

# Her Wicked Ceo (Abigail and Liam)

## Chapter 521

The next day, Abigail had breakfast at the Swift family.

She was going to go to work.

At this point, she received a call and left in a hurry.

She didn't go to the company.

She called to ask for leave.

[In the detention center.]

Abigail looked at David. "Why did you reject to go to court?"

David frowned. "Why should I do it?"

"You want to be sentenced to death!"

A smile spread across David's face. "Since I have turned myself in, I'm ready for everything. You don't have to do so much for me. I was the one who killed Frank. Even if you go to court for me, the result won't change!"

Abigail smiled. "Really? I'm willing to waste my effort. Are you willing to accept me as your lawyer?" David frowned and looked at her, puzzled.

"We barely know each other. Why are you helping me?" David asked.

"I don't know, but my instincts tell me that I have to do this!"

"You can refuse or reject to cooperate. It's your business. However, this is your life. If you don't cherish it, I can't do anything about it. Even if this case is lost, I have a clear conscience. It's your call!" Abigail said.

David frowned and stared at her.

He was a little confused.

She was different from the Abigail that Olive often mentioned to him!

Or was it because she was shrewd and deep?

"I've got to go. If you think it through, ask someone to call me!" With that, Abigail turned around and left.

David watched her leave, his brows furrowing.

Mr. Lee was waiting outside for her.

“Miss Swift, if he doesn’t cooperate with us, then it’ll be difficult to win the lawsuit!” Mr. Lee said.

Abigail nodded. “I know this case is a little bit tricky, but I believe there’s something fishy with it. You’re great at litigation. You can do it!”

“The point is, he is not cooperative, and what he said is reasonable. He has confessed his crime...”

“Then our objective will be to reduce his sentence. Mr. Lee, I’ll leave this to you. I’ll pay you in full!” Abigail said.

“Miss Swift, this is not about money. I have been working with the Swift Group for years. You are the daughter of the president. I have every reason to help you. Don’t worry. I will do my best!” Mr. Lee said.

Abigail smiled and nodded. “Thank you, Mr. Lee!” “You’re welcome!” “Then I’ll go back to get the documents done!” Mr. Lee said.

Abigail nodded. Mr. Lee was about to leave when Abigail suddenly stopped him. “Mr. Lee, I remember something!”

Mr. Lee turned around. “What is

“The second person’s blood was found at the crime scene. If we can prove that the blood is not David’s, then the chances of winning will be greater, right?” Abigail asked.

## Chapter 522

Hearing this, Mr. Lee nodded and said, "That's right. If you can prove the blood of a second person on the spot doesn't belong to David, it would be better. But he just refused to cooperate with us!"

If David agreed to cooperate with them, then the case would be easier to deal with! Hearing this, Abigail nodded, "I will find a way to prove that the blood of a second person on the spot doesn't belong to him!"

Looking at Abigail's determined look, Mr. Lee frowned and asked, "Miss Swift, actually you don't have to do this for him. I really can't understand why you insist on doing this!"

Hearing what Mr. Lee said, Abigail said with a smile, "To be honest, I don't know why I insist on doing this either. It's an instinct that tells me I have to do this. If I don't do this, maybe he will stay in the prison for the rest of his life!"

"Alas, Miss Swift, there are really not many people like you nowadays!"

Abigail smiled and said, "Anyway, Mr. Lee, sorry to bother you with this!"

"Don't worry. I'll do my best!"

"Then thank you, Mr. Lee!"

Mr. Lee nodded and left after a few polite words.

Abigail stood there and thought about it for a while. After that, she took a deep breath and left as well.

She had been worrying about this case for the past few days, but one day, Abigail received a call and was shocked by what she heard from it.

“What did you say?”

“You should come to the hospital right now. I have a message for you!” Tina said.

Tina’s tone sounded serious, so after Abigail hung up the phone, she went straight away to the hospital.

Tina was waiting for her in the hospital.

“What’s wrong? What happened?” Abigail looked at Tina and asked.

