

# The Return of the God of War [The Protector] Chapter 2221

And this feared enemy?

Dare to enter Erudia?

Underworld God was shocked.

He knows how strong this is.

In the past three years, no matter how the times have changed.

He is always at the pinnacle just like the God who controls the world.

It can be seen from his apprentice Zoey.

But now he is afraid?

It shows how terrifying Erudia's enemies are!

No wonder the Dark God cares so much about the Heavenly Sword.

It turned out to be for this reason.

“Everyone only knows that the Heavenly Sword is powerful! But I don't know that I still have an Earth Sword in my hand. In fact, there is a secret that almost no one knows. The combination of Heaven Sword and Earth Sword is the most terrifying artifact! One plus one is greater than two. “

The sword of the earth is the sword of the netherworld, and the elements that merge into darkness! The sky sword is the sword of the strong sun! The elements that merge into the sun! The fusion of the heavenly sword and the sword is the fusion of Yin and Yang that Erudia demands! That's why There will be a qualitative change!"

Dark God explained.

"So the Dark God, you got the Heavenly Sword and Earth Sword, just want to combine them! Then go to Erudia?"

Mingxie asked.

The Dark God nodded, "This is one of my goals!"

"So I will keep you, and there are future tricks! So that I must get the Heavenly Sword!" The

Dark God also ordered the Underworld God task.

...As

the day when the heavenly sword is unearthed is getting closer, there are more and more rumors about the heavenly sword.

Among them, there is a question in the world how strong is the Heavenly Sword?

There has been no definite answer to this question.

Many people just fight blindly for...

But today there is a vivid answer.

It is the Heavenly Sword that can kill the strong blood clan, even the blood ancestors! You can also beheaded!

Because the sky sword is the sword of the sun!

Specially restrain the physique of the blood race!

The news came out.

It caused an explosive sensation.

Since Xuezu was released three years ago, the superpower of the blood race has surfaced and appeared in the world.

Many people know the extraordinary talents of the blood race.

Especially those blood ancestors are immortal and can sleep for thousands of years or even longer.

Many powerful people have tried various methods and ancient weapons and modern technological weapons, and they can't kill the blood ancestors at all.

There is no weapon or method to restrain the blood race.

They can't kill at all.

In the past three years, the blood clan has also become a super power.

The four blood ancestors are completely awakened, and almost no one can beat them.

Now the Heavenly Sword can slay the blood ancestors, explaining to everyone how powerful the Heavenly Sword is.

So more people wanted to snatch the Heavenly Sword.

For example, the enemy of the blood clan, the enemy of the blood clan, etc. have also joined the ranks of looting.

Not only that, even the blood race also joined the ranks of snatching.

This kind of weapon that can target their physique and kill their blood ancestors must not fall into the hands of other people.

Instead of falling into the hands of the enemy and posing a threat to the blood, it is better to seize it yourself.

So the blood race also joined the ranks of the competition.

Even some big chaebols and old financial families have all joined the competition.

Although they can't use Heavenly Sword.

But they can use the Heaven Sword as a bargaining chip to trade with others, or use the Heaven Sword to hire some strong men.

This made the competition for the Sky Sword reach a fierce stage.

It was also the biggest dispute in three years!

Originally, Tiance Mansion thought that the Heavenly Sword was stable and would stay in Erudia.

But it's getting worse now.

The Heavenly Sword gradually became a divine weapon that opened up the world.

It seems that the whole world is fighting for it.

Various alarms have been coming from Tiance Mansion.

Unidentified elements entered Erudia...to the

east, west, and south...

one by one...

The command from the Major Tiance was not to stop them and let them in.

Blocking now is too loss of strength.

It's better to keep it and come in together.

However, the Marshal Tiance also had a plan. His purpose for doing this is simple.

## **The Return of the God of War [The Protector] Chapter 2222**

Deliberately letting everyone in is to write down everyone's identity information as much as possible.

This is equivalent to all being under the control of Tiance Mansion.

Those who came are still strong from all over the world.

This is conducive to Tiance Mansion's control of the future situation.

After all, knowing oneself and one another can survive a hundred battles.

“What? Zoey is here? Okay, always pay attention! Don’t stun the snake!”

“There is a surprise this time, not only to win the Heavenly Sword, but also to get rid of many enemies!”

Tiance Marshal smiled.

...

On the other side.

Jiangbei.

Levilia has been with grandpa and grandma these days.

Hearing that the Heavenly Sword was born, Levilia also wanted to join in the fun.

This time she came out, she was experienced.

Just take this opportunity to see if I can find clues to my parents.

So Levilia also went to the place where the Heavenly Sword was about to be born.

But she didn’t take her grandma and grandparents with them anymore.

Dangerous things after all.

