Elder She Monarch looked at Omi and Leye Eyes and smiled, "Not bad, my Heavenly Jewel City actually has two twelve year old geniuses in one year. I, She Jun, choose to pass on disciples, preferring geniuses like you, and I announce that I will choose one of you. Now you guys come up here and let me touch it."

Lie Yueye immediately walked up.

In the back of Omi's mind, he was thinking, "If I'm chosen, do I want to be his Book Passing Disciple?"

"It's just a matter of time, dang, after all, he's an elder of the Flying Cloud Sect, if I follow him, I can be exposed to more of the world, and in that way, I can also obtain more resources for immortal cultivation."

Omi thought of this and actively walked on, for better immortal cultivation resources, Omi decided to become a book transmitting disciple.

Elder Shejun touched Omi and Lie Yueye's body, then said, "It's fine, step back first."

The two retreated.

Lie Yueye looked at Elder Shejun nervously, and everyone watched nervously as well, wondering who would become Elder Shejun's heirloom disciple, Omi or Lie Yueye.

After a moment's pause, Elder Shejun said, "I've already figured out their lifelines separately, so I'll choose in the end."

"Choose you to become my heirloom disciple." Elder Shejun said with a finger pointed at Lie Yue Eyes.

"Thank you, Master." Leye Eyes cried and knelt down. One second to remember to read the book

"Uh." Omi was stunned, Nima, but there was no choice for Omi.

Omi had some regrets, after all, this was a matter of personal will.

At that moment, a person off stage asked, "Elder Shejun, why did you choose Leye Eyes instead of Omi ah?"

Elder She Jun looked at Omi and said, "I touched his entire body and made a guess based on his lifeblood. I'm afraid that this person is only a young man, the early stages are fine, the follow-up is weak, and if nothing else, he shouldn't be able to go very far in the future. On the contrary, Lie Yueye's lifeblood vein, which gives me a long and continuous flow, will be a sustainable and strong genius."

Omi was filled with displeasure at Elder Shejun's comments, going so far as to say that he was only a young man, but not in the future.

Omi said, "Thank you for Elder Shejun's evaluation, but I think I will disappoint you."

Elder She Jun looked towards Omi and saw the displeasure in Omi's words towards him, so he snorted, "You're a teenager, so exuberant, as expected my feeling was right, you will definitely not be able to go very far in the future."

"Really? Then please wait and see, Elder." Omi gritted his teeth and said, "Omi will definitely let him see if he can do it or not, when Omi beheads him in the future, he'll know if Omi can't go very far."

"Hmph." Elder Shejun snorted and said to Lie Yueye, "What's your name?"

"Master, my name is Leye Moon Eyes."

"Well, Leye Moon Eyes, from today onwards, you will be my heirloom disciple, your future will be different, at least compared to someone who shares the same name as you at the moment, you will have a sea change, while someone, hmph, but I will see how he is." After saying that, Elder Shejun glanced very disdainfully at Omi.

"Yes, Master." Leye Eyes also looked at Omi beside her, then the corners of her mouth rose.

"Leye Moon Eyes, you no longer need to participate in the outer disciple examination behind you, now come directly with me into the Flying Cloud Sect."

"Mhmm."

Elder Shejun immediately headed out, head

Neither returned, just that leader panicked, "Respectfully send Shejun elder."

That Leye Eyes did not leave immediately, before leaving, looked at Omi, a mouth, proudly said, "Thought it was really a person like me, did not expect that it was just a moment, Tang family, after all, is only a dog family, is not able to produce true geniuses, hahaha."

A few Tang Family's children at the scene were immediately filled with displeasure.

Omi's gaze was cold as he looked at the momentarily incomparably proud of Leye Eyes, inwardly saying, "Leye Eyes, I'll let you have your way for a while, I'll definitely slaughter you. Not only you, in the future even She Jun's old ghost, I will also slaughter."

Lie Yueye departed in front of everyone's eyes, everyone was incomparably envious, they still needed to participate in a later examination and might not be able to succeed in the examination, but Lie Yueye could now directly enter the Flying Cloud Sect and still have a bright future, this was the difference.

After Leye Eyes left, everyone looked at Omi again, their eyes filled with pity, originally the same name as Leye Eyes, but unfortunately, did not expect to be an empty-headed dish, in vain, the future is still to be reduced to mediocrity.

So, when everyone looked at Omi's eyes again, they suddenly became less polite and respectful, not to mention any worship and envy, but a kind of sympathy.

Of course, there was still a large portion of people who looked at Omi with a kind of contempt and patheticness, whispering to Omi, not knowing if they were mocking or what.

This group of people seemed to believe in Elder Shejun's words.

At that moment, a man patted Omi's shoulder and said, "Brother Omi, don't be depressed, it's okay, just pretend there was never a genius." This person was none other than a field mouse.

Omi nodded his head slightly, and his gaze did not take everyone's pathetic eyes towards him seriously at all.

This was just a bunch of short-sighted frogs at the bottom of a well, Omi did not need to get angry with a bunch of frogs at the bottom of a well, what he was really like, everything would be known when the assessment was done.

Omi by virtue of his skills at the fourth stage of body refining, the first place in this year's peripheral disciple assessment will definitely be his, at that time, Omi will show everyone that a dog's eye is a dog's eye, because a dog's eye is very low.

Omi walked straight out of the room.

Everyone also left and returned to their respective temporary residences.

The next day, within the Flying Cloud Sect, a beautiful young girl of around sixteen years old inquired with a Flying Cloud Sect disciple who was in charge of admissions, "Hello, may I ask if the people who came to Tian Bao City to take the assessment this year have come yet?"

Those few disciples in charge of admissions saw that it was the famous Tang Huan, and were busy saying enthusiastically, "Sister Tang Huan, here she is."

"Mhmm, great, thank you." That beautiful maiden was excited, she had already received a letter from her father, who told her that she had an additional cousin, Omi, who had come back this year to assess the outer disciples of the Flying Cloud Sect.

"Sister Tang Huan, why are you so excited?"

"Hehe, my cousin is also here for the assessment, I'm going down the mountain to look for him." Tang Huan was also a little nervous about meeting her cousin for the first time, but the more nervous she looked, the more beautiful she looked, leaving the few disciples who were helping with the admissions next to her dumbfounded.

"Sister Tang Huan, we just came up from the mountain, what's your cousin's name? Maybe we've met before."

"Hehe, my father said that my cousin is a genius, and he stepped into the first stage of body refining at the age of twelve this year."

"What? You don't mean that Omi guy, do you?"
