

The Return of the God of War [The Protector] Chapter 2356

“No! Everyone must act alone!”

“This is the fastest for everyone’s growth and improvement!”

“Parents, you must also separate and practice separately! I tell you from the experience of people who have passed over! This is the best way to improve. Hurry!” When

Zoey said this, he was approved by Azure Dragon (Qinglong) and the others.

“Yes, we have participated once, and we know the doorway! Experience alone is the best! However, if you encounter danger, you can send a message for help, and then everyone will help each other to rescue each other!”

Azure Dragon (Qinglong) said.

...

Let everyone put down the grudge.

All agree to the plan of individual experience.

“I still don’t agree! It’s too dangerous! I can’t take care of it then!”

...

Levi Garrison still shook his head.

“

Hahahaha ...” Li Songkui and they all smiled at this time.

“Levi Garrison, Levi Garrison, are you afraid? You want us to follow you to protect you, right?”

“You still protect us? Do you have that strength? You are absolutely afraid!”

“Get out if you are afraid of death ! No one here is following to protect you!”

“Yes, get out if you’re scared! No one is stopping you!”

...

laughed.

Everyone started laughing.

Many people let Levi Garrison get out!

“No! He is here to challenge the experience! Can’t let him go back!”

Zoey refused.

“Let’s do it! If that’s the case, let him die!”

Li Songkui and others don’t care.

They just couldn’t understand Levi Garrison’s big talk.

“Come on, from now on, everyone will act alone!”

Zoey shouted.

Levi Garrison sighed helplessly, “Okay, then I will try my best to protect you!”

He couldn’t go far, he wanted to look at these people all the time.

Forget it!

Take one step, count one step!

There is no way now.

If it doesn’t work, Levi Garrison will use the power of the Bible organization.

Anyway, he had arranged for Underworld God and a large number of powerful men to be outside.

While observing the dynamics of Maya Industry, you can also rush in to save people at a critical moment!

In this way, Levi Garrison entered the primeval forest alone.

But he is always watching the plums around them.

He immediately felt everyone's position.

This perception surprised him.

It turns out that Zoey and the others are not very far away from them, and they are all hovering around them.

The furthest Xiao Feng, Kirin (Qilin) and other fighting madmen are also within a hundred miles.

The others are closer.

Zoey was about 30 miles away from Levi Garrison.

The others were within thirty distances and a hundred miles away...

Levi Garrison laughed when he noticed everyone's location.

He immediately understood Zoey's purpose for bringing him here.

It must be to make themselves feel desperate, and after a great realization, give up their own exercises and practice modern exercises...

Therefore, although they say they act alone, let them play.

But in fact, they have not gone far.

Instead, they were distributed around Levi Garrison's left and right sides in an encircling formation, protecting him tightly.

Guarantee his safety!

It made him feel desperate, feel the helpless situation without strength.

But at the same time to ensure his safety.

A group of cute guys!

Levi Garrison smiled.

Although these guys are so harsh.

But in fact they were protecting him

one by one ...In this way, it would be good for Levi Garrison instead.

It is convenient for him to protect the plum from dyeing them.

All within a hundred miles.

Once someone has an accident, Levi Garrison will arrive as soon as possible.

If the distance is far away, he may really not care about it.

“Huh!”

Levi Garrison breathed a sigh of relief.

Next, he can do his own thing with peace of mind.

Let’s see what the group of Maya Industry is going to do... In the

primeval forest, 20,000 people enter together. Everything that is unknown and terrifying is waiting for them...

The Return of the God of War [The Protector] Chapter 2357

But after entering this time.

Everyone feels that it is different from the previous challenge.

It used to be a targeted special challenge.

It is offensive and defensive and so on.

You can improve your weaknesses.

But this time after entering the primitive deep forest, everything seems to be random.

...

No matter what you are here to challenge, the challenges and crises you may encounter are the same.

The weak and the strong may encounter the same.

This is the random challenge!

...

Everyone has the same probability of encountering danger.

This is not controllable by man!

Think about it too.

With such a large virgin forest, how can Maya Industry control every detail?

It may not matter to the strong!

The higher the difficulty they face, the better!

But for a slightly weaker person, that would be cruel.

It is very likely that they will not be able to get out.

This is not Levi Garrison's feeling, this is the intuitive feeling of everyone after entering the primeval forest.

This challenge is definitely different from the past!

Levi Garrison was observing and thinking.

For the time being, he must not reveal his strength.

What if Maya Industry is the laboratory of the gods?