Levilia may not be able to take care of it, so she went straight alone.

Seeing Levilia walking alone, the ancestors in the dark all sighed, "Levilia has grown up!"

They were also more relieved.

But also depressed.

Levilia growing up means to be separated from them.

"No way, Levilia has to shoulder some of the responsibilities she should shoulder! We can only help a little, we can't protect her forever!" The

female ancestor sighed.

The place where the Heavenly Sword came out was in the snow-capped mountains in the northern boundary of Erudia.

A place of extreme coldness.

Because the Heavenly Sword is the sword of the most yang, it is actually in this kind of yin to cold place, so it can hide without a breath, and it won't be discovered for so long.

Otherwise, the breath of the sword of the sun would have leaked out long ago.

Therefore, the Heavenly Sword will not be discovered for so long.

If it hadn't been for a certain energy organization to excavate energy materials, they would not have found it here.

But because the sky sword is in a very deep and deep place, it is not easy to dig, so the time of excavation has been pushed back and forth.

This time has been confirmed.

At noon tomorrow, also when the sun is blazing, the Heavenly Sword will come out.

The day before, this area was full of countless strong people.

There are countless strong people coming.

More people gather.

Many people are already fighting and killing.

After all, there are people from all over the world, and it is easy to encounter their own enemies.

The Heavenly Sword has not yet come out, and the killings continue.

A corpse was placed everywhere...

like purgatory in the world...

but the real big powers appeared at the last moment, and would never have appeared the day before.

But many have already arrived.

It's just hiding in the dark.

Levilial also arrived here the day before.

Many people saw Levilia a little girl and wanted to bully her, but Levilia beat him back.

to be honest.

This is the one who can't be bullied this time.

Secretly followed several ancestors.

However, Levilia was still smart and low-key enough to hide himself without attracting much attention.

Otherwise she will be the focus early.

At this moment, the old lair of the Bible organization, the dark cage.

The Huoyun Evil God has passed out.

He couldn't live on such a life as good as death. After all the torture, he let go of himself and died.

Has been fainting for a long time.

His breath dissipated a little bit.

It was different from Levi Garrison's breath dissipating.

He is losing his vitality, and when he loses his breath, Huoyun Cthulhu will also die.

"Boom!"

But at this moment, Huo Yun Cthulhu suddenly felt a terrifying energy fluctuation.

He was immediately awakened in a fainted state.

Soon he knew where this energy fluctuation came from...

Levi Garrison next to him!

At this moment, Levi Garrison is like a round of hot sun, that terrifying energy is getting stronger and stronger, just as the sun is getting closer and closer to the Huoyun evil god, and the heat is getting more and more terrifying... My God! !  
!

## **The Return of the God of War [The Protector] Chapter 2223**

Huo Yun Cthulhu felt that he was about to be melted by this terrible energy.

He couldn't bear it at all!

If nothing is guarded, he will disappear immediately.

Huo Yun Cthulhu was stimulated by this energy, and he also recovered.

He hurriedly used all his best to resist the terrible energy fluctuations emanating from Levi Garrison's body.

what happened?

What's wrong?

In the past two years, Levi Garrison's breath of retreat has become weaker and weaker, and in the end he has no breath.

Like the dead monk.

Huo Yun Cthulhu would not wake up no matter how he called, he would be Levi Garrison dying.

But how could such a powerful energy burst out of him at this time?

Incredible!

Is there any hope?

Is his retreat going to end?

But it was too late for him to think, and terrible energy bombarded him.

It directly made his throat sweet and full of bruises.

Huoyun Cthulhu was stunned!

This is just a breath overflow, it is such a terrifying energy fluctuation.

It is no exaggeration to say that Levi Garrison is like the sun.

The aura exuding from his body turned into terrible energy and burned and melted Huoyun Cthulhu.

“Ah!!!”

Huo Yun Cthulhu felt his body's skin cracking, his body's organs were about to explode, and his soul was about to be pulled away.

He felt the extreme pain.

Huoyun Cthulhu was actually considered a two-year retreat.

Much stronger than before.

Now he does everything he can to block this energy fluctuation in actual combat.

“Puff!”

Although he was struggling to resist, the blood overflowed in the delicious food, more and more.

“Ah!!!” The

pain is getting stronger and stronger, and the soul will be torn apart.

The Fire Cloud Cthulhu used the strongest defense in his life to resist this energy fluctuation.

But he screamed louder and louder, and the blood was getting more and more, and there were wounds on his body.

...

Huoyun Cthulhu has never received this kind of death threat in his life.

But this is just the energy fluctuation of Levi Garrison’s body.

If his real energy escapes, how strong will it be?

have no idea.

Anyway, the Huoyun Cthulhu must instantly shatter, turning into nothingness...

even a scum could not be left.