“Didn’t you tell me to keep an eye on Olive? I followed her to the hospital today. Guess what she came here to do!” Tina said mysteriously and in surprise.

“What?”

“She came here to have an abortion!”

Hearing this, Abigail was shocked!

“You said...”

Tina nodded, “You told me that day I should keep an eye on Olive to see what she would do on the ninth day, so I followed her early in the morning. I didn’t expect that she would come here and make an appointment with a doctor to have an abortion!” Abigail was shocked.

If Olive came to the hospital to have an abortion, whose child was it?

“Has she finished it?”

“She’s in the operating room now. I called you as soon as she went inside!” Tina said.

“Well, after she leaves, let’s go in and ask!” Abigail said.

Tina nodded.

“It will take only a few minutes. She’ll come out soon!” Tina said.

Abigail turned to look at Tina and asked, “Why do you know how long the abortion will take?”

“The painless abortion surgery will all take only a few minutes. Such advertisements can be seen everywhere on the streets!”

Abigail was speechless.

Well, she had heard of it too. She was just surprised why Tina knew it so well! The two of them sat in Tina’s car and waited.

Sure enough, not long after, Olive came out of the hospital with a pair of sunglasses on her face which covered half of her face.

She held her bag with one hand and covered her belly with the other hand, and she looked a little painful.

After coming out, she got into a car and left.

After Olive left, Tina and Abigail got out of the car.

“Let’s go in and take a look!” Abigail said.

Tina nodded.

“How do you know what she came here to do?”

“Just find a nurse to ask and you’ll know!” Tina said.

Hearing this, Abigail turned to look at Tina with the corners of her mouth turned up, “You are so smart!”  
“You bet!”

As they talked with each other, they walked in.

## **Chapter 523**

When they reached the door, Abigail grabbed Tina to stop her.

“What’s wrong?” Tina looked at Abigail and asked.

“This is a private hospital. Olive chose to come to this hospital because private hospitals usually keep patients’ affairs confidential, so the staff here probably won’t tell us the fact!” Abigail said.

Hearing this, Tina nodded and looked at Abigail, "What do you think shall we do?"

After Abigail thought about it for a while, she looked at Tina and then leaned over to say something in her ear.

Hearing what she said, Tina smiled.

"Okay, let's do it in this way!"

Abigail nodded.

So, Tina thought for a while to get herself prepared emotionally, and then the two of them went straight to the doctor's office.

"Doctor..." When she saw the doctor, Tina was ready to cry. But when she saw who the person was, she was suddenly surprised.

"Auntie Lee!"

"Tina?"

The two of them looked at each other.

Abigail was surprised. She paused and then looked at Tina, "Do you know the doctor?" Tina smiled and said, "This is my neighbor, and she has watched me grow up since I was a kid!" The doctor looked at them kindly, especially Tina, who she was overjoyed. "Yes, but I haven't seen you since I moved!" she said.

“Auntie Lee, I’m sorry. I’ve been busy with my own affairs outside for so many years and had no spare time to visit you, but I miss you so much!”

“I miss you too!”

The two of them became extremely intimate to each other as soon as they met.

Abigail stood there and watched them talking, with the corners of her mouth slightly raised.

“By the way, what do you come here for?” The doctor came back to her senses and looked at them.

Hearing this, Tina remembered that there was something important for them to do!

She looked at “Auntie Lee and smiled, “Auntie Lee, we have something to ask you for help!”

“What’s the matter?” “Auntie Lee looked at them with big and bright eyes.

“Well, did someone named Olive Miller have an abortion here and leave just now?” Tina asked.

Nanny Lee nodded, “Yes, how did you know about that?”

Seeing “Auntie Lee nod, Tina glanced at Abigail and smiled.

It seemed that they have found the right place!

“Well, we’re here to ask about her health condition, such as how long she has been pregnant? And, could you please give me the copy of the consent paper of her abortion!” Tina said.

