

Chapter: 3052

“You’re not a good thing, either. Burning, killing, looting, and doing all kinds of evil! Just during this period of time, the lives you coaxed out of killing people are no worse than the king of evil gullibles?”

“Yes, in fact, this group of people are a group of scourges who kill without blinking an eye! All of them are virtuous pretending to be gentlemen!”

“Today, let’s get rid of harm for the people!”

...

Jiao Tianyu and the others said.

The Huoyun Evil God stood at the front and said coldly: “Brothers, I have wrapped up these people today. They are all mine!”

But as soon as these words came out, the others did not agree.

“That won’t work! Everyone must have a share!”

“kill!”

...

Next, Jiao Tianyu’s 80 people and Huoyun Evil God attacked in an all-round way.

The hiring organizations surrounding the Black Sky Alliance behind them did not directly act.

However, they were guarding the rear, and if anyone ran, they would kill.

A completely crushing and hanging battle began.

All kinds of mourning sounded here.

Ye Junlin, who was sleeping, shouted impatiently, “Fuck me, hurry up, it’s so noisy! Hurry up and fix it.”

“okay!”

Everyone who received the signal accelerated their speed.

Don’t give this group a chance to react.

Just a minute.

These forces of the Black Sky Alliance, no one is standing.

All killed!

These scumbags don’t deserve to survive!

So this is what Ye Junlin allowed!

The main combat power of this “massacre” is still the Huoyun Evil God and Jiao Tianyu.

The hiring organizations outside were just watching.

But they were frightened by Jiao Tianyu’s terrified fighting power.

too strong!

Not even the strongest doomsday mercenary organization!

Can’t beat it at all.

It took a little more time to clean up everyone.

Everything is clean.

As if they never came.

The Evil God of Fire Cloud came to Ye Junlin to reminisce.

“Old evil grows very fast!”

Ye Junlin smiled.

“I have to continue to work hard. Compared with you, I’m almost 108,000 miles away!”

Standing in front of Ye Junlin, Huoyun Evil God felt as small as a speck of dust.

“If I don’t do it, you will be invincible!”

Ye Junlin joked.

It can be seen that because Jun Jun has solved half of the poison, he is in a good mood.

Otherwise, there would be no time to joke around with the Evil God of Fire Cloud.

That is impossible.

“Junjun’s poison is about to be solved. It’s much easier now than before. You have released a reward order again, and I believe someone will provide a solution soon!”

Fire Cloud Evil God glanced at Jun Jun.

But at this moment, God’s Brain said: “The situation is not good!”

Everyone looked over and asked, “What’s wrong?”

“It’s not because of the bounty! There are many people who want to come to trade, but they are all killed! That’s why we haven’t received trade requests from others until now!”

said the brain of God.

Not wrong.

It’s been a while since they released a bounty.

But so far no one really came.

Doctor Dark and they are still strange.

Someone had stopped it before, but at least someone came.

What’s the situation now?

No one came.

“Hydra has just released a message – anyone who wants to detoxify Junjun and receive a reward order will be killed without mercy!!!

The Zhanxiong National team sent 800 gods to snipe all over the world!

Anyone who dares to accept the bounty will be killed! Too many people have died so far, and no one dares to come! ”

The Brain of God has a terrific message.

“Obviously, Hydra started desperately to stop Junjun from detoxifying! Zhanxiong Nation is also a strong support! No matter the cost! Sending eight gods will explain everything!”

Doctor Dark sighed.

“Damn, are Hydra and War Bear Country courting death?”

When they heard this, they all refused.