In that case, Levi Garrison was exposed in advance, and it was absolutely impossible.

You have to be cautious.

"Are you sure? Levi Garrison's location?"

"I'm sure! It's 70 kilometers southeast of us!"

"Okay, we don't care! Go straight through and kill Levi Garrison!"

"It is said that Levi Garrison's fate is hard, I want to see how he escaped this time?"

...

This group of people, enough There are more than seven or eight hundred strong people.

They were all defeated men of Levi Garrison before.

Outside the primeval forest, they were discussing how to get rid of Levi Garrison.

After entering the forest, the first thing they had to do was to get rid of Levi Garrison.

“Quickly, quickly! Charge!!!”

“At that time, Levi Garrison will definitely be protected! Half of us will entangle them, and half will kill Levi Garrison!”

These powerhouses are going crazy to Levi Garrison. Rushed in the direction.

But Levi Garrison had noticed it as early as when they had changed.

He smiled.

There are so many people who are causing trouble.

When this group of people approached, Zoey Azure Dragon (Qinglong) and they also noticed it.

But they wanted to deliberately create a dangerous situation for Levi Garrison, so they kept one eye open.

Instead of getting in the way, he let the way and stayed away.

As long as Levi Garrison is under their control.

Zoey looked into the distance and sighed: "I hope you are strong enough to bring him a desperate situation and wake him up!"

Soon the seven or eight hundred powerhouses passed Zoey's path easily.

Within a few minutes, they surrounded Levi Garrison round and round.

"Levi Garrison, Levi Garrison, finally let us catch you? How can you run away this time?" The

group of people saw Levi Garrison as if they saw a prey.

"Give you a chance, get out! Don't bother me!"

Levi Garrison said coldly.

"Damn! Looking for death!!! Let's go together! Kill him!"

Levi Garrison's words angered everyone.

Everyone's crazy shock.

Levi Garrison's eyes flashed and his momentum changed.

"Boom!"

He slammed a punch.

The foremost strong man who ranked more than 800 on the god list was blasted into pieces!

Then he showed no mercy at all.

To the enemy of the past, kill the killer!

"Boom!"

"Boom!"

...

terrible punch after punch.

These people fell one by one.

The screams of killing pigs echoed in the virgin forest.

This group of enemies is going crazy.

Who can think that Levi Garrison is so strong?

If you knew it, who would be asking for trouble?

“No, something happened! Let’s hurry over!”

Zoey’s heart was tight, and he rushed out immediately.

The same is true for others.

The Return of the God of War [The Protector] Chapter 2358

Because this posture is too big!

The desperation is probably caused by Levi Garrison.

But the danger is also instantaneous.

If they rescued a little later, Levi Garrison might be in danger.

So now that there is such a big movement, Zoey and others are desperate to go.

For fear of being a little late, it would be completely over.

...

Levi Garrison is really killing him now.

Regardless of.

None of the enemies in front of you will let go!

...

This group of people were dumbfounded.

There is no chance to beg for mercy.

Levi approached the killer, but he didn't give it a chance.

Of course, Levi Garrison had checked it a long time ago, and there was no one around him to monitor, nor did the instruments exist.

Therefore, he can display his strength unscrupulously.

"Puff!" As

the last person fell, all seven or eight hundred enemies died.

None of them are alive.

“Da da da...” At

this time, footsteps sounded.

A group of people appeared in front of Levi Garrison.

But it wasn't plum that dyed them.

But Li Dazhong of Sanxing Group and hundreds of people!

This group of people are dusty, ragged, and their faces are covered with blood.

Apparently, just experienced a terrible battle.

It is estimated that they have encountered challenges in the primeval forest.

If there should be any information, I will inform myself as soon as possible.

“Mr. I...”

Just as Li Dazhong was about to say it, he froze when the words came to his lips.

They came because of plum dyeing.

Azure Dragon (Qinglong) and others are also really fast.

In the shortest time, all came.

“Boss (Master), you... are you okay?”

Everyone asked anxiously.

Levi Garrison smiled: “It’s okay, they are all dead!” Then

everyone looked at the corpses on the ground.

It was the people they had deliberately let through just now.

Looking at the blood on Levi Garrison’s body, it was obvious that he had just experienced a battle.

But in the end everyone’s eyes rested on Li Dazhong and others.

They are also ragged and bloodstained.

Obviously after a great battle.

Look at the corpses all over the ground.

Everyone would have thought that these people were killed by Li Dazhong and the others.

Levi Garrison's luck is too good, right?

