"What?Your maid?"The assessment elder's eyebrows furrowed, just now that most genius Zhen Wuxiang was Omi's little brother, now there was a more prominent Lu Yuxi, Omi actually said that she was his maid, is there any heavenly reason.

Omi nodded his head, "Yes, my maidservant.That, Yu Xi, do not thank the elders yet for their care."

Lu Yu Xi obeyed and said to the elder, "Thank you for the elder's care."

"You you you."The assessment elder didn't know what to say, in short, he just couldn't understand, the assessment elder said to Lu Yuxi, "Little girl, with your talent, you definitely have some achievements in the future, why do you want to be a human maid, if you have any hard feelings, you can talk to me."The examining elder thought that it was not Omi who forced her.

Lu Yuxi was busy saying, "Thank you Elder for your care, my ability to follow Young Minister is the greatest achievement of my life.There are no hard words, I am willing to be the personal maid of my young minister, and also, please elder treat my young minister with respect, he is not the kind of person you think."

"Such an arrogant brat, and you still want me to respect him?Hoo, just kidding, I don't understand you youngsters anymore."The examining elder sighed in depression.

Next, Yang Rong and a few others came out.

They had also reached the sixth stage of Body Tempering and were also eligible to enter the Flying Cloud Sect early.

After that, dozens of disciples who had reached the fifth stage of Body Tempering, some of them, after passing the assessment, also entered the Flying Cloud Sect.

At this point, the Flying Cloud Sect's Inner Circle disciple assessment this year officially ended.

The assessment elder said, "Gentlemen, any of the second term disciples who have not passed the assessment, please wake up early tomorrow, the Flying Cloud Sect has special people who will send you home.A first term disciple is officially promoted to a second term disciple.In addition, any disciples who pass the assessment and enter the inner circle of the Flying Cloud Sect, within the next three days, you will be registered and officially promoted to a disciple of the Flying Cloud Sect, for now, go back home and wait for news." Many of the second year disciples on the scene were crying, they had been in the Flying Cloud Sect for two years and finally failed to assess to enter the inner circle of the Flying Cloud Sect and were sent home, how sad it was.There were many people whose families were still proud of them for being able to enter the outer perimeter of the Flying Cloud Sect, and when they were sent home tomorrow, they didn't know how to explain to their families.

But, immortal cultivation was cruel, survival of the fittest, it was as simple as that.

Omi returned to the Light Cloud Alliance.

“Boss.”

“Boss.”

“Boss.” When Omi walked to the entrance of the Light Cloud Alliance, there were several disciples who had not passed the assessment, looking at Omi with sad eyes.

Omi was helpless to this.

Omi said, “Cultivating immortality does not have to be in the Flying Cloud Sect, you can continue to cultivate immortality even after you return home.”

Those people cried, although that was what they said, but without the platform of the Flying Cloud Sect, it was difficult to be completely on your own, just as if you could study without going to school.

In Omi’s courtyard.

“Lu Yuxi, you’ve just behaved very well.” Omi said.

“Thank you, I hope you’ll be strong enough not to break your promise and help me get back into my family, save my parents, and get everything that belongs to me.” Lu Yuxi said, where would Lu Yuxi willingly become Omi’s maid if it wasn’t for this.

“Of course, since you believe that I can help you, then I’ll help you.”

At the moment, there were only the two of them, and Lu Yuxi didn’t open and close her mouth anymore to say ‘minister less,’

Now that there were only two of them, there was no need for Lu Yuxi to act as if she had a low status, after all, they all understood that Lu Yuxi being a maid was just a deal about the future.

Lu Yuxi asked, “Right, Omi, your talent test score just now, how come it’s only 190, I think you should be higher.”

“What’s the point of being so high, a score of 190, in this heavy sea, it’s already upper class.”

“So, you’re hiding it on purpose.”

“Nonsense, otherwise do you think that’s really all I scored? Lu Yuxi, if I really want to test, I’m afraid I won’t be able to come down without a score of 1,000, so don’t be suspicious of me, because you’ve come back to my side so easily.”

“Uh, I’m not doubting you ah.” Lu Yuxi was busy shaking her head.

“That’s for the best.”

Lu Yuxi said, “Omi, if you really want to test, there’s a place in the inner surroundings of the Flying Cloud Sect where you can test in private, there will be no outsiders then, so you can test well and see if you really can’t come down without a thousand points.” Lu Yu Xi said somewhat unconvinced, feeling like Omi was bragging, because 1000 points, Lu Yu Xi hadn’t even seen anyone with such a high test score, at least Lu Yu Xi’s family in the Four Seas.

“Okay, I’ll test it for you then.” Omi must, let Lu Yuxi know his bull’s-eye so that Lu Yuxi would completely worship under Omi’s pants.

"Fine, then I'll go out first and go back to my own room." Lv Yuxi turned to leave.

"Wait, Lu Yuxi."

"Omi, do you have anything else?"

"Lu Yuxi, you come from a Four Seas Immortal Family, you should know quite a bit about magic treasures."

"A magic weapon is one that must be driven by a Spiritual Harmony Stage or higher Immortal, let's forget about it now and practice martial skills honestly. Of course, those high level martial techniques will be practiced even by powerful Immortal cultivators, because once a magic treasure is unable to be driven, it's ineffective, and that's when you need to use martial techniques. Martial skills were divided into beginner, middle, high, earth, and heavenly tier. Only, in this world, there were only ten Heavenly Tier Martial Skills. Originally, there were eleven of them, but then one of them was controversial, so it was no longer classified as a Heaven Tier Martial Skill." Lu Yuxi said to Omi as if she was counting her treasures.

"What was the controversial that Heavenly Tier Martial Skill?" Omi asked.

"The Shura Eighteen Knives."

"Oh. Lu Yuxi, you came from the family of the Four Seas, did you bring any magic treasures with you?"

Lu Yuxi said with a roll of her eyes, "Where did I get the magic treasure, do you think that a random weakling can possess such a thing."

"Oh, it's fine, you can go now." Omi waved his hand.

At this moment, in the inner circle of the Flying Cloud Sect.

"Hmph, it's really infuriating." Elder Shejun slapped the table in exasperation.

"Master, you're back, have you brought back a few disciples for us." At this moment, a few disciples walked in from outside, Yang Qian was among them.

Elder Shejun said angrily, "Bring what."

"Uh, Master, what's wrong?"

"How infuriating for me, I never thought that I would be humiliated by a bratty brat, even though I am an elder of the Flying Cloud Sect."

"Master, who humiliated you?" Yang Qian was busy asking, and the other few disciples were also full of anger with a look on their faces like 'whoever dares to humiliate his master, kill his whole family'.