Unimaginable horror!

Huoyun Cthulhu's whole person was trembling, he was terrified, really terrified.

Levi Garrison's whole body is getting hotter and hotter, as if the sun is about to press on the Huoyun Cthulhu.

What Huoyun Cthulhu didn't know was that earth-shaking changes had taken place outside the dark cage.

Red lightning raged in mid-air, making terrible sounds.

It's as if the world is angry.

"Ah!!!"

Huoyun Cthulhu screamed hysterically.

His body is about to explode!

He is dying.

He actually wanted to die all the time, and finally let go of himself.

But now that he felt the energy fluctuations in Levi Garrison's body, he felt hopeful again.

He doesn't want to die!

He wants to live!

But the scorching energy in front of him tore him to pieces.

“Ah!!!”

At the moment when Huoyun Cthulhu's body exploded, all of the energy suddenly retracted, all of it retracted into Levi Garrison's body.

In an instant, the pressure on Huoyun Cthulhu disappeared.

At the moment of life and death, the Evil God Huoyun was rescued.

“Huh! Huh!”

He gasped and gasped...

He had died once... At

this time, he saw Levi Garrison who was closed shut suddenly opened his eyes, and his eyes seemed to have lightning lingering, as if The stars reversed and the universe shattered.

What kind of look is that!

This look seemed to penetrate his soul!

powerful!

too strong!

It's so outrageous!

This experience is unprecedented!

Transformed!

He felt Levi Garrison's transformation.

There was an ethereal aura on his body, as if it merged with everything in the world.

That feeling is very, very strange.

This feeling has only been experienced in Master Levi Garrison...

"Mr., your retreat is over?"

Huo Yun Cthulhu asked excitedly.

"Hmm!" Finally there was a response.

## **The Return of the God of War [The Protector] Chapter 2224**

With this response, the Evil God Huo Yun waited for two years.

Finally heard Levi Garrison's voice.

Levi Garrison opened his eyes and stood up after speaking.

“It’s been more than two years!”

Levi Garrison sighed.

The Fire Cloud Cthulhu rekindled hope and looked at Levi Garrison excitedly.

Judging from the breath that had just escaped, he was full of confidence in Levi Garrison.

“Sir, can you open it?”

Huoyun Cthulhu’s voice was obviously trembling.

Levi Garrison smiled, “I’ll try!”

“Stand behind me!”

Hearing the words, the evil god of fire cloud stood behind Levi Garrison.

“Boom!”

He smiled, raised his fist, and blasted out a flat punch.

But this seemingly ordinary punch has the power to surpass the limit of time and strength!

Unpretentiousness is the highest state!

This is Levi Garrison’s pursuit of ultimate speed and strength for two years of retreat!

This punch seemed ordinary, but it was Levi Garrison's answer sheet for more than two years of retreat!

"Buzzing..."

Huo Yun Cthulhu's ears heard the trembling sound of time and space, feeling the terrible fluctuations, and this punch actually became progressively stronger.

There was a wave of anger!

Huo Yun Cthulhu found out in shock that Levi Garrison's fist hadn't hit the wall yet.

The wall felt the terrible energy spread, and it was deformed and recessed in it.

This deformation is getting more and more severe!

"Boom!"

Until Levi Garrison slammed up, Huoyun Cthulhu's ears were deaf, his eyes were blurred, and his brain consciousness was blank.

This punch seemed to beat the world into a state of chaos.

Let Huoyun Cthulhu's soul pull away...

When Levi Garrison slammed it down, lightning raged in the air outside.

"Crack!!!" It

broke.

The wall in front of Levi Garrison and Huoyun Cthulhu shattered!

Exploded!

The metal wall immediately outside was all shattered!

Levi Garrison's vision widened.

"Boom!"

"Kacha Kacha..." The

entire dark cage was shattered inch by inch, and in the end, the entire dark cage was blown to pieces.

There is nothing left.

With Levi Garrison's punch, the world collapsed and the sun and the moon reversed.

The dark cage was directly destroyed.

Although there is a device for transforming energy between the two metal walls of the dark cage, most of the power you play will be transformed, and the metal wall will not be hurt at all.

However, this conversion device also has an upper limit. When the upper limit is reached, there will be energy that cannot be converted.

Even the transformation device will explode...

Now Levi Garrison's punch is too powerful!

Strong enough to shock the world!

Directly exceed the upper limit and tolerance of the conversion device.

"Kacha!" The

instant transformation device burst into pieces, directly turning into nothingness.

If the transformation device fails, then the two metal walls are directly bombarded by force.

Therefore, all the power of Levi Garrison's punch hit the two walls, which caused the two walls to burst.

With Levi Garrison's punch, the red blood cloud outside was directly dispersed.

