

The Return of the God of War [The Protector] Chapter 2336

Levi Garrison said this.

Now these brothers and apprentices care about themselves so much and work hard for themselves.

He really couldn't stand it.

I don't want them to worry about themselves so much.

So simply take advantage of the kindness owed by the Kangaroo country to exchange for the new substance.

In this way, the brothers and apprentices know that they are in good health.

...

I won't continue to worry about it, and revolve around myself.

This is what Levi Garrison thought.

"It turns out that it was the boss that you resolved the crisis in Kangaroo Nation! It was said that it was Tiance Mansion. It seems that you did it, and then Tiance Mansion took the credit!"

...

Everyone was shocked.

“Yes, that’s right! I fought off the blood ancestors of Golden Harbor Island and Kangaroo Country! I helped them resolve the crisis, and they owed me a kindness! No matter what the conditions are, they can agree!”

Levi Garrison smiled.

“Okay! That’s great! Kangaroo country owes you a kindness, so they have to get new substances out!”

“Huh!”

Everyone breathed a sigh of relief.

With Levi Garrison’s relationship, they would take it out anyway.

Now everyone’s haze was swept away.

Everyone went to Kangaroo Country with ease.

On the other hand.

Many forces have already arrived in Kangaroo Country.

Negotiate with representatives of Kangaroo Country.

However, the Kangaroo country still refused.

They are unmoved by any conditions.

After all, this new substance is too important and too scarce.

In so many places in the world, only kangaroos are owned.

The value is too precious.

Coupled with the weapons that can restrain the Mayan industry, it solves a problem that has headaches all over the world.

Therefore, the new substance has become a hot commodity.

It's no less than the divine weapon Heavenly Sword before.

Many people went directly to looting after discussing it incorrectly.

There are also some who use force directly, or sneak in secretly, wanting to steal new substances directly.

But what no one had expected was that in everyone's eyes, the relatively weak Kangaroo country would emerge with dozens of strong men comparable to the forefront of the gods' list.

Kill all of these people who came to steal, leaving no one behind.

For the first time, Kangaroo Nation demonstrated its superior combat power and shocked the world.

So they are so strong?

All the people or forces who had ideas about the Seed Bank of Kangaroo Doomsday were all shocked.

In this way, who would dare to grab it directly!

Ye Wudao was also there at the time, and he was directly suppressed by the mysterious powerhouse of Kangaroo Country.

Everyone then realized that there are still many strong players in this world who have never taken a shot.

Therefore, all of them are dumbfounded.

The kangaroo country is deeply hidden.

Not only does it have this new substance, but it also has such a terrifying guardian of the strong.

It's getting harder and harder to get affirmation.

Unless the kangaroo country can not refuse conditions.

Otherwise, no one can think of this material.

“What about you, are you also here to ask for this material?”

The representative of the Kangaroo Nation looked at Ye Wudao and the others.

Ye Wudao smiled, "You have misunderstood, in fact, we are here to discuss other things with you!"

"Other things?"

Everyone was taken aback.

"We are not interested in this new substance! But we must ask for something-don't give it to Levi Garrison! Don't! We agree to any conditions! Don't give it to Levi Garrison!"

Ye Wudao and the others were excited. The reason they came here was to stop Levi Garrison.

Don't let him get new substances.

"It turns out that it was for this reason..."

The representatives of Kangaroo Nation smiled and did not speak.

Levi came on the way for a group of people.

Encountered batches of interceptions.

This is Ye Wudao's arrangement.

But everyone settled it calmly.

Anyway, don't worry now.

Kangaroo country owes Levi Garrison a kindness.

You can go anytime.

The new substance is in their bag.

Ye Wudao, how quickly they go? ? ? It's not useless!

The Return of the God of War [The Protector] Chapter 2337

Azure Dragon (Qinglong) and the others also found out what happened that year.

Levi Garrison, who fought off the blood ancestor, was called a hero by the Kangaroo Kingdom.

There will also be a celebration.

But Levi Garrison refused.

The Kangaroo Kingdom promised Levi a condition-owing him a kindness, as long as Levi Garrison opened his mouth, the whole Kangaroo Kingdom would help him without hesitation.

Compared with all the efforts of a country to complete a kindness, the matter of taking out new substances is too simple.

...

Although the value is precious.

But it's easy to complete.

And according to Levi Garrison's situation, only less than half of the new substance is needed.

...

For Kangaroo Nation, it will kill two birds with one stone.

Not only has it returned Levi Garrison's kindness, but also can continue to keep the new substance in the seed doomsday library.

Very simple thing.

Therefore, Azure Dragon (Qinglong) and others looked so relaxed.

Come to Kangaroo Country in no hurry.

