

# Chapter: 3063

“The last auction item, I don’t need to introduce too much, right?”

“But everyone, don’t be mean, this box has no key, it can’t be opened! And this lock is the ancient secret lock of Daxia, it’s not just memorizing a few passwords! Someone has to open it for you!”

“So even if you grab the box, it’s useless. Someone must open the secret lock!”

...

When the person in charge said this, the audience was shocked.

It turned out that it was not just a problem of opening.

It’s still a lock issue.

Ye Junlin and Ning Jinye looked at each other.

Sure enough, it was the secret lock that Ning Jinye said.

It is more certain that they are the forces of Daxia.

The person in charge glanced at everyone and said, “Then let’s start! The starting price is one thousand high-quality aura crystals! But...”

His words changed, causing everyone in the field to be shocked.

All look at him.

Will something else happen?

“What’s wrong?”

Everyone looked at him suspiciously.

Suddenly, the person in charge’s eyes fell on Ye Junlin.

“The last item to be auctioned, Ye Junlin of Daxia and his related personnel cannot be auctioned!!!”

The words are not astonishing, and the whole audience is shocked when these words come out.

“What? Ye Junlin can’t participate in the auction?”

“Hahahaha... Ye Junlin can’t participate in the auction? I’m dying of laughter!”

“It’s really a good decision. Let Ye Junlin come, but let him participate in the auction. You can only watch it! Ye Junlin is so angry!”

...

After the decision was announced, many people laughed directly on the spot.

Both Hydra and the revenge Hydra laughed.

Couldn’t hold back at all.

It doesn’t require them to take action at all, right?

There are too many people targeting Ye Junlin.

It’s all about him.

Even this auction was deliberately aimed at him.

Ye Junlin was not allowed to participate in the auction directly.

It is to deliberately auction the magic medicine, which is his daughter’s hope, to others in front of him.

Let him watch helplessly, but can’t participate.

This is the most vicious way!

Even if Ye Junlin grabbed the box directly, it was of no use.

This is the sky lock.

Can’t open it at all!

Every aspect was thought of.

Even if Ye Junlin participates in the auction, he may not be able to bid.

But now it is impossible to participate at all.

The Hydra people feel that it is okay for them not to come.

Now it’s time to watch a play.

See Ye Junlin’s joke.

When Ye Junlin and a few people around him heard this.

Several people’s faces changed obviously, and there was a hint of anger on their faces.

However, this was actually what he expected.

This mysterious force held an auction for no reason, to deal with this magical medicine.

It was obviously aimed at him, Ye Junlin.

But it’s been so long.

The other party didn’t make any movement towards him at all.

Ye Junlin has been waiting for their action.

Sure enough.

I never thought that I would not let myself participate in the auction, and then watch the magic medicine be auctioned away by others.

Watching Junjun’s hope slip away.

That’s what hurts the most.

The so-called murder.

That’s it now!

But Jiao Tianyu, Ning Jinye and the others were going to explode.

“Why? Why not let us participate in the auction!”

“We have all the resources you want! Why can’t we?”

“Give us a statement! A reasonable statement!”

They quit.

Ask the person in charge of the auction to give an explanation.

Doctor Dark also sneered: “There are so many people present, why are they targeting us? Isn’t that reasonable?”

Many passersby also began to ask: “Yes, this is not common sense. Can you give a reason to convince everyone?”

The person in charge of the auction glanced at everyone and said,

“Okay, then I’ll give you a reason, why not let Ye Junlin and related people bid on ginseng!”
