"I don't know, even if we knew, we couldn't carry it to the Coyote Alliance ah, what if their boss thinks we fought it."

"What then? Should we just throw this cow pooper around?"

"Why don't we carry Niu Dabao to the Feiyun Sect's Transmutation Building and then have the Transmutation Master help shout for the Coyote Alliance to pick him up."

"Alright, that's the only way."

The two of them carried Niu Dabao to a place called the Transmutation House.

Underneath the floor of this summoning building, there was a golden plant that was somewhat similar to a petunia that was magnified a hundred times, spreading from the ground to the roof of the building.

Miraculously, as long as one shouted at that trumpet-like flower, the sound could immediately spread out and could be heard throughout the inner surroundings of the Flying Cloud Sect.

"Transmitter, do me a favor, this man is called Niu Dabao, he's from the Cang Ying Alliance, he's being beaten to death right now, help call out to the Cang Ying Alliance and hurry over to pick him up."

"Beaten up by who?"

"By a power on the outer perimeter of the Flying Cloud Sect called the Light Cloud Alliance, their eldest is called Omi."

Not long after, in the inner perimeter of the Flying Cloud Sect, a voice sounded in the air, "Hey, hey, Cang Ying Alliance, listen up, please send someone to the Transmutation House immediately, your member, Niu Dabao, has been severely injured by the oldest elder of the outer disciple gang, Light Cloud Alliance, Omi. Notice say it again." Remember the URL . kanshu8 . net

At this moment, in every corner of the Flying Cloud Sect, this transmission was heard.

Originally, it wasn't a big deal, a very common thing, after all, the Flying Cloud Sect fight was too normal, and it wasn't a big figure fight.

However, the strange thing was that the person who had injured Niu Dabao was a force formed by the outer disciples of the Flying Cloud Sect.

Everyone suspected that they had misheard, a peripheral disciple, even if he was capable of forming a power, it would be a trash power, how could he beat up someone from the top three hundred power ranked in the inner circle and seriously injure him.

"It must be a mistake."

"I think so too, when will the outer disciples of the Flying Cloud Sect also be able to turn over the sky, this is simply a joke."

The people who heard this were just talking about it, not really looking into it much.

And right now, somewhere in the Flying Cloud Sect, more than a dozen people were gathering together to cultivate, when voices rang out in the air.

"Hm? Bull Dabblers are hurt? How was that possible, hadn't Dabao been sent on an errand by Mentor Zhu Chang Sheng? Why the sudden beating?" More than a dozen people stood up and gazed at one of the black-clothed men of the Fourth Order of Open Light.

That black-clothed man's sword eyebrows were raised and his gaze was cold.

"Go, go and see what's going on."

"Yes, boss."

That black-clothed, cold-faced man immediately went to the Transmutation Building and indeed found that it was Niu Dabao.

"Ah, it really is Dabao, Dabao has actually been seriously injured." The black-clothed man was suddenly furious.

"Who is it, who is it, was it really a peripheral disciple who did it?"

The man from the Transmutation House said, "Two disciples just sent them here, they said that the outer disciples built a force called the Light Cloud Alliance, which was fought by the leader of the Light Cloud Alliance."

Omi was refining a talisman.

"Bang." Suddenly, the door to Omi's courtyard flew in and almost smashed Omi to death.

However, when Omi took a look, it wasn't just the door that flew in, there was also a person, it was Tang Mifari.

Tang unknown was outside, was kicked away and then the door

They also came crashing in together, blasting in with the door panels.

"Boss, I can't stop them." Tang unknown, who flew to Omi's feet, said with blood in his mouth, then his head tilted and he fell unconscious.

"Ah." Tang Huan let out a scream.

Omi looked up, more than a dozen people came in from outside, the one leading them, wearing black clothes, gave a cruel feeling on his face.

"Brother." Tang Huan was busy being afraid and grabbed Omi's arm.

Omi whispered, "What's there to be afraid of, the strongest one is only at the fourth stage of enlightenment, and you're at the sixth stage."

"Uh." Tang Huan was stunned, right oh, I almost forgot, she's all open light sixth step, Omi is even more open light seventh step, where is the need to be afraid of this group of people, for a moment, Tang Huan forgot the true realm, thinking that he was really a body refining fifth step.

"It's just that, brother, wouldn't that expose the strength." Tang Huan.

"If you really have no choice but to expose it," Omi said, Omi would never begrudge himself for fear of exposing his strength.

At that moment, the man in black on the other side asked indifferently, "Who is the Light Cloud Alliance boss?"

Omi took a step forward and said, "I am the boss of the Light Cloud Alliance, what, I guess you must be the boss of some Cang Pig Alliance."

A member of the other side said angrily, "You dare to insult our Coyote Alliance."

"Oh, right, it's not Cang Pig Alliance, it's Cang Fly Alliance, just a few flies, but you dare to come to my Light Cloud Alliance and act rude." Omi snorted.

More than a dozen people on the other side wondered if they had misheard, a twelve year old they were the Coyote Alliance, with such an arrogant tone, arrogant to a heinous degree.

"Boss, this kid's fucking not scared out of his mind by us, right? How dare you say such words to us." One of the men said to the man in black.

"Boss, I really don't know who gave a Body Tempering Eighth Stage outer disciple the courage to do that." The other one was also busy saying.

Omi snorted, "If you come today, you won't get out in one piece."

"How arrogant, boss, I can't stand it anymore." One of the Enlightened Second Stage men shouted, then before getting the order to do anything, he took the lead and charged up to Omi.

"Little brat, I'll waste you." That Second Order of Enlightened Light impulsive man chopped down with a palm.

"Shoo." Omi sent out a talisman at once, and that Open Light Second Order Impulsive Man was frozen in the blink of an eye.

Omi instantly took out his knife and without even a moment to think, slaughtered into that impulsive man's abdomen.

"Wow." Blood blazed out from the impulsive man's abdomen.

"Ah, Hei Qiang." More than a dozen people in the back shouted, they never expected that as soon as Black Qiang did it, he would be immobilized by the immobilization charm, and then in the blink of an eye, half of his belly was slaughtered by that slash.

Several people rushed up in a panic and tore off the talisman from Black Qiang's body, while giving him treatment to stop the bleeding.

The man in black raged, "Little kid, you dare to hurt my brother."

Omi snorted, "Hurt your brother? No, I'm going to hurt all of you, and tie up all of you, and hang you on the roof of the Flying Cloud Sect's inner enclosure, so that all the Flying Cloud Sect's inner enclosure disciples will tremble at the sight of me."

"Looking for death." Saying that, that black-clothed boss took an arrow step, displaying his martial skills and holding two short swords to charge at Omi.

Omi didn't fight them directly, so as not to expose his realm and add unnecessary trouble, so he used talismans when he could.
