

Chapter: 3020

The Dragon Head God treats them with sincerity.

Beg Ye Junlin.

“Okay! If you can use it, I will give it to you!”

Ye Junlin said.

In fact, resources are dispensable to him.

But Daxia couldn't use it at all before.

Now that it's used, it's okay to give it a bit.

Ye Junlin brought a group of people to the aircraft of the Brain of God.

“Leave a little and give them the rest!”

Ye Junlin made a lot of money.

Almost all the resources of an aircraft were given to Da Xia.

Everyone was amazed to see so many resources.

Long San and Long Wu's eyes lit up when they saw it.

These resources they need more than anyone.

After all, becoming a god is not the end, it just absorbs a lot of spiritual energy.

They can also be stronger.

However, being powerful requires massive resources.

No, are the resources in front of you coming?

The two were even more excited: “Why don't you tell us the secret of the resources? We are self-sufficient!”

In their opinion, Ye Junlin can tell the secrets of resources to the Apocalypse Empire.

Why can't you tell them?

Ye Junlin turned his head and glanced at Long Sanlongwu: “It's useless to tell you! You have no qualifications and strength to come out!”

“Ho ho...”

Long Wu smiled contemptuously.

Long San also snorted coldly: “Don't say it, don't say it! What reason are you looking for!”

These two are already gods!

In their opinion, as long as Ye Junlin told the secret of the resource, would they still be able to get it?

Ye Junlin can take it out himself, why can't they take it out?

Just don't want to tell them.

Casually weave a reason.

Ye Junlin really wanted to take them to the first-level forbidden area.

The secret to telling them their resources is here.

However, after they got the resources, they immediately went to the magician without stopping.

Time is precious.

When resources arrive, create gods immediately.

War Bear Country.

Inside the Hydra base.

“Strange! I almost thought this Great Summer Doctor could detoxify Ye Junlin's daughter?”

“Yeah, why is he so resistant to Ye Junlin, he won't detoxify his daughter to death!”

“Ye Junlin didn't have any festivals with him? Is there anyone who doesn't want Ye Junlin to detoxify his daughter! It's exactly the same as destroying the blood exchange record before!”

...

Not only does Hydra think so, but even the organization of revenge Hydra is also very puzzled.

There are still people who don't want Ye Junlin's daughter to detoxify.

Control the magic doctor tightly, and don't give any detoxification.

When they learned that there was a genius doctor in Daxia, they all thought that Junjun's poison was about to be solved.

Thinking about it now is too much.

Although someone has arranged everything in advance.

“Ye Junlin, have you seen it? There are many people who don't want your daughter to detoxify, hahahaha...”

...

Hand over the resources to Daxia Hou.

Ye Junlin didn't expect them to persuade the genius doctor to detoxify Junjun.

He already knew that Yan Zangsheng would not detoxify Junjun because of persuasion by others.

The person behind him must be resolved.

But people have been staring at it for so long, and there is no clue to control Yan Zang's stranger or power.

There is no whereabouts of the magic medicine.

This made Ye Junlin gradually lose his patience.

He has reworked other inversions.

Next, he looked for the whereabouts of Zhen Mosi while looking for the treasures of heaven and earth.

Ye Junlin did not return that night.

And in their temporary base.

Junjun slept on the ice bed and was temporarily blocked by ice.

There are layers of experts around.

Ye Junlin did not give Jiao Tianyu and the others to Da Xia.

They also have to help themselves, and protect the safety of Junjun when they are not there.

But this night.

Suddenly, a ghostly figure quickly approached here.

It actually went around from the layers of masters.

Even Jiao Tianyu's companions are more powerful than the gods.

But no one found out...
