

Chapter: 3038

“Yeah, not only that. Now this most poisonous Gu has grown to the extreme, and if it is refined now, the blood essence of living people will be useless. You can only find all kinds of poisons to be swallowed by it.”

“Your daughter is poisoned with the strongest poison, so many methods are useless. You must now want the strongest poison to absorb the poison from your daughter, right?”

Everyone looked at Ye Junlin and asked.

Ye Junlin came suddenly, holding his daughter.

It is clear that it is for detoxification!

At this time, Ye Junlin could only admit it: “Yes, that’s right, the purpose of looking for the King of Evil Gus is to detoxify my daughter!”

“what?”

Qinglong and the others looked surprised.

Never thought that Ye Junlin would be forced to such a point.

He actually started to use this evil method to detoxify Junjun.

Incredible.

“Ye Junlin, are you too courageous? Think of this way to detoxify your daughter?”

“It is said that the most poisonous Gu is sure to die as long as a living thing approaches. Are you not afraid of killing your daughter without detoxifying your daughter?”

“If you can’t get rid of the poison, what about adding poison to your daughter? That’s the strongest evil gu, it’s easy to devour living things! Your daughter will be devoured when she encounters it.”

“Even if you detoxify your daughter, aren’t you afraid of side effects? Aren’t you afraid of backlash?”

Long San and Long Wu laughed.

Qinglong and the others didn’t speak, because they felt that what Long San and the others said made sense.

There is indeed such a danger in this evil approach.

This is the difference from the normal method.

They also felt that Ye Junlin did something wrong.

If Li Ziran and the others are here, I am afraid they will stop them.

This approach is too risky.

Say nothing!

“This is my family’s business, you can’t control it!”

Ye Junlin himself knew that the risk was high.

But he didn’t want to be forced to such a moment.

“I’m going in now to find him to detoxify my daughter, and I won’t get involved in your affairs after that! I don’t care if you want to kill him or even eat him! But now he can’t die, and he wants to treat my daughter!”

“Whoever wants to kill him is blocking my daughter’s detoxification, and has a grudge against me! I must block it!”

Ye Junlin said coldly.

Now that it’s been said, it’s clear.

“Ye Junlin, we understand you! But you have thought about it! Are you actually helping the king of evil beasts by detoxifying your daughter?”

Someone from the Black Sky Alliance asked.

“Help him? What’s wrong?”

Ye Junlin asked in confusion.

Others also cast incomprehensible glances.

“Think about it! You just let the strongest evil gu absorb your daughter’s poison! Now the poison is the nourishment of the strongest evil gu. The stronger the evil gu is when it absorbs the venomous poison! The stronger the corresponding evil gu king will be. Stronger!”

“What’s more, the poison in your daughter is known as the strongest poison, which is the most powerful nutrient for evil gu! It can even be said that it can directly push this evil gu to the limit! When the time comes, the king of evil gu will rely on This strongest evil Gu, who can be his opponent?”

“Don’t say that we are here, even if there are ten times more, it is not an opponent! The gods have no power to parry!”

...

As soon as this person’s analysis came out, the audience fell silent.

Even Ye Junlin didn’t think of this.

After sucking Junjun’s poison, this strongest evil gu will be powerful.

“By the way, I heard that the King of Evil Gu’s strongest poisonous gu is about to reach its limit! This poisonous gu that he has refined since childhood is about to be completed!”

“When you detoxify your daughter now, you are giving him an assist! Once his poison is completely perfected! He will no longer be invincible! Who can destroy him then? The whole summer will suffer, everyone will Become the food for his poisonous Gu!”

“As long as you take your daughter to detoxify now, you are helping him!”