“Why do you want that?” Tina couldn’t tell her the truth, so she just looked at the doctor and said, “Auntie Lee, we really need it. Please do us a favor!” “Auntie Lee shook her head, “No, our hospital has a rule that patients’ cases can’t be leaked out!”

“Auntie Lee!” Tina reached out and held Nanny Lee’s hand.

“Auntie Lee smiled but said helplessly, “Tina, I really can’t help you to do this!”

“But...”

“Tina, don’t make things difficult for Nanny Lee!” Just as Tina was about to say something, Abigail interrupted her.

Then Abigail looked at Nanny Lee and asked, “Auntie Lee, could you please tell me how long Olive has been pregnant?” “Well...”

“Auntie Lee!” Tina began to plead again.

“Auntie Lee thought for a moment and said, “Okay, but you are not allowed to do anything wrong with that!”

“We won’t absolutely!” Tina said with a smile.

“Auntie Lee smiled and answered, “She has been pregnant for more than two weeks!”

More than two weeks?

Hearing this, Abigail nodded, “Well, thank you, “Auntie Lee!”

“You’re welcome!”

Just then, Tina suddenly covered her stomach and uttered, “Ah...”

## **Chapter 524**

Abigail frowned. “What’s wrong? Tina?”

“I have severe pain in my abdomen.” Tina covered her belly and said. Nanny Lee saw this and quickly walked up. “What’s wrong? Why could that happen?”

“I don’t know either, “Auntie Lee. It hurts so much.”

“Let’s go. I’ll take you to see a doctor!” As she spoke, “Auntie Lee was about to pull Tina away.

Abigail was about to leave too, but Tina suddenly reached out and pinched her.

Abigail looked down at her. At this moment, Tina gave her a look, and Abigail immediately got her meaning.

She nodded at Tina quietly.

“Auntie Lee, it hurts so much,” Tina shouted as “Auntie Lee helped her out.

Abigail stood there and couldn't help but laugh.

Only Tina could do this.

Seeing that they had walked out, Abigail immediately flipped through the files on her desk. Coincidentally, Olive just had an abortion, and the consent form was placed on it. Abigail originally wanted to take it away after seeing it, but she was afraid that Nanny Lee would take the responsibility, so she took out her cell phone, turned on the camera, and took a picture.

After it, Abigail put the document back in its original position and went out.

She looked everywhere for Tina.

Soon she saw Tina pestering Nanny Lee, saying that she had a stomachache.

Her expression looked so real.

Abigail smiled and immediately walked over. “Tina...”

“Abi...” Tina looked at her and cried in pain.

At this moment, Abigail looked at “Auntie Lee. “Auntie Lee, you're so busy. Let me take her to see the doctor!”

“But...” “Auntie Lee hesitated and looked at Tina worriedly.

“When I came over just now, I saw someone looking for you. You go ahead. I’ll take her to the doctor. Don’t worry, it’ll be fine!” Abigail smiled a little.

Nanny Lee looked at Tina worriedly, but Tina nodded too. “Yes, “Auntie Lee, you can go ahead. Abi will stay with me!” “Well, I’ll see you later!” “Auntie Lee said.

Tina nodded eagerly. “Okay. I don’t seem to hurt that much!”

“Auntie Lee nodded and left quickly.

Tina immediately stood up and looked at Abigail. “How was it? Did you get it?”

Abigail shook her head.

“Ah? How could this be? Why didn’t you find it?” Tina asked. Her hard work got no results at last.

Looking at her, Abigail smiled. “I found it, but I didn’t take it out!”

“Why not?”

“I was afraid that Nanny Lee would be suspicious if I took it away. After all, this is a private hospital. I was also afraid that “Auntie Lee would take the responsibility, so I secretly took a photo. We can print it out when we are outside!” Abigail said.

Hearing this, Tina smiled. “You’re so smart!” “Okay, let’s talk about it outside!”

“Yes!”

Tina nodded and the two of them left.

When "Auntie Lee turned back to the office, she froze a moment and figured out what had happened. She smiled and shook her head.