How come there are people coming to rescue!

It happened to have a good relationship with the Sanxing Group, and Li Dazhong, such as the powerhouse of the gods, came to rescue him when he was in danger.

But they completely misunderstood.

The blood and battle marks on Li Dazhong and them are in another place.

Zoey's face changed a little.

He deliberately created a desperate situation for Levi Garrison to wake him up, but he did not expect Li Dazhong to accidentally rescue him and destroy it.

It's really hard!

How did Levi Garrison save so many people?

Fortunately, he has already dismissed Levilia.

Otherwise, Levilia must be the first to rush out to save the old father.

"Mr. Li Dazhong, can you say a few words to you..."

Zoey said.

“Okay...”

Li Dazhong looked around, and after getting permission from Levi Garrison, he followed Zoey to the side.

Zoey told Li Dazhong of the plan.

“Puff!”

Li Dazhong almost spat out blood.

“Protect him??”

Li Dazhong asked in shock.

How dare you?

How dare he protect Levi Garrison with his broken strength?

Crazy!

I have witnessed the scene where he slaughtered tens of thousands of variants of the living dead alone.

Li Dazhong couldn't even think of Levi Garrison's strength.

I can only say that, the first person in history!

"Yes! I ask Mr. Li Dazhong that you can no longer protect him from this moment! Help him! Don't do it even if you watch him die! I beg you! If he doesn't pass this level, it's better to be alive than to die. That's it..."

Zoey said sincerely.

"Protect him? How dare I? Miss Li, don't you know his strength?"

Li Dazhong asked back.

The Return of the God of War [The Protector] Chapter 2359

"Clear! He is my husband, of course I know his strength! A little bit stronger than three years ago! But it is only more than 6,000 on the quasi god list!"

Zoey said.

Li Dazhong was just about to say that the corpses all over the ground were actually killed by Levi Garrison alone.

But Zoey directly said: "Please!"

"Well, okay!"

Li Dazhong also anxiously told Levi Garrison about the matter, so he could only agree to Zoey first.

...

Zoey went back again.

You can see Levi Garrison's relaxed look.

It didn't create a desperate situation for him just now.

...

Blame this Li Dazhong!

"Well, let's continue to act alone!"

Zoey said.

"Miss Li, I will leave with a few words to Mr. Ye!"

After Zoey and them left, Li Dazhong leaned forward.

Said to Levi Garrison: "Mr. Ye, we have encountered mutant living dead..."

"Sure enough! As expected! But these mutant living dead should be controlled by Maya Industry, right?"

Levi Garrison asked.

“I don’t know at the moment. But the strange thing is that these mutant living dead are wearing battle armor and helmets. If we didn’t know in advance that they were mutant living dead, we really wouldn’t be able to find them!”

Li Dazhong said.

Others echoed: “It is certain that this group of mutant living dead is still strong! Not necessarily weaker than what we encountered! Do not rule out the possibility of control!”

Levi Garrison glanced at them.

From the injury, it can be judged that they all suffered just now.

“It seems that Maya Industry really challenged the mutant living dead! But they put on the battle armor again, which obviously doesn’t want others to know!”

Levi Garrison touched his chin and pondered.

This group of guys must have no deep meaning.

“Is it possible that the armor they wear can have a controlling effect?”

Levi Garrison asked.

“It’s possible!”

Li Dazhong nodded.

“Okay, let’s go ahead! If you have any new news, you don’t need to come to me directly if you contact me with the communicator!” After

Levi Garrison’s instructions, Li Dazhong and other strong people all left.

Levi Garrison set foot on the road again.

He asked Li Chengmin, the underworld god and the others about what they were observing outside, while looking for traces of the mutant living dead.

After a while.

Azure Dragon (Qinglong), who was a hundred miles away from Levi Garrison, suddenly changed his face.

Several mutant living dead in battle armor appeared in front of him.

These guys rushed up as soon as they saw Azure Dragon (Qinglong).

“Is this a challenge?”

Azure Dragon (Qinglong) rushed up excitedly.

But a few minutes later.

Azure Dragon (Qinglong) was already retreating backwards.

There were scars all over his body.

This group of mutant living dead is too powerful, Azure Dragon (Qinglong) can't kill at all.

Besides, there are several.

Azure Dragon (Qinglong) had just gone through life and death, almost dying.

The Kirin (Qilin) people who came from the surroundings immediately joined the battle group.

As soon as they played against each other, they felt the power of these "battle armors".