Compared to Ye Wudao's speed, Levi came to the Kangaroo Country where a group of people arrived six hours later.

"Unexpectedly, this old kangaroo country has changed so much! Especially in the past, there was no strong man who was bullied by a blood ancestor to almost wiped out. But now you look at this powerful aura!"

“Just got it .” According to the news, the Kangaroo Doomsday Seed Bank guards more than a dozen powerhouses in the forefront of the god list! I am afraid that they are stronger than the strongest unicorn, the evil sword god, and Xiao Feng among us!”

...

Everyone began to discuss the top of the Kangaroo nation. The strong.

Levi Garrison smiled.

When he came out of the dark prison, the first place to set foot in the inhabited place was Kangaroo Country.

At that time, as soon as he felt it, he discovered that there are indeed many strong people in Kangaroo Country.

There are dozens of them with aura stronger than Kirin (Qilin).

Levi Garrison guessed that the emergence of these powerhouses should have something to do with the Doomsday Seed Bank.

Because he felt the power of the doomsday seed bank.

There are many unknowns in it.

It is not surprising that there are so many strong people.

“You are finally here!”

At this moment, a joking voice sounded.

Ye Wudao, Ye Lingtian and his party appeared.

“It’s much slower than we thought! You don’t seem to be anxious at all!”

Ye Lingtian smiled.

Ye Wudao even directly said, “How can the wastes I arranged have the strength to stop you for so long? Are you deliberately slowing down?”

Ye Wudao’s eyes fell on Levi Garrison’s body, “Could it be that you want Levi to die? Deliberately delaying time? Don’t want him to get a new substance to save his life? Hahaha...”

“Hahaha...”

Ye Lingtian and the others all smiled.

But everyone glanced at him contemptuously, “What do you know? We are not in a hurry.” Tiger (Bai Hu) smiled, “Ye Wudao is not afraid to tell you! Three years ago, the boss ran away the blood ancestor and solved the danger of Kangaroo country! They owed the boss. A kindness, no matter what the conditions, as long as the boss opens his mouth, Kangaroo Nation will do everything

to fulfill his request!”

“What???”

When Ye Wudao and others heard the news, they were shocked.

This is something they never expected.

Levi Garrison is so kind to Kangaroo!

The Kangaroo country owes Levi a condition!

Now as long as Levi Garrison speaks, isn't that new substance in his hands?

No wonder just Kangaroo country representatives will reveal strange smile it

thousand million count, did not think anything about it.

Seeing Levi Garrison and his party leave.

Ye Wudao ordered, “Go, let's follow. Once they get the new substance, we will grab it or destroy it!”

They have been following in the dark, following Levi Garrison's group.

Levi came to the agreed place with them.

The representatives Bogut and Nelson in front of them were the two who made the promise. Levi Garrison said, "Three years ago, I solved the crisis of the Kangaroo country and smashed the blood ancestors! Your Kangaroo country owes me a kindness, and I have come to honor it!"

The Return of the God of War [The Protector] Chapter 2338

Ye Wudao secretly began to get nervous.

I'm afraid no one thought of this scene.

Levi Garrison actually begs the kangaroo.

Then they are about to get the new substance.

Ye Wudao was already arranging how to snatch or destroy the new substance.

It was mainly Levi Garrison's masters like Kirin (Qilin) who were all there.

...

It's also a bit difficult to snatch.

...

Levi Garrison looked at the representatives of Bogut and said, "This kindness can't be owed by you all the time! Now you can divide the new deep-sea substance discovered by you into two hundred grams and give it to me! Don't make it difficult for you, the matter between us is wiped out!"

...

Kirin (Qilin) and they all looked expectantly at Bogut and others.

Ye Wudao also became nervous.

People from other major forces panicked when they heard that the Kangaroo Nation owed Levi Garrison a kindness.

Now it's time for the new substance to return to Levi .

Everyone looked at Bogut and other Kangaroo delegations with breathlessness.

"Grace? What kind of gratitude?" But

Bogut suddenly said something like this.

Confused!

Everyone is dumbfounded!

Especially Levi Garrison, Azure Dragon (Qinglong) and others were completely dumbfounded.

Don't admit it? ? ?

Don't know? ? ?

If others said they didn't know, Levi Garrison would still understand.

But Bogut was the person who witnessed the events back then, and even the party who verbally owed Levi Garrison.

How could he not know?

There is another Nelson, who wanted Levi Garrison to be called the hero of Kangaroo country, and he also threatened to celebrate Levi Garrison with a nationwide celebration.

Should he remember?

Levi Garrison looked at Nelson slowly.

But Nelson also agreed, "Yes! What kind of kindness? Why don't I know, what is this man talking nonsense?"