The complex mountains also split in the middle.

The dense fog not far away was all dispelled... With a

punch, the place of purgatory was beaten into a blue sea and blue sky!

This is Levi Garrison's current strength!

The dark cage that the Dark God could only open with his powerful strength and the magical sword was blasted open by Levi Garrison.

fear!

Horrible!

The Huoyun Cthulhu did not respond for a long time.

It feels like the soul is separated from the body...

He died again.

Too f\*cking strong.

How can there be such a strong person?

Although Huoyun Cthulhu had seen Levi Garrison's master, he had even seen his shots.

But Levi Garrison was not as shocked!

He even thinks that Levi Garrison is stronger than his master now.

The Fire Cloud Cthulhu lay on the ground, breathing heavily, feeling the blue sky and white clouds.

It's been a long time!

The outside world is so good! Levi Garrison also looked up to the sky and yelled, "God of darkness, you can't hold me down! I'm Levi Garrison out!!!"

## **The Return of the God of War [The Protector] Chapter 2225**

Levi Garrison was trapped for so long for the first time.

More than three years!

It feels so good to see the sun again! ! !

Huo Yun Cthulhu laughed and looked at Levi Garrison and asked, "Mr. What is your current strength?"

Huoyun Cthulhu only knows that this dark cage is difficult to break, but he doesn't know how terrifying it is.

Levi Garrison shook his head, "I don't know, but I know I am strong! I feel like I can punch the world through with my full punch!"

"This stuff can't hold you down, I don't know how strong you are!"

Huoyun Cthulhu was amazed.

Suddenly Levi Garrison and Huoyun Cthulhu looked at each other.

They realized a serious problem-where did the Dark God and the people from the Bible Organization go?

Why is there no news?

Just now he almost knocked the world down with a punch. Why didn't the people of the Bible organization move at all?

unusual.

"Go, go take a look!"

Levi Garrison and the evil god Huoyun immediately rushed to the castle of the Bible organization that had already destroyed half of them.

After the two entered, they found that there was no one here.

There are no gasping creatures!

“Mister, judging from the various traces, no one here has been for a long time! It seems that a large-scale migration has occurred!”

Huo Yun Cthulhu said after observing.

Levi Garrison’s eyes lit up, “The probability is that the Bible organization has gone to other places, and we are abandoned by the dark god! It is estimated that he thinks I will not submit to him! It is like a dark cage, keeping me in my life!”

Levi Garrison quickly analyzed. The reason why the Bible organization left.

“But you didn’t expect it? I came out!”

“Let’s go! Let’s go back!”

Levi Garrison couldn’t wait to go back.

More than three years.

How is your family member?

How are you brothers?

He was very anxious.

Where did Zoey go by the Bible organization.

Anxious to death!

...

Here, Levi Garrison broke the dark cage.

If it had been some time ago, the Dark God would have foreseen it.

It was during the period when Huoyun Cthulhu went mad, he felt it, and he left something behind.

But now he has completely abandoned the dark prison.

In his concept, Levi Garrison can't come out forever, and this dark cage has no value anymore.

Throw it out like garbage!

So now even if Levi Garrison smashed the dark cage and turned this world of purgatory into a blue sea and blue sky, the Dark God hadn't noticed it at all.

He thought that Levi Garrison could never come out.

...

Levi Garrison and Huoyun Cthulhu rushed all the way.

...

There is still one night before the birth of the Heavenly Sword.

The depths of the ice field in the northern boundary of Great Xia were full of people, and there were battles everywhere, killing them so dimly.

And at the highest point of this snow-capped mountain range.

Almost half of Tiance Mansion, Kunlun Industry, and the powerhouses they belong to have already arrived.

The remaining half are lurking around in advance.

Although the strong from all over the world have come to grab it.

But after all, this is Erudia, the home of Tiance Mansion.

The Marshal Tiance must deploy everything in advance.

“Not only the Tiance Mansion, but the Baolong clan, I also mobilized the strong to help out! There are also the top ten powers of Erudia. Except for the Ye Wudao of the Garrison Clan, I have contacted the other nine powers! Let’s work on the Heaven Sword. Stay in Erudia!”

Marshal Tiance smiled.

Commoner to kill God they nodded “Yes ah, big summer forces on you, for me up! Sword long stay in the big summer you can!”

“No, although the words to say! But Sword fall into the hands of others, Can you rest assured? Owning the Heavenly Sword will become the biggest threat! It is easy to be overwhelmed!”

“Especially if Ye Wudao of the Garrison Clan gets the Heavenly Sword, he will not put the Tiance Mansion in his eyes! Let him take it! At that time, Erudia will have a bloody storm! Even it is difficult for us to stop him! I gave him a palm, I know his strength!” Tiance Young Marshal began to give an example.