Although they are strong in the gods list, they have nothing to do with the strong in the armor for a time.

"This...what's this?" What's

more terrifying is that more and more mutant living dead gather.

It was just seven or eight, and there were hundreds of them in a blink of an eye.

It is still increasing.

Although Kirin (Qilin) and the others are all gathered, they are all strong on the list of gods, but they have suffered a lot from these mutant living dead.

All injured.

Not only that.

The strong who entered the range of experience have encountered the “battle armor”.

Same as Levi Garrison expected.

This experience is exactly this group of mutant living dead!

For a time, the strong were killed and injured countless.

Even the strong on the god list are injured, let alone the strong on the quasi god list.

Just ran to die as cannon fodder!

Next.

Xiao Feng and the others met.

They also encountered the sword evil god.

Zoey also met a group...

The Return of the God of War [The Protector] Chapter 2360

Almost the strong who entered the virgin forest encountered mutant living dead.

The challenge of Maya Industry this time is to throw a group of people into the virgin forest and fight against the mutant living dead!

The strong people of the god list disagree, but get excited.

But a simple fight, the strong of the gods are dumbfounded.

These men in battle armor are too strong.

It can't be beaten at all...

...

Many people are injured in front of these things.

Even if it is Xiao Feng, Zoey and other top powerhouses.

If you are besieged, you will also be injured.

...

Everyone ran into trouble for a while.

This time the challenge came by surprise.

Totally invincible!

If this were to kill a bloody road abruptly, the strength would definitely be greatly improved!

But everyone noticed something abnormal.

The challenge this time seems to be different.

There seems to be a conspiracy...

Where did Maya Industry find so many powerful people?

Even the strong of the gods have nothing to do!

Doesn't it mean that Maya Industry is going to be above the gods' list?

Everyone has no time to think, and hastened a desperate struggle with these "battle armors".

Soon, the powerhouses of the god list discovered that these powerhouses wearing battle armor just couldn't kill them...

no matter what kind of attack they were, they were useless!

But the good news is that this group of mutant living dead have limited attack methods.

For the strong of the gods, if it is not for a large number of siege, it is difficult to get them injured.

But it is also very difficult for them to kill!

What Levi Garrison was worried about happened...

Everyone around him was in danger.

Fortunately, if everyone is close to him, he can save him.

Levi Garrison felt it for a while.

Azure Dragon (Qinglong)'s injuries were not small, but now they have all arrived at Kirin (Qilin).

Several people are fighting together, and there is no life-threatening for the time being.

Although other people have also encountered mutant living dead, they are not life-threatening for the time being.

Zoey, the sword evil god and the others are fighting to the death.

Levi Garrison did not choose to intervene for the time being.

This kind of actual combat is the fastest for them to improve...

If they can overcome this level of difficulty on their own, they will definitely improve rapidly.

However, Levi Garrison didn't know how many of them had been killed because of this difficulty that others seemed to be unable to overcome.

Faced with this hard-won challenge, Zoey and the others are doing all they can to fight.

In order to improve in the limit.

"Not good!" But

suddenly they thought of a question-Levi Garrison!

Everyone is in danger now.

What about Levi Garrison?

He will definitely encounter such an undead super power!

This is far more terrifying than the desperation they had predicted in advance.

It is a desperate situation beyond their control!

Once Levi Garrison really encountered this kind of undead monster, then it was death.

“Quick! Everyone, save Levi !”

Zoey immediately wanted to get rid of these mutant living dead and rescue Levi Garrison.

Other people also reacted.

They ran to rescue Levi Garrison...

But these mutant living dead seem to deliberately block their direction.

This adds a lot of difficulty to them.

Everyone is even more crazy to rescue Levi Garrison.

Levi Garrison was strolling, but several variants of living dead in battle armor did appear in front of him.

A familiar breath came.

Levi Garrison smiled.

“It’s not the first time I killed someone like you, I’ve killed tens of thousands of them!”

This group of mutant living dead, when they saw Levi Garrison, they rushed over like crazy.

Levi Garrison was about to move.

The voice of the evil gods and theirs came from the communicator.

“Master, don’t move! This group of mutant living dead have communication devices! They can scan everything back to the system! There is even an analysis system! Perform combat evaluation and analysis on you!”

Levi Garrison smiled, “What about me? Do? Stand still?”

“Well, we’re thinking of a way! Wait a minute!”

Underworld God and the others anxiously said.

“It’s okay, take your time!”

The Return of the God of War [The Protector] Chapter 2361

Levi Garrison smiled: “I’m fine after a few blows!”