Nelson and Bogut looked at each other and said in unison, "Yes, I don't even know what he is talking about." What?" The

two looked at the people behind them again, and asked aloud, "By the way, do you know what happened?"

"I don't know!!!"

Everyone shook their heads.

“Boom!!!”

Levi Garrison and Azure Dragon (Qinglong) were going to burst into anger.

Deliberately!

Bogut, Nelson, these people are deliberate! ! !

How could the person not know?

Amnesia?

It's absolutely impossible!

They just pretended not to know on purpose!

“Who are you? We know? We have met?”

Bogut looked at Levi Garrison and asked suspiciously.

“This is the famous Levi Garrison, we know, but we haven't seen it, we've never seen it before, this is the first time I've seen you?”

Bogut and Nelson sang together. Levi Garrison was not angry but laughed instead. He looked at the two and smiled, “Listen! I am Levi Garrison! The blood ancestors accidentally landed in Kangaroo country! Massacre in Kangaroo country! When you are driven to a desperate situation, when you have nothing to do, yes I appeared, beat the

blood ancestor, and saved you!”

“In order to repay you, you have to hold a celebration, but I refused. But you said that you owe me a kindness! As long as I speak, no matter what the conditions are, you will come without hesitation. Help me finish!”

“Now I just want you to repay the kindness! Just give me a little new substance! Understand?”

Azure Dragon (Qinglong) and others agreed, “It was the boss who helped you solve the national crisis and beat the blood ancestors! You owe the boss a kindness! Hurry up now!”

Everyone also felt more in the mirror.

After investigating now, this is indeed the case.

Kangaroo country owes Levi Garrison a great kindness.

Also promised by these two representatives.

Now people are coming to honor their kindness.

But no one thought that Bogut and Nelson said, “Fart!!! When did you Levi Garrison help us solve the crisis? You are really shameless! Why are you everywhere? Do you dare to take any credit for it? “

Speaking is not surprising and endless.

The words came out. Exploded...

The Return of the God of War [The Protector] Chapter 2339

“That crisis was indeed the arrival of the blood ancestors, killing many people, and the fall of many cities! What kind of shit is the person who can solve the crisis! We solved it by ourselves! It was solved by the guardians of our doomsday seed bank!”

“Everyone has seen the strength of the guardian of the Doomsday Seed Bank! Solving a blood ancestor is not a problem, right?”

Bogut asked.

“Yes...” The

others nodded.

Everyone has seen how strong the guardian of the Doomsday Seed Bank is.

...

The side shows that the Kangaroo country has the strength to solve the crisis on its own and does not need to rely on others.

“At that time, we also requested the Warhawk Kingdom and the Lab of the Gods! They asked for the Doomsday Seed Bank to be opened! But then the Doomsday Seed Bank was not opened because the crisis was resolved when they came.”

Nelson explained.

...

“Yes! We can testify to this! The Lab of the Gods did return without success!”

A group of people nodded.

“So, what’s the matter with Levi Garrison in this? You’re a shit!”

“You still want to come and cheat us?”

“I heard that you got a weapon from Maya Industry. Time is running out! Did you hear that ? We discovered the substance that dissolves the elements of the Mayan industrial weapons, and we ran around right away?”

Bogut and Nelson did not admit it at all.

Don’t admit that there is such a thing.

This was something Levi Garrison had never expected.

I even said that I never thought about it before I came here.

I think Kangaroo Country will definitely repay this kindness.

This thing is too simple.

It's true that you want new substances.

But a little bit...

How do you know that this group of people reversed right and wrong, and didn't admit it at all. They didn't admit that there was such a thing.

The ungrateful dogs!

"One more I don't know, and another one? Did the two of you personally say that you owe me a kindness? Are you going to repay me with a celebration?"

Levi Garrison questioned.

"There is no such thing! We have never met you! This is the first time we have met!"

"There is still a solution to the crisis in my kangaroo country, it is not you at all! Why do you have to lie?"

...

Two People immediately refuted and refused to admit it.

"The eyes of the masses are sharp! Ask the thousands of people in Kangaroo Country, and you will know who the savior is! Who saved the Kangaroo Country in times of crisis! Ask them..."

Levi Garrison said coldly.

“Okay, let me ask them!”

“Who solved the kangaroo country crisis three years ago?”

Bogut asked at the thousands of people who were watching.

“It’s us! It’s the guardian of the Doomsday Seed Bank!”

“It’s ourselves...”

... the

uniform shouts rang out.

The thousands of people in Kangaroo Country are the same as Bogut.

No one admitted that he owed Levi Garrison’s kindness back then.

All the population is wrong, upside down the facts!

Everyone is ungrateful!

The whole kangaroo country is ungrateful!

