

Chapter: 3064

“Everyone should know that this magical medicine is the most precious thing of Mr. Yan Zangsheng, the great summer doctor, right?”

the person in charge asked.

Everyone nodded.

Everyone has heard of this.

“Have you all heard that Daxia’s genius doctor is determined not to detoxify Ye Junlin’s daughter?”

Da Xia nodded frantically again.

“Well, so, in fact, all the auction items today are actually entrusted to us by the genius doctor! The decision is actually in his hands!”

“It was he who told me a thousand times! I will never let Ye Junlin participate in the auction of this magical medicine! We have no choice! We want to treat everyone equally, but...there is no way, the magical doctor is the decision maker!”

...

insidious!

So insidious!

Ye Junlin was about to laugh.

Why didn’t Yan Zangsheng detoxify his daughter? Do you have any points in your heart?

Isn’t it because you controlled him, against yourself?

Now it turned around and poured dirty water on Yan Zangsheng.

Absolutely.

“Good! What a good reason!”

“Crack, crack, crack...”

Ye Junlin applauded.

Next, Hydra and people from all major forces got up and said, “Ye Junlin has a good reason for this!”

“People are the auctioneer, whoever wants to be auctioned will be auctioned!”

“What’s more, everything is provided by other people’s genius doctors, and whoever does not want to get them will let the genius doctors get them!”

“And the genius doctor isn’t completely targeting you. The first nine auction items let you participate in the auction, and you still auctioned the ninth item. Are you satisfied? You!”

...

Others agree that this is a good reason.

Give it to whoever they want.

“Haha, good, really good!”

Ye Junlin smiled.

Hydra directly warned: “Ye Junlin, don’t have other ideas, don’t think about grabbing it directly!”

“Yes, even if you grab it, you won’t open the secret lock!”

“Hahaha, you can only watch the magic medicine being auctioned off by others! Your daughter’s poison will never be cured!”

...

Ye Junlin sneered at the person who looked at Hydra: “Well, well, my daughter’s poison can’t be solved, but I want to see, how long can you stop it?”

Ye Junlin is not bad at this time.

Junjun is almost ready.

It’s not too late to kill Hydra again.

Hydra is actually quite timid.

Afraid of accident, as a result, up to now, a leader has not dared to come.

A few scumbags were sent.

“Huh? Right! Heavenly Secret Lock?”

Ye Junlin seemed to be reminded, he turned his head to look at Ning Jinye, and asked in a low voice, “Is there anyone you know who can open the secret lock?”

“I have to try it out, I know one person might be able to! The secret lock and trap box mentioned by my grandfather are related to this person!”

Ning Jinye said.

There is still hope.

For Ye Junlin, it is good to have hope.

It doesn’t matter if you can’t open it.

At least it’s better than others to take the magic medicine away directly, right?

“Since it is possible to find the one who opened the secret lock, then grab him!”

“Look at their performance first, and then we’ll grab it!”

Ye Junlin decided to grab it.

This is what no one thought of.

Never thought of a secret lock to remind Ye Junlin.

And the people next to him know about the secret lock.

Isn’t this a coincidence?

“Let Lao Xie stare at the box, and act directly if there is a situation!”

Ye Junlin instructed.

Ye Junlin also did not leave, but to see their auction.

At this time, the dark doctor seemed to have heard some news, and leaned into Ye Junlin’s ear: “Just now, the Sun Never Sets Empire, Underworld God, and various employment organizations sent a message, and found a group of forces against you!”

Ye Junlin smiled: “Oh? The speed is not slow! They are still exposed!”

Doctor Dark looked around and said, “There is a group of forces in this game that you may not have thought of!”
