

Chapter: 3043

After finally Junjun improved, Ye Junlin wanted to check the specific situation of Junjun.

As a result, the idiot was laughing and talking nonsense next to him.

Come up with something shattering.

To Ye Junlin, it's just noise!

I'm so bored!

Therefore, Ye Junlin went up and gave him a slap in the face!

However, the slap of the King of Evil Gu was stunned.

A moment ago, he was still saying that he was invincible and dominated everything.

After a second, he was slapped fiercely.

He didn't respond, didn't even notice.

its not right!

How strong is he now, how could he be?

Where is the problem!

Something doesn't seem right!

In front of him stood Ye Junlin, looking at him.

"Thank you for detoxifying my daughter, although half of it is detoxified! But for me, it is detoxification! Thank you again!"

Ye Junlin was actually thanking the King of Evil Gus.

This made the King of Evil Gu even more confused.

Mainly he was still reminiscing about that slap thing.

Isn't he invincible?

What happened to the slap just now?

"But every yard is a yard! You helped me, I thank you, and we are even. But you are a scourge, hurting so many innocent lives, then I will kill you, do you have any opinion?"

Ye Junlin looked at him seriously.

In fact, Ye Junlin wanted to kill him from the very beginning when he heard the information about the King of Evil Gus.

Just don't speak.

When he first came here, seeing him refining Gu with a living person, he became more and more annoyed, and he already had the intention to kill.

Just have to wait until Jun Jun detoxifies.

Now that the goal has been achieved, he doesn't have to hold back.

It just so happened that this idiot was laughing and noisy, which angered Ye Junlin.

"Ah? What did you say?"

It was only at this time that the King of Evil Gu slowly regained his senses.

He was indeed beaten.

It seems to be Ye Junlin in front of him.

Hearing what Ye Junlin was saying again, he asked subconsciously.

"kill you!!!"

Ye Junlin said seriously.

"What? Kill me? Hahahaha..."

The King of Evil Gu began to laugh: "I have nothing in the world... Boom..."

But as soon as his words came out, Ye Junlin smashed with a violent punch.

The body of the King of Evil Gu exploded instantly, fell apart, and exploded into a cloud of blood.

Ye Junlin's terrifying power was still spreading, and the blood mist disappeared instantly.

And the poisonous Gu that escaped was directly smashed by Ye Junlin.

He will not give the king of evil gu the slightest chance.

How can you live with a calamity that has done many evils?

see one kill one!

"I said thanks to you, we don't owe each other!"

Ye Junlin said.

Immediately, he hugged Junjun and left.

Outside.

When I saw Ye Junlin and several people came out.

Everyone looked surprised.

The king of evil gu has become the strongest evil gu, how can Ye Junlin and the others survive?

Impossible!

Everyone was puzzled!

"Boss, has Junjun's poison been cured?"

Everyone is concerned about Junjun's detoxification.

Ye Junlin shook his head helplessly: "The poison in Junjun is too domineering, even the strongest evil gu can only absorb half of the poison at most, and it can't bear any more!"

"But for me, this is already a big surprise! It's a miracle! The road ahead is easy!"

"Really? That's really nice!"

The crowd also showed joy.

Some time ago, they actually followed Li Ziran to detoxify Junjun.

Now that it has worked out, everyone is excited.

"Fortunately for you, next they want to trouble you, come to me directly, I will call the shots for you!"

Ye Junlin said.

"Okay, understand!"

Although people are confused.

But Ye Junlin looked like he didn't care about the gods at all, which made them admire them very much.

I think Ye Junlin really has this strength.
