

Chapter 241

Zhovia was aggrieved for a while, gritted her teeth, and said unconvincedly: "I want to compete with him. If he is really capable, I will apologize to him."

"How long are you going to fool around!" Tianqi blew his beard and stared.

The middle-aged man from the Song family next to him was stunned. No one thought that the strength of Charlie was actually higher than that of Tianqi?

Honor was also a little confused at once. Does this kid really have a few brushes?

How is this possible!

Just rely on him?

Can Tianqi be convinced?

At this moment, Charlie glanced at Zhovia, and saw that her face was full of anger, her small face was flushed, and she looked dissatisfied, amused, and asked: "What are you better than?"

"Of course it's medical skills!" Zhovia rolled her eyes and suddenly smiled: "The basis of traditional medicine is to see, hear, and ask, we are better! Tell me, everyone in this room, what kind of disease does everyone have? Where is it?"

It may sound simple to tell the patient's symptoms from the pulse, but it is even more difficult for traditional medicine.

Even Tianqi himself may not be able to see it completely.

However, this is Zhovia's skill. She has been in her grandfather's arms since she was one year old, and she has seen at least tens of thousands of patients.

Her memory is amazing, and she can remember almost everyone's "sickness" and classify them.

Over time, she could see the other party's condition from their face, and she was almost sure of it.

"Zhovia, aren't you Mrs. Difficulties?" Tianqi scolded dissatisfiedly.

However, no one expected, Charlie nodded and smiled: "Then it depends on you."

Seeing Charlie's promise, Tianqi didn't say anything anymore, he also wanted to see his details.

"I'll come first." Zhovia was overjoyed, and she immediately stepped forward, walked slowly in front of the crowd, staring at the other side carefully.

Ten minutes later, Zhovia smiled and said, "I'm all optimistic! Uncle Song has reddening on his body and horizontal stripes on his forehead. He should be suffering from high blood pressure. He usually has a light diet and avoids big fish."

As soon as she finished speaking, the middle-aged man of the Song family exclaimed: "The genius doctor Zhovia is really amazing. I do have high blood pressure."

Zhovia pointed to Honor again and said, “Your eyebrows are red, your eyes are cloudy, you have lung fever, and your condition is almost healed.”

Honor smiled bitterly: “I admire it. I was coughed and caught a lung infection last week. I have almost treated it.”

Zhovia added: “As for Miss Song, sometimes she has irregular menstruation and menstrual cramps, which should be caused by overwork.”

Warnia nodded and said, “You’re right.”

She pointed out the symptoms of several people one by one, and they were all correct.

Everyone was shocked and praised Tianqi for his teaching, and his granddaughter’s young age and her medical skills.

Tianqi also smiled, quite proud.

Finally, Zhovia looked at Charlie again, smiled triumphantly, and said: “Mr. Charlie, your condition is the most serious! You must have a heart attack!”

Charlie smiled and said: “I didn’t expect you to be less than twenty, but the medical skills are so amazing. I also admire it. However, there is a little omission, I will add it for you.”

Chapter 242

After finishing speaking, he pointed to the middle-aged man of the Song family: “In addition to high blood pressure, this gentleman also suffers from diabetes and heart palpitations, especially the ribs of the left chest must have been broken. It is assumed that it should be an old injury ten years ago.

The middle-aged man from the Song family was shocked and said in astonishment, “Mr. Charlie, your medical skills are too strong. Even my diabetes and broken bones can be seen. I did have a car accident 13 years ago and had a rib fracture. “

Charlie smiled and pointed to Honor again: “His lung infection was caused by the invasion of cold after drinking and his insufficient kidney functioning. In addition to lung heat, his biggest problem should be kidney deficiency. First, eradicate the lung heat will to cure the kidney.”

Honor was embarrassed and said, “You’re so f*cking pretending to be a fool, I have a very good kidney!”

A man is said to have kidney deficiency, naturally, he is not convinced.

Moreover, even if the kidney is really weak, it must not be admitted.

Charlie looked at him and said lightly: “Kidney deficiency is just a sign of renal function decline. If you continue like that, your kidney function will get worse and worse. This will not only affect your ability in that area but also make you more likely to suffer from uremia. So don’t be too conceited and take the time to go to the hospital, maybe there is still a rescue, otherwise, you can only wait for the kidney transplant.”

“You” Honor was irritated, and was about to attack, but was stopped by the middle-aged man on the side.

Charlie looked at Warnia again and said lightly: “Miss Song, your body is mainly affected by the effects of the trapped dragon formation before, and there are some sequelae, and you happened to have a menstrual event last midnight, and you were more cloudy. But you can rest assured that when this menstruation passes, all these symptoms will naturally disappear, and future menstruations will be more punctual.”

Warnia looked surprised, and she was a little bit ashamed.

She didn’t know, how could Charlie figure out that she was here, and figure out that she came last night, is this not amazing?

At this time, Zhovia saw Charlie supplement the condition of these people, she was surprised, but even more unconvinced.

She couldn’t see these hidden diseases by looking at the face, but Charlie just glanced at it lightly, but said everything, what is going on? Is he guessing?

Zhovia bit her lip and said, “Mr. Charlie, you have a heart attack, am I right?”

“Really?” Charlie smiled and stretched out his hand in front of Tianqi: “Trouble Tianqi, take my pulse for me.”

Tianqi hesitated, stretched out his hand to put Charlie’s wrist.

After a while, he put down his hand, turned his head and glared at Zhovia, then yelled: “You are a three-legged cat, and you are still making an ax in front of Mr. Charlie. You still don’t apologize to Mr. Charlie!”

Zhovia shouted: “Grandpa, what did I say wrong.”

Tianqi shook his head, sighed, and said: “Take a pulse yourself, Mr. Charlie has a heart attack. You are mistaken.”

“What!” Zhovia couldn’t believe her ears. She had never made any mistakes in her diagnosis for more than ten years, and the characteristics of heart disease were the easiest to see. How could she get it wrong?

She walked in front of Charlie, stretched out her hand to catch his pulse, and was stunned, her face flushed suddenly.

His heart is very good, with no heart disease!

Did he deliberately pretend to have a heart attack just now to make her appear foolish?

If he can do it and easily disguise the characteristics of a certain disease on his own surface, then his body’s control of true qi should have been superb, right?

If you say that, you can really be regarded as a man of God.

Moreover, he saw the hidden illnesses of these people just now, and he didn’t think about it. His medical skills are far above her!

Don’t say you can’t compare, even if it is grandpa, it is absolutely incomparable!

However, he is still so young, how can he have such a strong strength?
