In the small courtyard, there were more than twenty people sitting.

Everyone is extraordinary, and he is the overlord of one party.

Everyone's eyes are fanatical and reverent.

Looking at the man in the room drinking tea.

The man was spotlessly dressed in a white gown.

The appearance is ordinary to no more ordinary, and there is no special temperament.

But who would have thought that he was the famous commoner killer.

This is also the biggest reason why he can hide in the city.

Because he is an ordinary person.

Prefer to live a modern life.

He also prefers his apprentice to call him a teacher instead of a master.

The twenty-odd people sitting below are all disciples of Common Killer.

Some he taught martial arts, some were the way of life, some were medical skills...

Anyone who had been instructed by the Common Killing God became giants in all walks of life.

Now that their teacher is out of the mountain, these people are all here.

“Teacher, how sure are you against Levi Garrison?”

someone asked below.

Ask a question that the whole world wants to know.

How sure is the commoner to kill God!

The Common Killer pondered for a while, and said slowly: “Before 50% sure!” In the

next second, Commoner Killer picked up an ancient sword.

“Now, ten percent!”

“The sky of the god sword! Can’t open the scrap iron, open the world invincible!”

“Om!” With

a sound of swords, Common Killer pulled out the ancient sword.

All of a sudden, the cold light shot everywhere, like fire.

It was so shaking that everyone couldn't open their eyes.

Especially when they felt the terrifying killing intent of sword aura, everyone couldn't help a cold war.

too frightening!

As soon as the divine sword came out, the world was invincible.

Divine Sword Sky is an invincible artifact, known as the existence of God blocking and killing God!

Whoever gets this artifact will be invincible!

Countless people have searched, including the power of the East Island Star Country.

But this artifact was accidentally obtained by Common Killer!

So now Commoner Killing God is so confident!

With this artifact, he is confident that he can win Levi Garrison!

"Students wish the teacher victory in advance!" The

students in the audience said Qi Qi.

“The rumors of the Excalibur Sky is awe-inspiring and invincible!”

“But the Excalibur Sky is not something anyone can use! Even if you get it, you can’t pull it out! Can’t pull it out like scrap iron!”

“The teacher is the only one in a hundred years. The one who can pull out the sword of heaven! This time Levi Garrison will undoubtedly lose!”

... the

students are full of confidence in the teacher.

In their eyes, Levi Garrison will undoubtedly lose!

“Teacher, can you show the

Divine Sword Sky to the students?” Hao Yuxuan, who was speaking, was currently developing in Dongdao.

Commoner did not expect to kill God.

Hao Yuxuan actually went to the East Island forces now.

His move is the task assigned to him by the boss.

“Okay!” The

Common Killer handed the Divine Sword Sky to him unsuspectingly!

A flash of cold light flashed in Hao Yuxuan's eyes.

He will do tricks.

By then, it was not just Levi Garrison who would die.

Even the commoner kills the gods to die!

..... It's

just that no one in the room can notice it.

The message of the Divine Sword Sky spread out, and the whole world was in an uproar.

Levi Garrison's winning side is even smaller!

The seven evil gods are anxious.

I want to find a magical tool for Levi Garrison to fight against the commoner.

However, Levi Garrison shut himself in a remote place and delved into ancient books carefully.

Regardless of everything outside.

Soon, the next day was the day of the decisive battle.

Levi came here this night but something big happened...