## **Chapter 525**

[Outside the hospital.]

Abigail got into the car with Tina and pondered, holding the printed consent.

Tina looked at it and asked, "Whose baby do you think it is?"

Abigail shook her head. "How do I know? She's only 2 weeks pregnant."

Tina blinked and suddenly remembered something. "Could it be Liam's baby?" Abigail turned to look at Tina.

Tina realized what she had said. "No, it can't be. I took a wild guess!"

"It makes sense theoretically, but it's not impossible!"

"Why?"

“Because Liam and I were in hospital after I was saved by him, so it was impossible!” “If the baby is Liam’s, instead of aborting it, she would protect it like a treasure because it will help her marry into the Jones family!” Abigail said.

Tina nodded. “Good point. You are so rational!”

Abigail smiled. Actually, if it was more than two weeks, she wouldn’t be so sure.

“Whose baby could it be then?” Tina asked again.

Abigail shook her head. “I don’t know, but I have a feeling that this is important!” Tina nodded. Both of them were lost in thought.

“Wait. I remember!” Tina suddenly said.

“What?” Abigail jerked her head, staring at Tina.

“It must be that man!”

“Who?”

“The man who went to jail for her. David or something?” Tina said.

Abigail frowned. “Why do you think so?”

“The reporter who has been following Olive took pictures of her and that man. Now that I think about it, it was about two weeks ago!” Tina said.

A frown creased Abigail's forehead. "You mean, David bore the blame for Olive because of the baby?" "It's possible!" Tina said.

Abigail narrowed her eyes. "In that case, it all adds up!"

"Whether it's true or not, we can sound her out. We won't lose anything anyway!" Tina said.

Abigail nodded. "I agree!"

"That's settled then. I'll go to the detention center. You go back to work. I'll call you when I know more!" Abigail said.

"Don't you need me to take you there?"

"No, in my opinion, the detention center might bring bad luck. Your store is about to open, so you'd better not go there!" Abigail said.

A smile burst across Tina's face. "Okay then. Call me if you need anything. I really want to know if our guess is right!" She was very curious now.

Abigail nodded, pushed open the door, and got out.

Watching Abigail take a cab, Tina drove away, afraid that someone would see her. "Auntie Lee, I'm really sorry for you!" she thought.

Abigail went to the detention center for David!

David was calm to see her. "Don't bother trying. I won't agree!" A smile touched the corners of Abigail's mouth.

"Why are you smiling?" David asked.

"I'm wondering how it feels to be a scapegoat!" Abigail said.

David froze for an instant. He felt that the woman in front of him might have known a lot of things, but he didn't know exactly what she knew.

## **Chapter 526**

"Do you like Olive?" Abigail asked.

David looked at her and said, "It's none of your business."

"I want to know whether you took the blame for her because you loved her, or because of the child in her belly!" Abigail said coldly.

If it was because of love, she had nothing to say, but if it was because of the child...

David was shocked and looked at Abigail in disbelief.

"Are you the father?" She continued.

"It has nothing to do with you!" David said coldly.

"Of course, it has nothing to do with me. I just want to tell you that if you are doing this for the child, I can tell you a piece of news!"

David looked at Abigail. Although he didn't say anything, his expression had betrayed him!

"Do you want to know it?" Abigail looked at him and asked, tantalizing him deliberately.

David was silent and looked straight at Abigail with his dark eyes.

"Maybe it's a little cruel, but I have to tell you that she had an abortion!" Abigail said.

"What?" David opened his eyes wide and looked at Abigail as if he was eager to know the reason.

His reaction made Abigail more certain that he had something to do with this.

"She went to the hospital today for an abortion!" Abigail said.

If the child was really David's, it would be a little cruel to tell him this.

However, Olive was the crueler one.

The man who took the rap for her and got imprisoned and the child were both innocent. She could even abort the baby so decisively!

Abigail really had no idea what kind of person Olive was!

