

## The Return of the God of War [The Protector] Chapter 2430

“Levi Garrison, you know

why you asked ! The little princess of Tiance Mansion must have come for you!” “It’s ridiculous, deliberately asking why they are here?”

Everyone sneered again and again.

“It was my father who asked me to observe you for a period of time, saying that you are extraordinary! Me, I specially came to see what is extraordinary about you! So that my father can dispel the idea of marrying me to you!”

Xuanyuan Qingya sneered.

“Don’t worry, I won’t marry Levi Garrison! You don’t have to divorce or anything! Even if Levi Garrison wants to marry me, how can I agree! How can he be worthy of me?”

Xuanyuan Qingya dyed them with Zoey again Said.

Tell everyone that it is impossible for her to be with Levi Garrison.

No matter what Levi Garrison thinks, she won’t agree.

But the more she said that, the more angry everyone was at Levi Garrison!

“Levi Garrison, we need to be calm and calm! It just so happens that you don’t need our protection anymore! Let’s practice for a while!”

Zoey asked.

“Yes, we support my sister-in-law! Let’s calm down with each other for a while!”

“Although Princess Tiance Mansion said so! But this means that she will be with you for some time in the future!”

“Separate, must be separated!”

...

Then , Most people left.

Only Levi Garrison were left.

Mia pulled La Levi Garrison’s arm, “Brother, what do you do? Think of a way!”

“It’s okay! Let’s do it for now!”

Levi Garrison said.

“You won’t go?”

He looked at Xuanyuan Qingya again.

Xuanyuan Qingya looked cold, "Father asked me to observe you for a while, so I will stay here. See what you can do to reach the sky!"

Regardless of Levi Garrison's face, Xuanyuan Qingya moved in directly.

Mia watched nervously.

It means to let Levi Garrison find a way.

"Let her go!"

Levi Garrison ignored it.

Just hate the old guy Tiance Shenshuai even more!

Just hit it to death again.

He didn't even have a chance to take medicine!

The next few days.

Xuanyuan Qingya lived in the villa.

Soon, she found the Huoyun Cthulhu in the basement of the villa.

Perceiving his body's faint, weaker and weaker aura, and she saw that Huo Yun Cthulhu practiced very basic exercises.

"This can be done? It's ridiculous!"

Xuanyuan Qingya sneered, "I can't learn the supreme exercises of Tiance Mansion, but now there are so many exercises outside of the new era. You can practice any of them. Practice this kind of most basic! It's purely sick!"

"It's not as good as someone else's one month after ten years of hard training here!"

Xuanyuan Qingya was completely dismissive of Huo Yun Cthulhu's practice.

Mia next to me said, "I had the same idea as you. I think this practice is the most useless and a waste of time. Until I see my brother's true strength! This is the real way to be strong, and I am now Practice like this!"

Xuanyuan Qingya looked at Mia in surprise, "Your brother's true strength?"

"Well, that day, I saw my brother defeat your father with my own eyes!"

Mia said bluntly.

Only Xuanyuan Qingya became angry immediately.

"Okay, don't say it! The little girl still lied! It's exactly like your brother!"

Xuanyuan Qingya said angrily.

Father is her pride.

But the existence of invincibility.

How can it be defeated?

Especially Levi Garrison!

The most unlikely!

...

Levi Garrison has been busy investigating various ruins these days, and news is constantly coming.

The remains of forgery are increasing.

“Master, just received the latest news appeared in the remains of a large party somewhere in the mountains Xiayi a lot of people said to have been secretly fighting out of a terrible magic -!!!! King Kong is not bad magic,”

“will Wouldn't it be fake? Send someone to investigate immediately!”

Levi Garrison felt that the ruins may still be fake now. When I first came out, maybe I could find more.
