

# Chapter: 3016

Soon after, the dragged people fainted.

They were really hurt too much.

Ye Junlin couldn't even scold Ye Junlin before he passed out.

One by one his voice was hoarse.

When they woke up, they had already been thrown in one place by Ye Junlin...

Black Sky Alliance Headquarters! !

Ye Junlin had just rescued them from the Black Sky Alliance, but they neither appreciated nor recognized them.

Then Ye Junlin handed them over to the Black Sky Alliance and put them in the previous danger.

Let's see if it will be as they say – if God will kill everyone in the Black Sky Alliance.

Ye Junlin is looking forward to it!

Ye Junlin asked Jiao Tianyu to find out the Heitian League base camp.

It is located in a deep mountain in a third-level forbidden area.

hard to find.

Then he brought Sui Qingqing and his party all the way here.

Throw them at the Hetian League base camp.

However, Ye Junlin did not leave.

He had to take a good look. If he didn't save him, how could this group escape from the Black Sky Alliance?

What they said themselves was that they would not die here in the Black Sky Alliance?

They should not die!

Even if he didn't save him, someone else would save him!

Even the gods will send down thunder to kill them!

...

In short, even if Ye Junlin didn't save them, they would survive.

The people of the Black Sky Alliance will not kill them at all!

But Ye Junlin didn't believe it!

He wants to see if this group of people can survive the encounter with the Black Sky Alliance.

He did the good things to the end and sent them directly back to the base camp of the Black Sky Alliance.

Now he is standing on the top of the mountain, watching everything in the base camp of the Black Sky Alliance.

When Ye Junlin threw these people at the Heitian League base camp, the place soon became chaotic.

thought the enemy had invaded.

But the anomaly was soon discovered.

Not to mention the injuries, these people were tied tightly by a rope, and they all passed out.

Soon after, several people who had escaped from Ye Junlin before arrived.

Surprised!

"It's them! It's them! I know them! Sui Qingqing, Xi Mengxiang and Fan Yunpeng!"

"Huh? Strange? Weren't they rescued by the mysterious man? Why were they sent back?"

"Still tied up?"

...

Confuse!

So confused!

They can't understand the clues in this!

Competing with brains, I can't figure out what's going on...

"They feel thrown from a height, that's what God gave us!"

"They have a lot of resources! Just grab it!"

"Hey, there are these two little girls, they are really watery! I have been thinking about them for a long time! Later...hehehe..."

"And these three men, who are also fair-skinned, have some for you..."

"My beasts like it, so I just feed them. These two old beasts of mine can also eat them... Hahaha... Let's grab the treasures of heaven and earth from them first!"

...

Since it fell into their base camp.

They didn't have anything to worry about, they just started to grab it!

After all, according to the information, this group of people brought a lot of heaven and earth treasures with them.

More than they thought!

Sui Qingqing and the others all fell asleep.

There was a vague feeling that someone was groping on them.

All of them woke up now.

"What are you doing???"

"Why? Who?"

...

Several people in Sui Qingqing woke up.

Immediately want to get up.

It's just that everyone was tied up with ropes and couldn't get up at all.

Instead, several people slammed into each other fiercely.

After the reaction came, everyone looked around.

Surprised to find in an unfamiliar environment.

All around them are people.

He also looked at them with fiery eyes, especially the few harassers beside Sui Qingqing came out.

"Where is this? Who are you?"

Several people asked in horror.

"This... this is a member of the Black Sky Alliance!!!"

Fan Yunpeng recognized it