David stood there in disbelief. After pausing for a while, he said, "Do you think I will believe you in that?"

"I knew you wouldn't, so I brought you a document!" Abigail took out the printed photos.

"It's a private hospital. It's not convenient to take the original copy, so I took this photo with my phone and printed it out. Believe it or not!"

Looking at the abortion consent document in Abigail's hand, David saw the two words written on it!

Olive Miller!

At that moment, David was totally shocked.

His hands were even trembling.

He knew that there was no need for Abigail to lie to him about this!

"David, your life belongs to yourself, and you're the one who can decide your own destiny. I'm not asking you to testify against her, but do you think it's really worth it?"

"This is the last time I come to talk about this with you. If you refuse again, you'll be the culprit of this, and I will never interfere!" Abigail looked at David and said word by word.

However, David looked at the document in disbelief.

Abigail saw him and couldn't bear it. After thinking for a while, she turned around and walked out.

After leaving the hoosgow, Abigail did not take a taxi but walked slowly on the road.

In fact, she could not tell why she wanted to help David.

But she knew that she didn't just want him to testify against Olive.

Perhaps the first time Abigail saw David, she felt as if she had seen herself.

When she knew that he was an orphan, she was deeply grieved and was determined to help him...

Thinking of this, Abigail took a deep breath.

No matter what the result would be, she had tried her best!

All that was left would depend on David himself!

## **Chapter 527**

[The next day]

Before Abigail woke up, her phone kept ringing.

She groped blindly for her phone on the table, pressed the answer button of the phone, and put it on her ear.

“Hello...” Her voice was still sleepy.

However, when Abigail heard the voice on the line, her eyes widened and she got up, “Okay, I see. I’ll be right there!”

After hanging up the phone, she sat on the bed and came out of the trance. Then she leaped out of bed, looked for clothes, and washed up.

She had been very busy these days and very tired, hence she had a deep sleep last night.

After washing up, she went straight out.

When she got into the car, she remembered that she should call the company to ask for leave.

In fact, ever since Abigail’s relationship with Liam was exposed, the guys in the company had treated Abigail as the president’s wife, hence it might be not necessary for her to ask for leave.

But she tried to maintain normalcy and called to ask for leave.

Just as she hung up, her phone rang again.

Seeing that it was Liam’s number, she smiled and answered it.

“Miss Swift, the HR manager told me that you asked for leave today and didn’t come to work. What’s going on?” Liam said over the phone.

She smiled, "I'm sorry, Mr. Jones. I've got some personal affairs to deal with, so I'm taking a day off!"  
"Just one day?"

"Can it be two days?!"

"No!"

She giggled.

He changed his tune on the phone, "What's wrong with you? Why did you suddenly ask for leave?"

"I just got a call. David is willing to cooperate, so I need to go there at once!" She said.

Hearing that, he frowned, "I'll go with you!"

"No. There are so many businesses in the company at present. I'm sorry to ask for leave. The company will be in a mess if you go out now!" She said.

"But I'm worried that you go there alone!"

"Don't worry, I'm fine. If it is not safe in the detention center, not to mention anywhere else!" She said.

Hearing that, he said, "Well, then be careful. Call me if you need my help!"

"Okay!" She replied.

“Then I’ll go to a meeting!”

“Okay!”

After a few words, she hung up the phone.

Abigail sat in the taxi and took a deep breath, hoping that things would be going well.

Soon she arrived at the detention center, and she found that Mr. Lee had already been there.

“How is it going?” Abigail asked when she saw Mr. Lee.

“It’s a little weird. In the morning, I suddenly received a call saying that he was willing to cooperate with the investigation!” Mr.

Lee said.

Abigail thought for a while and said, “I shall meet him!” Just as she was about to leave, Mr. Lee shouted from behind, “Wait!” Abigail turned around.

“Although he promised to cooperate with the investigation, he is not willing to testify!” Mr. Lee said.

Hearing that, Abigail was bewildered, “If so, Will it be possible to get him acquitted?” Abigail asked.