He didn't want to admit that Levi came to save the Kangaroo country back then.

This is an ungrateful country...

When Levi Garrison was strong, he regarded him as a benefactor, a hero, and a celebration!

But now Levi Garrison is no longer a top powerhouse, and has been seriously injured, and time is running out.

This country directly abandoned the promise of the year.

He didn't admit everything and treated Levi Garrison as the same thing.

Because in their opinion, the kindness is now repaid, and there is no benefit.

Levi Garrison was already too weak.

They are so powerful that they don't need Levi Garrison at all.

Why do you still pay for this kindness?

Levi Garrison, who had no value at all, would not pay him back if he didn't pay his kindness.

Moreover, the value of this new material was so high that Levi Garrison had suffered too much.

Therefore, the Kangaroo nation reached an agreement.

Resolutely refuse to admit that Levi Garrison saved the Kangaroo country.

Don't admit it to death. Leave this thing alone...

The Return of the God of War [The Protector] Chapter 2340

Now Kangaroo Country does have many super powers.

There is no shortage of gods and others.

The overall strength of Kangaroo Nation has also risen from the middle to the forefront.

But they really couldn't solve the blood ancestors back then.

A country is helpless.

There is no one who can solve it.

...

Any guardian of the doomsday seed bank is a bullshit!

The powerhouses they have now are the powerhouses bred from the Doomsday Seed Bank in the last three years.

They had a fart for three years!

...

“Okay! Very good!”

“Ingredient!”

“Words are unbelievable!”

“Smelly shameless!”

“You are ugly and ugly, right? You have to be shameless! You are no different from beasts! Why not!”

Levi Garrison sneered.

He thought of a story about a farmer and a snake.

The farmer rescued the snake, and the snake killed the farmer...

What is the difference with the group of people in Kangaroo Country now?

People like Bogut Nelson are dogs!

“Levi Garrison, do you dare to insult us? Insult us? This is the Kangaroo country! Are you looking to die?”

Bogut and others were angry when they heard the scolding.

To do it.

Levi Garrison smiled, "I will give you one last chance!!!"

"If you admit and apologize, I will assume that what just happened hasn't happened!"

"Hahahaha..."

Everyone laughed when they heard it.

They all looked at Levi Garrison with idiot eyes.

If it is strong enough, there is no need for him to threaten it. Kangaroo country has long admitted that it owes a kindness and has taken out the new material obediently.

But Levi Garrison's strength stayed three years ago.

More than 8,700 on the quasi god list!

It's no different from a weak chicken!

Not to mention that time is running out.

Who would take his threats seriously?

“Get out! Get out!”

“You came here to rub? Our kangaroo country doesn’t have a life-saver like you!”

...

Bogut and the others directly wanted to drive Levi Garrison away.

“Okay, I’ve given the opportunity! You don’t want to give you a chance! You can...”

Levi Garrison sneered.

He naturally did not allow the Kangaroo Country to act like this.

Do this in front of him Levi Garrison.

Just looking for death!!!

“Hahahaha...”

Seeing all this, Ye Wudao and Ye Lingtian walked out of the dark.

Laughing loudly.

“Levi Garrison, didn’t you say that you are the benefactor of the Kangaroo country? Why don’t people recognize it? No one in a country recognizes it!”

“It’s really laughing at me. If there is nothing, don’t tell a lie! Is it all right now? Let’s They pierced it on the spot! They have to be kicked out!”

“It’s really a shame to have a surname with you!”

...

Everyone laughed presumptuously.

“Okay, I’ll come to pick up things in person at night!”

Levi Garrison left after leaving a sentence.

“Wait! There is not much time left for you!”

Azure Dragon (Qinglong) and the others glared at Bogut and the others, and left one after another.

“Hahaha...”

Everyone present laughed.

“Just you want new substances like this? Dream! Anyone can take it, but you Levi Garrison can’t do it!”

“We just don’t admit it, see what you can do?”

Bogut and the others sneered.

“Well, knowing that Levi Garrison will not be able to get the new substance anyway, I’m relieved. Let’s leave!”

Ye Wudao and his party left.

Groups of forces have left.

...

But what everyone didn’t expect was that Levilia also came to Kangaroo Country.

She did not show up during this period of time.

But she has been practicing and looking for a solution to Levi Garrison’s body.

When she heard that the kangaroo had a solution, she rushed over immediately.

I ‘m ready to do it...

“Huh, Levi Garrison is not a good thing at all!”

“Sure! It was not in vain to save us back then, just waiting to get our benefits and let us repay the kindness!”

“Not all savers are. Is it selfless? How come there are people who take the initiative to repay the kindness?”

... Bogut and others are still chattering.

