1119

“Tzu-Chen, when are we going back to the other world?” The first thing you need to do is to take a look at the newest models of the newest models, the newest ones. Omi will soon be thirty-one, in a few months it will be the New Year, time passes so fast, unnoticed.

“You can go back at any time, that batch of flying machines wasn’t manufactured so quickly, it will take three years to deliver.”

“If you go back now, you shouldn’t go to the Martial Lord’s banquet,”

Omi smiled, “Yes.”

“Uh, didn’t you say you weren’t going before?”

“Haha, I’m ready to go now, and I’m going to give him the flying machine.”

“You’re silly, why did you suddenly change your mind.”

“Thousand Extremes, I can never reveal information about this world, so I can only give this thing that will cause strife in the martial world to the Martial Lord. But don’t worry, the flying machine I gave him, I’ve had the scientist modify the program, it can only be used for three years, after three years, you must find me to unlock it, at that time, the flying machine in the ally’s hands will be just one of the hundreds of flying machines I have wholesale.”

“What about yourself?”

“Hey, there’s a spare, the scientist made two in the first place, a worse one and a better one, I took the better one with me, the spare one was worse, I gave the spare one to the Wookiee. I keep my own, secretly.”

“Uh-huh.” A second to remember to read the book

Omi said, “Before I go back, I want to go to a place first.”

“What place?”

“In this world, although there are no clansmen, there are a group of powerful beasts, I want to go to the Forest of Ten Thousand Beasts, and also, the Water Ape Empire.”

“Why do you want to go to these places.”

“Truth be told, when I was in distress in the Ten Thousand Beast Forest, apart from a few brothers, I had an Earth Beast friend, I called him Little Fire, it was nowhere to be found, and I wanted to go and see if I could find it.”

“It’s that fire beast, isn’t it.”

“Yeah.”

“Okay, I’ll go with you.”

“Okay.”

Omi headed to the Ten Thousand Beasts Forest with Mu Qianji the next day.

Directly driving a flying ship into the Ten Thousand Beasts Forest.

Omi lamented, “The events of coming to the Ten Thousand Beast Forest back then are still fresh in my mind today, back then, a group of us were cautious for fear of running into powerful beasts, but now that we’re here again, hehe, we’re almost horizontal.”

Mu Qianji said, “Your current strength, of course you can walk horizontally, the Ten Thousand Beast Forest’s Ten Thousand Beast King may not be your opponent.”

“Haha, whether or not it’s my opponent, this really needs to be met to know, let’s go, let’s go to meet the long-revered King of Ten Thousand Beasts, in the past, even Ten Thousand Fa Tian didn’t dare to meet the King of Ten Thousand Beasts, I want to see how strong it is.”

“Mm.”

Omi and Mu Qianji, headed straight to the core of the Ten Thousand Beast Forest, and soon, arrived at the core of the Ten Thousand Beast Forest.

Omi parked the flying ship in the sky, then jumped to the ground.

Omi didn’t know exactly where the King of Ten Thousand Beasts was, so he could only come down and ask first.

A beast that had cultivated to the peak of the Unity Realm also possessed the intelligence of a child of about 10 years old.

Omi directly trampled a panther at the peak of the Unity Realm on the ground, this

The curtain was too overbearing.

"Say, where is the King of Beasts?" Don Omi asked seriously.

"I said I said, don't kill me." The black panther emitted fearful mental fluctuations, and Omi probably knew the meaning from its mental fluctuations.

At this moment, the black panther hadn't spoken yet, and there was suddenly a trembling breath in the air.

Omi and Mu Qianji were busy looking up, not far away, a huge creature was flying in the air.

Mu Qianji said in shock, "This is, this is, a dragon? Oh God, it can't be, aren't the augurs already extinct?"

Omi also furrowed his brow, it looked like it was indeed a jiao dragon.

A jiao was more like a snake than a dragon, because a jiao would only become a true dragon if it evolved again. The snake evolves and becomes a jiao, and the jiao re-evolves and becomes a dragon.

Snakes were still everywhere in this world, but Jiao was no longer seen by anyone, let alone true dragons, which were already a legendary species.

Right now in the Forest of Ten Thousand Beasts, seeing a Jiao, Omi and Mu Qianji were both very surprised.

That Jiao was full of pride and said, "Looking for me?"