“It depends on the result of the blood test. If it is not his blood, there’s a chance!” Mr. Lee said.

Hearing that, Abigail nodded, “I see. Mr. Lee, thank you!”

“Don’t worry, Miss Swift. I’ll try my best!” Mr. Lee said.

## **Chapter 528**

Abigail smiled and walked in.

David was still inside. When he saw Abigail, he looked up at her.

“I have heard you have agreed to cooperate with the investigation!” Abigail watched him and said.

David didn’t move but said. “I want to go out!”

Abigail was surprised. “Although I don’t know why you suddenly make such a decision, I’m still glad for you!” David glanced at her without a response.

Seeing that he refused to say anything, Abigail did not ask anymore. “Now that they are testing the blood, as long as you are willing to cooperate, I believe Mr. Lee will help you win the case!”

David nodded.

Abigail finished speaking and turned to leave.

“Thank you!”

At this moment, David suddenly said to her.

Abigail was shocked for a while but didn't look back. Instead, she said, "There's one life to everyone, so it's precious and it's you who can make sense to it!" After that, Abigail left directly.

David did not tell the truth.

Abigail was a little disappointed, but she did not give up the lawsuit. Instead, she had been trying to help Mr. Lee win the case.

David was successfully released on parole because there was no evidence to prove that David had committed the crime of murder.

David and Abigail had not seen each other since that day.

[In Tina's store]

Hearing the news, Tina frowned. "Is this the end?"

Abigail gently stirred the coffee with a spoon and raised her eyebrows. "What else?" "How can he pay your kindness with a simple "thanks"? If he has decided to hide the truth at the beginning, I will never help him!" Tina said angrily.

Hearing this, Abigail smiled. "Actually, from the beginning, I have known the result!" Tina was confused. "Why?"

"Because he cared for Olive not only because of the child but also the affection!"

If he really betrayed Olive, perhaps Abigail would regret to back the wrong horse.

Human beings were always so strange and inexplicable.

Tina was a little puzzled. "Then why do you help him!"

"I didn't help him for the truth!"

"Then for what?"

Abigail looked at her and answered, "Empathy!"

At night, it drizzled.

Olive never expected that David would be free.

When she saw David standing in front of her car, she was stunned.

She saw his figure when she was driving. Fortunately, she stepped on the brake in time.

But even after she had stopped the car, she still could not believe her eyes.

David stood in front of her car. When he saw her, he immediately walked over, opened the door, and stared straight at Olive.

"Why are you here?" Olive watched the man standing outside in disbelief.

"I need a talk!" David said word by words, staring at her with anger on his face.

The next second, he went around and pulled Olive out of the car directly.

## Chapter 529

“What are you doing? Didn’t you in prison? Why are you here?” Olive shouted.

She was pulled out of the car into an alley by David.

David looked at Olive with uncontrollable rage, “Why?”

Olive said guiltily, “What are you asking?”

“Our child! Why did you do that?” David screamed at her.

Olive was surprised that he had already known. She lowered her head and denied, “I don’t know what you’re talking about!” David’s hair was already wet from the cold rain.

“You know what I mean. Why did you have an abortion? It was a life! And it was my only family!” David’s eyes were bloodshot as if he had cried.

Hearing this, Olive didn’t care how he knew. She looked up at him, “What could I do then?”

“Give birth to a child before getting married? And let the child have a father who is a murderer?” Olive asked him word by word.

David stood there at a loss.

“My father is the president of the Miller Group. If anyone knew about this, our whole family would be ruined!”

“Have you ever thought about me? You are so selfish.”

David was struck dumb by her words.

Maybe he didn't consider Olive's situation, but the child... It was the only one who has related to him by blood!

How could he not feel sad?

The raindrops fell on Olive, mixed with her tears, and streamed down her face, “That's my child too. Didn't I feel sad?”

“I was the one who had the operation and experienced the child had passed away from my body. Do you deserve to blame me? The culprit is you! You owe me a lot...” As she spoke, her fists kept pummeling at David's body.