Today’s Levi Garrison has a terrifying combat power, destroying the world with one punch.

However, to withstand the power of this attack, his body was also indestructible.

While practicing the ultimate speed and ultimate strength, he creates the strongest physique invisibly.

At least Levi Garrison believed that at present, there should be nothing that could hurt him.

Even the previous divine weapon, Heavenly Sword and Earthly Sword, could not penetrate his body.

...

Not to mention other things.

Let these guys hit a few punches, what's wrong?

The mutant living dead came and attacked Levi Garrison one after another.

...

Levi Garrison resisted appropriately a few times.

Then suffered a crit from the mutant living dead.

The terrible attacks all fell on Levi Garrison's body, trying to tear him apart.

"I said you are still okay? I can't hold it anymore!"

Levi Garrison urged.

For Levi Garrison, the attack of the mutant living dead didn't cause any substantial harm.

Can't even talk about tickles!

But he couldn't hold it back.

I wanted to tear up this group of monsters a long time ago.

It was exactly what Levi Garrison expected.

Maya Industry cannot monitor every corner of the virgin forest.

They can only make a fuss about the mutant living dead and the strong who participate in the challenge.

Now, as long as he kills the mutant monster, Maya Industry must know right away.

“Wait! We are trying!”

Underworld God and the others said.

It is still difficult to interfere with the devices on these variants of the living dead.

After all, Levi Garrison's true strength cannot be exposed!

“Bang bang bang...” The

mutant living dead gathered more and more, and they couldn't attack for a long time. Seeing that Levi Garrison was okay, all of them were angry.

Attacks are becoming more frequent and brutal!

Levi Garrison was really angry.

Give a face?

Anxious, Lao Tzu in this virgin forest tore all of you to pieces one by one!

“Okay!”

Levi Garrison’s tone was already extremely angry.

The Underworld God and the others haven’t returned the news yet, and there is sparse movement around.

They are here with plum dyeing.

Azure Dragon (Qinglong) and others, Sword Evil God and others, Xiao Feng and others also rushed from all directions for the first time.

They just arrived, and the first sight was that mutant monsters were besieging Levi Garrison. Dozens of monsters gathered together to rip and eat Levi Garrison.

“Boom!”

Everyone’s brain buzzed, and Levi Garrison was in extreme danger as expected.

If everyone comes back later.

I'm afraid that even Levi Garrison's complete body will not be seen.

Just fought against this group of mutant monsters, they all know how powerful they are.

So many besieged Levi Garrison together.

Where can he survive?

Anxious!

Everyone is in a hurry!

"Levi !!!"

"Master!!!"

"Boss!!!"

...

Zoey everyone rushed forward immediately.

"Boom!"

“Boom!”

“Boom!”

.....

Everyone showed their best, forcibly, all the living dead who besieged Levi Garrison’s mutants were blown away.

Rescue Levi Garrison!

Levi Garrison was about to cry.

The idiots of the evil gods are too inefficient.

Hurry up, Zoey and the others ran to save themselves.

Let them mistakenly think that they are being bullied by the mutant living dead, let them mistakenly think that they saved themselves.

Seeing Levi Garrison’s ragged clothes, Zoey cried.

Fortunately, they responded promptly and rescued quickly!

Otherwise, Levi Garrison will definitely die!

They were negligent.

Did not give Levi Garrison enough protection!

“Evacuate! Take the boss to evacuate here first!”

Azure Dragon (Qinglong) ordered.

Fortunately, the primeval forest area is large enough.

Soon everyone fled to safety.

Everyone cheer for each other.

“We saved Master (the boss) again!”

Everyone looked very excited.

Levi Garrison shook his head speechlessly.

The Return of the God of War [The Protector] Chapter 2362

This is even more inexplicable.

After all, let them see with their own eyes that they were almost torn apart by the mutant living dead.

He must have been bullied because he thought he was inadequate.

They are all to blame for the evil gods!

If it was resolved earlier, I would shoot all these things to death. How could there be such a thing?

Levi Garrison looked upset.

...

If the evil gods were in front of him, Levi Garrison would have to kick them.

Levi Garrison's annoyed look fell in the eyes of everyone, changing his meaning.

It made everyone think that this was the reality that Levi Garrison deeply realized that his current strength was very weak and inadequate. He had no choice but to resign himself to the dangerous and desperate situation.

...

After all, the former king slaughtered the Quartet, he has always been the savior!