Yes, he spoke directly, not with spirit waves, because, compared to other beasts, Jiao was obviously a much more highly evolved species, and those powerful beasts such as the black panther and others were only on the same level as the powerful snake.

"Black Jiao Dragon, I didn't expect that there are still jiao in this world."

"Hmph, lowly humans, weak species, are you here to die?" Black Jiao said high above the rest.

"Hahaha, a weak human species?" Omi was amused by the tone of this jiao.

This Jiao was able to directly mouth human words, and its intelligence was not lower than that of humans, it was indeed not comparable to other beasts.

Mu Qianji snorted, "Although I am surprised that there are still jiao in this world, it doesn't mean that we are fearing you. I once read in an ancient book that in terms of species level, a jiao, is only at the same species level as a human, you, this jiao, don't think you're a dragon, and still look at us with the eyes of a higher species."

The jiao suddenly roared, "Humble human, you shut up, our cunning ancestor, is a dragon, we will evolve into dragons, dragons are not comparable to you humble human species, humph, I will kill you."

The jiao seemed to be infuriated by Mu Qianji, because Mu Qianji said that it was actually on the same level as humans in terms of species level, which made the proud, always self-proclaimed dragon, very angry, as if it had been degraded.

Omi said, "Humble Jiao, so you are the king of all beasts."

"Yes, I will kill you for daring to come to my territory and disturb the noble me." The jiao shouted and rushed towards Omi and Mu Qianji.

This black Jiao was truly powerful, worthy of being on the same species level as humans.

Mu Qianji said, "Are you on or am I on?"

Churchman said, "It doesn't matter, I'll go first."

"Good."

Omi greeted him.

"Dang dang dang." Omi cast out the Dragon Descending Sword Technique, and several swords landed on Jiao's body in an instant.

"Ow." The jiao roared in pain.

For some reason, it was as if, Omi's Dragon Descending Sword Technique was specifically designed to restrain the jiao.

Omi had discovered this, and so had Mu Qianji, and so had that jiao.

No matter how that jiao dodged, it was able to be hit by Omi's Dragon Descending Sword Technique.

"No fight, no fight, you cheat, humble human cheat." The jiao exhaled and roared.

Omi stopped and said in his heart, "Strange, the Dragon Descending Sword Technique has a surprising effect on dealing with the Jiao, what's going on? Could it be that this Dragon Descending Sword Technique was really like the name, Dragon Descending? Designed for some of the characteristics of dragons? This jiao, although it hasn't evolved into a dragon yet, it is at least the next level of the dragon species."

Mu Qianji flew to Omi's side and asked, "What's going on? Your sword technique, specifically restraining it just the same, this jiao is actually very strong, and I'm not even sure I'm confident of beating it."

"I don't understand it either, perhaps, the problem with my Dragon Descending Sword Technique."

The jiao snorted, "Humble human, cheating."

Omi laughed, "You're an interesting jiao, too, and you know the word cheat. However, you must be a lazy and fat jiao, your body is rusty and you still dare to call yourself a dragon."

"Ahhhh, get lost, don't bother me, we're with you, well water doesn't go against the river." Jiao Nu said.

Mu Qianji said, "Let me try as well."

After saying that, Mu Qianji went up to the jiao to kill, helplessly, that jiao fought with Mu Qianji.

"Roar." The jiao roared, its body leaping in mid-air, unfortunately, its body was too inflexible, probably not exercising for a long time, plus it was the only jiao in the world, so it looked clumsy.

However, despite this, Mu Qianji fought with it for ten minutes, but he didn't even defeat it. The first website [m.kanshu8.net](http://m.kanshu8.net)

"What's going on?" Mu Qianji felt that she couldn't beat the jiao.

Sure enough, not long after, Mu Qianji was hit by one of the Jiao's small claws and crashed into the tree with a clatter.

Omi immediately went up and caught Mu Qianji.

Mu Qianji was furious, "I actually lost, but you, you were so easy."

"Hahaha, humble human, still wanting to fight me." That jiao laughed.

Omi said, "If you say another word about the humble human, I'll do it."

That jiao suddenly didn't dare to be so arrogant and hummed, "You cheat, how despicable."

"Yeah? Where did I cheat?"

"You're just cheating, how can you be my opponent if you're not cheating."

"Hahaha, whatever you think."