The Return of the God of War [The Protector] Chapter 2341

They didn't treat Levi Garrison as the same thing at all.

I just refused to admit it.

What's the matter?

Nothing will happen!

Levilia in the dark is also very angry.

This group of people is too shameless.

...

Next, she must act to get the new substance in her hands.

The ancestors in the dark have been watching.

“Damn! This group of people in Kangaroo Country are so shameless? I just shot it out and forget it!!!”
The

...

grumpy female ancestor almost couldn't help it.

“Let's take your time, we are out of season!” The

other people immediately grabbed them.

“It looks like you need to snatch new substances! I'm a little worried!” said

several ancestors.

“Yes, although during this period of time, Levilia is invincible during his training! No one can beat! But the Kangaroo country is like a cloud! We are barely able to make shots...not to mention Levilia...”

Several ancestors Worried.

“We have been guarding Levilia for so long, and we have never made a move! But this time, it seems that we must make a move!” The

female ancestor also said.

...

On the other side.

Levi Garrison and the others did not leave.

Instead, live in a manor.

Seeing Levi Garrison's angry look, everyone was persuading him.

"It's okay! I'll kill them tonight! Don't even try to run any of them!"

"It's not that simple not to return what I owe Levi Garrison!"

Levi Garrison sneered.

Azure Dragon (Qinglong) after they came out.

Everyone discusses.

"Kangaroo country, they bully people so hard, they don't admit it, they turn right and wrong! Can't bear it!"

"Hmm, what do you see the boss angry like?"

...

"I can't bear it! I must seek justice!"

” Um, good! Let’s go together! First grab the new substance directly!”

Everyone hit it off.

They set off together to the Kangaroo Doomsday Seed Bank.

Although the kangaroo country burst into the strong.

But Azure Dragon (Qinglong) and they are also masters.

None of them are vegetarian.

It is also a group of strong men on the list of gods.

After coming to the Doomsday Seed Bank.

A group of people rushed directly.

But the Doomsday Seed Bank was well prepared, teams after teams of masters appeared from all directions.

Surround them directly.

After a fight, Azure Dragon (Qinglong), Xiao Feng’s expressions changed drastically.

There are so many strong kangaroos?

One by one sturdy and terrible!

The strong on the opposite god list level is obviously stronger than them.

It is estimated that there are more than ten people who can be ranked in the top 30 of the gods!

Their highest is more than 30 of Kirin (Qilin)...

they can't match at all.

Gradually everyone fell into a disadvantage.

Many people are injured.

"It's not a way to go on like this..."

"Withdraw! Everyone withdraw first!"

...

But when everyone was about to evacuate, they suddenly found that this group of people was blocking the escape route.

The unicorns are in danger!

“Boom!”

“Boom!”

.....At the

moment of crisis, terrible air currents shot out from the dark.

Abruptly opened up a way out for them.

Everyone fled immediately.

While the strong men of Kangaroo Nation were pursuing them, several strong men in the dark again attacked and blocked them.

Wait to come to safety.

Several people are waiting for them.

It is Levilia and her several masters.

Just now, the situation was in crisis, and Levilia was originally rescued by himself.

But the ancestors were not relieved, and they shot together.

“It turned out to be Levilia and the legendary ancestors! Thank you! If it weren’t for you, we would stay here!”

Everyone thanked.

“Go back! You can’t handle it here! Think of other ways!” said

several ancestors.

“Okay, understand!”

Azure Dragon (Qinglong) and the others left immediately.

After returning to the manor, he found Levi Garrison waiting for them.

“What are you doing by yourself?”

Levi Garrison asked.

But seeing everyone hurt, his face changed.

“They did it?” The

crowd was silent and did not speak.

“Well, I see, go out!”

Levi Garrison said lightly.

The Return of the God of War [The Protector] Chapter 2342

He wanted to wait a while before going.

But these dog things hurt his people.

It's strange that Levi Garrison is not angry.

Be sure to turn the Kangaroo country upside down tonight!

Kill!

Kill!

...

Kill!

This bunch of dog stuff!

Ungrateful?

...

Is it easy to be annoying when I am Levi Garrison?

I can save you from fire and water!

It can also instantly turn this place into purgatory!

“Boss, what are you going to do?” The

injured Phoenix (Suzaku) wanted to stop Levi Garrison.

But Levi Garrison left with a cold face.

Did not speak.

“Let Master go! With Junior Sister Levilia and the ancestors of Tiance Mansion, Master must be fine!”

Xiao Feng said.

“Yes! The boss is fine! Let him go!”

Everyone felt reasonable.

With Levilia and several ancestors, Levi Garrison was absolutely fine.

They had just been seriously injured, and they were all healing.