# The Return of the God of War [The Protector] Chapter 2226

Many people nodded, "Yes, yes! If this leaves no way to fall into the hands of the Sword this madman! Put aside the country of honor, the Sword greater threat in the hands of such a person leaves no way!"

"Yes, top ten forces big summer seems to cooperate with us, in fact, each dismal! Sword into the hands of these people, the disaster will be endless! even we may not be able to stop! "

Ma Godhead days of government policy "Yes! To put it bluntly, the Heavenly Sword is both righteous and evil! Some people have it in the hands of a

divine weapon to protect the people! But in the hands of Ye Wudao these people, it is an evil weapon that can be charcoal!" How to define it? We don't know! Maybe Ye Wudao won't be a threat, but a blessing. I don't know this!"

"But the danger definitely exists! But we don't know where the danger comes from! We can only start from the source. Put an end to everything!" The

Marshal Tiance glanced at everyone, and echoed, "The best way to put an end to everything is to control the Heavenly Sword in our hands! This is the most correct way!" The

four great generals also said, "Yes!" To put an end to this danger! Let's control the Heavenly Sword in our own hands!"

Kirin ( Qilin ) Azure Dragon (Azure Dragon (Qinglong)) and Common Killing God were both stunned.

Obviously, it was the Marshal of Tiance who wanted to take the Heavenly Sword as his own, but he said it so high-sounding.

But having said that, if the Heavenly Sword was in the hands of Major Tiance, it would be good.

At least the Tiance Marshal received the Heavenly Sword without causing disaster, and even more able to protect Erudia.

So they won't say anything.

Support the marshal of Tiance to get the sky sword!

“But the marshal! There are too many forces robbing the sky sword this time, especially the masters like clouds! Are we really good?”

Kirin ( Qilin ) asked.

“Yes, not to mention the big foreign forces, even Ye Wudao is very difficult to deal with! We are not sure, are we?”

Azure Dragon (Azure Dragon (Qinglong)) asked a sharp question.

Most strong people sighed.

Correct!

Not sure!

Especially Ye Wudao once had a slap against the Marshal Tiance!

Did not pay attention to Tiance Mansion in the slightest.

Not to mention so many other forces.

Even some horror guys who have been hidden from the world are here.

As a result, it is even more uncertain.

It's not that you can win it if you want to win the Heaven Sword!

This requires strength!

For everyone's questions, the young marshal Tiance and the four great gods all smiled mysteriously.

"You may not know that three years ago, the marshal was in danger and came out of retreat! He had been in retreat somewhere before this!"

others explained.

Kirin ( Qilin ) quickly reacted, "

Could it be this place, right?" Tiance Marshal nodded, "Well, I have been retreating here before! But at that time I didn't find the Heavenly Sword here! But I should have been affected by the sky. The nourishment of the sword!"

"This place is my father, that is, the god commander Tiance brought me to retreat! He

probably knows that the heavenly sword is here! But in order not to cause confusion, he didn't tell me!" "It should be me who left the customs. Let this loose, and let the resource-mining team discover the existence of the Heavenly Sword!"

...

"So that's it!" Then

everyone understood what was going on. Marshal Tiance smiled, "I retreat in this place for too long, no one is more familiar with this place! Coming here is like coming to the world under my control! So I have an advantage over anyone! Anyone, I Don't be afraid! Including Ye

Wudao and his like!"

“Plus your assistance! The Heavenly Sword must be ours!”

When he came to the place where he had been in retreat for a long time, the young master Tiance had a mystery of self-confidence.

Heavenly Sword is bound to win!

“In addition, Zoey and his ilk will come! Kill them all at that time, and leave none!” A brutal touch flashed across the face of the young marshal Tiance.

## **The Return of the God of War [The Protector] Chapter 2227**

Others smiled, “I’m afraid it’s killing Zoey, we can’t get involved!”

Tiance Marshal nodded.

He knew that Ye Wudao and Garrison Clan would definitely kill Zoey.

It is not their turn.

Even Zoey is Erudia’s public enemy, Erudia’s top ten forces want to get rid of them quickly.

Killing Zoey will also add reputation to yourself.

Everyone wants to fight for this reputation.

therefore.

You really have to line up to kill Zoey!

Major Tiance has deployed everything. He wants to control the field and control everything.

This evening, everyone could already clearly feel the sun aura of the Heavenly Sword, and it was gradually sweeping here.

It is obviously deep in the ice field, but everyone can't feel the cold.

It's weird.

Countless forces came quietly that night, and bloody battles continued.

The next day.

The day when the Heavenly Sword was truly unearthed is here.

One big force finally came.

The Garrison Clan, who claims to be the first force, is here.

