

# Chapter: 3049

The head of the Black Sky Alliance glanced at it and said with a sneer.

They're just naked threats.

"Although there are no definite gods among us, there are sixty-seven people who may have the power to fight with gods! In a short period of time, they are gods! There are hundreds of people who are close to gods, and the others have experienced hundreds of battles. The master!"

"Are you sure how many people can stop it?"

They sneered.

"Who said there were only a few of us?"

Ye Junlin asked back.

"Ok?"

This made everyone stunned.

Then everyone laughed.

"Are you waiting for the gods related to you by the Tenjin Division?"

Don't worry, even if you die today, they won't come!"

"Yes, they can't come no matter what, and they won't know about it!"

"When they know, we've robbed you of all your resources!"

...

Everyone looked confident.

In everyone's opinion, Ye Junlin was waiting for Qinglong and the others.

Apart from these people, he has no support.

What's more, this is in Daxia, and those foreign helpers can't come.

"Huh? What happened to them?"

This made Ye Junlin not think of it.

Of course, he won't think about anything because of these minions.

Never thought they were not there.

It seems that these people have prepared a lot in order to move themselves.

"Of course they were taken away, and now they are on the edge of the northern border! I can't take care of you!"

"Ye Junlin, give up! They won't have anyone to save you!"

"The only one who can save you now is yourself! As long as you hand over all your resources, it will be fine!"

"What's more, aren't your resources endless? Send a little and you'll have them again soon! Wouldn't it be better to save your life?"

...

Several heads of these forces said.

But it makes sense.

Ye Junlin's resources are just like Chinese cabbage, there are as many as you want.

To him, resources seem to be the least valuable.

Wouldn't it be better to trade your life for the least important thing?"

At this time, Junjun was also alarmed and walked out.

After seeing Ye Junlin, he smiled and said, "Junjun go back and continue to play, it's alright!"

After Junjun listened, he turned and left, and continued to play.

It doesn't seem to worry at all.

This made everyone's heart skip a beat.

It seems that they don't care about them at all.

"Ye Junlin, your backers will not come, we will give you a few seconds to think about it!"

"If you don't agree, don't blame us for doing it yourself! Let's see if you can stop it?"

"Everyone is ready..."

These forces are all ready to attack at any time.

They already have the scene of dividing up resources in their minds.

As for Ye Junlin who was standing in front of them, they didn't care at all.

At this moment, Ye Junlin said lightly, "Who said I was referring to them?"

The words are not surprising and die endlessly.

Ye Junlin's simple words came out.

All the people who were going to attack stopped abruptly.

Not them?

Anyone else?

But Ye Junlin's backer in Daxia is the God of God, right?

All the words of the gods have been compiled into the Tenjin Division!

There is no god in Daxia to help Ye Junlin!

How could there be anyone else?

impossible!

Have no idea!

Where are the others!

Everyone looked at Ye Junlin suspiciously.

The hall master of the Bloody Hand Hall shouted: "Ye Junlin, don't try to delay time! No one will come to save you! Give it up! No matter how much time you delay, it's useless!"

"Oh, it turns out to be delaying time, I really thought someone was there?"

"Hahaha... Ye Junlin's procrastination is really useless, because there is no one at all."

...

Everyone reacted.

Everyone is saying that Ye Junlin is procrastinating.

But Ye Junlin smiled: "All come out? People say I'm procrastinating!"