But what they didn't know was that after they left, Levilia forcibly broke into the doomsday seed bank.

As a result, the opponent's master is like a cloud.

No matter how you perform, you are always close.

Can't attack for a long time.

She can only evacuate.

Several ancestors were not able to shoot because of their status.

They will only take action when Levilia is in danger.

But if you take the initiative to go to the Doomsday Seed Bank to take out the new substance, it's a bit wrong.

After all, they represent Tiance Mansion.

If they were directly involved, they would probably be laughed at by the world. "Evacuate first, Levilia! Wait for us to figure out a solution for you! Hard grabbing still won't work! If it doesn't work, we will offer a condition that they can't refuse! We will negotiate with them tomorrow! What they want, as long as we have it, Take

them all out !"

Several ancestors left with Levilia first.

They promised to take out everything to let Levilia exchange for new substances to save Levi Garrison.

Levilia then left.

Waiting for tomorrow to come to negotiate in person.

Just after they left, a figure suddenly appeared.

Levi Garrison!

With a cold face, he came step by step.

In front of the Doomsday Seed Bank, there are more than one hundred thousand strong people!

Among them, Bogut, Nelson and others are in charge.

The powerhouses comparable to the gods' list are also on the list.

During this period of time, there are still quite a few people hitting new substances.

Especially when Azure Dragon (Qinglong) and the others just killed so many masters, the Kangaroo country was also a little flustered.

Hastily mobilized all the strongest masters in Kangaroo Country here.

Swear to guard the doomsday seed bank.

The power of the whole country comes to guard a place.

It's really scary!

Plus its own master is like a cloud!

Kangaroo Nation showed all the strong this time, which has a shocking meaning.

This powerful force, even the world's top forces must tremble!

This time the shock is enough!

No one will underestimate it in the future!

There will be no more ideas for the Doomsday Seed Bank.

This is also the reason why Levilia could not penetrate.

The ancestors did not dare to say that 100% of the new substances could be taken out of these forces.

This is one of the reasons why they don't do it!

“This time, there shouldn’t be anyone coming?”

“Who would dare to come! Just now a bunch of strong people on the gods list were all injured and retired!”

“Let’s put it this way, even if the top strong people of the gods list come together, You may not be able to get benefits!”

“Whoever comes this time is a fool!”

...

Bogut, Nelson and others are still discussing.

At this time, a figure appeared in front of him.

Levi is here.

They also saw clearly.

“Hahaha...”

Seeing Levi Garrison, everyone laughed.

Especially Bogut smiled happily.

Today's Levi Garrison is in his eyes, just like a fool.

Dare to come here at this time?

Why are you here?

Sent to death?

"Hahahaha..."

Bogut leaned forward with a smile, his stomach aches.

"Levi, what are you doing here?"

Nelson smiled.

The person next to him stepped forward and sneered, "Did you come back to take revenge for you?
Hahaha..."

"Pop!" At this moment, Levi Garrison suddenly slapped him into blood mist.

The Return of the God of War [The Protector] Chapter 2343

Horror!

Horror!

The blood mist exploded in front of everyone!

Especially Bogut, Nelson and the others are the closest!

The blood splashed all over their faces.

Everyone was surprised by the hot liquid!

...

Silence!

The audience became silent!

No one thought that Levi Garrison would suddenly do something.

...

Although the person who was slapped to death by Levi Garrison was weak, he was at the bottom of the quasi god list.

But it was quite shocking to be photographed into blood mist in an instant!

“Kill him!”

Bogut who reacted immediately ordered.

Dare to kill in front of them, Levi Garrison is looking for death!

“Yes! Kill him!”

Nelson and the others also shouted.

Dozens of strong men all rushed up.

“Boom!”

“Pop!”

“Bang!”

.....

Ye monarchs slap a few punches thrown out, dozens of strong spot turned into Xue Wu!

There is no resistance at all...

dumbfounded!

Everyone was dumbfounded this time!

They looked at Levi Garrison in disbelief.

It is not surprising to kill a strong man!

But he killed dozens of people...

“Go! Come on! I don’t believe it! Even Levi Garrison would dare to offend our majesty?”

Bogut was a little angry.

Send more and more powerful men to rush up.

Levi Garrison walked step by step.

But no matter how many powerhouses rushed, they turned into blood mist under the slap of Levi Garrison!

Surprised!

Everyone looked solemn.

It might have been said that the strong one sent out is not as good as Levi Garrison.

But now?

Most of those sent out are better than Levi Garrison!

“I’ve given you a chance! I’m not using it!”

Levi Garrison sneered, slapped to death one after another.

“Not good!”

“Not good!”

...

“Levi Garrison is hiding his strength!!!”

