

King of kings

1567

Tang Huan said with a glare, "Who's your sister-in-law."

"Hehehe." Nong Lingsheng smiled hehehe, and said in his heart, "Little sample, still shy, don't think I don't know that you are a sister on the surface, but secretly you are brother Chen's woman, brother Chen is not a real Tang family member, it's strange that you are not a sister-in-law."

Nong Lingsheng kicked Yu Leiyong continuously again.

Omi sat down on a lounge chair, then with a wave of his hand, Lu Yuxi at the entrance of the courtyard was busy sending a pot of tea and gave Omi a shoulder squeeze and a back pounding.

A good while later, the crowd saw that Yu Leiyong was really going to be killed by Nong Lingsheng.

Several people from the Cang Ying Alliance panicked and knelt down to Omi, kowtowing and pleading, "Boss Tang, please let our boss go, let Nong Lingsheng stop, if we continue to fight, our boss will really die."

Omi said indifferently; "If your boss dies, will it have any effect on my life?"

"Oooh." A few of the people from the Coyote Alliance cried out that they didn't.

"That's right, why should I save your boss if his death or death has no effect on me?"

"Oooh, then what do you want before you're willing to let Nong Lingsheng stop."

Omi said again faintly, "Unless, your Cang Ying Alliance declares its allegiance to my Light Cloud Alliance." First URL m.kanshu8.net

"Declare your allegiance."

"Yes. Otherwise, your deaths and lives have nothing to do with me." Omi's words had been made very clear.

"But, but we don't have the right to make decisions."

Omi still said indifferently, "Then let your boss go to hell, it's fine, Nong Lingsheng dares to do something ruthless, that means his father can really cover it."

At this time, one of the Cang Ying Alliance shouted, "Yes, allegiance, we declare allegiance, please, let Nong Lingsheng stop, if you don't, our boss will be half-crippled even if he lives."

"Yes, yes, allegiance, several of us have unanimously decided to pledge allegiance to your Light Cloud Alliance, never betray." The other few were busy nodding as well, while looking anxiously in the direction of their boss.

Omi said nonchalantly, "Fine, since I've declared my allegiance to me, I have a reason to save your boss, but if you go back on your word afterwards, you know the consequences, I'll make you disappear from this world."

"Never go back on your word, always pledge allegiance, please, just make Nong Lingsheng stop." Those few people cried out.

Only then did Omi shout, "Nong Lingsheng, Nong Lingsheng."

Only after shouting Nong Lingsheng several times did he stop.

"Brother Chen, what is it."

"Come on, stop fighting."

"Why? Don't worry, I'll take it if it's killed."

"They've already declared their allegiance to me on behalf of Yu Lei Ying, so stop it."

"Yes yes yes." Only then did Nong Lingsheng stop.

Unfortunately, Yu Lei Ying had already been beaten to a pulp.

The few members of the Cang Ying Alliance scrambled up, stopping the bleeding and performing simple rescues on their boss.

People in the spirit world were more vigorous, and as long as they were resuscitated in time, they usually wouldn't die.

Nong Lingsheng walked up to Omi and asked, "Brother Chen, what did you tell people to call me before."

"It's fine, right, I want to ask, do you know Yang Qian?"

;"Uh, Yang Submarine? Brother Chen, do you know Yang Qian?"

"I don't know."

"Then why are you asking him?"

Omi said with a flat face, "I want to kill him."

"Ah, no way." Nong Lingsheng was shocked, when had Yang Qian offended Omi?

"Quickly, answer me who Yang Qian is."

"Brother Chen, Yang Qian is a genius core disciple of the Flying Cloud Sect, he has a master, called Elder She Jun, Yang Qian is almost the most genius disciple of Elder She Jun. Also, Yang Qian has established a power called the Submerged Dragon Alliance, his Submerged Dragon Alliance is ranked among the top one hundred of all the powers of the Flying Cloud Sect. Yang Qian himself, he was already at the seventh stage of Enlightened Light, and most importantly, Yang Qian was not even

thirty years old yet. Not even thirty years old and reaching the seventh stage of Open Light, this is a talent that is very forward in our First Sea.”

“Alright, I see, Elder Shejun’s disciple, what a coincidence.”

“Uh, Brother Minister, you know Elder She Jun?”

How could Omi not know him, Elder Shejun was also from Tianbao City, when Omi first came to the Feiyun Sect, that Elder Shejun wanted to find a passing disciple, it was originally a choice between Omi and that person called Leye Eyes. In the end, Elder She Monarch chose Leye Eyes, which was just fine, he was free to choose whoever he liked, but that Elder She Monarch was still going to say that the reason why he didn’t choose Omi was because he detected that Omi was just a person who had some achievements when he was young and would become mediocre in the future, a person with no future. This pissed Omi off, so he said that he was short-sighted and a frog in a well, and then Omi became a joke on the outskirts of the Feiyun Sect, and Omi remembered Elder Shejun for it.

Omi clenched both fists and secretly said, “Elder She Jun, you will die at my hands one day, now, your disciple Yang Qian, who attempted to keep my sister, has committed a capital crime, I will send him on his way first.”

That’s right, the person who had previously attempted to keep Tang Huan and said that he would come back for Tang Huan after he officially stepped into the inner siege of the Flying Cloud Sect, was Yang Qian.

Now, there were only less than two months left before the Flying Cloud Sect’s inner circle assessment, and when that time came, when Tang Huan assessed to enter the inner circle, Yang Qian would definitely come to find Tang Huan again to talk about the encumbrance. And at that time, it would be Yang Qian’s death.

“Alright, Nong Lingsheng, you go back first, I’ll call you if I have something.”

“Okay, then I’ll go back first.”

Nong Lingsheng left first.

At this moment, in Omi’s courtyard, the few people from the Cang Ying Alliance were still helping to bandage the wounds of a few injured people, and were using thread to seal the wounds.

Although they hadn’t said a word just now, they had heard the conversation between Omi and Nong Lingsheng. Omi said that he wanted to kill Yang Qian, and those few members of the Cang Ying Alliance were all secretly speechless, saying that they deserved to be trampled by Omi. What level was Yang Qian, their Cang Ying Alliance wasn’t even a level of power ah, not to mention Yang Qian had the most favored master, in terms of Yang Qian alone, he was a genius who had reached the seventh stage of Enlightenment before the age of thirty, Yang Qian’s Subterranean Dragon Alliance was also ranked in the top one hundred. A peripheral disciple forming the Light Cloud Alliance, his breath was really big.

Omi shouted to those few members of the Cang Ying Alliance, “Are you finished?”

“Brother Chen, it’s almost over, there’s one more brother whose wounds will be stitched up.”

Omi said, “Before you go, don’t forget to flush the blood out of my yard.”

“Yes.” Those people were busy nodding, looking at the bloodstains on the ground, these bloodstains were shed by their brothers, but they still had to rinse off the blood before leaving, there was really

no more suffocating thing in history than this, a brother bleeding and having to help someone clean up the bloodstains before leaving.