But now that he is in danger, there is no way to solve it.

In the end, it was rescued by someone!

People can only wake up in this kind of adversity!

Only then can you abandon the past and cultivate the present.

Although Levi was in danger just now.

But Zoey achieved their goals.

Let Levi Garrison truly feel the life and death, he will wake up!

Cruel facts are always more convincing than preaching!

“We are all responsible for this matter! We didn’t do a good job of guaranteeing it! It almost put you in danger...”

Zoey blamed himself .

But with a smile on her face, she turned her words, “Levi , do you understand the difference between the past and the present?”

Levi Garrison nodded, “There is indeed a gap! Give me a few like this before, and it will destroy the world. !”

Levi Garrison meant that there was no such experiment before.

There are a few before, enough to kill everything.

But in everyone's ears, it meant that Levi Garrison had already admitted the gap between the past and the present.

He began to slowly accept and this era.

Aware of my shortcomings, I have to give up everything before.

Zoey smiled, "So, after you go back, you will have to practice modern techniques! Realizing the gap, you have to work hard!"

Xiao Feng smiled, "Yes! Master! Look at the undead monsters just now! , You can't solve it at all! We're okay, we can barely handle it! It's not nice to say that the master was saved by the apprentice! You improve as soon as possible!"

They are explaining a fact!

When encountering a powerhouse of this level, Levi Garrison was completely unsuccessful, and could only be beaten and abused.

But they can solve the problem and highlight the heavy siege.

This is the obvious gap!

If Levi Garrison wants face, he will practice hard when he goes back to improve his strength as much as possible.

Instead of being saved by apprentice brothers like this!

No one can save face!

This is still a great realization, it is impossible.

What disciples' exercises, what brothers' exercises...

These are not ashamed.

It is the most embarrassing to be solved by the apprentices again and again!

Seeing Levi Garrison, Zoey smiled with satisfaction.

I feel that the plan has been completed.

Levi Garrison had already awakened.

“Since our goal is achieved! Then, Levi can't act alone anymore!”

Zoey said.

“Ah? Sister-in-law, what should we do? We can't everyone around the boss alone, right?”

Kirin (Qilin) asked.

This time everyone has two goals in the primeval forest.

One has been reached.

Next, everyone wants to experience it.

It is impossible to turn around Levi Garrison alone...

After all, this opportunity is too rare!

Zoey smiled, "I thought about it before I came here!"

"How to say?" "Let's take turns! All of us are in groups, three people! Each group will spend about half a day with King's Landing! One group! Take turns! Except for a group to protect King's Landing, everyone else can freely exercise and experience! Wait until your group time to

meet!"

Others said, "Understood!" "No, I want to act alone!"

The Return of the God of War [The Protector] Chapter 2363

At this time, Levi Garrison's voice suddenly sounded.

Everyone looked at him puzzled.

Having just experienced the desperate situation of life and death, he has to act alone.

Is it sick?

Or is it not enough?

He hasn't realized that he is weak yet?

...

But how is it possible!

Levi Garrison was bullied like that just now.

He would be torn apart by those monsters... How could

...

Levi Garrison act with everyone? He had other things.

"No! The previous action alone requires you to experience life and death, understand your weaknesses and recognize your current strength! You don't need it now, it's too dangerous for you to go alone!"

"Listen to my arrangements! From now on, everyone will be in groups. Me, Phoenix (Suzaku) and the evil god of poison are a threesome! Let's start!"

"Others experience freely! After six hours, everyone will signal to join together!"

"Okay, let's go !"

Finally.

The trio of Zoey Phoenix (Suzaku) Poison Cthulhu first protected Levi Garrison.

The others are also divided into groups.

They are a group of one super strong and two strong!

Everyone dispersed.

Levi Garrison was helpless.

Follow Zoey in a group of three.

Sure enough, without going out a few steps, there were mutant living dead appear on the face.

Zoey smiled upon seeing this: "Look, if you act alone! You may be in danger of your life right after you leave! Follow us is the way to live!"

"Yes, boss, you have to follow us! Here There is danger everywhere!"

Phoenix (Suzaku) said.

The evil god of poison also said: "Cthulhu, these guys are too evil! My poison is useless to them! Still have to be careful!"

Levi Garrison smiled: "What's so scary about this, I killed this thing. There must be more than ten thousand!"

"You..."

Everyone looked at Levi Garrison strangely.

It is not a question of doubt or doubt.

It's an impossible question!

This variant of undead monsters should be the first time in the world, right?

No one has seen it before!