Bogut and Nelson reacted quickly.

Levi Garrison’s current strength is definitely not shown by the more than eight thousand quasi gods.

At least it has to be at the forefront of the quasi god list!

“Really? Then I’ll kill him!”

One of the guardians of the doomsday seed bank who was comparable to the gods’ list showed a grinning smile and walked towards Levi Garrison step by step.

In his opinion, no matter how strong Levi Garrison is, he can’t compare with the strongest of the gods.

“

Pop !” “Pop!”

... It’s

just that he was shot and exploded by Levi Garrison like a watermelon in an instant.

...

Everyone was stunned at this moment.

The strong of the gods were killed like this?

How strong is he?

Bogut and Nelson’s brains are blank.

Can’t react at all.

“Kill!!!” The

other big powers slammed Levi Garrison one by one.

The dignity of their Kangaroo country would never allow Levi Garrison to be so provocative.

These powerhouses comparable to the gods' list have all come up.

"You just injured my apprentice brother and them?"

Levi Garrison asked coldly.

"That's right! That group of wastes dare to grab the deep-sea matter! If it weren't for them to run fast! They are all going to die here!"

"What? Do you still want to stand up for that group of wastes?"

.....

This group of gods is the strongest person at all. Didn't pay attention to Levi Garrison.

"Oh! Then all die!"

Levi Garrison's voice fell.

Then started the killing.

This group of strong people on the gods' list has turned from unparalleled into shock, horror, and despair...

one.

Two.

...

The powerhouses of the god list were photographed into flesh by Levi Garrison one by one.

Their terrifying combat effectiveness, in front of Levi Garrison, was no different from ordinary people.

They were all slapped to death.

There is no combat power at all.

In an instant, hundreds of strong men all turned into mud!

But the more people fall, the more shocked the Kangaroo country!

They are going crazy one by one!

This is the strongest in their country!

These are the guardians they are proud of!

But at this moment, all were slaughtered.

The most important thing is that the man in front of him was slapped to death with one slap...

No matter how strong he was, he was slapped to death with one slap.

“That’s it?” Levi Garrison glanced at everyone in Kangaroo Country.

The Return of the God of War [The Protector] Chapter 2344

A person is provoking a country...

Who can bear this?

“No! It’s about the dignity of my kangaroo country! We must take him down!”

“We can’t bear this breath!!!”

“Kill! Must kill him!”

...

...

these powerful groups of Kangaroo country , It can be considered spine.

They killed Levi Garrison one by one.

One hundred thousand strong are dispatched together.

...

That was shocking.

“Huh?”

Levi Garrison smiled contemptuously.

Don't look at the crowds.

But there is no one who can fight!

All cannon fodder!

This battle lasted for about half an hour... At the

end, there was only one person standing in front of the Doomsday Seed Bank.

The empty space in front was full of people.

While screaming miserably one by one, they all fell to the ground and rolled!

One hundred thousand strong!

Not at a single station!

The one hundred thousand strong were defeated by Levi Garrison alone.

Levi Garrison still kept his hands.

Can't catch it all in one go.

Otherwise, the powerhouse of this country will be wiped out in his hands.

No one will be left.

The rest of Bogut Nielsen and others trembled constantly.

They had long been drenched in cold sweat over and over again.

Water dripped all over.

Especially the pants have been wet over and over again.

Accompanied by a smelly smell.

It was a mixture of urine and sweat...

They were scared to pee and cry... How

do they think that Levi Garrison is so strong today...

Who said that Levi Garrison's strength stayed three years ago?

Who ranked Levi Garrison in the quasi god list more than eight thousand seven hundred?

This is the goddamn best combat power, right?

Who said he was going to die with a Mayan industrial weapon?

...

Bogut and the others are going to explode.

Also regretted to death.

The reason for not admitting that Levi Garrison saved the Kangaroo country three years ago.

It's because there are too many Levi Garrisons now, even if they pay back the kindness, it will be of no benefit and useless.

Therefore, it is the same to pay the kindness or not.

But who can think that Levi Garrison is so strong?

Strong enough to wipe out the kangaroo country!

At least the 100,000 strongest in Kangaroo Nation are not his opponents alone.

Levi Garrison walked step by step in front of Bogut and Nelson.

“Now? Don’t you admit that I saved the Kangaroo country three years ago?”

Levi Garrison asked.

“Puff!”

“Puff!”

...

Bogut and others all knelt on the ground and nodded fiercely.

“Admit! Admit!”

“You saved the Kangaroo country three years ago!”

“We are nothing! It’s our fault! Please don’t remember the villain’s fault!”

“Grandpa, you will be the grandpa of all of us from now on! Grandpa!”

...

They kowtow, begging Levi Garrison for forgiveness.

