

Chapter: 3065

When Doctor Dark first heard this result, he was also incredulous.

how could be?

How could it be them?

“Ok?”

Ye Junlin frowned, thinking of something, and said suspiciously: “Is it the group of people who avenged Hydra?”

Impossible to think of.

Ye Junlin didn’t know why, but this group of people rushed out of his mind.

Since the establishment of this group of people, they have never seriously avenged Hydra?

Didn’t kill one at all!

Wouldn’t it be better for him to kill more?

So what’s the point of you forming this organization?

Isn’t it just revenge?

You said how and how to take revenge, calling yourself cowards and not daring to take revenge on Hydra.

How awesome are yourselves!

As a result, you yourself do not seek revenge at all.

But still thinking about his resources.

At that time, Ye Junlin realized that the nature of this organization was not that simple.

This is two different things from accumulating strength and forbearance for revenge.

Some organizers are doing their own thing. To develop this organization for selfish desires.

So far there has been no successful assassination.

That’s what he guessed.

It’s because of the silence.

So Ye Junlin remembered it and asked what they were doing.

Now the dark doctor said that unexpected forces were the first to appear.

A strange color flashed in the dark doctor’s eyes and nodded: “Yes, that’s right! It’s them!!!”

“call!”

Ye Junlin took a deep breath.

no surprise.

Not as expected.

It is estimated that I have so many resources in my hand, and I have not joined them yet.

regarded as their enemy.

He can easily think of the words of the organizers of this organization – if you don’t take revenge on the Hydra, you, Ye Junlin, are our enemy!

We’re going to stop any of your daughter’s detoxification methods.

Not wrong.

This is exactly what Ye Junlin guessed!

Suddenly, the dark doctor became angry: “This group of people is really a bastard! A group of scum! What’s the difference with the Hydra?”

What Ye Junlin realized: “Could it be?”

“That’s right, when the Sun Never Sets Empire sent the blood exchange record, it was actually destroyed by the god killer they sent!”

“When the bounty was issued, they kept blocking and sabotaging them. I don’t know how many people were killed!”

“The recent bounty has made them even more outrageous. Invisibly, they united with Hydra to resolutely stop all those who detoxify Junjun! Killed too many people!”

...

After listening to what the dark doctor said, Ye Junlin took a deep breath.

After checking for so long, it turns out that this group of people is on the same front as him.

This is unexpected.

No matter what, they won’t do one thing with Hydra.

Never thought it was actually what they did.

Ye Junlin just wanted to say one thing – aren’t you also a bloody feud with Hydra?

Bloody feud, what are they doing, can you still help?

Doctor Dark took a deep breath and said, “This organization is very powerful now. More than 100,000 people have joined, and the number of gods is comparable to that of some top powers!”

“And the resources that helped them rise... I’m angry when I say it!”

Doctor Dark stared at Ye Junlin and said, “It’s this group of people who used the 100,000-year-old snow lotus to defraud us of resources!”

“what???”

Ye Junlin almost ran wild.

There were strange glances all around.

The key is that I have never seen Ye Junlin so excited.

However, everyone thought that Ye Junlin might be so excited because he was not allowed to participate in the auction.

Everyone looked back and stopped watching him.

“That’s right, they are the ones who lied to us about our resources! With these resources, they have risen directly!”

Doctor Dark clenched his fists tightly.

Hearing this news made him also very angry.

After all, what they did was so annoying.