I have never heard of such existence!

Where will Levi Garrison meet?

Three years ago?

If he had seen these undead monsters early, he would have died early!

He was trapped for another three years.

Where do you encounter these monsters and kill tens of thousands of them?

How is it possible?

They haven't tried this kind of monster.

One by one powerful is dying!

They can't kill one anyway!

Can only fly them...

kill tens of thousands...

unimaginable!

Unless...

unless it must be the kind of existence that knocks off the Heaven Sword with two fingers!

Otherwise, it is impossible!

Levi Garrison's bragging skills are really amazing!

Dare to blow this kind of thing!

Killing one is bragging!

After all, Xiao Feng Kirin (Qilin), who was at the forefront of the gods' list, couldn't do it.

Killing tens of thousands is a blow to the sky!

The three looked at him weirdly.

"It's okay, your boss told a joke, adjusting the tension!"

Zoey smiled.

"Yes, such a tense atmosphere, relaxed and relaxed!"

Phoenix (Suzaku) smiled.

Upon hearing this, Levi Garrison was upset.

"Since you don't believe it, then I will kill a few for you!"

Levi Garrison said coldly.

"This..."

Wen Yan.

Zoey's complexion changed drastically.

They really thought Levi Garrison was joking.

Unexpectedly, he came for real...All

three of them were dumbfounded.

Don't know what to do for a while?

I don't know what to say.

Can only watch...

Levi Garrison stepped forward.

Several variants of living dead thousands of meters away, rushed like crazy.

"Sister-in-law, look..."

Phoenix (Suzaku) is asking if she wants to make a move, or what to do...

"Look first!"

Zoey wanted to see what medicine Levi Garrison sold in the gourd.

What if he could really kill these monsters?

Not necessarily...

Zoey chose to stand still and watched Levi Garrison act.

The Return of the God of War [The Protector] Chapter 2364

Seeing a group of monsters rushing, Levi Garrison smiled.

A bunch of scum!

“Have you got it done? I should be able to kill now, right?”

Levi Garrison asked the Underworld God and the others through the communicator.

“Still not working! Give us a little more time! Maya Industry is too powerful!” The

depressed voice of the evil god came.

...

Levi Garrison was really angry.

Compared with the Phoenix (Suzaku) and the Western Heavenly Kings.

This Underworld God is just a waste.

...

Can't handle it for so long?

Haggling!

Levi Garrison is going to scold his mother!

The Underworld God couldn't handle it, and Levi Garrison couldn't make a move.

It was directly exposed to Maya Industry.

So it can't be shot yet.

Levi Garrison wanted to curse the street, several variants of the living dead already rushed over.

Their desire for blood is terrible!

Seeing that the distance between the two sides is less than ten meters.

The three of Zoey also became nervous, their hearts almost hanging in their throats.

The three of them are nervous and ready to rescue them at any time!

But at the same time, there is a trace of expectation-what if Levi Garrison violently slays these monsters?

Under this kind of ambivalence, they stared at Levi Garrison.

Five meters!

At this moment, Levi Garrison suddenly turned around: "Run!!!"

"Puff!" The

three of Zoey almost spurted blood.

Waited for a long time, and looked forward to it for a long time.

The result is running?

But Levi Garrison ran away.

They can only run!

Disappointed?

Not really!

In the beginning, I had almost no expectations for this matter, so I was not disappointed!

“Let me just say it! How could he have the power to kill this undead monster! Just kidding, to adjust the atmosphere for everyone!”

Zoey smiled helplessly.

“The boss must see that we are all there, so I tried a sense of danger!”

Phoenix (Suzaku) said.

“Well, indeed, at least we are a guarantee!”

Everyone ran and chatted.

Levi Garrison was silent all the time.

What a shame!

What a shame!

It's all to blame for the evil god!

This kid has lost himself twice!

The purpose of Zoey's grouping was to protect Levi Garrison in a trio, so they encountered these mutants and tried to avoid them as much as possible.

Only when they are alone, they will face head-on with these mutant living dead!

Levi Garrison was thinking about how to break away from these people and start acting alone.

Now Maya Industry's intentions are still unclear...

Lee Chengmin and the others have no definite news outside.

Dodging all the way, soon six hours passed.

It's time for plums to dye these three groups.

It's time to switch to the next group.

The second group is the Kirin (Qilin) with the evil spirits and the apprentice Zhou Ke before Levi Garrison!

"Be careful... try to dodge, don't touch..."

Zoey was passing on some experience to them.