Headed by Ye Wudao stood high, ignoring sentient beings, and didn't put anyone in his eyes.

The Garrison Clan powerhouse behind him is also coming menacingly.

Today, for this heavenly sword, he is also bound to win.

Immediately afterwards, the major forces appeared one by one.

Especially the ten top forces in Erudia, all came one by one.

These ten top forces, except for three, are directly ancient races, and they become the top in one fell swoop.

Most of the rest are the same as the Garrison Clan, with the support of the ancient clan or the big figures behind it, which pushed the original clan to the top.

For example, Lin Haotian, the former royal family in Beijing, was still Zoey's righteous husband at the time.

Now people behind these families have emerged and pushed to the top in one fell swoop.

Of course there are new top forces emerging!

There are also alliance forces formed by uniting the powerful from all sides.

This force includes Levi Garrison's acquaintances-Shura God of War, Fan Shengnan and so on.

After this era comes, martial arts families with good foundations are more likely to take off and become popular.

Shura God of War and Fan Shengnan also got various adventures and became the top powerhouses in this world.

They even jointly prepared the Great Xia League.

Ranked among the top ten forces in Erudia!

It can even be said that among the top ten forces, the Great Xia League is the most threatening to Ye Wudao.

But once Ye Wudao had the Heaven Sword, the top ten forces would no longer be a threat.

Subsequently.

The imperial organization appeared.

This is the first to take its place after the disappearance of the laboratory of the gods.

All aspects are similar to the Lab of the Gods.

Focus on science and technology, own the top technology, and master super powerful power and economy.

Soon after, Sanxing Group also appeared.

They have also developed very quickly, with Maya Industry as their backing, and they have become the world's top power in one fell swoop.

Representatives of Maya Industry also appeared immediately...

the great powers from all over the world appeared one after another...The

exclamation continued.

Seeing such a strong person appear.

Many people feel cold.

Everyone originally came for picking up the leaks, what if they fell into their own hands?

But now that so many powerhouses have turned out, they have no chance at all.

It can be said that this time when the Heavenly Sword was born, nearly half of the powerhouses in the gods' list came.

How to play this?

Does anyone else have a chance?

impossible!

“Wow...”

“Look at it!!!”

...

Suddenly the atmosphere in the court changed drastically, and everyone exclaimed.

It turned out that the four blood ancestors of the blood clan came together.

Their arrival has scared many people.

After all, the Heavenly Sword is a weapon that can restrain them.

They will definitely come to snatch it!

“Look! The devil Zoey! She is here?”

Then someone saw Zoey appear.

One after another exclaimed. Zoey has been too famous in the past three years, and her appearance caused an uproar.

## **The Return of the God of War [The Protector] Chapter 2228**

The other strong men of the Bible organization did not appear with Zoey.

They are all hiding in the dark.

After all, the Bible organization has not come forward in the past three years.

They used to be extremely low-key, and no one paid attention to them except the Lab of the Gods and Levi Garrison.

Even now, few people know about the Bible organization.

Now they attract attention with Zoey, and then the rest of the strong will attack together.

As soon as Zoey appeared, most of the forces in the field were very angry.

Most of the forces have an unshakable hatred with Zoey!

So when I saw her, I always braved the anger to the sky.

I can't wait to dye the plums and get cramped.

In the past three years, the Dark God used plum dye to kill too many people, and set up one enemy after another.

It can be said that Zoey is the one who has established the most enemies in this era!

These people could not wait to kill her immediately when they saw her.

"Xiaozu! Zoey is coming!"

Ye Lingtian and the others immediately looked at Zoey.

Ye Wudao glanced at Zoey, "Okay! I know! After getting the Heaven Sword, I will be the first to offer her the sword!"

“You look good, absolutely can’t let her leave!”

Ye Wudao exhorted again. sentence.

In fact, most of the forces present are the same.

I want to kill Zoey.

Some wanted to kill Zoey after getting the Heavenly Sword.

Some wanted to kill Zoey in the process of snatching the Heavenly Sword.

...

But everyone’s purpose is very unified-except for fighting for the Heavenly Sword, killing Zoey.

“Zoey, you are finally here! This time you still want to snatch the Heavenly Sword? You will definitely die!”

Tiance Marshal stared at Zoey closely. “Have I said that if you enter Erudia, I will kill you!” You asked for it! Today, you can’t live without Erudia!”

Wen Lei and the others looked complicated.

It is really embarrassing for them to face Zoey!

Isn’t it killing?

Not letting go!

It is very difficult for public and private...

will they kill Zoey later?

Or help her escape?

Nothing works!

Zoey did not speak.

It just so happened that she didn't plan to go out alive today.

She wants to kill all the remaining enemies...

at a glance, they are all hypocritical enemies!

kill!

Kill all!

