

Chapter: 3057

After all, he is stronger.

This shocked Yan Zangsheng.

But still a step too late.

People moved the magic medicine one step ahead of time.

But Fire Cloud Heretic God has such an effect, which is still surprising.

Afterwards, Huoyun Evil God discovered their people one after another.

Almost tore out this mysterious force.

It is estimated that this force is also forced and helpless.

It was announced that an “auction” would be held on an unnamed island in the East China Sea of Daxia.

The content is to auction the magic medicine of Yan Zangsheng, a genius doctor.

When the news came out, it was shocking.

The Huoyun Evil God looked at Ye Junlin and was a little scared.

Because Ye Junlin’s face was calm, he was the most terrifying.

“Did they choose to expose themselves? Wouldn’t they reveal their identities?”

someone said.

“Will not!”

“It’s impossible for them to appear by themselves, just entrust a force to auction it for them!”

“They expected that I would definitely go, and the Hydra that stopped me would be involved!

It is estimated that I want to watch the magic medicine be auctioned away by others, disgusting me? ”

Ye Junlin said.

“Yes, it must be so!”

“The more it is like this, the more we have to go! We must also take back the magic medicine! And if all parties act, it will be good for us!”

“We can discover their identities! They will definitely leave clues!”

Everyone said.

Ye Junlin nodded: “Okay, then I’ll go there in person!”

The other party did this to humiliate Ye Junlin.

But this is also tantamount to active exposure.

No matter how secretive it is, if it is actively exposed, it is still easy to be found.

Not wrong.

This is the mysterious force that controls Yan Zangsheng, after being repeatedly found clues by Huoyun Evil God.

Even the magic medicine was almost taken away.

They couldn’t sit still.

If this continues, they will be exposed, and the magic medicine will be discovered.

Might as well come to disgust Ye Junlin.

That’s why they have to come up with an auction specifically to auction this magical medicine.

Daxia’s genius doctor is now known to the whole world.

And he has a magic medicine that is really comparable to the 100,000-year-old snow lotus, which is also known by everyone.

Although everyone has a heart, they are powerless.

Can’t find it at all!

Now that the news came out, the whole world was shocked.

Those who have ideas about this magic medicine, go one by one.

And the major forces targeting Ye Junlin also understand that this magical medicine auction must be aimed at Ye Junlin.

Once Ye Junlin gets the magic medicine, Junjun’s poison will definitely be solved.

Therefore, they want to prevent Ye Junlin from getting this magical medicine.

whatever the cost.

They must stop!

Hydra immediately dispatched people to auction this magical medicine.

The organization of the revenge Hydra immediately dispatched people after hearing it.

And the reason for them to appease those who only want revenge is very simple – this time Hydra will definitely send someone.

At that time, they can easily kill a few people to take revenge and relieve everyone’s hatred.

As soon as they heard of seeking revenge for Hydra, which group naturally voted in favor of it.

On an unknown island in the East Sea of Daxia, there are already hundreds of strong men wearing masks.

No one knew their identities, and no one knew whether they were the mysterious force that controlled Yan Zangsheng.

Most people guessed that this group of people was entrusted to hold this auction specially.

And the magic medicine of the magic doctor, which is comparable to the 100,000-year-old snow lotus, was placed in a trap box.

If the box is forcibly touched and taken away, the mechanism program will be activated, and the magic medicine will be locked.

It won’t open!

If the trap box is forcibly opened, then this magical medicine will self-destruct, and no one can imagine it.