"Understood!" The

three Kirin (Qilin) nodded.

Levi Garrison was still thinking about how to get rid of these people.

At present, there is really no good way.

Can't get rid of.

"Okay, let's start. Boss, let's go!"

Kirin (Qilin) said.

...At

this time, the experience in the virgin forest was cruelly going on.

It can be said that there are countless casualties.

And on the aircraft carrier somewhere in the sea.

Maya Industries is observing all developments.

"Isn't Levi Garrison dead yet?"

A senior member of Maya Industry suddenly found the trace of Levi Garrison and asked in surprise.

“No...no... Levi Garrison has a large number of strong gods guarding him! No matter how he can't die!”

a subordinate said.

“Really? That being the case! Next, we will dismantle all the strong men who guard Levi Garrison! I don't believe that Levi Garrison can't be killed!”

“Tell my order! Send ten thousand variants of the living dead! Send Levi Garrison over! The powerhouses around him are all taken apart one by one!”

...

This is what Levi Garrison never expected.

Maya Industry actually “helped” him...

The Return of the God of War [The Protector] Chapter 2365

What do you want?

Levi Garrison never expected it!

But the original intention of Maya Industry was to let him die!

Maya Industry did not attack Levi Garrison before, it was because Levi Garrison was hit by the elemental effect.

After being cured by the new deep-sea substance, now they have a chance, they naturally want to kill Levi Garrison.

now.

...

The Kirin (Qilin) trio and Levi Garrison avoided together.

Seeing that the three of them were covered in blood, Levi Garrison asked, "Are they all injured?"

"Well, a little injury! Not enough!"

...

Kirin (Qilin) didn't care.

"If we blindly avoid it, in this virgin forest, the strong of the gods will still have a great advantage! Almost 100% can avoid this undead monster!

But we are here to experience and improve! Head-to-head with them, thinking about how to defeat them instead of running away! It's normal to get some injuries!" The

evil god and apprentice Zhou Ke also said.

The evil spirits, who are known for their physical skills, have actually practiced offensive methods in this era.

Perhaps in his opinion, it is more useful.

Levi Garrison nodded.

This is indeed the truth.

It's not the metal fortress of the Sanxing Group, it's just such a big place, and it will be surrounded over time.

But this virgin forest is too big and too big.

Even if you throw in millions of variants of the living dead in it, you can't make waves.

Not up to the level of intensiveness.

If you want to escape, the strong man at the top of the gods list is easy to do.

Not to mention now, it is estimated that the number of variants that Maya Industry has invested in will be more than one hundred thousand living dead.

Not even yet.

It's easy to run away!

But many strong people come from experience and must be positive and strong, and they will definitely not escape.

So far, he is still wondering what exactly is the purpose of Maya Industry?

What are they going to do?

“By the way, let me take a look!”

Levi Garrison suddenly thought of something and began to check the wounds of Kirin (Qilin) and others.

After checking one side, he breathed a sigh of relief.

It doesn't seem to be what he thought...

At first, Levi Garrison thought of a possibility-

Maya Industry used these variants of the living dead to injure all the strong men who came to challenge.

The wound is a special element that invades them, so that everyone is equivalent to death.

Then Maya Industry itself controls the solution to this element.

In this way, most of the strong people who are equivalent to the quasi-shenban are under their control.

They use the antidote to control these people for their use.

Therefore, Levi Garrison quickly checked whether their wounds were invaded by this special element.

The result is not!

It is estimated that it will be more difficult to do this...

the offense of the mutant living dead is limited, and once the mutant living dead uses this special element, it will be quickly discovered.

If the whole world knows it, then Maya Industry will become the world's public enemy.

Will be opposed by the whole world.

This is not a good thing for Maya Industries.

So they can't risk it!

Then Levi Garrison was wrong.

This is not the purpose of Maya Industry.

So what will it be? ? ?

Levi Garrison's head is big.

“Boss, what are you thinking about? Do you have a solution to this undead monster?”

Kirin (Qilin) thought Levi Garrison was thinking about it.

Levi Garrison said without looking up: “Yes! What is this, I don’t know how many I have killed!”

Kirin (Qilin): “...”.

Demon God: “...”.

...

They shouldn’t ask.

Levi Garrison can only brag.

“Exactly... what is it?”

Levi Garrison touched his nose.

“Rumble...”

But at this moment, the earth trembled suddenly.

It's like a galloping army.

From a distance, they saw a huge movement in the woods ahead, and a large number of mutant living dead attacked...