Help Master get the Heavenly Sword again!

She is also worth it!

"Mom..."

Levilia in the dark looked excited when he saw Zoey.

She almost yelled out loud.

If it hadn't been for the deep cultivation in Tiance Mansion these years, I was afraid that the moment Levilia saw Zoey would have been unable to control it.

She can now see that there is obviously a problem with Zoey.

And she is going out to meet Zoey, and I guess I will cause a lot of trouble.

She wants to control it.

I'll talk about it later.

This embarrassed the ancestors in the dark.

"What to do? If something happens to Levilia's mother later, should we take action?" The grandfather

asked a sharp question.

"This..." The

other ancestors were also stunned.

They are very embarrassed due to their identity and overall consideration.

"We only look at Levilia's safety, other people have nothing to do with us! Only when Levilia is in danger will we take action! This is the rule that we negotiated after we came out! It cannot be broken!"

someone said.

“But this is Levilia’s mother. If something happens to her, how sad Levilia will be?” The grandparents shook her head. “

Yes, Levilia is in danger, we must take action! Even the ancient Garrison Clan can’t!”

“Well, well, understand!”

Everyone nodded.

The principle cannot be changed!

Others had an accident, even if Levilia cried loudly, they would not act.

The strong stepped out and surrounded this place tightly, everywhere. Next, the Zhiyang breath became more and more pure, and the Heavenly Sword was about to come out...

## **The Return of the God of War [The Protector] Chapter 2229**

On the other side, Levi Garrison and Huoyun Cthulhu crossed all the way.

Walked past the place where the Eighteen Dark Angels took them.

This road is deserted.

Basically nothing has changed from three years ago.

But when they came near Kangaroo Country, Levi Garrison and Huoyun Cthulhu knew that the world had changed drastically in the past three years.

There are too many strong people.

The kangaroo country, which was originally suppressed by the blood ancestors and helpless, is now full of strong people, everywhere.

Levi Garrison's current perception is a bit exaggerated, and he has reached the point of insight into everything.

He closed his eyes to perceive.

As if the whole kangaroo country was in his perception.

Especially energy fluctuations can't escape his perception.

Every person and every creature emits so much energy.

Levi Garrison judges whether he is strong or not based on the amount of energy.

With this perception, he knew that this era had changed.

There are too many strong people.

Perhaps the self three years ago is really nothing in this era.

It is estimated that there is nothing I can do when encountering some things.

But three years later, when the whole world was in great development, Levi Garrison became stronger faster, reaching a situation that no one could imagine.

Continue to shuttle in Kangaroo Country.

Levi Garrison and the two also encountered some short-sighted people who came to pick things up.

But without Levi Garrison's action, the Huoyun Cthulhu would be able to clean them up.

"Speaking of which, this kangaroo country still owes me a kindness! There is a chance that they will come back!"

Levi Garrison's grievances were clear.

Remember these.

Soon, after getting in touch with something.

Levi Garrison and they learned about this era seven or seven eighty-eight.

Knowing that it was the day when the Heavenly Sword was born, all parties gathered.

He knew more about Zoey.

"I'm afraid this is the conspiracy of the Dark God! He originally wanted to hone me into a killing machine, right? But later failed for various reasons! Even imprisoned me in the dark cage did not succeed!"

Levi Garrison probably knows everything.

Huo Yun Cthulhu also said angrily, "This man is damned!!!"

"Go, go to Erudia!"

Levi Garrison rushed towards Erudia with Huoyun Evil God .

...

“Before the birth of the Heavenly Sword, I will only say a word! It doesn’t matter if everyone competes with each other! But if anyone threatens Erudia at all, I will definitely kill the Tiance Mansion!”

Tiance Young Master said coldly.

After listening, everyone began to wait.

“Kacha Kacha...” The

ice sheet began to shatter in a large area.

A wave of scorching aura bombarded straight into the sky.

Roads of dull thunder came in mid-air.

The Heavenly Sword is coming out.

Everyone already felt the domineering aura of the Heavenly Sword.

Too strong, too strong.

Excited, nervous.

Everyone is looking forward to it.

“Boom...”

After the mountain shook, the ice sheet completely collapsed, and the hot breath erupting from the sky sword instantly evaporated all the water.

The heavenly sword in the depths is finally about to see the sun again!

“Coming out! Coming out!”

At this moment, everyone was crazy, jumping into the collapsed pit to compete for the heavenly sword.

Zoey rushed out first.

It turned into a streamer and disappeared instantly.

“Do you still want to fight for the Heavenly Sword?” The

voice fell, and the strongest jumped into the big pit one after another.

In addition to the Garrison Clan, the top ten forces in Erudia also jumped in.