Levi Garrison smiled, “I have given you a chance, I don’t want it! A bunch of dog stuff!”

“Kill!”

Levi Garrison didn’t keep any hands on the dog stuff like Bogut.

An electric light flashed.

Immediately, blood arrows shot out.

Bogut and others fell apart and died directly...

“Ingredient, that’s the end!”

Levi Garrison said coldly. The

living people were silent.

They cannot forget today.

“Do you know what to do?”

Levi Garrison asked.

Everyone nodded fiercely.

Levi Garrison left.

As for everything that happened here.

No one knows.

Levi Garrison is the big boss of the Bible Organization, and he can block it with a word.

When Phoenix (Suzaku) saw that Levi Garrison came back safe and sound, no one said anything.

With Levilia and several ancestors, Levi Garrison is absolutely safe.

They ignored Levi Garrison and continued to heal his injuries.

Levi Garrison went straight back to sleep.

The next day.

Everyone was awakened by a knock on the door.

Everyone was scared.

All gathered at the door.

“Hello, I am Stevens, the representative of Kangaroo Nation! I am here to deliver the new deep-sea substance! This is all the quantity!” Everyone “...”.

The Return of the God of War [The Protector] Chapter 2345

The words came out.

Azure Dragon (Qinglong), Xiao Feng, Sword Evil God and others were all stunned.

The new substance they had spared their lives to grab last night was actually delivered to the door obediently today.

What is going on here?

The world has seen how powerful the kangaroo is.

There are so many powerful men directly guarding the doomsday seed bank. This attitude and determination is to prevent anyone from getting the new deep-sea material.

...

They are at all costs!

Let no one get the new substance!

But who could have imagined that someone was here today.

...

They all think it is fake.

But Stevens in front of him is the leader of Kangaroo Country, and his status is not comparable to Bogut and Nelson!

Identity will not be false!

He can directly open the doomsday seed bank.

Have this permission!

And Phoenix (Suzaku) checked the new deep-sea material, which was true.

Did they really send the new substance?

Why is this?

What happened last night?

Why did an earth-shaking change happen overnight.

“Is this true?”

Everyone looked incredible.

All this is too dreamy.

It feels so unreal!

“It’s true! I’m waiting to send all the new deep-sea substances on behalf of Kangaroo Nation! Secondly, Kangaroo Nation will publicly apologize to Mr. Levi Garrison! Three years ago, he really saved the country! It was he who killed the blood ancestor! Now! We have already punished Bogut and others! All death penalty!”

...

When Stevens said this.

Everyone was stunned.

What happened?

Not only let Stevens personally send the Deep Sea New Substance, but also publicly apologize to Levi Garrison!

Not normal!

Everything is not normal!

Why on earth?

Kangaroo country can completely eliminate all of this!

With their such strength, they can completely rely on this matter and refuse to admit it.

Anyway, you and others have nothing to do.

Phoenix (Suzaku)'s revenge yesterday is the best example!

In any case, there is nothing to do with others.

You can only be sulking.

But everything is too abnormal today!

It's all against common sense!

“Be sure to tell Mr. Ye! We are wrong! There will be no next time! In the future, there will be no ungrateful things and people in this country! I promise!”

Stevens said in horror.

After sending the new substance, he fled away like wind.

For fear of staying here too long, Levi Garrison came out.

This made Azure Dragon (Qinglong) and the others more and more puzzled.

What happened?

Let the Kangaroo Country be like this?

Looking at the new substance in their hands, a group of people fell into contemplation.

At this time, Levi Garrison walked out of the room, stretching his waist.

“Did they bring things here?”

Levi Garrison asked while yawning.

“Huh? Boss (Master) how did you know?”

Everyone became more and more confused.

It can even be said to be shocked!

How did Levi Garrison know?

“Because I asked them to send things! The main reason is to make you feel at ease, and all the people who hurt you will be killed by me! Revenge for you!”

Levi Garrison said casually.

It seems to have done something ordinary to no more ordinary.

But this word came out.

Azure Dragon (Qinglong) and the others exploded...

“This...”

Everyone looked at Levi Garrison dumbfounded.

What is going on?

Could it be that Levi Garrison did it?

This is impossible!

This is what it is now.

Must be to overwhelm a country!

You must know that the kangaroo country masters are like clouds, and they are even more powerful than one hundred thousand.

Among them, the strong people who are comparable to the gods, Azure Dragon (Qinglong), they have all experienced, they are very strong, and they are all injured.

If you want to beat the kangaroo country, it must be at the forefront of the gods list, or even the top three...

or the first level of the gods list!

It is possible to do it only if the dark god himself takes the initiative!

“Boss, you did all this?”
