

Chapter: 3014

“The purpose is very obvious – to make us owe you kindness, for our treasures!”

“The most important thing is for the beauty of the two of us! You saved us, and if you want us to do something with you, it’s best to promise each other, and I’ll accompany you for one night no matter how bad it is!”

Ye Junlin: “...”.

He was completely speechless!

In order not to apologize to myself, I can even say such a thing!

Are you still seeing their beauty? ? ?

I have never seen a woman!

What woman have you never seen?

And as long as you think about it, what kind of woman can’t get it?

to get you guys?

Feel sorry!

Really no interest!

I’m blind to get you?

Would you like a face?

Are you too confident?

A helpless look flashed across Ye Junlin’s face.

But in their opinion, it means another way——

“Did we get it right! Who doesn’t know the thoughts of your men? Let us be grateful to you for such a heroic way of saving beauty, so that we can have a good impression. What happened to you!”

“To put it bluntly, you just want us!!!”

“Didn’t you see how those people from the Heitian League saw us just now? I can’t wait to jump up one by one! You must be the same! You are just pretending to be calm on the surface! But in fact, your heart is hot, and you have thought about it for a long time. !”

“We admit that you are powerful, but you just showed your strength, and you must have meant to get us! I want us to think that you saved us, so you can promise!”

“But tell you, it’s impossible! Even if you killed us, we wouldn’t do this! We’ve seen a lot of men like you!”

“We’re right, shouldn’t you be so embarrassed that you will do something to us?”

...

pull!

The more and more outrageous!

He didn’t appreciate it in the slightest, and he even slapped Ye Junlin with the hat of a pervert.

Ye Junlin has never been so speechless.

Just rescued.

I think everyone is profiting.

Saving people is the same as asking for any benefit!

Several people looked at Ye Junlin and continued: “Furthermore, we asked you to save us? Did we ask you to save us?”

“I also said that we don’t want to live anymore, do we want to die?”

“What does it have to do with you if we don’t die? We won’t let you save it! We won’t appreciate it!”

“You don’t have to kill the family, but they want to kill you! Hahahaha...”

...

Impressed!

Ye Junlin is really convinced!

He saved them by himself, but the group of people didn’t appreciate it, didn’t say thanks, and instead mocked him in various ways.

Why did Ye Junlin understand that they were being hunted down?

They are actually the Black Sky Alliance itself.

All are wicked.

Especially from the current performance, it is more disgusting than the Black Sky Alliance.

In fact, those people in the Black Sky Alliance simply wanted to kill.

But these people not only want to kill, but also disgust you.

disgusting you!

These languages can be more terrifying than a sword.

Ye Junlin was completely enraged.

Ye Junlin said coldly, “But if I don’t kill them today, will you still leave alive?”

“Then I saved you!”

But Fan Yunpeng glanced at Ye Junlin and said, “Bah!”

“That’s why we shouldn’t die!”

“Even without you, there will be other people to save us!”

“We have no such catastrophe in our lives, and we will not be destroyed by the Black Sky Alliance!”

Xi Mengxiang also said coldly.

Fan Yunpeng also smiled and said, “Yes, we will die, but we will never die in the hands of the Black Sky Alliance!”

“By the way, why do you have to believe that we will not escape from the evil hands of the Black Sky Alliance?”

“Just now, even if you don’t take action, we will kill it! Those Heitian League people can’t stop us!”

“You can even say that, even if you didn’t kill them! Even a thunderbolt will kill them by God! They even died violently!”