The emperor’s organization;

Maya industry;

Sanxing Group;

... all the

four blood ancestors also rushed down.

Not only that, the strong people who have been hiding in the dark for a long time can't stand it anymore.

One by one jumped into the big pit, for fear of lagging behind others.

The young marshal of Tiance who controlled the field made all the strong under his command ready.

Together with the major powerhouses of Kunlun Industry, they are also guarding everywhere.

This is his world, and the Marshal Tiance must firmly control it.

On the other side, Ye Wudao didn't rush.

"The first one won may not be able to take away the Heavenly Sword! I'll wait until they get tired before taking the shot!" Ye Wudao arrogantly glanced at Young Master Tiance.

## **The Return of the God of War [The Protector] Chapter 2230**

In each other's eyes, they are rivals.

Others, although the world's major forces are strong, half of the powers of the gods have come.

But neither of them paid attention to it.

The biggest threat is at the end.

Hundreds of thousands of people jumped into the deep pit where the ice sheet collapsed.

The pit is about three kilometers deep.

It stands to reason that the lower it gets, the colder it gets. People are instantly frozen into popsicles, and the depths of two to three kilometers are even more cold than you can imagine.

But now it gets hotter as it goes down, as if approaching the sun.

Soon, everyone has seen the dazzling light from below.

Heavenly Sword! ! !

Zoey has seen the Heavenly Sword!

“Boom!”

Zoey rushed to grab the sky sword.

But the scorching heat from the sky sword repelled her burns.

Looking at the hand that was burned and unable to recover for a while.

Zoey was shocked.

“Chi!”

“Chi!”

“Chi!”

... the

other strong men went to grab the Heavenly Sword, but they were all burned.

It's not close at all.

It is impossible to approach within tens of meters around the sky sword.

In particular, the Heavenly Sword also restrained the blood race. When the four great blood ancestors approached, the sun's breath of the Heavenly Sword was even more terrifying to the blood ancestors' burns.

The four blood ancestors let out a scream.

shocked!

Almost everyone was dumbfounded.

He couldn't even get close to the sky sword, let alone take the sky sword.

...

Then there were continuous attempts by the strong, but they were all burned by the aura of the sky sword and forced to retreat.

And the aura of the sky sword is getting stronger and stronger!

If the Heaven Sword is taken away forcibly, it is estimated that it will be torn apart by the Sun Qi of the Heaven Sword.

This is equivalent to an indiscriminate attack, which no one can bear.

"I understand! The Heavenly Sword has been sealed here for too long! If the sword is unsealed today, the breath is fully opened! This is also the strongest moment of the Heavenly Sword! We can't bear the breath alone!"

someone said.

“Then what do we do? Do you wait

until the heavenly sword’s breath becomes weaker before taking it?” “Yes, that’s all! Wait until the heavenly sword’s breath becomes weaker! You can force the heavenly sword, unless it is stronger than the heavenly sword! No one can!”

...

Zoey started to worry.

In any case, she has to get the heavenly sword for her teacher.

At this moment, a figure appeared next to her.

Underworld God!

Before the Dark God sent almost all the strong men of the Bible organization, only the Dark God remained.

Because there are other uses.

Now is the time for the evil god to manifest its role.

He handed plum a special glove dyed.

This glove is made by the Dark God absorbing the dark to gloomy air current of the earth knife.

Specially used to take away the Heavenly Sword.

The dark god who owns the earth sword knows the sky sword better than anyone else.

To take away the Heavenly Sword, Zoey's level of power must rely on this glove to eliminate the sun's breath of the Heavenly Sword.

Only in this way can I get the Heavenly Sword!

After Zoey reacted, he immediately put on his gloves and grabbed the sky sword.

"A fool? Want to shake the Heavenly Sword hard?" When

everyone saw Zoey grabbing the Heavenly Sword, they all thought she was crazy, and she was going to be shattered by the sun's breath of the Heavenly Sword.

When the sun's breath of Tianjian hit Zoey, the gloves came into play.

The dark to yin breath erupted, yin and yang merged, and the deterrence of the sky sword was useless in an instant.

In the shocked eyes of everyone, Zoey pulled out the Heavenly Sword.

"Ah? This!"

Everyone looked incredible.

Zoey did it?

"Withdraw!"

Zoey rushed to the ground after receiving the order.

“Don’t let him run! Don’t let the heavenly sword fall into her hands!”

Everyone gradually reacted and immediately chased them.

There are also some people who block Zoey.

“The one who stops me will die!”

Zoey directly used the Heavenly Sword.

The Heavenly Sword’s Sunshine Sword Qi blasted out, and the crowd blocking in front of him directly turned into blood mist.

Know that these people are strong.

“The Heavenly Sword is terrifying!” Everyone was shocked by the power of the Heavenly Sword.
