

Chapter: 3054

Then they will all be witnesses.

I heard that the War Bear Kingdom is now accumulating a lot of gods.

With abundant resources and the method of Hydra, Gods are being created like crazy.

Now they feel that the more gods in the War Bear Kingdom, the better!

Otherwise, Ye Junlin is really not enough to kill!

The best tens of thousands of gods!

They would love to see this scene!

“But these guys are really arrogant now! They’re talking ruthlessly! No matter who detoxifies Junjun, they will die! Even if the sun never sets, the Apocalypse Empire is at this level, they will stop it!”

God’s brain is very depressed.

Although their end was foreseen.

Ye Junlin will come to the door sooner or later.

But now they dance too much.

Disliked.

Everyone is going to be pissed.

“Damn, watching them dance, I’m so angry!”

Jiao Tianyu clenched their fists.

Are going to blow up.

“Mr. Ye, am I just letting it go? Junjun’s poison will eventually be solved. Now that they are blocking it like this, Junjun has no hope of detoxification.”

asked the Dark Doctor.

“Of course not! You still need to keep an eye on it! Since many people can’t accept the reward order, then can’t we just send the reward order to the door of these people?”

Ye Junlin said.

“Ok, I see!”

The Dark Doctor nodded.

“Of course, everything that follows needs your help! It’s time for Lao Xie to use you!”

Ye Junlin said to Huoyun Evil God.

The Huoyun Evil God is now strong and can handle anything.

Of course, Wen Lei and his sister Zhou Nanyan also practiced his basic exercises.

These two are probably close to success.

“No problem! Looking for someone, right? Leave this to me!”

Fire Cloud Evil God immediately agreed.

“Lao Xie, you are responsible for checking what force behind Yan Zangsheng is controlling him, right? Also check his magic medicine. As long as you get his magic medicine that is comparable to the 100,000-year-old snow lotus, Junjun’s poison is absolutely complete. Release!”

Ye Junlin arranged a task for Huoyun Evil God.

Everyone has been checking, but to no avail.

Ye Junlin wanted to let the more powerful Huoyun Evil God go to investigate.

Is it better?

“You also need to help me, check out the mysterious forces of the sniper and bounty orders! You are more powerful in this regard!”

Ye Junlin said to these employment organizations.

Their intelligence is absolutely fierce, and they can know that anything changes.

This is the real reason why Ye Junlin used them.

They are probably a little easier to find than people like Jiao Tianyu.

After assigning the tasks, everyone started to act.

Ye Junlin finally waited for this moment.

...

After the forces of the Black Sky Alliance were wiped out, the people in the Tianshen Division quickly received the message.

“Ye Junlin, you are so insidious, there are even recruits, and the hiring organization is waiting!”

Someone from Tenjinji roared.

Originally, he took away all the Heavenly God Guards, just to let the Heitian League start to annex Ye Junlin’s resources, and he gave a hard share.

Well calculated, he was waiting.

The result is waiting for this result.

“Ye Junlin shouldn’t know that I was exposed, right? I heard that these people from the Heitian League were instantly eliminated. There shouldn’t be time to confess me? If Ye Junlin knew it was me, he would never let it go. mine!”

The man was a little flustered, praying that he would not be exposed.

However, the news from Ye Junlin came quickly.

The information that he was hiding resources in the old lair of the King of Evil Gus was leaked by someone.

Only the Tenjin Division knows about this location, because only Tenjin Division has sent someone to get the resources before.

“Okay, find him out!”

Ye Junlin said simply and clearly.

Too many people jumped in front of him.

There are too few people on the same front as him, all of them are enemies.

wrong!

There are others on the same front as him!