David stood there still and allowed Olive to pummel him.

After she got tired, she leaned over David's chest and cried bitterly.

David slowly raised his arms and hugged her...

He loved that child.

And he loved Olive too.

It was difficult for him to decide who to choose.;

It was still raining.

Olive was still crying on David's shoulder, and David could only remain silent.

However, if David knew that all of these were Olive's schemes one day, how would he feel?

"You said that the person who saved you was Abigail?" Olive was still a little astonished to hear this.

David didn't answer.

Olive felt ridiculous, "Have you been moved by her? Are you her man now?"

"I don't want to explain. After all, you only believe what you want to believe," David said coldly.

He became much more taciturn than before.

He didn't look playful anymore. Instead, there was sternness on his face.

Olive froze a moment, she walked over, and hugged him from behind, "I know I shouldn't have doubted you, but I was helpless to do that. I hope you will treat me well... Because you owe me!"

## Chapter 530

[At night]

Abigail went straight back after having dinner with Tina. Knowing that Liam was still busy, she took a shower and went to bed directly.

She had been busy running about for the past few days and was indeed a little tired.

She lay down and fell asleep.

She didn't even know when Liam came back.

Normally, she had a light sleep and would wake up as soon as there was any noise, but today she didn't notice anything when Liam came back.

Until... She heard some noise.

Abigail opened her eyes in a daze. When she saw Liam, she muttered, "You're back?"

Liam kissed her gently and looked at her sleeping face. He couldn't help but be feel touched, "Yes!"

"Did I wake you up?" Liam asked her in a low voice.

"Mmm..." Abigail replied lazily.

“How do you feel? Are you very tired?” Liam asked, stroking this little woman he loved and pitied for. Seeing Abigail sleep so soundly, he knew that she must have been busy running around these days to investigate.

Abigail tried to open her eyes, but she still looked a little sleepy. “Yes!” She nodded, and her silky hair spread out, adding a uniquely feminine touch.

“I heard that man was released!” Liam said.

Speaking of this, Abigail reached out to put her hands around Liam’s neck. She nodded, “Yes!”

“In this case, what you’ve been busy investigating for so long became all for nothing!” Liam said.

“But I don’t want to wrongly accuse anyone!”

“Really? I have thought you did that because...” Liam kissed her gently as he said in a leisurely, misty voice as if he was intoxicated at midnight.

“What did you think?” Abigail looked at him and asked. Her eyes narrowed slightly, and her voice was low and husky from sleep, but it sounded especially tempting.

Liam didn’t say anything. Abigail suddenly understood something and laughed, “Mr. Jones, are you jealous?” But Liam looked up at her, and his handsome face made her heart beat faster, “What? Can’t I feel jealous?” “It’s not that you can’t. It’s just that it doesn’t fit your style. You’ve always been confident, after all!”

“It has nothing to do with confidence. Jealousy is also a sign of men!”

“Oh, really? Then it seems that you’re jealous!” Abigail said with a smile.

When Liam looked at her and looked at her smile, he couldn't help but feel touched. He leaned forward and held her face in both hands, "Yes, I'm indeed jealous, can't I? Abigail, let me warn you: I must be the only one that you can see in your eyes, love in your heart in your this life and your next life. If you dare to worry about other men, I won't let you go!" Liam looked at her and warned her, but his tone was full of care.

Every warning he gave Abigail implied his silent concern about her.

It was because he cared about her that he was afraid of losing her, so he would say such words to her.

Abigail looked at him and smiled, with her eyes filled with happiness and stability, "That depends on how you treat me..." Hearing this, Liam suddenly leaned forward and looked at her, "I want you..."

Abigail was speechless.

"Well, Mr. Jones, I'm tired, and I want to rest first..." Abigail said as she had got used to what Liam said to her.

Liam smiled, "But I still want you!" At night, the lights were not turned on, and she could only hear Liam's magnetic voice sounding in her ear.