Jiao said, "What are you guys doing in my territory? Get out of here right now, I can tell you, this Forest of Ten Thousand Beasts, those humble beasts are all under my command, if you want to start a war, I can order all the beasts to go to the human cities in minutes, do you want to start a war?"

"Come on, don't threaten me, if you do try to attack a human, I'll kill you first."

"Yah yah." Jiao grimaced in anger, but couldn't beat Omi, because Omi's Dragon Descending Sword Technique targeted his weaknesses everywhere, so Jiao thought Omi was cheating.

Omi didn't know why his Dragon Descending Sword Technique would target Jiao's weaknesses, this Dragon Descending Sword Technique was created by the Divine Dragon School, the ancestor of the Divine Dragon School, thousands of years ago, and because of the strength of this sword technique of the Divine Dragon School, the Divine Dragon School had stood for thousands of years. Perhaps, the Divine Dragon Sect Ancestor, back then, must have also dealt with Jiao, and why was the Divine Dragon Sect called the Divine Dragon Sect? It's really not impossible.

Mu Qianji.

"Just leave it alone?"

"Uh, what else would you want, at least it's a jiao." Omi said speechlessly, Mu Qianji shouldn't want to kill the jiao, what good would it do to kill the jiao.

Mu Qianji said, "No, I mean, it's hard to run into a jiao ah, this is not a beast ah, this is a species on the same level as us humans ah, just go away ah?"

"Can't you just want to stay with it a little longer, I can't stand its arrogant tone." Don Omi said.

"Oh." Mu Qianji sighed, she felt like it was hard to meet a rare auger ah, just this hurried away, a little insufficient to express her inner excitement.

At this time, a sudden shout came from the distance, "Omi, Brother Chen."

"Who called me?" Omi's eyebrows furrowed and he turned his body to look, taken aback.

That's right, the one called Omi was not a human, but a fire beast.

"Little Fire?" Omi was shocked.

The Fire Demon Beast immediately fell in front of Omi and said excitedly, "Brother Chen, Brother Chen, you I finally see you."

"Little Fire, why are you here? That's exactly what I came to find you." Omi.

“Brother Chen, I thought you were already dead, woohoo.”

At that moment, Omi was busy asking, “By the way, Little Fire, you, why are you talking out of your mouth? You used to be able to communicate only mentally, didn't you? How come you're now talking like this stinky scow?”

Fire Demon Beast said, “Brother Chen, you forgot, I'm not an ordinary beast ah, my ancestors are very powerful ah, I'm evolving now, my grandfather they never succeeded in evolving in their lives, I'm evolving successfully.”

“Evolve?”

“Yeah, I've evolved from an ordinary beast to a higher level me, I'm already the same as my ancestor, haha.”

Omi looked at Mu Qianji, Mu Qianji laughed, “Fire Demon Beast, nowadays it must be on the same species level as Jiao, and of course, on the same level as us, it's no longer on the same species level as those beasts, what we humans can do, like high intelligence, they can too.”

“No way.” Omi smiled, this was too much of a coincidence. However, Omi had heard of it before, it wasn't ordinary, it depended on whether or not it could evolve.

Regarding the level of species, Omi hadn't read any ancient books on the subject and didn't know much about it. But Mu Qianji was quite right, if humans were a second level species, then those ordinary snakes and insects, rats and ants, chickens and ducks, cows and dogs, as well as those powerful beasts, were all first level species. This was the difference between humans and animals, understood from the origin of the species, humans were higher level one. Jiao, on the other hand, evolved from a first level species of snake, and the fire beast, also evolved from a lower level of beast to become a level of human. However, if the jiao evolved one more level, it would be a true dragon, and dragons were a third level species, which was again a higher level species than humans. Omi couldn't help but think, what is a human, if it evolves to a higher level? The answer, perhaps still too far away, is that there is anyone, since the beginning of time, who has been able to evolve to the next level? This is not a simple leap, this is a species leap to a higher species. Countless billions of years ago, there were no humans in this world, only apes and monkeys, apes and monkeys gradually evolved into a secondary species after countless billions of years, it was difficult for humans to evolve into a higher species again.

“Brother Chen, Little Fire misses you so much.”

At this time, that auger flew up and hummed, “Little Lion, how do you know these humble humans? Well, don't ever say you know me again, I can't afford to lose that dragon.”
